

## IT'S MEET THE CANDIDATE NIGHT AT THE SENIOR CENTER

Thursday, October 9 the Paulding County Senior Center played host to the candidates and those representing the levys on the ballots in this 2014 election. Joe Shouse of the Paulding Progress was the master of ceremonies for the event. Marsha Yeutter is an excellent host for the evening for all 60 attendees.

There, several of the important levies are being sought out to supplement. These include: Paulding Co. Carnegie Library: Current operating expenses, 1.5 mills, renewal and decrease, 5 years, 2014 - 2018,

All Paulding County; Paulding Co. Board of Developmental Disabilities: Operation of developmental disabilities facilities, 1 mill, renewal, 5 years, 2015 - 2019, All Paulding County; Paulding Co. OSU Extension Service: Providing programs and services, 0.15 mill, additional, 5 years, 2014 - 2018.

Melinda Walters explained the levy information for the Paulding County Board of DD. She explained the new approach by the state is to integrate the PCDD clients into the workforce with all oth-

er workers instead of having them at the workshop. This tax is a renewal as shown above.

The OSU Extension Levy information was brought by Sarah Noggle. Some grants, federal and state levys have run out and they need funds to continue bringing good service to the people and farmers of the county. The Extension also is the right hand 'extension' that brings the current information from OSU to the residents. It also helps with the County 4H activities.

## MR. & MRS. CHARLES SAWYER CELEBRATES 50 YEARS OF MARRIAGE

Charles and Judith (Stumphy) Sawyer will celebrate their 50<sup>th</sup> wedding anniversary Friday, October 17<sup>th</sup>. Their commitment to their faith, family, friends and to each other has been a great example for their children, Monica (Dan) Miller, Denise (Dave) Coleman, Nancy (Cork) Sawyer and Malinda (Michael) Schmidt. Their grandchildren are Dustan, Dexter, Zac, Andy, Avrial, Jeffrey and Madison and great-grandchildren Laura, Tyler, Kayleigh, Cameron and Alexis. The whole family celebrated this milestone with a week-

long trip to Hocking Hills, Ohio last summer, which included fishing, canoeing, golfing, ziplining and hiking with lots of time spent around the campfire. Their hobbies include camping, quilting, watching sports, fishing and spending time with their family.

Please join us in celebrating Charles and Judy's 50<sup>th</sup> wedding anniversary.

**PAULDING HIGH SCHOOL CLASS OF 1964 REUNION**

The Paulding High School Class of 1964 celebrated its 50-year reunion over the weekend of August 9, 2014. The weekend began Friday night with a friendly gathering at Woodbridge Campground to renew old acquaintances. On Saturday morning, breakfast was enjoyed at the Past Time Café. The main event was a catered (by the Eagles wom-

en's group and the Eagle's cook) dinner and a program Saturday evening at the newly refurbished Eagles in Paulding. Wrapping up the weekend was a Sunday morning brunch at the Vagabond Village. Forty classmates and 28 spouses were present Saturday evening, with classmates from both coasts and as far away as Washington State.

two sons who are both graduates of EACS. I am a life-long resident of East Allen County, a graduate of Ball State University, and a small business owner for the past 24 years. Throughout all this time I have supported and cared about this community and, because of that, I have decided to run for the East Allen County School Board.

I have been actively involved in the lives of young people in East Allen County throughout my adult life. I have coached youth baseball and junior high athletics. I have also been a part of numerous school and community committees, have been an officer for athletic booster clubs, and have volunteered much time and many services to Woodlan High School. I believe this service to our young people has earned the respect and trust of many families in East Allen County and has shown me to be a person who truly cares about the young people and communities that comprise the East Allen County School system. I believe this community-mindedness as well as my successful business ownership makes me an ideal candidate for the 1R School Board position that will be elected this November.

I have been approached in the past by others who felt I could contribute to our community as a school board member. Until this election year however, I did not feel that the timing was right. I now believe that I am at a place in my life to be able to dedicate the time necessary to serve on the board, a board that represents the admin-

istration, teachers, students, families and taxpayers of East Allen County. I have met with many local families and elected officials for whom I have a lot of respect. I feel as though I have gained valuable insight into the community and the ideas and values of those people. With their support, and further support from our community, I believe that I can contribute a lot to the school board. It would be very gratifying to serve for a school system that has made my own life and the lives of my family members with a very rewarding educational and extracurricular experience. I BELIEVE in our schools, our staff, and our students, and I will work hard to continue the successes that EACS has had in the past and look forward to promoting EACS in the future. It has been wonderful getting to know all those who I have had contact with thus far. I look forward to meeting others in our community, get their ideas and suggestions, all to further promote the success of EACS.

Before voting this November, I encourage you as a voter to do your homework. Make sure that the candidate you vote for has put in the time, earned the respect and trust of your community, and has the business skills and background knowledge to make tough decisions for the corporation. Make sure the candidate you vote for still commits time and support to the school system even if they no longer have children in EACS. Make sure that candidate you vote for is one who is concerned enough to listen to your thoughts and ideas, both before and after the elec-

tion, and is someone who has no preconceived notions or personal agenda. Above all, make sure that candidate has the overall experience necessary to serve on the school board of East Allen County Schools. I believe that I possess all the criteria listed above and I would appreciate your vote on November 4th.

**PAULDING LIONS CLUB ANNUAL HALLOWEEN PARADE & COSTUME CONTEST**

It is that time of the year and the Paulding Lions Club is organizing for the Annual Paulding Lions Club Halloween Parade and Costume Contest!!! It is planned for Saturday, October 25, 2014. We ask that the participants begin to assemble in front of the Paulding County Carnegie Library between 1:00 and 1:15 p.m. where they will register for the costume contest and be assigned a number. The parade will start around 1:30 p.m. Contestants will march around the square and end up at the gazebo on the courthouse lawn where the costume judging will take place. If it rains the costume judging will take place across the street at the Community Center. Members of the Paulding High School Band Paulding High School will lead the parade and the Paulding High School Cheerleaders will judge the costume contest.

People of all ages are invited to be part of the Paulding Lions Club Halloween Parade and Costume Contest. All you need do is get in to costume and show up. The ten (10) costume categories are:

1. Infants (under 12 months),

and most of the Heritage attendance area.

I received both my Bachelors and Masters degrees in Education from Ball State Teachers College and retired after 43 years of teaching math and science and as a guidance counselor at Woodlan. For forty years, I was head football coach at Woodan. In 2001, I was inducted into the Indiana Football Hall of Fame.

My wife, Gayle, and I have been married for 48 years and have four adult children and eight grandchildren. All four of our children and two grandchildren graduated from EACS schools. Two grandchildren presently attend Woodlan. My wife and I are members of Woodburn

Missionary Church. I served on the school board from 2006-2010 and I feel that my job was not completed. My loyalty is and always has been to EACS and consequently I feel that I am the best choice to serve you on your school board. My goal would be to strive to provide the best quality education that is possible for all students of EACS. They deserve it. I urge each of you to get out and vote on November 4. Together we can return East Allen County Schools to the prominence in education it once enjoyed.

## WWII VETERANS HONORED AT 2014 PAYNE FALL FESTIVAL

Payne honors its World War II living Veterans. L to R Bob Bauble, sitting Leroy Bud King, Bob Wannemacher. Tony Adamsky was unable to attend. More at westbendnews.net

The Payne Fall festival took place this past weekend. The turnout was great and the vendors sold lots of food and wares.

On Saturday the beautiful autumn day event began with the parade. The Wayne Trace Marching band performed very well on stage. Following the high school performance, World War II Veterans of Payne were honored for their service and longevity including Tony Adamsky, Bob Bauble, Bud King, and Bob Wannemacher. The plaques were donated by Fessel Jewelers in Payne.

Kids and parents alike were having fun with the

straw bales, making forts. There was a sand box for the kids to find treasure in. Instead of sand though, it was full of this season's freshly harvested corn crop.

There were very old engines and tractors, and antiques to browse through and purchase. The fall fair ended up having the most cars ever with 52 on location at the Cruise In!

The depot was open for anyone that wanted to see a large part of the town's history. It was a great time for the whole family and it took many people who gave their time and talents to make this happen for the community.

## ANTWERP CHAMBER OF COMMERCE ANNUAL HALLOWEEN PARADE & COSTUME JUDGING

The annual Halloween Parade and Costume Judging sponsored by the Antwerp Chamber of Commerce will be held on Saturday, October 25, 2014 beginning with the parade at 3:15 p.m. and the costume judging at 3:30 p.m. The parade will line up at Vancrest on Archer Dr., go to Main St., south on Main St. to Daggett St., and conclude at the Antwerp Fire Hall. The costume judging will take place in the fire hall where the Fireman's Auxiliary will also be serving up some great refreshments. The costumes will be judged in categories by age groups. Trick or Treat in the village will follow from 5:00-6:30 p.m. Come join the fun!

### VOTE IN HONOR OF A VETERAN

#### Guest Column from Representative Tony Burkley

As the leaves begin to change and the weather cools, we know that the holiday season is soon upon us. But before we fill our stomachs with turkey and start shopping for gifts, we cannot forget to fulfill our civic duty that comes with Election Day, this year falling on November 4<sup>th</sup>.

