Paulding High School Class of 1949 meet at Vancrest of Payne. The event held their 68th Anniversary reunion on Saturday, June 24, 2017 at Vagabond Village, Celcus Ohio. Ten graduates and classmates, along with a number of spouses attended. Pictured left to right: Front Row - Virginia Stall Woodring, Cleo Jones Ziegler, Gilbert Barnes, Kenneth Woodring, Robert Whirrrett, Back Row - Carl Thompson, Coe Gordon, Jerry Dangler, Ben Manz, Alvin Manz.

Pictured L to R: Chad Benschneider (Payne Chamber), Steve Wohler (Payne Chamber), Geoff Hyman (Payne Chamber), Mark White (Vancrest President), Jon Bagley (Vancrest), Brad Ream (General Contractor), Greg Mohr (Midwest America Federal Credit Union), Jerry Zielke (PC Economic Development Director).

Vancrest recently announced the expansion and ground breaking in Payne, Ohio of its newest facility. On Thursday, July 6 area leaders celebrated the expansion and groundbreaking at Payne, Ohio of its newest facility. First United Methodist Preschool, located at 113 W. Central Avenue, is now accepting registrations for the 2017/2018 school year.

Christian Based Pre-School Now Accepting Registrations for the 2017/2018 School Year.

The first United Methodist Preschool, located at 113 W. Central Avenue, is now accepting registrations for the 2017-2018 school year. First United Methodist Preschool is a Christian based school which prepares children to succeed in all areas of life. The curriculum is driven by the Ohio Department of Education standards and each teacher is there to provide a positive and nurturing environment for all children as they begin their educational journey. The preschool offers 2 or 3 mornings for students who are 3 and 4 yrs. of age at the Paulding County Carnegie Library. The caped-crusader will captivate the audience with his favorite stories as part of the library’s Summer Reading Program. Under the mask and cape is Ohio Senator Cliff Hite. Senator Hite has been entertaining young audiences for years under the persona of Batman. For more information about Batman’s visit, call the library at 419-399-2032.

Paulding County Commissioners to Hear Annexation Request

The hearing has been rescheduled for June 27, 2017 at 9:00 am in the Commissioners’ office. The county has requested to annex 2.755 acres along the west end of property with the Paulding County and the City of Payne. The hearing will be held at the Paulding County Carnegie Library.

The “Bat Signal” has been sent and Batman will arrive at 1:00 p.m. on Monday, July 17th at the Paulding County Carnegie Library. The caped-crusader will captivate the audience with his favorite stories as part of the library’s Summer Reading Program. Under the mask and cape is Ohio Senator Cliff Hite. Senator Hite has been entertaining young audiences for years under the persona of Batman. For more information about Batman’s visit, call the library at 419-399-2032.

**The Paulding County Veterans’ Service Office**

The Paulding County Veteran’s Service Office is dedicated to aiding Paulding County veterans and their families in need. There are two basic services the agency provides:

1. **Emergency Financial Assistance** – Provide short term financial assistance to veterans and their families, when no other source of funds is available.
2. **Claims Assistance** – Provide services for veterans and other claimants for help with VA claims for any federal, state, or local benefit.

We also provide reimbursement for the cost of transportation to VA medical facilities in our area, or in the case where the veteran cannot drive himself, we will provide transportation.

Our office hours are Tuesday through Thursday, 9:30 a.m.-2:00 p.m. For appointments, call 1-800-677-1116 to speak with a knowledgeable Information Specialist. Visit our website at www.eldercare.gov to find local resources on a broad range of topics and access help today.

MR. AND MRS. EHRHART

By: Stan Jordan

The last few weeks we have been featuring the autobiography of Otto Ehrhart, the well-known photographer, one of the naturalists and leaders of the Antwerp area. This means that he is also the source of the information on the history of Antwerp. In 1941, to celebrate one hundred years of progress in Antwerp, an old lot sale wrote a booklet containing the years from 1841 to 1941. This booklet is about all we have to refer to on our background and we are certainly appreciative of it.

Mr. Ehrhart left us a story about his life here in Antwerp.

By: Stan Jordan

The Homestead Ice Cream Social at the Bethel United Methodist Church was held on Saturday, July 17th from 5:00 p.m. on. Everyone is invited. Corn dogs and barbeque were the special foods. The Big Boys Toye Cruise-In is on the streets of Antwerp on July 22nd from 3:00 p.m. on.

The city wide Vacation Bible School at the Antwerp United Methodist Church will be Monday - Friday starting at 9:30-11:30 a.m. Children up to the 6th grade.

