CGBANKS PRODUCTIONS PRESENTS "HAIRSPRAY"

CCBanks Productions is in full swing on rehearsing for their next production of "Hairspray" to be performed November 13-22 at the Huber Opera House in Hicksville, Ohio.

With the recent release of the show's rights, CCBanks Productions has the honor of being the first theater company in our entire region to put on this amazing musical. "We were so excited to finally get the 'ok' on this show! We have been waiting for several years to obtain the rights and we cannot wait to bring this to the public," say co-directors Chris and Crystal Banks.

"We were so excited at auditions when we realized the amount of talent that we have to work with on this show. We not only are fortunate to obtain some familiar faces to our productions that have given us so much over the years, but have also been blessed with so much new talent hailing from Hicksville, (Continued on Page 9)

VILLAGE PLAYERS MAKE THE HOUND OF THE BASKERVILLES LOOK LIKE "ELEMENTARY"

By: Angel Steiner

As unattuned to Sir Arthur Conan Doyle's literature as I am, I travelled to the Huber Opera House a little in angst as to what I might witness. My mind was enlightened to the complexity of British theater. If there's one thing the British know how to do, it's write a good story. The intricate formal dialogue of the day made for a very interesting story. Can't say I had the story figured out before the final act, but hey, they were going to tell me, right?

The Hound of the Baskervilles was written by Doyle shortly after he came home from South Africa where he was a volunteer physician for a time. He derived the tail of the Baskerville Hound from a local legend. The story is narrated by the eager to please Dr. Watson. Holmes actually takes a

back seat in this tale giving Dr. Watson a chance to exercise his detective muscles to solve the case. Without be-

ing a spoiler, I will say this, the mystery involves Baskerville Hall (the family home),

WHAT THE BIBLE SAYS ABOUT THE BODY OF CHRIST

By: James Potter, Oakwood Church of Christ

As our subject today, I have chosen the body of Christ. So get your Bible and concordance and after prayer asking God to help us, we can study together again.

Body of Christ:

And gave Jesus to be head - Ephesians 1:22-23 - and hath put all things under his feet, and gave him to be the head over all things to the church. Which is his body, the fullness of him that filleth all in all?

Colossians 1:18 - and he is the head of the body, the church: who is the beginning, the first born from the dead; that in all things he might have pre-eminence:

There is one body - 1 Corinthians 12:12-14 - for as the

body is one, and hath many members, and all the members of that one body, being many, are one body; so also is Christ. For by one Spirit are we all baptized into one body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one spirit. For the body is not one member, but many.

The one body is described in Ephesians 2:16-22, please read.

How to be a member of Christ's body:

1. Gladly receive His Word - Acts 2:41 - then they that gladly received his word were baptized: and the same day there were added unto them about three thousand souls.

2. Must be added to the body or church by the Lord: Acts 2:47 - praising God, and having favor with all the people. And the Lord added to the church daily such as should be saved.

For salvation, Jesus says: Hear God's Word - Romans 10:17 - so then faith cometh by hearing, and hearing by the word of God.

Believe - Mark 16:15-16 - and he said unto them, go ye into all the world, and preach the gospel to every creature. He that believeth, and is baptized shall be saved; but he that believeth not shall be damned.

Repent - Luke 13:3 - I tell you, nay: but except ye repent, ye shall all likewise perish.

Confess Jesus as God's Son - Matthew 10:32-33 - whosoever therefore shall confess; Matthew 10:32-33 - whosoever therefore shall confess me before men, him will I confess before my Father which is in heaven. But whosoever shall deny me before men, him will I also deny before my father which is in heaven.

Be baptized or (immersed) - Acts 22:16 - and now, why tarriest thou? Arise and be baptized, and wash away thy sins. Calling on the name of the Lord.

Please continue your study on the body of Christ or the church. Have Bible questions call Lonnie Lambert 419-399-5022 or James Potter 419-393-4775. Jesus loves you and so does the Oakwood Church of Christ. My prayer will continue to be that you would give God a part of your day in prayer and Bible study.