This holiday comes due to sacrifices from our military men and women, who fought and continue to fight to preserve our freedoms. Without their sacrifices, we might not have the representative democracy that has lasted us over 227 years. When you cast our ballot at the polls this year, I hope that you remember the individuals that gave up so much, sometimes even laying down their lives, so that democracy could prevail. Due to the sacrifices of our veterans, we continue to have the right to cast our vote on each Election Day and freely support the candidates that best share our views.

The Secretary of State's office has a program titled the "Vote in Honor of a Veteran" Program that lets you recognize a specific veteran. The program it is intended to highlight the bond between our veterans and democracy, as well as serve as another reminder of the thanks we owe those serving in the armed services.

Through the "Vote in Honor of a Veteran" Program, you can submit a form either online or in paper version to the Secretary of State's office and choose a veteran that you would like to honor by writing a testimonial. Your testimonial will be posted on the Secretary of State's website, and you will be sent a Vote in Honor of a Veteran lapel pin to wear to the polls. I hope you take the time to share the story of a friend, family member, or loved one and the sacrifice they made to preserve our right to vote.

Forms can be submitted online at [www.sos.state.oh.us/SOS/omv/VIHOV.aspx](http://www.sos.state.oh.us/SOS/omv/VIHOV.aspx), or you can call this number to request a paper form: (614) 995-1697.

As always if you have any questions about this or another state relates issue, please contact my office at (614) 644-5091 or Rep82@ohiohouse.gov.

## MAJOR LEAGUE GARVER SPEAKS AT ANTWERP ROTARY

Dr. William Bricker and Ned Garver at Antwerp Rotary.

It was an eventful day on Thursday, October 9 as Antwerp's Rotary convened at 12:05 for a speaker they wouldn't soon forget. Ned Garver approached the podium at the Essen House Restaurant for a quick history lesson and little comedy finesse as he talked about his experiences as a Major League baseball player.

Ned Garver was born December 25, 1925 and grew up around Ney, Ohio as a farm boy. Starting in Fort Wayne for the "City Lights" in 1944, he later would become a American League pitcher, playing from 1948 to 1961, winning 129 games in his major league career. Most of his career was spent playing for perennial second-division teams like the St. Louis Browns and Kansas City Athletics.

His focus on pitching technique came from when he was a kid collecting walnuts on the farm and setting up targets to hit.

In 1951, Garver had a

memorable season pitching for the St. Louis Browns. He recounted his 20-12 record which was noteworthy considering the Browns lost 102 games that year. Out of the Browns' 52 total wins, Garver accounted for nearly 40 percent of them. Garver also led the American League in complete games with 24 and, when he pitched, he often batted sixth in the order rather than the customary ninth, compiling a .305 batting average with one home run.

Garver remains the only pitcher in modern baseball history (post-1920) to win 20 or more games for a team which lost 100 or more games in the same season, and the only pitcher to do so with a winning record.

He also mentioned some of his team owners including Gene Autry of L.A.

Garver was the starting pitcher for the American League in the 1951 All-Star Game, which was held in Detroit.

Following the 1951 season, Browns owner Bill Veeck made Garver the highest paid member of the team with a salary of \$25,000. He noted how the entry pay was \$5,000 per year and now the lowest paid player, win or lose, is a half-million dollars.

In 1996, the U.S. Postal Service issued a commemorative stamp in his honor in his hometown of Ney, Ohio, to mark the 45th anniversary of his 20-win season. On September 30, 1951, he was sent a plaque by the Commissioner of Baseball to commemorate the 20th victory, September 30, 1951.

Baseball was not Ned's only sport. In High School, he played basketball all four years.

Ned Garver married Dolores (originally from Antwerp) and they recently celebrated their 13th anniversary. Ned has also written two books: "Touching all the Bases" and "Catch 20 too". Both of which are good reads according to Dr. William Bricker, local retired dentist and Rotary member.

The Antwerp Rotary's main objective is service in the community, in the workplace, and throughout the world. Their motto is Service Above Self.

### HEE HAW COMES TO PAULDING COUNTY!

This year's annual Hog Roast at the John Paulding Historical Society museum will have a new twist. On Saturday, October 25, for one performance only, the volunteers of JPHS, along with other "characters" from Paulding County and the surrounding area, will be performing skits, songs and other hilarity based on the old Hee Haw show.

This fast-paced comedy production will also feature two country-music bands: Charity Moore and The Big Ugly Boys from the Grover Hill area, as well as Jennings Creek, a group

of friends/musicians from the region. Both bands have their own unique style of bringing the music of yesteryear to life again, sometimes with a distinctive twist to the old favorites.

Dinner starts at 5:00 p.m. with pulled pork sandwiches, scalloped potatoes, corn, and cake on the menu. The kitchen will close at 6:30 p.m. and the Hee Haw show will begin at 7:00 p.m. Because of the limited seating capacity, you must make reservations. Call Kim Sutton at 419-399-2388 or stop at the museum on Tuesdays from 10:00 a.m. to 4:00 p.m. to inquire.

Hope to see you at Hee Haw!

# 10<sup>th</sup> ANNUAL WCCH BENEFIT AUCTION

You're Invited! The 10<sup>th</sup> Annual Woodburn Christian Children's Home Benefit Auction will be held Saturday, October 18<sup>th</sup> at the Woodburn Community Center, 22651 Main Street, Woodburn, Indiana, to support the Woodburn Christian Children's Home. Dinner will begin serving at 4:00 p.m. The Silent Auction will start at 4:00 p.m. and the Live Auction will begin at 5:00 p.m.

There is a listing of items on our website [www.wcchonline.org](http://www.wcchonline.org).

The Woodburn Christian Children's Home is supported entirely by voluntary contribution. We receive no federal, state or county support. We are entirely dependent upon our private contributors whose strong support enables this ministry to operate on a cash basis.

WCCH operates very efficiently. Our cost of caring for a child is about half the average cost of similar child-care throughout the tri-state area. Children are evaluated for placement on a needs basis. Family participation is on a sliding scale. Over the years, numerous children have been accepted for placement even though their parents had little or no ability to pay.

Many people, organizations and businesses have already contributed very much and it's greatly appreciated. Now we need your support in this auction, making the Woodburn Christian Children's Home mission possible for serving the needs of these young people and their families.

If you have questions or would like to support by other means please call 260-632-5551

## BIBLE QUESTIONS

By: James Potter, Oakwood church of Christ

1. Luke 15:21 - The younger said I am no longer what to be your son?

2. Luke 15:21 - Who did the son say, he had sinned against?

3. Thought question: Are we worthy of God's amazing grace?

4. Luke 15:21 - Who did the younger son try to blame his situation on?

5. Luke 15:22-23 - Name the three things that the Father (GOD) told the servants to bring to his son?

6. Luke 15:21 - What were the articles a symbol of?

7. Luke 15:24 - What was the son dead of?

8. Luke 15:24 - After repenting the son is now what?

9. Luke 15:24 - And they began to be what?

10. Luke 15:24 - After sinning and then repenting what does the Father do?

Comments or questions? Call James Potter at 419-393-4775 or e-mail at [jspl941@yahoo.com](mailto:jspl941@yahoo.com) Jesus loves you so does the Oakwood church of Christ.

Answers to today's questions:

1. Son; 2. Heaven and in the sight; 3. No; 4. No one; 5. Robe, ring, shoes; 6. Of royalty and authority; 7. Sin; 8. Alive; 9. Merry; 10. Gives life

Loved ones, in these studies we have seen the younger son asking for his part of the inheritance after receiving his part of the inheritance, he journeyed to a far country, meaning he went out into sinful world. Notice he wasted his possessions on wasteful living. Notice what the eldest son said about his brother in Luke 15:30. Loved ones, for anyone who is in the Lord's church and have sinned they can come back by repenting and asking our heavenly Father for forgiveness of those

sins. Have you noticed what happened after the younger son did what he was supposed to do? Notice in Luke 15:24 what began to happen. They killed the fatted calf and the father (which is God) rejoicing that his son had repented and come home. For those who have obeyed the Gospel, this shows us what God will do for us when we sin.

"Ol Baldy" knows that he says this a lot to those loved ones out there, and I do this because I love you, but continue to pray, read, and study your Bible, especially the New Testament for this is our covenant today. "Luv Ya!"

## HARVEST SEASON SAFETY TIPS

By: IN State Sen. Dennis Kruse (R-Auburn)

The official start of autumn marks the beginning of harvest season. As farmers begin to bring in their crops, drivers can expect to see large farm equipment traveling on the roads. Studies show accidents between farm equipment and motor vehicles increase during this time of the year.

Hoosiers in rural areas need to stay alert, because some farm machines need additional space on the road and are also traveling at slower speeds. Motorists may need to slow down, be patient, move over, and perhaps even come to a stop to allow these large pieces of equipment to pass.

The Indiana State Police (ISP) recently released safety tips for farmers and motorist to keep in mind when driving this fall:

Tips for farmers:

- Have all lighting and placards on your equipment as required by law;
- When parking equipment along the road while in the field, make certain it is visible at night;
- Avoid traveling on state and U.S. highways during rush hour traffic;
- Wear high visibility or reflective clothing when working so as to be seen by motorists and farm workers; and

• Indiana Code requires operators of vehicles being driven at a speed below the posted limit to move over to the right at their first opportunity if three or more vehicles are following to allow those vehicles to safely pass.