The big Maumee River Raft Race, which includes canoes, kayaks, rafts or anything that will float. Sponsored by the Classic Chassis Antwerp River, and a poet who wrote about the outdoors.

We were talking about the fact that there has been eagles nesting within the last two years and we think they have raised two chicks each year and we figured that something is going right right here in the area. We know that the nests are in the six mile stretch of the Maumee.

Well, now this is another day and I was talking with Oley McMichael and he knew about that nesting time. He said that he had been to a meeting about his nesting as the bed of a pickup truck.

MANURE SCIENCE REVIEW  
COMING TO PAULDING COUNTY AUGUST 2ND  

By: Patrick Troyer, Education Specialist  

Paulding County Soil & Wa- ter Conservation District (SWCD), Seneca SWCD, OSU Extension, and the Ohio Department of Agriculture (ODA), and Ohio Farm Bureau (OBF) are hosting a day of field day events being held right here in Paulding County called Manure Science Review. This field day will be held Wednes- day, August 2nd at Stoller Brothers & Sons located at 9257 Road 144 in Pauldin- gton and will run from 8:45am to 4:00pm. This field day fo- cus will be on managing manure nutrients effectively, under- standing manure application methods, such as side dressing corn, as- sistance as farmland conservation, and will provide a demonstration of available manure nutri- ents and that those who handle manure need to understand the gases that are released when you apply manure surface vs. subsur- face, and different safety method- ology while doing the equipment demonstrations.  

Registration and mor- ning refreshments will begin with program beginning at 8:15 am with Deb Hubbard, Daniel Foost, and Troyer, DeB Hubbard/Daniel Foost (Paulding SWCD) will lead applicator demonstration of various scenarios. The applicator demonstration will show incorporation of poultry litter, side dressing with liquid manure, liquid manure surface or sub- surface, and side dressing with fine line hose on growing corn, and frac- tions for rapid tillage.  

To round out the day, shell Stockman (Seneca SWCD), will lead a demon- stration of planning and ap- plying manure on a growing cover crop. Participants will have an opportunity to choose the day of the take to part in an Emergency Mane- manure demonstration cour- se.  

Those who wish to find out more about the day can register for a program and registration via the Paulding SWCD website www.pauldingswcd.org, or via OSU Extension https://osumans.ucanr.edu/sites/ default/files/MSR_2017 FLYER.pdf  

The current attempt by the Senate and the House of Rep- resentatives to be working on the American Healthcare Act (ACA) will attempt to repeal the ACA. It’s time for us all here in Paulding to talk it out to all of our representatives of Democrats and Republicans alike – and let us know that Medicaid cuts don’t work for Paulding County. Medicaid is insurance for those with block grants or per capita caps -- should not be used as a budget strategy, but rather get cuts or pay for tax reform.  

We need a plan that im- proves health care, reduces costs. That is what was promised, and that is what Ohioans deserve.  

Randal Geo, CEO  

MAKING INFORMED CHOICES ABOUT STUDENT DEBT  

(NAPS)–Millions of students are pursuing a col- lege degree in the hope that it will lead to a higher paying job and a meaningful life.  

It can seem like only one way to a stable financial future, right? The decision to go to college might seem like an easy choice for some high school graduates; for others it could be challenging, es- pecially if they can’t easily afford it.  

There are many ways to pay for college, including student loans. In considering whether to take out a loan thereby capture their financial gains, it’s helpful to view the process like businesses that expand their production capacity. Details matter; how much borrowed capital or decrease return on investment.  

Many students don’t un- derstand that student loan debt will impact financial stability after Gradu- ating from their high school. On the end of August, about 2018, millions of American students with no money to pay the government in a year or more.  

There are several ways to reduce the amount owed. The process of loan origination has been improved for higher education. Regardless of the ap- proach, it’s important to in- vestigate the college and for a given career choice and potential ability to pay off any debt on day one, choose a college or any post-high school institution that can provide career deci- sions for individual students and their families.  

Junior Achievement, the world’s leading nonprofit eco- nomic education organization, has created a free guide that parents and teens can use to gain a better under- standing of making the right choices when it comes to stu- dent loans. This guide, “Understanding the Loan Export Statement,” can be found at www.AJ.org/Influencer.  

July: Congress of states and the Senate that are unable to fill in the gaps. Those who wish to find out more about the day can register for a program and registration via the Paulding SWCD website www.pauldingswcd.org, or via OSU Extension https://osumans.ucanr.edu/sites/default/files/MSR_2017 FLYER.pdf  

The following lunch, field day participants will have the field to enjoy a series of field equipment demonstrations. These demonstrations will be viewed as a Solid Ma- nure Spreader Calibration with Stoller Brothers & Sons located at 9257 Road 144 in Pauldin- gton and will run from 8:45am to 4:00pm. This field day fo- cus will be on managing manure nutrients effectively, under- standing manure application methods, such as side dressing corn, as- sistance as farmland conservation, and will provide a demonstration of available manure nutri- ents and that those who handle manure need to understand the gases that are released when you apply manure surface vs. subsur- face, and different safety method- ology while doing the equipment demonstrations.  