SECRETS FROM A SQUASH

By: Pastor Joel DeSelm, Woodburn Missionary Church

At Amherst College, researchers experimented with a squash seed that had been planted in rich, fertile soil. Eventually, the seed produced a squash as big as a soccer ball. Then the researchers placed a steel band around the squash. Attached to the steel band was a device for measuring "lifting power." The purpose of the experiment was to determine the lifting power of the squash. As the squash continued to grow and to stretch the steel band, months, the lifting power of 500 pounds. Amazing! Within two months, the lifting power went up to 1500 pounds. A month later it was 2000 pounds. It was not until the lifting power had reached an incredible 5000 pounds that the rinds broke. When the squash was opened, he researchers discovered that it had built up a whole network of tough fibers to fight against the pressure that was binding its growth. Moreover, the roots supporting the squash had reached out some eighty thousand feet in every direction, searching for more and more nourishment to strengthen the fibers.

Interesting, isn't it? The reason for the squash's power was outer roots and inner fiber. Only when the plant sent its roots down very deep was it able to develop its inner strength. The depth of the roots determined the strength of its fiber.

The same is true for us. The God who made us has given us His word as rich, fertile soil. We have pressures in our lives that threaten to bind us. It is only as we send our roots down deeper into God's Word, assimilating its truths and internalizing its power, that we develop inner power to withstand those outer pressures. God provides for us "lifting power" that will transform despair into hope, weakness into strength, and fear into faith. But it will happen only

to the degree that we choose to send our roots down deep into the soil of His word.

Next time you see a squash, pumpkin, or a gourd, think about the experiment they did at Amherst College. Then take some time reading and meditating on the scriptures. I'm sure you could use a little "lifting power."

a naïve heir, a "brother and sister", a murder most foul, and the "footprints of a gigantic hound!"

Bill Murphy and Travis Heffelfinger take the lead as Sherlock Holmes and Dr. Watson. They led the cast well with impeccable British accents to-boot. Sir Henry Baskerville is portrayed by John Robinson, Dr. James Mortimer is played by Corey Fowler, and John Stapleton is John Overberg. A stunning performance once again by Jamy Shaffer as Barrymore, with Amber Garza playing Barrymore's wife. Lindsay Clem plays the sister of John Stapleton, Beryl, and Courtney Widdifield takes the humble role of Mrs. Laura Lyons.

As the director, Mary Schaufelberger will attest to, it will take many last minute hours this week in order to get everyone and everything polished to a deep shine for this Friday's debut. This is Mary's third show with the Village Players. When asked what the biggest struggle has been getting this production ready, she jokingly said, "Myself! But seriously, it was just keeping everyone's schedule straight so we all could practice." Mary is most looking forward to how the community will react to *The Hound of the Baskervilles*. The Village Players has never embarked on this type of drama before, and is hoping to get some positive feedback from it. In the future she commented that it would be nice to try some Shakespeare on the Huber stage.

The Hound of the Baskervilles will be presented at the Huber Opera House in Hicksville on October 15 at 7:30 p.m., October 16 at 2:30 and 7:30 p.m., and October 17 at 2:30 p.m. Be prepared for an eloquent narrative of one of Sir Arthur Conan Doyle's most famous braintwisters. And from the mouth of Holmes himself, "Come, Watson, come! The game is afoot. Not a word! Into your clothes and come!"

FLOOD-TUNNEL DWELLERS

Winning the Battle for a Generation Column
by: Rick Jones, Executive Director, Defiance Area Youth for Christ

I've had the privilege of doing a fair amount of trav-

eling and I've stayed in a variety of homes, extravagant and homes that were nothing but a lean-to. I've never stayed or observed a home like the one I read about last week in preaching today.

At first glance Steve

and Kathryn's home might look like a dingy basement apartment. But then you notice that everything rests on crates. You see, Steve and Kathryn live in an underground flood tunnel in Las Vegas. And get this—around 700 other people live in these tunnels, too. Day in and day out, they deal with black widow spiders and mosquitoes, but they say it's cooler than the streets, and the cops don't bother them.

An article on the site Asylum.com profiled these flood-tunnel dwellers, saying "they've formed a community, united by a collection of graffiti drawn by resident artists that they call their art gallery." And what else holds them together as a community? There's a fear of flooding, which has killed 20 underground dwellers over the last two decades.