Tips for motorists:

- Be patient when traveling behind farm equipment; farmers have the same rights as automobile drivers to operate their equipment on the roads;
- When approaching farm equipment from the opposite direction, pull to the right of the traveled portion of the road and allow the equipment to pass;
- Always be cautious when approaching farm equipment parked on the side of the road. Someone may be getting in or out of the equipment or performing maintenance;
- Be especially vigilant in watching for farm equipment on two lane roads, and also around dusk when conditions can make the equipment harder to see; and
- When passing farm machinery, look for left turn lights or hand signals. Be sure there is adequate distance for you to safely pass.

During this year's harvest season, farmers will be working hard to provide us food. Please stay alert and follow the ISP's safety tips to help keep our rural roads safer for all Hoosiers.

What do you think?

## BEAUTIFUL WEATHER FOR HOG RUN 5K

How many of you can catch a pig? I mean a tall pig that can run on two feet and can run pretty fast? Actually there were quite a few people who beat the 'Pig'.

The Paulding County Habitat for Humanity Hog Run was raising funds on Saturday, October 11 at the Paulding County Fairgrounds. The mission of Habitat is to build a safe and affordable home. You can find a Habitat home in Antwerp, Paulding, Melrose and Haviland. House number 8 is in the planning stages.

Habitat for Humanity began with a large gift of monies that gave the committee the ability to start building. As the families pay their mortgage, Habitat then has funds available to put toward the next house. Even though this is a good system, monies do not come in that fast and thus the organization must do various fund raisers. That's where the community can help.

The Hog Run is a 5K, or a 2 mile walk or a bike ride. Children, strollers, and pets were all welcome to come with parents, grandparents, friends and sitters. Overall winners: Male - Josh Haring-Kew, 20:46. Female - Amber Ryan, 26:02. Overall Masters (40 and over): Jeff Schultz and Eillen Stoller. Youngest finisher: Peyton Manz (age 9) and Pam Rheese.

It was a fantastic time and lots of people contributed to help Habitat for Humanity work in this community.

## WHEN IT COMES TO DYING AND THEN DEATH, WHAT IS IT THAT BRINGS FEAR?

Winning the Battle for a Generation by: Pastor Rick Jones

Friends close to country music artist Willie Nelson say he was deeply affected by the loss of fellow artist Ray price, who died at 87 in December 2013. "He was my best friend," says Nelson. He was kind of everything in my career. All the way back when I first started writing songs for him, playing bass for him, he just took me in and raised me."

When Nelson was asked how he managed the reality of death, he said:

Oh, we're all going to die. Who was it, Seneca, the thinker, that said you should look at death and comedy with the same expression of countenance? You can't be afraid of living or dying. You live and you die, that's just what happens, so you can't be afraid of it.[1]

"When it comes to dying and then death, what is it that brings fear?" For those of you

who are reading this article I would submit to you that Willie Nelson's comments... "You can't be afraid of living or dying" misses the thing that people fear the most... "That 'thing is' being afraid of what follows death, where will we spend eternity?"

The scriptures address the great fear raised by Willie Nelson this way; "...It is appointed unto men once to die, but after this the judgment," (Hebrews 9:27, KJV).

If you find yourself fearing where you would spend eternity I would encourage you to acknowledge your sin and your need for a savior. The Apostle Paul said in Romans 10:13 (KJV), "For whosoever shall call upon the name of the Lord shall be saved."

Rick Jones previously served on the staff of Defiance Area Youth for Christ for 36 years, first as a ministry coordinator and later as Executive Director. Rick is currently a pastor of an area local church.

**LETTER TO THE EDITOR**

I have had the opportunity to work with the folks at the Paulding County Carnegie Library for a number of years - as have many local businesses. And, I have to admit, I really did not pay attention all that much to the library before I got to know them. I always thought of the public library as "being there". Did not really have a need to use it - don't read much; and my kids were grown.

Did you know that the library orders thousands of items of materials each year? These books, movies, music, and other items do not magically appear on the shelf. There is a cataloger and an assistant that unboxes, sorts, catalogs and processes each new item that goes on the library shelf.

Did you know that if the library does not own an item a patron can request it from another library? There are 1000s of items each year that are borrowed and returned to other libraries throughout Ohio. Someone has to check these in, send them to the branch where the person requested it and then return it. It is a huge process and there is an employee who spends part of her time coordinating that service.

Did you know there are only two people at each branch and Bookmobile? Did you know that there are part-time employees at the library? Did you know that the library also proctors tests, helps senior citizens fill out forms for assistance, helps the unemployed file for unemployment insurance, helps job seekers create resumes and apply for jobs? They have computers, thousands of new books each year, magazines, newspapers, and even eBooks. They offer storytimes, programs for adults and teens. The Bookmobile brings library materials to so many people of all ages who cannot go to the library including nursing homes - people who do not have transportation.

They put on kids programs that would never happen if not for the library. Do you know how many kids and grown-ups enjoy these

programs? Thousands attend each year.

The days of the little old lady checking out books are gone. Today's library is not at all like the library of our childhood memories. The only thing I would bet they would say they have in common with their older version is that they still have books and occasionally a little old lady works there.

I could go on and on. I encourage you to support your county library. You may say you do not use it, but I bet your grandchild, cousin, aunt, uncle, nieces, grandparents, parents and others you know, do. Our public library cannot continue to provide this level of service on 50% less money. Our public library needs to be supported by all of us.

—Jim Guelde

As members of the non-profit board of PC Workshop, Inc., we urge your vote for the levy renewal supporting individuals with developmental disabilities and the programs in Paulding County. We are grateful to the citizens of Paulding County who have historically been considerate and generous with those among us who need a little extra assistance.

We work hard to look at every person and their needs as individuals, and figure out the best way to give them the quality services they need and deserve. We strive to make our families' lives better.

Among the several programs supported by the County Board of DD is PC Workshop, Inc., a successful, but widely misunderstood business located on Paulding's west side. Frequently, we hear from people who think of the Workshop as merely an adult day care facility. Nothing could be further from the truth. PC Workshop employs over 50 adults, through contracts with manufacturers in the area, PC Workshop employees handle a variety jobs, including automotive small-parts jobs and assembly of field telephones used by the military all over the world, including Iraq. The Workshop also contracts with Ohio Department of Transportation for cleaning and maintenance duties at roadside rests and ODOT garages. That is over 50 people making money, paying taxes and gaining amazing self-esteem that would not be possible without your help.

Again, we appreciate your past support and your vote on November 4, 2014. Anyone who is interested in visiting or touring PC Workshop should call 419-399-4805. Our proud, caring workers would love to show you around.

This is to all the parents, grandparents and caregivers who bring their preschoolers to storytimes at the library: today, we had over a dozen preschoolers attend the new Wednesday morning storytime at the main historic Carnegie library in Paulding. Our Literacy Specialist and Library Clerk, Kooky Kirk, provides a welcoming

and fun series of storytimes throughout the year to introduce young children to books and the library. There is much more involved than reading aloud to the children. There are activities, crafts, interactive play and more that help reinforce the theme of the day. Most of the preschoolers then go to the library shelves and choose their own books to take home.

Do you have a preschooler? The main historic Carnegie library offers preschool storytime twice a week: Tuesdays at 1:00 p.m. and Wednesdays at 10:00 a.m. All of our library's branches, including the Bookmobile offer storytimes to preschoolers. For many children this may be their only introduction to books and the library. Creating new readers and early literacy is the number one objective of your county library system. Remember, the best gift you can give a child is a library card!

—Susan Pieper, Paulding County Carnegie Library Director

**LETTER TO THE EDITOR**

October is Information Literacy Month - does your child know how to attribute the information she uses when she writes a paper or when she uses a photo from the Internet for a presentation? Ethical use of information is a critical part of information literacy. Ethical use of information involves citing your sources - it is the way you tell your readers that certain material in your work came from another source and it gives your readers the information necessary to find the source again. In today's digital world, however, defining ethical use of information is becoming increasingly blurred because students have grown up with concepts such as file-sharing and Creative Commons that put a new twist on intellectual property. Nonetheless, borrowing someone else's original ideas is plagiarism and is an act of fraud that involves both stealing someone else's work and lying about it afterward. In a 2011 study entitled The Digital Revolution and Higher Education (Pew Internet Project), most college presidents said that plagiarism in students' papers has increased over the past ten years and of those who have seen an increase in plagiarism, 89 percent claimed that computers and the internet have played a major role. Yes, copying that paragraph from the internet and pasting into a research paper without citing it is plagiarism and the price paid for plagiarism whether it's in an academic setting or on the job are high - dismissal, retraction of a degree, firing. So how can you make sure your child is well-prepared when it comes to ethical use of information such as citing sources? Look to your school librarian. School librarians are information specialists and as such must be up-to-date on how to find information and use it ethically. Working collaboratively with your child's subject-area teachers, school librarians will help your son and daughter navigate the digital world ethically and by so doing your child will be college and career ready. **LETTER TO THE EDITOR**

I am writing this letter to support the Paulding County Carnegie Library. I have lived in the Paulding County area for over 50 years and have always enjoyed reading. I grew up in Van Wert, and as a child spent many Saturday afternoons at the Brumback Library. I learned that through books, you could go to so many places. When I grew older and became busy with family, I did not have as much time to read. Now, I find I do have time again. My family gave me a Nook e-reader and my daughter-in-law is able to load electronic books from the Paulding library's eBook collection onto my Nook. There is no charge for this service and I really appreciate being able to have access to so many books. The library is a source of enjoyment for many. It would be a shame not to afford children a public library where they can go and enjoy the wealth of knowledge the library provides. Please vote yes for the library levy so it can remain open for our children and grandchildren.