Registration and mor- ning refreshments will begin with program beginning at 8:15 am with Deb Hubbard, Daniel Foost, and Troyer, DeB Hubbard/Daniel Foost (Paulding SWCD) will lead applicator demonstration of various scenarios. The applicator demonstration will show incorporation of poultry litter, side dressing with liquid manure, liquid manure surface or sub- surface, and side dressing with fine line hose on growing corn, and frac- tions for rapid tillage.  

This is one demonstration that is a must see!  

Frank Gibbs, Wetland & Soil Consulting Services, has been known for the past 34 years for “Smoking Subsurface Tile Drainage” in which he will give a demonstration on the effects of earthworms and the tunnels they dig in the soil. This process will show the smoke through the field tile which will then rise to the surface through the earthworm tunnels that help to aerate and improve water quality in the field. This is one demonstration that is a must see!  

Those who wish to find out more about the day can register for a program and registration via the Paulding SWCD website www.pauldingswcd.org, or via OSU Extension https://osumans.ucanr.edu/sites/default/files/MSR_2017 FLYER.pdf
CLOCK TOWER DEDICATION TAKES PLACE IN WOODBURN

On Saturday, July 8 the Woodburn Plaza Clock Tower dedication took place at the new clock tower in honor of their parents.

It was just over a year ago at Sunsetfest the groundbreaking took place for the new Plaza and the clock tower was still an idea. Now it’s reality by many people in the community of Woodburn.

It was a beautiful July evening when Mayor Joe Kelter opened the event of the new clock tower in Woodburn Plaza.

Mayor Joe stated, “I was unaware of the sacrifices that Harry and Jeanette made for our community.” As he began to know the family and the process of making this plaza he learned much more about the Henneys. He continued, “The dedication, love and commitment they had for our community is inspiring.” He also thanked Woodburn Community Association and others for all their hard work.

Dennis Miele of the Lions Club spoke of Mr. Haynie and his dedication to serving the Lions Club and also a past president. Past mayor Richard Hoepner spoke of the process getting started of rebuilding downtown Woodburn with Joe Malfait proposing the idea of demolishing the dilapidated buildings that were sitting away to make way for a park of sorts.

The plaque has the words, “This clock tower, along with the Woodburn Plaza, is dedication in honor of Harry and Jeanette Henney for a lifetime of involvement and commitment to the people and the city of Woodburn.

“Upon graduating from Manchester College in 1935, Harry moved to Woodburn to accept his first teaching position at the high school. In 1941, he married Jeanette in Avilla, Indiana, and they settled in Woodburn to begin their journey of 63 years together. They eventually bought a home in College Street, where they raised their family of two daughters and two sons.

“Harry later served as their high school principal, was instrumental in the forming of East Allen County Schools, and was the assistant principal of Woodland High School from its opening in 1959 until his retirement in 1977. Jeanette also was involved in the local education system as the school secretary at both Milan Center and Woodburn Elementary Schools.

“The Henneys were model citizens of both service and noble character. Harry served as a city councilman and was a 65-year member of the Lions Club. Jeanette was a 50-year member of the Lions Club. They have two daughters and two sons. Their children are all that has happened in the town of Woodburn. It was just over a year ago at Sunsetfest the groundbreaking took place for the new Plaza and the clock tower was still an idea. Now it’s reality by many people in the community of Woodburn.

“Throughout their lives, the Henneys demonstrated their love for this community not only with their labor, but also with their hearts.”

Floyd Henney, son of Harry and Jeanette talked of his parents and their focus on serving others and the community, mentioning several aspects including how much time they may have left of this life and how they used their time to serve God. The design of the clock tower was by Len Myllywic who has worked with Floyd Henney other times in the construction business. “Len has a great talent,” said Floyd.

Christy Stutzman closed the evening with a beautiful rendition of God bless America.

“The barbecue dinner for everyone was well prepared and fitting for the day. It was very nice overall with such a beautiful day for this dedication of this monument of integrity.”

The Woodburn community should be very proud of the progress made in the work of all that has happened in the town of late.
State Representative Craig Riedel (R-Defiance) announced that the Ohio House has taken steps to finalize the state’s operating budget in a historic vote that resulted in House members voting to override 11 of Governor Kasich’s vetoes.