In some ways this story is a vivid picture of life in this world... Jesus told Nicodemus, "This is the verdict: Light has come into the world, but men loved darkness instead of light because their deeds were evil. Everyone who does evil hates the light, and will not come into the light for fear that his deeds will be exposed."

CLARENCE REICHART

By: Stan Jordan
Clarence was born in the Woodburn area in 1930. His parents were Joseph and Luella Reichhart and they had six boys and one girl. The girl was the youngest. They were farm folks a little north of Woodburn.

The whole family went to the Zion Lutheran School for the elementary grades. Clarence graduated from the Woodburn High School in 1948.

Right after high school he worked with the corn shellers in the area and at the Woodburn Elevator and he was there for 10 years from 1950-1960.

He met his future wife, Marcille, at Woodburn High School and they were married in 1950. They have two children—daughter, Barb has three children and lives in Woodburn; David has two children and lives in Columbia City.

Clarence took over as manager of the Edgerton Elevator in 1960. While at the Edgerton they increased their grain capacity by over one million bushels. They also took over the Monroeville elevator in 1972 and increased

their holding ability by a million bushels.

When at the Edgerton facility he took some business courses at Purdue. He returned as manager at the Edgerton Elevator in 1992 with a total of 32 years.

He has been a hard worker for the city of Woodburn. He has been on the City Council for over 40 years and also served one term as Mayor. He has also been a member of The Woodburn Lion's Club for over 40 years.

He really hasn't retired. He still keeps very busy with a lot of volunteers. He does a lot of mowing around the

city. He also takes care of some of the flowers on the street with watering as well. He was caretaker at the City Park and where ever else he could.

In the meantime he served on the Indiana State Grain Association for 25 years and was Vice President for many years. He also served on the Northwest Grain Association for many years. This covered elevator all the way from Logonier over to Van Wert and Payne. He served as President and on the Board. He unsuccessfully ran for Allen County Commissioner back in 1992. He has volunteered at Parkview for 17 years. His

wife has helped in the gift shop there for twelve years.

We talked about hobbies. He had a cottage at Lake George for many years and did a lot of bass fishing there. He also fished Lake Erie for walleyes. He and his wife like gardening and traveling. They traveled all over Europe for three weeks with a lot of other grain people and really enjoyed it.

They have two set of twins in the family. Daughter, Barb's son and wife had a set of twins and live in Indianapolis. David has a set of twins a boy and a girl and live in Huntertown.

Well, Clarence, that was a fine interview, we covered a lot of old Woodburn and Antwerp history, it was down right enjoyable.

We here at WBN wish you folks a good many more years of retirement.

See ya!

COL. WALKER 'BUD' MAHURIN

By: Stan Jordan

Col. Mahurin was the first American to become a double Ace in the Europe Theater. He shot down planes in both the ETO and the Pacific Theater and Korea. He was the only American pilot to achieve this honor.

The Col. was credited with 20.75 kills total. This made him the 6th highest American P-47 Ace. He was credited with 3.5 kills of MIGs-15 in Korea. This gave him a total of 24.5 aircraft that he destroyed in aerial combat.

Walker Mahurin was born in Benton Harbor, Michigan in 1918. I think he had relatives in Fort Wayne because during this war a lot of information on the Pilot War was carried in the Journal Gazette.

Mr. Mahurin was an engineering student at Purdue and in September of 1941 he joined the Army Air Forces Cadet Program. He graduated from this group in April of 1942.

He was shipped to England and joined the 63rd Fighter Squadron and was based at Halesworth. By now he was a Captain and a flight leader flying missions.

His first victory came on August 7th, 1943 when he shot down a pair of Focke-Wolf 190's when he was on bomber escort duty. It was said that one of those pilots was the Great WWII German Ace Adolf Galland who had 55 kills on his record. I had never heard that before.

Mahurin became an Ace on October 4 when he shot down three Messersmitt BF 110's. Then on November 6th he shot down three more BF 110's. That made him the first American Pilot to score 10 aerial victories. His primary plane was the P47-D.