**LETTER TO THE EDITOR**

As the parent of a child diagnosed with Down syndrome, I ask all Paulding County residents to show their support and care for our community by voting in favor of the 1-mill Renewal Levy proposed by the Paulding County Board of Developmental Disabilities (PCBDD) on November 4, 2014. The passage of the levy will continue to help maintain services within the county for children and adults without any additional costs to taxpayers.

My daughter is enrolled in Speech, Physical and Occupational Therapies at PCBDD and also participates in the Early Intervention (EI) Program. The EI program is a wonderful resource for my daughter and for any child experiencing a developmental delay(s). My daughter is learning to play with other children outside of her immediate family and is learning to adapt to a

classroom environment. To help with her motor skills, she learns to squat and pull herself up by watching other children do those skills. She copies the sounds and actions from the other children and receives personalized attention from the EI teacher and aide. She learns to listen to the teacher, show affection and apprehension towards others and talks to the other children creating new friendships. A snack is provided during each class to help improve my daughter's skills of drinking from a cup or eating with spoon. These are just a few of the many benefits the EI Program at PCBDD has to offer to its children in the county. The program fulfills its purpose to service the needs of children who are experiencing delays in cognitive development, physical development, communication development, social/emotional development or adaptive development.

This program not only benefits my daughter in many ways, as stated above; but also benefits myself. As a parent, I have the opportunity to mingle and network with other parents, the PCBDD staff and teachers. I am very appreciative for the staff at PCBDD and to be involved with a program that continues to make a difference in the lives of many children and adults in this community. Please do your part and join me by voting in favor of the Renewal Levy for the PCBDD.

As with anything of value or worth, there is a cost involved. If we want a home, there is cost involved, whether to buy or rent. If we want transportation, there is cost involved, whether to buy a vehicle or to hire someone to drive us. If we want schools, there is cost involved, in taxes. If we want ball fields or public swimming pools, there is cost involved, in taxes. If we want the benefit of a public library, how can we not imagine there will also be a cost for it, for upkeep and

contents and staffing?

For many years we were fortunate to receive monies from the state, collected from taxes we paid to the state, divided up among the public libraries. Now that source is drying up due to the belt tightening efforts of the state.

If we want to continue the benefits of this priceless treasure and privilege we own, the ball has now been thrown into our laps. Who else will provide for that which we use and perhaps take for granted? The library funds we contribute will stay in our communities, for the use of our citizens. We have library facilities in our county of which we can be proud. Let's not allow them to diminish.

**FRIDAY & SATURDAY FUN DAYS WITH NEW HEIGHTS**

The New Heights Educational Group is kicking off another year of enrichment classes for area youth on Friday and Saturday titled "Friday and Saturday Fun Days."

The Zion Lutheran Church of Defiance is generously donating space on Friday afternoons from 1:00-2:15 p.m. for pre-k to age 6 and Saturday from 11:00 a.m. - 3:00 p.m. for students aged 7 through high school. Friday classes will include music circle, arts and crafts, reading time, gym, and more.

Saturday classes will include biweekly culinary classes, weekly computer science/gaming, animal science, Native American history and much more.

These classes are not religious, although religious-based classes can be included if families are interested.

Now is your chance to come forward with suggestions and sign up for these family fun days.

We are also planning to offer similar events in Sherwood, Ohio.

Please RSVP ASAP at NewHeightsEducation@yahoo.com or call 419-786-0247. Our website is www.NewHeightsEducation.org.

**THE MEETING WITH BETSY ROSS**

**By: Stan Jordan**

This is mid-summer of 1773. We are in Boston at the Betsy Ross Upholstery Shop. Those present are: Washington, Jefferson, Hancock, Franklin and Juan Valdez. Juan tied his burro outside.

The gist of this meeting is to have Betsy make the first American flag. There is a lot of talk about the size, color and the make up of the flag, but I can see a lot of ideas in the group.

Washington is doing a little repair work on his new wooden false teeth. He is using his pocket knife and scraping away a high spot.

Jefferson is busy reading the Wall Street Journal and Hancock is practicing writing his name. Ben Franklin is talking to Betsy about a supper date.

Juan Valdez is the tub-thumper for the Columbian Coffee Association, and he is complaining about the drink that Betsy served. What is it? Well, it is sassafras tea. That is the only tea you can buy at the market. The Indians dumped all of the tea boxes at Boston Harbor the other day, in retaliation for a new tax applied on tea by the pious King of England.

Mr. Valdez says he represents the Columbian Coffee Cartel and he explained that all over the south they have a drink called "coffee" made from the bean of a coffee tree, and he would like to demonstrate making and drinking coffee. It would be a feather in his hat if he could get all of America to drink coffee. Maybe we could have a donut or something to dunk in the coffee? A whole new type of eating.

Washington said he favored some red color in the new flag because this country operated in the red most of the time. Hancock said he wanted to see some black in the flag because the good old British Union Jack had some black in it. Franklin said we should have some white in it to be neutral. Betsy said, "I ain't doing a stitch if we don't have some blue in it. That is

my favorite color!" Jefferson, ever the middle-of-the-roader, said we should represent our 13 colonies somehow.

Juan Valdez went outside to tend to his ass. As dark settled on the east coast, all the gentlemen except Ben retreated to the Horned Owl Inn. They had a good meal of Boston chowder and a few rounds of rum. No further discussion on the flag make-up is adopted. See ya!

**SOME MORE ON THE EAGLES**

**By: Stan Jordan**

Let me tell you about some of the action of our local eagles. On the Pauline Jordan farm, north of Antwerp on SR 49, there was an adult eagle in the field about 200 yards off of the highway. Jan Hahn sat in her car, and with her field glasses, watched the eagle for quite a while. She said the bird stood and watched the ground all the time, probably watching for a rodent to come back out. Oh, yes! This was a bean field that had been harvested.

The next day in the bean field, across the highway to the west, there were two adult eagles. They were also watching for rodents. The next day, Ken Hahn and his wife Jan, were combining the beans on the Harry Cottrell Farm over on CR 204, and they told me the following story.

The pair of eagles would circle around the combine or sit in a big, dead elm tree and watch for the combine to scare out a rabbit. Well, this happened, and the eagles would follow the rabbit, one on each side of the escaping animal. Kenny said this happened three times, and they caught 1 out of 3. A wild foray of nature. They flew off into the Franny Coughlin woods onto a dead elm tree. Kenny punched up some eagle information on his smartphone and told me that the female eagle is bigger than the male. Maybe as much as 25%. They can fly and carry more than half of their weight.

You can tell that I am really interested in the American Bald Eagle, and to see and to hear about some of their escapades. The Bald Eagle is part of the American History. He adorns some of our government's seals, he is on some of our coins, and his feathers were highly touted for the Indian Chief's headdress. I am very proud that here in Antwerp we have our own very active eagle family.

See ya!

**OCTOBER IS INFORMATION LITERACY MONTH**

October is Information Literacy Month. One element of information literacy is using information ethically. What does this mean for children? In research, in speaking, in sharing information online:

- Give credit where credit is due.
- Demonstrate good on-line citizenship
- Use a wide variety of information responsibly.

Who teaches these concepts to your children? School librarians teach information literacy skills that help children in all of their classes. They help students learn how to avoid plagiarizing the work of others by showing them how to properly credit the sources used in papers and projects. They help students understand how to interact online to protect privacy and to use social media for positive purposes.

What can you as a parent do to help? When reviewing your child's homework on projects and papers:

- Ask questions about where they found their information.
- Check the background of the source—what makes the

At Antwerp's last home volleyball game, the senior girls were honored after the game against the Lady Raiders Thursday, October 9.

Both teams entered the night with equal records.

The Lady Raiders started the game taking the first set and lifting their spirits high. Antwerp came back and won the second. The Lady Archers continued with the momentum gained from their first win and ran with it, taking the next two sets.

After the game, the parents and the crowd honored all of the players and especially the seniors for their volleyball careers.

**DEER SEASON IS SET TO BEGIN**

Each fall the annual crop harvest coupled with the beginning of hunting season and the "rut," (deer mating season) makes deer movement more prominent and the number of car/deer crashes increase. Motorists are reminded to use extra caution when driving in rural areas of Indiana. Deer are generally more active in the early morning (pre-dawn) hours or the hours just after dusk but could be on the move at any time.

Motorists should take the following precautions when driving in rural areas to avoid having a crash involving a deer:

- When possible use high beam headlights at night and be aware that deer could be standing on or near the side of the roadway.
- Drivers should watch approaching vehicles and observe what may break their headlights beams; it could be a passing deer. This technique allows extra time to slow your speed and be alert for the deer.

• Watch for reflections from the deer's eyes.

• Where there is one deer there are often several. Do not assume you missed the deer because more could follow. BE ALERT!