These historic veto overides sent a clear message to all Ohioans. The House is willing to fight for critical issues that are important to Ohio’s future. The MCO fraction fee provision restablishes vital revenue sources back to local governments to help fight the opioid epidemic and give the funds they need to offer essential programs to their communities, said Rep. Riedel. "We have reasserted our legisla- tive authority by transferring the appointment authority of the Ohio Oil and Gas Leasing Commission from the Governor back to the General Assembly. We also have worked within our scope of power to put in the potential for power in the general runtime ways of controlling electric prices and regulations. The House is not done. I will continue to fight the unfair rates for the sake of the 82nd District and the people across the state of Ohio."

The House voted in favor of keeping provisions:

• Ensuring Controlling Board authority to adjust the ap- proaches and create new laws
• Limiting ability for op- tional groups to be covered under Medicaid
• Increasing legislative oversight rules for pertaining to Medicaid
• Preserving Ohio Medicaid payments rate for nursing fa- cilities, neonatal and newborn care, and long-term managed care
• Delaying addition of behavioral health services to Medicaid managed care until July 1
• Requiring the Depart- ment of Medicaid to request federal permission to increase the health insuring corpo- rated (HIC) franchise fee
• Providing controlling Board authorization for cer- tain Medicaid expenditures
• Directing the Depart- ment of Medicaid to request a federal waiver to implement the Healthy Ohio Program
• Transferring the ap- pointment authority of the Ohio Oil and Gas Leasing Commission to the General Assembly

The federal government had previously diminished the ability for local governments to collect sales tax to fund public health care programs (MCOs), hampering many local governments’ revenue streams. The vote retains the ability that replaces the tax with a franchise fee on Medic aid 106 for the next six years. The additional funds raised will be distributed to each county and transit auth- ority that experiences re- duced sales tax revenues due to the cessation of the sales tax on Medicaid health insur- ing corporations, providing much-needed funds to help with their fight against the opioid epide- mia.

This is the first time that the Ohio House has opted to override a veto during Kasich’s ten year tenure. The 11 provisions receiving a favor- able override will now go to the Ohio Senate for further vote.

Also at the meeting Bryce Steiner of West Bend Printing was welcomed in to the board as a new member of the Rotary with Jennifer Rasmussen, president, welcoming him to join the club.
**PAULDING COUNTY COURT**

**Criminal Traffic Offense Report**

Jeffrey S. Boehrke, Defen- der, OH; Open container.

Travis Lee Oxt, Fort Wayne, IN; Seat belt/pass; Guilty; Pay all fines and costs by 9/29/17 or will be sent to Collections. Without prejudice; Costs to be paid in full by 9/29/17 or will be sent to Collections.

EIGHT COMPLETE LAW ENFORCEMENT ACADEMY AT NSCC

Graduating Class: Front Row (l to r): Destinee Hahn, Heather Schweibert, Andrew Seiple. Back Row (l to r): Joshua Killion, Kyle Potts, Travis Pennington, Jared McCann, Leslie Tietje.

Defiance County (l to r): Joshua Killion, Destinee Hahn, Heather Schweibert, Andrew Seiple.

County: Travis Pennington.
Eight graduates from the Northwest State Community College Law Enforcement Academy were recently honored during a special ceremony. The class successfully completed both the state certification exam and the physical fitness requirements of the program. Officials say the graduates who have taken the Ohio Peace Officer Training Certification examination achieved a 100% first-time pass rate, which is a requirement to become a law enforcement officer in the State of Ohio.

The following graduates were recognized:
- Defiance County: Destinee Hahn (Defiance), Joshua Killion (Defiance), Heather Schweibert (Defiance), Andrew Seiple (Defiance).
- Fulton County: Travis Pennington (Fayette), Henry County: Leslie Tietje (Napoleon).

Several students from the graduating class received academic recognition. Jared McCann was presented with the Top Gun Award for earning the highest score on the firing range. Heather Schweibert received the Commander's Citation of Excellence. Andrew Seiple received the Deputy Allan D. Ohiere Outstanding Cadet Award.

Special recognition was given to NSCC Allied Health and Public Services Division secretary Mary Kruse, who is retiring from the College after serving on and off since 1981.

The Northwest State Community College Law Enforcement Academy is an eight-month program that is offered annually. Classes are held Monday through Friday from 5:00 p.m. to 9:00 p.m. and Saturdays from 8:00 a.m. to 4:00 p.m. A new class is forming now and is scheduled to begin in August. For more information, contact Janet Kneppinger, dean of the Allied Health & Public Services Division, 419-267-1235 or kneppinger@northweststate.edu.