He was promoted to Major in March of 1944, and on March 27 his plane was shot up badly by a German Dornier Bomber that he helped down, forcing him to bail out.

He was picked up by the

French Resistance Forces and was returned to England two months later. He was grounded and sent home from the ETO because of his knowledge of the F.R.F. (French Resistance Forces).

In October he was shipped over seas to the 3rd Air Command Groupe in the Philippines. In January of 1945 he was credited with a Jap bomber. He was promoted to Lt. Col. and was the Commander of the 3rd Air Commission Group in September of 1945.

When the Korean War started he was working in the office of the Secretary of the Air Force. In July of 1951 he was made Commander of the First Fighter Group Training with the North American F-86 Saber Fighters. He was assisting Col. Gabry Gabreski but then was sent to the 4th Interceptor Group in March of 1952.

On March 13, 1952, he was shot down by North Korean ground fire. When the plane crashed he broke his arm and was captured by enemy forces. He spent sixteen months in a P.O.W. Camp. His treatment was very bad and he was forced to write some notes that America used biological warfare. He did this to save his life but the way he worded the statement everyone realized it was not true.

After his release from prison, he helped teach American soldiers how to get along with that cruel and inhuman treatment by the Asians. He had been released in September of 1953 and promoted to Full Colonel.

But Colonel Mahurin was forced to resign from the Air Force because he wrote those confessions in Korea. His service fell four years short of retirement privileges.

I wonder what those Gold Braids would have done if they had been in his place with a North Korean's saber at his throat.

Colonel Mahurin died in March of 2010 at the age of 91. He served his country from 1941-1956.

This reminds me of a line in a great poem, 'The Harpies of the Shore. I shall Pluck the Eagle from the Sea.'

Please watch next week's West Bend News for what I call a special interview. I am working on a column about Wilford 'Bill' Hartman. One of Antwerp's success stories and a man living life to the fullest. A story about a bare-

foot boy watching the wild blue yonder and then conquering it.

Bill's sister, Ruth Hartman Overmeyer, is helping me do this column.

See ya!

By: Stan Jordan:

A sophisticated lady was walking down the street in the city and a parrot was sitting on a 'T' perch under an awning in the shade.

As she walked by he said, "I think you are the ugliest woman I ever saw!"

Well, she just walked on by and acted as if she didn't hear anything.

The next day she passed this parrot again and in a good clear tone he said, "I think you are the ugliest woman I ever saw!"

She turned and went into that store and told the owner

about the nasty mouth that his parrot has. The man was aghast, he couldn't believe his parrot would say something like that. He dressed the parrot down and told him not to ever say anything like that again.

The next day the lady went by this smart-aleck parrot, he looked her right in the eye and said, "You know what I'm thinking!"

PANTHERS FALL TO MUSTANGS IN NWC BATTLE

Paulding took on Allen East for their homecoming. The Panthers started strong with the first touchdown shown here by Junior Kory Plotts. Paulding ended up with the lower score of 20-12. More pictures at www.westbendnews.net

By: Josh Hahn

The Paulding Panthers played host to the Allen East Mustangs Friday night at Keysor Field. The Panthers were edged out 20-12 by the Mustangs in a game that was highlighted by defense and special teams.

The Panthers were able to strike first in the contest after a Mustang punt attempt was blocked by Ethan Wolfe and

recovered by Drey Gamble to give the Panthers possession of the ball on the Mustangs 40 yard line. On Paulding's next play, Kory Plotts rambled 40 yards to put the Panthers on the board 6-0.

The Mustangs looked to gain the lead back from the Panthers on their next drive, grinding the ball down the field 80 yards on 22 plays to give them possession on the

Panthers five yard line. The Panthers pushed the momentum back in their favor when Julian Salinas intercepted a Mustang pass attempt to snuff out the drive.

The Panthers momentum was short lived. After Paulding's next possession, Dylan Kersker fielded a punt and returned it 78 yards for the Mustang's first points of the night and a lead they would never relinquish 7-6.

On the opening kickoff of the second half, Kersker struck again with another big return, this time for 58 yards, which set the Mustang's up with great starting field position on Paulding's 33 yard line. A few plays later, J.R. Conyers carried the ball into the end zone for the Mustangs to make the score 14-6.