• If your vehicle strikes a deer, do not touch it. A frightened or wounded deer can cause you serious bodily injury. Remain in your car, make sure you and your passengers are safe, and call the police to obtain a crash report for your insurance company. You should report this as you would any other crash.

• Make sure everyone in your vehicle is buckled up!

For more information concerning deer habits, population, and trends in your area contact your local conservation officer or the Indiana Department of Natural Resources Division of Fish and Wildlife at <http://www.in.gov/dnr/> or call 317-232-4200.

### WOODBURN COMMUNITY HISTORICAL SOCIETY NEWS

Time is flying, the Woodburn 150 year birthday is July 2015. We (the historical society) have been talking and working for a 150<sup>th</sup> year book. So, we are asking you to write about you, your family and tell about your memories of your time in the Woodburn community now or in the past.

We plan to have chapters of personal stories, ways of travel in the area, what drew people to come here—churches, businesses, farming, schools, services, people serving the community and in service of the country.

We hope we don't double up on stories in the 100<sup>th</sup> year book, but may extend on them. We will be talking to the churches and businesses in the Woodburn area about an ad in this book. It is very interesting to read the ads,

etc. of 50 years ago. Send in your Woodburn one liners. Also in that book they have two pages of people signing in.

The next meeting will be on October 23, 2014 at 7:00 p.m. in the Woodburn Community Center, east end of town by the Fire Department. The cupboards purchased by Jim and Bev Bridge are in this room, so you can look over some of the Woodburn's History. We welcome pictures with your story, but send only copies please.

If I don't see you on the 23rd then send your information to Gloria Gerig, 606 N Brobst Rd., Woodburn, IN 46797, drop off at Woodburn City Hall, 22735 Main St., Woodburn, IN 46797 or call 260-632-5268. Deadline is December 1, 2014. It will be going to print on January 1, 2015 and be ready for the "Woodburn Days (old name) in the Park", June 12-13, 2015.

### GROVER HILL AWARDED MONSANTO GRANT

The 4<sup>th</sup>-6<sup>th</sup> grade science teachers at Grover Hill Elementary assisted in writing a Monsanto grant. Here they are officially accepting their portion of the grant. The money will purchase science

tools and technology and revitalize the outdoor classroom for everyone to enjoy. Pictured here are Grover Hill teachers, Kathy Sinn and Wendy Baker.

### THE TREE HAS MOVED!!!

Woodburn's Christmas tree has moved! Well, not the tree itself, but the Woodburn Community Association has voted on having the town Christmas tree as the big beautiful tree in front of the Community Center.

Woodburn's annual Christmas lighted parade and tree lighting will take place on Saturday, November 22, 2014. Line up for the parade is at 5:15 p.m. and will be at the Methodist Church parking lot. The parade will start at 6:00 p.m. and head down Main Street to the tree for the lighting. Bring your family, friends and neighbors. There will be carolers, hot chocolate, donuts, gifts for the kids and

of course Santa! Remember to bring your camera to take pictures with the reindeer starting at 5:00 p.m. and then with Santa after the lighting.

If interested in participating in the parade call Tonya at 260-255-0075 or Cyndi at 260-402-2752.

Come enjoy another event sponsored by the Woodburn Community Association and local businesses!

### Bob Burkley BOB BURKLEY RUNS FOR PAULDING COUNTY COMMISSIONER

People of Paulding County know the Burkley name. They have had a family-run business for generations, serving the individuals, businesses and farms throughout the area.

Bob Burkley has announced his candidacy for the open Commissioner seat on the Democratic ticket. He faces two other candidates in this election.

Bob Burkley grew up in the Payne area and graduated from Payne High School in 1970. He later went on serving the public, with his wife Rita, finding his calling by helping others, so he started in the family business. Following that, he became a Reserve Officer in the Sheriff's Office in 1976, quickly becoming a Deputy to the Sheriff. Over 12 years he served as the D.A.R.E. Coordinator, instructing students and children why drugs are so dangerous to them and their families.

Bob and his wife live in the Paulding School District where he serves on the school board.

Bringing business and jobs to the area is a prominent feature of his campaign. He truly believes this will stimulate Paulding County more than anything else.

One question that has been brought up is, "What would you do with the corporations who are importing from other counties and dumping farm waste and manure in lagoons here?" He responds, "I'm not sure what can be done, but the laws that are there will be enforced. We will investigate thoroughly to make sure they are not damaging our community's water supplies."

Not only does Bob have experience with the school board, his other community work includes Payne Village Council Member and working with Harrison Township Trustees for road work.

Burkley's hobbies include classic cars and his family. He is grateful his grandkids live close to enjoy family time. Bob attends Divine Mercy Catholic Church with his family.

Bob currently works at the Napa/TrueValue Hardware store in Paulding and if you have questions, he is ready to give answers.

### WBESC SCHEDULES OCTOBER MEETING

The Western Buckeye Educational Service Center regular October governing board meeting is on Wednesday, October 15, 2014 at 6:00 p.m. at the Van Wert ESC office, 813 N. Franklin St., Van Wert 45891.

### NEW EXECUTIVE DIRECTOR FOR THE PAULDING CHAMBER OF COMMERCE

The Paulding Chamber of Commerce Board of Directors has selected Peggy Emerson as the new Executive Director.

Emerson has worked with businesses both large and small throughout her career. Most recently she was the Recruitment and Community Outreach Team Leader for the Girl Scouts of Western Ohio's Lima Region. Prior to that she spent nearly ten years at the Allen Soil and Water wearing many different hats from working on Conservation Works of Improvement projects to education and public information.

"My hope is to use my experiences so far in my life to move Paulding forward. I would like to see more jobs come to Paulding, to fill empty store fronts and to see the agricultural community become more involved in the Chamber," said Emerson. "I am so thrilled to be in a job where I can use my skills in organization, marketing, and recruitment to make Paulding a better place for everyone."

Emerson moved to Paulding in June when her husband was appointed as the pastor of the Paulding United Methodist Church. She has three children, two in college and one living in Hamilton, Ohio.

"I fell in love with Paulding when I started working for Girl Scouts—it was one of the counties I worked with when I first started there. I loved the village and people and was so shocked when we were told that would be where we would move. Roger and I immediately drove up here so I could show him around town!"

"I got to meet many members of our community during

Flat Rock Creek Fall Festival recently, but I am looking forward to meeting many more and seeing how we can work together to improve our community in a meaningful and impactful ways."

Emerson loves to sing in the choir at her church and has been busy preparing a free festival at the church during Trick or Treat. She is also excited to be the leader of a brand new Brownie troop at Paulding Elementary and a member of the Paulding Library Book Club.

Marsha Yeutter, Chamber Board President, states that the Chamber Board is excited to have Peggy as the new director. After conducting other interviews the hiring committee felt united in offering the Executive Director position to Peggy. Yeutter quoted, "Over the last three years under Erika Willitzer's leadership, the Paulding Chamber has turned around and is a big part of the Paulding Community. We feel Peggy will bring

a fresh pair of eyes and continue, and even expand, the work that the board has accomplished in the last couple of years."

Yeutter mentioned that Peggy was "thrown into the fire" since her first week as the new Executive Director was the week of the Flat Rock Creek Fall Festival. "Peggy observed Erika for the first part of the week and dove right into all details as soon as the event was over. She has been instrumental with other large events and seemed to take the weekend with a positive attitude and with confidence. We look forward to a great future of growth and awareness with Peggy as our new Executive Director."

Chamber members also will have an opportunity to meet the new director at a Chamber Business After Hours from 4:30-6:30 p.m. Thursday, October 16, 2014 at the Fraternal Order of Eagles in Paulding.

### MEET THE CANDIDATE NIGHT

(Continued from Page 1)

The Library's Levy, according to Ron Etzler and Susan Pieper, will actually be reduced from the current amount of taxation if it is passed. The library has also had a 22% cut in outside state funding. The library currently is active with the entire county's residents through the main office and its branches in Oakwood, Antwerp, and Payne. There are over 16,000 people in the county who have library cards. With so much use, the libraries need to be kept strong for the people.

Robert Fry is running for the 5th District seat. His opponent was invited, Bob Latta, but was not in attendance to meet the people of Paulding County. Fry is from Melrose and he currently pastors a church in Maumee, Ohio. He says he never intended to run, but has been bothered by how people's retirements have been stripped and jobs sent away in the tenure of the current 5th district representative. Robert Fry is very conservative and for the people. He is opposed to abortion and supports the 2nd amendment gun rights, which has gotten him flak from the Democratic Party, though it seems to represent what people believe here. The people in attendance were impressed by Robert Fry. He was asked questions concerning the factory

farm manure being dumped in Paulding County, effectively flowing to and contaminating Lake Erie. After answering them clearly, people gave him a good reception.

Claudia Fickel approached the podium next acknowledging people for contributing to her tenure in office. She has no opponents this year and his happy with the turnout. If people have questions, she is more than willing to answer their concerns.

The most contested race for local Paulding County politics is the open seat of the Commissioners' office. First to announce themselves was Bob Burkley of Payne. Bob graduated from Payne High School and he recently retired from active duty service from the Sheriff's Office. He was also in charge of the DARE program while it was active. Bob emphasized how important it was to bring jobs to the community.