 KEEP YOUR CAR BREATHING WELL: CHANGE THE AIR FILTERS

(NAPS)—Just as you need clean air to breathe, so does your car. The vehicle’s air filters are what make that possible.

To help keep them clean, it’s important to keep up with vehicle maintenance. Many drivers currently are not aware that changes to the engine air filter trap dirt particles that can cause damage to parts such as cylinders, cylinder walls, pistons, pins, shots and bearings in the engine, which can lead to a loss of power. The air filter also plays a critical role in reducing the amount of pollutants entering the atmosphere. It is possible to make performance problems worse by failing to replace the air filter at the recommended interval. For further assistance, contact your local retailer.

Woodburn Publication Notice

The City of Woodburn would like to inform the community about a new service for their utility customers: Starting July 10th, the City will accept credit cards for utility payments online or at the Woodburn City Hall. The City also plans to have the capability to have your utility bills automatically paid by bank account or credit card. To learn how to use this service, visit woodburn.org, as well as through our new service. Any interested party should contact City Hall at 260-632-5318 or visit during office hours Monday through Friday from 7 a.m. to 4 p.m. for more details.

Timothy Cummins, Clerk-Treasurer

LEGAL NOTICE

2017 Paulding County Cold Mix Paving Project

Sealed bids will be received by the Board of County Commissioners of Paulding County, Ohio, at their office, located at 208 North Williams Street, Paulding, Ohio, Parcel No.: 30-23S-02-001, on or before 2:00 p.m., D.S.T. on July 17, 2017.

The owner intends and requests that the project be completed no later than September 8, 2017.

Bidders must comply with the prevailing wage and labor laws of the State of Ohio. The Ohio Construction Code (OCC) shall apply.

All contractors shall follow the construction, inspection, testing, and other relevant provisions of the Ohio Revised Code. The contractor shall also hold the County Engineer and the County’s insurance company informed of the project’s status.

All contractors shall provide the necessary labor, equipment, materials, bonding, surety, insurance, and all other requirements of the Ohio Revised Code. The contractor shall also provide the necessary labor and equipment.

The owner reserves the right to reject any and all bids.

For information, contact Rhonda Pees, public information officer, ODOT District 6-B (Bryan), 419-258-2000, ext. 6803; rhonda.pees@odot.oh.gov.

BREATHE EASIER TWO WAYS

(NAPS)—The Federal Trade Commission estimates Americans lose more than $4 billion to fraud and scams during the last five months of the year. Fortunately, there’s no one to blame but yourself.

What To Do

It helps to heed advice from the leading authorities in their fields. For example, the National Air Duct Cleaners Association (NADCA) developed the ACR—America’s Certified Residential and Commercial Air System Cleaning Code. It consists of practical, industry-proven standards that require inspections on specific levels of cleanliness and on evaluating and verifying the cleanliness of system components.

As Mark Zarzeczny, Certified Air Systems Cleaning Specialist and Chairman of NADCA’s Anti-Fraud Task Force, said, “Customers need to be better informed and better able to compare companies. Just because the price may seem a little less, that doesn’t mean you’re getting a better service. NADCA members follow the ACR and the National Association of the Clean Industry’s Code of Ethics,” Zarzeczny added.

Complimentary Pre-Trip Safety Check: They’ll handle the inspection while you enjoy free patriotic entertainment in the parking lot. 

The SUMMER ROAD TRIP begins! 
• In case the unexpected happens, pack your trunk with warm clothes, a couple of flashlights, food and water, and a few of the family’s favorite games. 
• You should also pack a rain coat and boots to ensure you can handle any detour. It should include gloves, jumper cables, essential tools for fixes, a first aid kit and blanket. 

Keep Companions Safe And Happy 
• We hope you and your family are going to enjoy your trip. 
• Get a full tank of gas the day before you go so the same pace.

PREPARING YOUR VEHICLE 
• Les Schwab is may be the best way.
• Check out the weather, plan your route ahead of time. 
• Check: They’ll handle the in-car GPS, if your unit is on hold, awaiting estimate.
• Don’t worry about the facility. 
• Progress reports for the construction of the responders’ live training facility. 
• For more information, visit www.westbendnews.net.

Don’t know that more Americans are expected to hit the road this summer than last year. If you’re one of them, be sure you have a lot on your mind, plan where you’ll go and what you want to do, but don’t do it to a point where you’re spending considerable amount of time in your vehicle, so you’ll want to make sure it’s safe. 

At Les Schwab Tire Centers, they’ve seen it all, they’ve gathered their tips for car care to help you be well prepared on your way. (Except for the inevitable "Are we there yet?" questions you may ask your own on that day.)