The Panthers continued to fight back and responded on their next drive. Jake Phlipot connected with Anthony Arellano from 16 yards out for a Panther touchdown, which cut the Mustangs lead to 14-12.

Late in the fourth quarter, the Mustangs looked to seal their victory against the Panthers when Ross Stewart punched the ball into the end zone from 4 yards out. The extra point kick was wide to the left, however, and the Panthers now had a chance for a tie with 2:32 left on the clock and the score 20-12.

The Panthers were able to march the ball deep into Mustang territory, but Allen East's defense was once again able to hang tough. They were able to force a turnover on downs to end the Panthers night.

Allen East improved their record to 3-4 overall and 3-3 in the NWC. Paulding fell to 2-5 on the year and a 1-4 record in the NWC.

Paulding head coach Chris Etzler commented on the keys of the game and his teams performance. "We gave up two, big, special teams plays, one return for a touchdown and another that set up another touchdown. We also had some inopportune penalties that didn't come at a good time for us and that's what it boiled down to. Our kids played hard." The Panthers will look to regroup next Friday night as they take on Columbus Grove.

FROM THE DOG WARDEN'S DESK

By: Mandy Lichty, Paulding County Chief Dog Warden

This week's featured pet is Ceasar. He is a 2 year old neutered male labrador mix. Ceasar is a high energy boy and would love an active family to keep him entertained.

Also at the shelter we have Mae, a purebred Havanese; Jacob, a short haired terrier mix; Tiffany, a german shepherd mix; Maggie, a labrador/golden retriever mix; and Chief, a house-trained german shepherd mix.

Thanks to the spay/neuter grant we received this year, all of the dogs adopted in October during adopt-a-shelter-dog month will all be spayed/neutered by the Animal Clinic of Paulding at no charge to the adopter.

The shelter is open for adoptions on Thursday evenings from 5:00-7:00 p.m. or call the office to make a visitation appointment at 419-399-9728.

Vantage senior Health Technology instructor, Shirley Jarvis, (center) joins United Way administrative assistant Annette Balyeat (left) and senior Courtney Jewell (Lincolnview) in the canteen at the United Way Day of Caring Bloodmobile.

Chris Brenneman (Continental) and Zak Kauser (Paulding), both Vantage Student Ambassadors, put together waiting room chairs for Van Wert Family Health Care on the Day of Caring.

"FROM THE VANTAGE POINT": VANTAGE CARES!

The 12th Annual Van Wert County United Way "Day of Caring" was held on Friday, September 24, 2010. Vantage Career Center is proud to have been part of such a successful day. More than 100 Vantage students participated to help make a difference.

The senior Medical Office Management students and their teacher, Mrs. Linda Bales, purchased groceries for the Vantage food drive from money collected from the Vantage high school programs. In all, nearly \$1500 was collected. Vantage students and staff were able to contribute over 3,000 non-perishable food items to the Salvation Army this year.

Providing some much-needed muscle to load and unload the donated food on and off the collection trucks were students from the Vantage Building and Grounds program and their teacher aid, Mrs. Brenda Wurst.

Mr. Jerry Robinson and his junior Carpentry class joined the Vantage Student Ambassadors and worked at the Salvation Army Food Drive, helping to sort, count, box and store donated food items from around the county. Some Student Ambassadors spent the afternoon cleaning and moving furniture at the old Van Wert Women's Club, which was given to the YWCA. Four Student Ambassadors even helped put together new waiting room chairs for the Van Wert Family Health Clinic.

Mrs. Shirley Jarvis and her senior Health Careers students volunteered their expertise at the bloodmobile held at Trinity Friends Church Family Life Center. Using what they've learned from class and their practical experiences, they performed duties on the bloodmobile floor and in the kitchen and canteen to assist the American Red Cross and insure that things went as smoothly as possible. Although the Culinary Arts class stayed at school, they participated by preparing delicious cookies that were treats for the volunteers at the bloodmobile.

Community service projects provide a real opportunity for students to learn how to work well with others. Being able to give help without expecting anything back in return, is an important lesson in life.