Next up was Georgia Dyson. Georgia graduated from Hicksville High School in 1994 and is married to Shane Dyson. She said, "I looked to the right and I looked to the left and I didn't like was I was seeing, so I decided it was time to do something to make a change." Her goal is to thoroughly analyze the budget and see what can be cut and what needs more funds. There are services that can be better administered in the county if the commissioners have better

**Robert Fry 5th District Candidate**

oversight.

Mark Holsberry was the third up for expressing his reason to be elected. Mark is a teacher with a Masters degree and now he uses his knowledge to help the Black Swamp Nature Preserve and goes from school to school educating the young people. He has spent 4 terms as a Jackson Township trustee. He also operates his own business. He has experience writing grants, working with contractors for roads and other needs in the community and he believes this will be a helpful carryover for him as commissioner.

There were many questions from the people in attendance especially concerning the manure problems in the water supplies after importation from other regions.

Please watch the videos at westbendnews.net of all of the issues and candidates to help you make the best choice for your area.

**RAIDERS RECOVER AFTER DECIMATED FIRST HALF**

Riley Moore attempts to recover the loose ball and is injured in the play. Moore comes back to the game with, thankfully, no serious injuries in the second half.

The Edgerton Bulldogs travelled to the Wayne Trace field on Friday, October 10. The football game started with Edgerton scoring the first touchdown. Duane Miller passed the ball to Alex Michael for the score, then adding two points in the next play. Wayne Trace's Tyler Showalter scored the first points for the home team on a 32 yard run. Jake Dingus added two more for the points after, finishing the quarter at 8-8.

The first quarter also saw a bad accident. A fumble on the play and both teams were attempting the recovery. WT Senior Riley Moore went for the ball first but quickly went down with Bulldogs piling on top beginning with Sophomore Jimmy Branham and several others. It was just part

of the game and nothing intentional, but when everyone was pulled off, Riley wasn't moving. Moore was boarded up by the professionals medical personnel and lifted into the Payne ambulance, transporting him to the hospital. It was a nearly solemn event. How often does a big game go completely silent, all hoping for Riley to move--to lift himself off the grass?

The Raiders were clearly not in the game after their teammate was injured. The second quarter came and went with the Raiders only getting a touchback and adding two points, all while Edgerton piled on another 20 points. The first half ended 28-10 with the Bulldogs relishing their incredible lead over the powerful "Raider Nation".

Coach Bill Speller motivated his team in the locker room for the second half.

The game started back up again with the home team down. The third quarter was like a 'praise Jesus' revival for Wayne Trace, topping the quarter with 24 points and the highest points of either team for points in a quarter. Seth Saylor, Daron Showalter and Tyler Showalter all scored touchdowns. Six more points of the 24 were added between Tyler Showalter and David Sinn in endzone runs. The third quarter finished closer with the Raiders taking back the board at 28-34.

A CT scan revealed there was no major damage to Riley Moore after the injury and he ended up coming back to the game, though quite sore.

The fourth quarter began in favor of Edgerton. Two touchdowns in a row were scored by Edgerton, easily giving them the lead. On two different plays, David Sinn and Daron Showalter both received passes from Tyler Showalter for touchdowns, giving the lead back to the Raiders. Sailor and Dingus both added 4 points taking the game at 50-42.

Score by the Quarter:  
Wayne Trace - 8 2 24 16=50  
Edgerton - 8 20 0 14=42

The Bulldogs' total yardage was 478 beating the Raiders' 371. Raider Nation Football record is now 6-1. The Bulldogs are 3-4.

**LADY RAIDERS FALL TO RAMS**

Junior Varsity - Tinora over Wayne Trace in 2 sets: 25-10, 25-12

**LADY ARCHERS PULL PAST APACHES IN HS VOLLEYBALL**

In the October 7<sup>th</sup> volleyball match up of Antwerp and Fairview, the end of the night, it was Antwerp over Fairview in 5 sets: 25-15, 25-14, 23-25, 24-26, 15-6

Archer Stats:  
Emily Hamman 16 kills, 2 aces, 2 blocks; Rachel Williamson 11 kills 35-37 hitting, 6 blocks; Sydney Sheedy 11 kills, 1 ace, 8 digs; Kiana Recker 7 kills, 12 digs; Emily Derck 8 kills, 26-27 serving, 2 aces, 11 digs; Gabby Zuber 1 kill, 2 digs; Peyton Short 1 kill, 18-18 serving 1 ace, 16 digs; 44 assists; Avery Braaten 19 digs; Beth Hawley 4 digs; Audrie Longardner 6 digs

Apache stats:  
Kelsey Beck 14 kills, 48 digs, 2 aces; Cassie Johnson 10 kills, 7 digs; Mallory Polter 21 assists, 2 aces, 9 digs; Christina Gebers 26 digs, 2 aces

Antwerp JV lost in 3 sets: 25-14, 21-25, 20-25

**2<sup>nd</sup> QUARTER DOOMS ARCHERS**

Justice Clark launches a pass to Nick Barnhouse at the game against the Aces. More pictures at westbendnews.net of the game and Band Parents night.

On a beautiful Friday evening, the hometown Archers hosted Green Meadows Conference foe Hicksville on band parent's night at Archer Field. The Aces prevailed to travel home with a victory 50-20.

It took just over one minute for the visiting Aces to take the Antwerp kick-off and put points on the first year scoreboard. Phil Karacson rambled 48 yards and Aces QB Garett Crawl ran in the two-point conversion to go ahead 8-0 at the 10:49 mark of the opening stanza. The next ten minutes provided a see-saw of action before Antwerp put points on the board with a Justice Clark touch down. With 45.2 seconds remaining the quarter closed with Hicksville holding a slim 8-6 lead.

The second quarter started with a Hicksville punt, however an Archer fumble gave the Aces the ball back. Over the course of the next eleven minutes Hicksville QB Crall had his hand in adding 20 more points to the Aces side with a 32 yard TD pass to Karacson, a 15 yard rush, a two point conversion pass to Johnny Giesege, and a 10 yard

pass to Jacob Greer, giving Hicksville a comfortable 28-6 halftime lead.

The teams seemed to be evenly matched in the third quarter until Crall again found Giesege on a 17 yard completion. The two point attempt failed leaving the score at 34-6 after three quarters. Hicksville added a quick 8 points in the 4th as Karacson put a one yard run into the endzone and Crall added the conversion. Justice Clark then came to life for the Archers with scampers of 60 yards and 37 yards to the endzone. Both drives were capped off with Jarrett Bute extra points making the score 42-20 with 7:10 remaining. The Aces weren't finished however, as Greer put the final tallies on the board with a seven yard run and a two point conversion to close out the scoring. The Aces move to 5-3 on the season. Antwerp falls to 1-6.

Antwerp travels to Justin F. Corressel Field Friday to play the Tinora Rams at 7:00 p.m.

DIGITAL MAMMOGRAPHY AT PCH

**13 MILLION**

U.S. WOMEN HAVE NEVER HAD A MAMMOGRAM\*

**EARLY DETECTION IS CRITICAL TO SUCCESSFUL TREATMENT**

Knowledge is power. In the fight against breast cancer it can also be life saving. Unfortunately, too many women have never had a mammogram. This is why Paulding County Hospital encourages all women (especially those 40 and older) to schedule a mammogram today. It is also why we have invested in a digital mammography system that reduces the time and increases the accuracy of the procedure.

This October and November, PCH radiology department is offering a digital mammography special for women 40 years of age and older. The cost is \$100 paid at the time of service and includes the digital mammogram, computer aided diagnosis, radiologist reading, and bone density screening.

# ANTWERP CLAIMS 2 TROPHIES AT COUNTY CROSS COUNTRY MEET

Photo by Chris Buchan.

On October 7th, Antwerp's Riverside Park played a soggy host to the annual High School County Cross Country meet. The teams from Antwerp, Paulding, and Wayne Trace didn't let the relentless rain showers put a damper on their competitive spirits. The starting stretch was nearly covered in water, but the kids splashed through strong enough to make it up the hill. The puddles continued through the park as the competitors wound their way around trees, the playground and pavilions.

**In the varsity boys race,** the team scores marked Antwerp as victors in first place with 17, Paulding in second at 46, and Wayne Trace in third at 68.

**Top ten individual finishers:**

## FALL WEATHER CONDITIONS GREAT FOR BEGINNING RUNNERS

**The Nurturing Well by: Jill Starbuck**

Have you ever thought about taking up running? If so, now is the perfect time.

Fall provides the best weather conditions for running.

Cooler temperatures and lower humidity give runners a much needed break from the heat and humidity of summer.

In hot weather, runners become sluggish and require more water to quench their thirst and replace water lost through sweat.

Experienced runners learn how much to slow down, how much water they need, and how much their body can take.

Hot weather provides many challenges that can result in dehydration and heat-related illnesses.

Therefore, summer is not ideal for beginners.

Winter is also not ideal because your body has to adapt to cooler air temperature.

Asthma sufferers particularly have a harder time in frigid temperatures.

Further, you have to learn how to dress properly.

Spring is the next best choice, but allergy sufferers may find this season particularly difficult.

While you can learn to adapt to any weather conditions, fall often provides the best conditions for someone just starting out.

Take the following tips into consideration for safe fall runs:

• **Use sunscreen.** No matter what time of year it is, you should apply sunscreen if you are planning on running outdoors. Protect any exposed skin.

• **Watch the time.** Days start to become much shorter, reducing the amount of daylight for best visibility. Dress with reflective gear and running lights when necessary.

• **Start slow.** As with any run, it's best to start out slow and gradually increase your pace. This is especially true with an exceptionally cold or hot day, which is not uncommon in the fall.

• **Layer up.** Temperatures in the fall can fluctuate drastically. Dress in layers so you can adjust to these fluctuations.

• **Watch your step.** Fall provides some of the best scenery of the year, surrounding you with colorful leaves in bright red, yellow, and orange hues. However, these leaves can also cover up holes and cracks or twigs that can cause you to trip. Further, when leaves are wet, they become slippery.

If you're new to running, give it a shot during one of the best running seasons of the year. Once you become used to it, you will find ways to acclimate to other weather conditions. You may even find yourself running through the winter months, while other people are begging to get outdoors!

Jill Starbuck has 20 years of experience as a business

writer, editor, and market research analyst. She is a certified health coach through the Integrative Institute of Nutrition and a certified running coach through the Road Runners Club of America. She is also the co-owner of a running business. She can be reached at jillstarbuck@hotmail.com.

## TWO STAND-UP ACTS SLATED AT ROCKFORD BELLE ON OCTOBER 18

Are you ready to laugh? Is a rib splitting good time just what you need? This is your chance to join the fun on October 18th with professional stand-up comedian and accomplished magician, Rick Reader, at the Rockford Belle, 135 Market Street, Rockford, Ohio. Rick Reader has appeared on many TV and radio shows and has performed with many well-known stars. Rick Reader's live performance begins at 7:00 p.m. with doors open at 6:00 p.m. Former longtime WCSM radio personality Jim Highley will emcee the event. Comedian and actor Jason Dixie will open the act with his hilarity and talent.

Rick Reader, of Fort Wayne, Indiana is at home on any stage, anywhere. He has appeared on many television shows, radio shows, and live stage performances throughout the United States, Canada and Europe.

The comic has worked with well-known stars such as Drew Carey of TV's The Price Is Right; Tim Allen of TV's Home Improvement; Steve Harvey of TV's Family Feud; Gregory Hines; Ray Charles; Lee Greenwood; Conway Twitty; Loretta Lynn; Bill Anderson; Little Jimmy Dickens; Del Reeves; Carl Perkins; Mickey Gilley; Leon Redbone; Jimmy "Orion" Ellis; and Elvis Aaron Presley, Jr., the son of the late Elvis Presley, to name a few.

Rick was honored when Fort Wayne, Indiana held a special tribute called "Salute to the Stars". He received an award from Actress Shelly Long on stage in front of a full house at the beautiful Embassy Theatre.

Audience members are entertained with an act geared to them; from a very mild Church Festival act, to an ornery Night Club act. Performances involve patrons—the comic leaves the stage, enters the audience, and brings members back up to the stage with up to the stage when the real fun begins!

Jason Dixie is a rubber-faced comedian and actor from Fort Wayne, Indiana who has starred in many television ads and feature films.

Dixie's comedy career spans the course of 20 years. His very first comedy show was performed at the young age of sixteen. After that show, he was bit by the comedy bug and success immediately followed. By the time he

was eighteen years old he was working with Joe Torry and other comedy stars.

The comedian went on to star in a National Public Service Advertising commercial by the time he was nineteen years old. The commercial later led to his feature film debut in the critically acclaimed and award winning "In the Company of Men" as the "Intern" co-starring alongside Aaron Eckhart (The Dark Knight and Battle Los Angeles) in 1997. The success of that film led to a role co-starring alongside famed actor David Carradine (The Legend of Kung-Fu and Kill Bill Vol. 1 & 2) and Mariel Hemingway (Star 80 and Manhattan).

Jason continues to perform on stage and in independent films while honing his comedy and acting skills.

He has worked at many comedy clubs and venues throughout the Midwest and abroad.

Some of the stars he has worked with are the late great "King of Comedy" Bernie Mac, singing superstar Usher, and comic/actor Mike Epps (Next Friday, Sparkle). Dixie has several new independent films coming out and acting parts in "Proxy" and "Sand Castles".

Long time friend and entertainer Jim Highley will emcee for the evening's performance. Jim is now retired after having served since 1977 as an elected official in Mercer County as the Clerk of Courts. He is a businessman, stage show manager and promoter, and is best known for emceeing events and WCSM's radio program personality of "The Weekly Country Leisure Show." Jim has been a patron and entertainer at the entertainment venue on many prior occasions and looks forward to having a great time as emcee at the Rockford Belle!

Plan now to attend two of the best acts in the business with Rick Reader and Jason Dixie on October 18th at the Rockford Belle! For more information, call Tom Rogers at 567-644-9993.

**HISTORY COMES ALIVE AT PIONEER DAY**

Sheila Riley, member of the Four Presidents Corners Historical Society, dressed as a pioneer and ready for Pioneer Day.

By: Jill Starbuck

It may not be a Little House on the Prairie, but Monroeville, IN can give you a little taste of that life. From noon to 5:00 p.m. on Saturday, October 18, the Four Presidents Corners Historical Society presents the third annual Pioneer Day. Society member Lois Ternet commented that, "This event is a great way to educate families about history. Without history, we wouldn't be where we are today. It teaches us about how we adapt to change, hone our survival skills, and build communities. History shapes our future." So, bring the kids and pull on up to the Trackside Museum on 123 Meyer Drive to experience the life and times of settlers in the 1800s. Historical figures stand ready to answer your questions.

Start your adventure with a typical pioneer home-cooked meal complete with beef stew, corn bread, and the best pie around. Afterwards, browse through the bake goods for more delicious specialties to take home. For more sweet treats, visit the penny candy counter. Enter the photo booth and try on pioneer clothing to reveal your best Davey Crockett, Laura Ingalls, town sheriff, or other pioneer pose. Examine old tools used to till the land, carve furniture, man the farm, and more. Discover how you can learn about your own pioneer ancestors from the genealogy section. Explore the Trackside Museum for more artifacts, news clippings, scrapbooks, and other items that reveal information about past events and American heroes. Finally, browse

the gift section for unique domestic-made items to help support museum expenses.

"Pioneer Day is one way to make history come alive and realize how far society has come over time. And the Trackside Museum is a great place to make that happen. It's an important information resource to our community, as well as surrounding communities," stated Ternet. Founded by the Four Presidents Corners Historical Society, the museum helps the organization foster a deeper understanding and appreciation for history.

For more information, contact museum director Lois Ternet at 260-446-7240. Museum hours are Saturdays from 10:00 a.m. to 2:00 p.m. or by appointment.

**WARRIORS FALL TO STARFIRES**

Woodlan football travelled to South Adams on Friday, October 10. The game began at 7 pm and with 19 seconds left on the clock the Starfires QB completed a pass to a 10 yard touchdown.

Woodlan's Rick Ehle ran 14 yards for a touchdown with 7:35 left in the second time period and Mitchel Van Brocklin earned the two point conversion. South Adams followed up once again with only seconds left on the clock with a 11 yard touchdown and they earned the two point conversion. The first half finished with South Adams leading the Warriors 13-8.

Neither of the competitors posted points in the third quarter.

The fourth quarter Woodlan took the lead for the first time in the game with 7:40 left in the game. Van Brocklin ran two yards for a touchdown, putting the Warriors in lead at 14-13. The gain was short lived when the Starfires came back in their next possession and scored 6 points and the two point conversion was good.

The final score was 21-14 with the Warriors riding the bus home empty handed.

Woodlan played a running offense while South Adams was divided between passing and rushing. Total offensive yards were close. South Adams gained 343 while Woodlan racked up 341.

**GROVER HILL FIRE DEPT. DEMONSTRATE FIRE SAFETY**

Dave Volk the Grover Hill Fire Chief and three of the GH Firemen talk to the students about smoke detectors at Grover Hill Elementary school during Fire Prevention Week.

**PAULDING PRESCHOOLERS REVIEW FIRE SAFETY WITH FIREFIGHTERS**

Firefighter Jim, the Paulding Preschoolers are so happy you showed your fire truck. In the picture with firefighter Jim is Kevin Lin, Alyvia Bell, Parker Wulf, Ryder Gorrell, Lauren Hanak, and Ryan Lin.

Firefighter Jim McCullough came to visit the preschool at Paulding Elementary. He taught the students about smoke detectors, creating a safe meeting place,

and he showed them what a firefighter looks like while fighting a fire. He told the students that they should never hide if their house is on fire.

**JH TEAMS TAKE CENTER STAGE AT MAC GYM**

This weekend brings junior high school volleyball teams to the MAC Gym. Six teams from both Indiana and Ohio will travel to the gym to try and prove they are the best team of the day. The Mt. Calvary Lutheran Church will sponsor the 3<sup>rd</sup> annual event. Previous winners of the tournament have been Emmaus Lutheran Church, Fort Wayne, IN and Elkhart Trinity Lutheran, Elkhart, IN.

Pool play games will begin at 11:30 a.m. Saturday to allow teams time to travel into town. In the early games, Woodburn Lutheran School plays Lima Central Catholic 7<sup>th</sup> grade while New Haven Central Lutheran plays the Lima Central Catholic 8<sup>th</sup> grade. At 12:30, Lima Central Catholic 8<sup>th</sup> grade will take on St. Bernard Catholic from New Washington, Ohio. At the same time Woodburn Lutheran will play St. John Lutheran, Monroeville, IN. Final pool games pit Central Lutheran against St. Bernard Catholic and St. John Lutheran against Lima Central Catholic 7<sup>th</sup> grade.

Once pool play completes the pools will cross with 3<sup>rd</sup> place teams from each pool playing each other, 2<sup>nd</sup> place teams playing each other and finally first place teams playing in the championship tilt at 3:30 p.m. to determine tournament champions and runners up. This year's tournament will help offset costs

for a future planned trip to the Creation Museum in Petersburg, KY.

**WAYNE TRACE LOCAL SCHOOLS HOLDS UNITED WAY CAMPAIGN DRIVE**

The employees of Wayne Trace Local Schools recently concluded their 2014 United Way campaign drive. Through several generous donations, Wayne Trace was able to contribute \$800 to the United Way of Paulding County. Representing Wayne Trace Local Schools in the picture above is WT Grover Hill Elementary

Principal Mr. Kevin Wilson presenting a check to United Way of Paulding County director Mrs. Sonya Herber. Wayne Trace school officials appreciate everyone who helped with this year's campaign. The United Way has a key role in helping families and students in Paulding County.

**FIRE PREVENTION WEEK AT THE WOODBURN BRANCH LIBRARY**

The Woodburn Fire Department visited the Woodburn Branch Library for Fire Prevention Week on Friday, October 10. The firemen talked to the children about fire safety in their homes and what to do if there is a fire in their home. Zach Bering is

shown here putting on his fire suit and equipment so the children could see what a fireman would be wearing if they came to their house on a fire call. The children also had the opportunity to walk through the firetruck and the ambulance.

# ANTWERP SUPRISSES; TINORA DOMINATES; MAC GYM VOLLEYBALL

Two new volleyball champions were crowned at the MAC Gym as league tournaments completed last weekend. The Antwerp 3<sup>rd</sup> grade team came off a winless regular season to upend the undefeated Paulding team in two sets and won the inaugural 4<sup>th</sup> grade and under division. In the 6<sup>th</sup> grade and under division the Tinora Rams capped off a perfect 8-0 season defeating Defiance to take the title.

Antwerp 3<sup>rd</sup> grade getting their first win of the season upending the Antwerp 4<sup>th</sup> grade team. The win put the girls into the title game with Paulding and the momentum continued. When the dust cleared the Antwerp girls stood tall with their second win of the season and the championship medals in hand. The improvement in all the young players in this three team league was clearly evident. These girls are the foundation of what could

grow into a great instructional league very quickly. The 6<sup>th</sup> grade and under division took a lot longer to play with ten league teams participating. Early games had Defiance Melissa knocking off Antwerp Sara and Edon beating out Antwerp Morgan. The winning teams immediately went up against the league's best. Defiance Melissa played Tinora and came out on the short end, while Edon took on Paulding and Paulding prevailed. Tinora and Paulding rested while Fairview Black took on Antwerp Kara and Fairview Gold played Defiance Megan. Fairview split their games beating Antwerp but coming out on the short end against Defiance. Tinora then took on and beat Fairview while Defiance put together a run and upset Paulding to put the Defiance County pair in the finals. Tinora dominated the championship game winning in two sets, etching their name as champion in the third annual event.

The fall league continues to grow as the thirteen team league was the largest scheduled fall volleyball league in the three short years of scheduling at the gym.

## NEW HEIGHTS OFFERS LIVE INTERNET SHOW

The New Heights Educational Group welcomes Briana Dincher from Brooklyn, NY who will be hosting her first show starting November 7, 2014. Ms. Dincher's show will air each Friday from 4:30-5:00 p.m. The live internet show will be called "The New Heights Show on Education" and weekly topics will vary. The first week's topic will be covering "Virtual Schools vs. Bricks and Mortar Schools." Her later shows will explore a wide range of educational topics, including

common core standards and state principles. In addition, she will also explore different aspects of mathematics and English Language Arts. This is the fourth show started by NHEG in the last year. During that time, we have had over 1,500 listeners. Kathy Woodring's show airs on Sunday nights from 11:00-11:30 p.m., which Briana is currently co-hosting. NHEG looks forward to expanding our listening audience, and welcoming a new host with an exciting show.

## HOW DO YOUR TREES GROW? OSU EXTENSION IN PAULDING COUNTY TO HOST FREE TREE DIAGNOSTIC & TREE PRUNING WORKSHOP

Do you need help identifying problems with your trees? Would you like to know how to correctly prune your trees? The Ohio State University Extension Office in Paulding County and the Master Gardener Volunteers will be hosting a FREE tree diagnostic, tree evaluation and tree pruning workshop on October 16, 2014.

OSU Extension Educator in Agriculture and Natural Resources, Sarah Noggle feels this workshop would benefit Paulding County residents. "Over the spring and summer, our office has fielded many questions about trees - anything from planting, variety choices, diagnosing problems, insect damage to correct pruning techniques with trees. I am hoping by offering this workshop, we have a chance to educate our residents and give the community a chance to ensure the longevity of the trees in the area," stated Noggle.

According to the National Arbor Day Foundation, trees are a valuable environmental, social, and economic benefit to our communities. In some cities, as many as four trees die or are removed for each new one added. And nationwide, each day 2,400 acres of rural land is absorbed for urban use and most of the trees on the land are not preserved. Surveys indicated that about 66-100 million spaces exist along our city streets where trees could be planted. This translates to the potential to absorb 33 million more tons of CO2 every year and at the same time save consumers \$4 billion in energy costs.

Some of the main facts from the National Arbor Day Foundation show the extreme benefit of trees in our communities. Trees properly placed around a home can reduce air conditioning needs by 30% and save 20-30% in energy used for heating. One acre of trees absorbs six tons of carbon dioxide and puts out four tons of oxygen. This is

enough to meet the annual needs of 18 people. Healthy, mature trees add an average of 10-15 percent to a property's value. One shade tree can intercept 760-4,000 gallons of rainfall in its crown (leafy top) annually, depending on species. This reduces runoff of polluted storm water and can affect the size of drainpipes and retention ponds needed in new developments saving money for the community. Hospital patients have been shown to recover from surgery more quickly and require less pain medication when their room had a window that provided a view of trees. Living in a home surrounded by woods, meadows, or other natural setting can increase the attention capacities of children and generally improve their mental health. The net cooling effect of a young, healthy tree is equivalent to ten room sized air conditioners operating 20 hours a day. Nationally, the 60+ million street trees have an average value of \$525 per tree each year.

"This workshop is for everyone. Trees are such a valuable part of our communities. The workshop hopes to ensure the proper care of the already established trees in Paulding County. This workshop can benefit our homeowners, business owners, landscaping companies and even the grounds keepers at all the local businesses," said Noggle.

The workshop will begin at 8:30 a.m. with registration at The Ohio State University Extension Office in Paulding County, 503 Fairground Drive, Paulding, Ohio, 45879. The sessions will be as follows:

- SESSION 1:**  
9:00 a.m. - OSU Extension Educator, Curtis Young - Tree Diagnostic & Evaluation  
9:45 a.m. - Question and Answer with Curtis Young
- SESSION 2:**  
10:00 a.m. - OSU Extension Horticulture Educator, Tim Malinich - Tree Pruning  
10:45 a.m. - Question and Answer with Tim Malinich  
11:00 a.m. - Dismiss for Home

Please dress for the outdoors as portions of the program may be outside. Handouts from the event will be available in email form or for a low cost price. Even though the workshop is FREE, space is limited to 150 registrations. RSVP is required by October 14. If we have room we will offer on-site registration. One can register by calling (419)399-8225 or by emailing Sarah Noggle at [noggle.17@osu.edu](mailto:noggle.17@osu.edu). Registration forms are also available online at <http://paulding.osu.edu> under the Agriculture and Natural Resources tab.

"I hope our Paulding County and surrounding county residents take advantage of this event. If we see success with this event, I hope to offer more events like this next year. OSU Extension has a hand in creating Better Lives and Stronger Communities through these types of backyard and community gardening type workshops. Paulding County needs our trees so let's just help keep them alive!" said Noggle.

## "STUDENT NIGHT AT THE OPERA"

These 17 Oakwood Elementary 6<sup>th</sup> graders recently enjoyed a trip to the Toledo Opera to see Italian composer Puccini's "Tosca" after learning about it in music class. Prior to the opera they were treated to dinner at the

famous Tony Packo's restaurant. It was a night they'll always remember! The students are shown here outside Toledo's Valentine Theatre with Oakwood Elementary music teacher, Nancy Wehrkamp.

## WOODBURN LUTHERAN SCHOOL RECYCLES ELECTRONICS

Pictured here are Woodburn Lutheran students Aaron Marsee, Brooke Kneubuhler, Ava Scheiderer, Camdyn Garrison, and Carter Fleek.

Did you know that Woodburn Lutheran School is a recycling center for old electronics? WLS has been earning money by collecting recyclable electronics since 2011, and in 2013, Woodburn Lutheran was named a Top 10 Indiana School for excellence in recycling. WLS can take your empty printer cartridges, used laptops, tablets, cell phones, and iPods. If you have old
