CEO TEACHES YOUNG PEOPLE BUSINESS!

What does a young person do when they are sitting in class at the beginning of their senior year, only to not know what they want to do? "Get your education" and you will have a good high paying job. That is what you are being told, but many students don't quite know what they want to do. Classes today are taught for the test, not to find desire within the student. Many do not find inspiration and don't know how, especially if apprenticeships don't exist.

The meeting taking place at the Orchid Events and Catering on Wednesday, September 2s was an early morning gathering of fellow business and educational leaders hearing from Cheryl Mitchell on the CEO program that New Haven Mayor Terry McDonald thought was very valuable. He had heard of this program from Mickey Hill of Curves.

PAULDING CHAMBER OF COMMERCE TO HOST CANDIDATES AND ISSUES BREAKFAST

The Paulding Chamber of Commerce will host a breakfast where voters can learn more about the candidates and issues on the ballot. The event will be held on Tuesday, October 4 at 8:30 a.m. at the First Presbyterian Church in Paulding. A breakfast will be served at 8:00 a.m. by the ladies of the church. Donations are encouraged.

Candidates or representatives will each be give an allotted time to speak to the group, focusing on issues impacting our economy. Everyone is encouraged to participate in a casual meet and greet time following the speakers.

"This is a wonderful opportunity to get to know more about the issues facing the voters and a chance to meet the candidates themselves," said Peggy Emerson, Chamber Director. "We want to know what plans folks have for growth in our community. It's a great way to stay informed."

If there are any candidates who would like to participate, they should contact the Chamber at pauldingchamber@ gmail.com or by calling 419-399-5215.

WOODLAN FFA COMMUNITY SERVICE PROJECT

The Woodlan FFA Chapter donated over 475 food items to the local Food Bank from their community service project. The donated food was brought by participating 2nd graders as their admission price to attend the Woodlan FFA, Wabash-Erie Canal, and Demonstration Field Day. The Wabash-Erie Canal Day Demonstrations are held on the school grounds of Woodlan Jr.-Sr. High School as the Wabash-Erie Canal is located adjacent to the school grounds. This Woodlan FFA demonstration event and

community service project was held on Friday, September 16th. The Wabash- Erie Canal Day has become an annual event where this year's area 2nd graders from six different area schools participated. Seventy Woodlan FFA members guided the students to eleven different demonstration areas where they learned the practices of that time era. The stations included old tools, tiling, cooking, straw maize, pumpkin decorating, and clothes washing to list a few. Over 450, 2nd graders were in attendance.

PAULDING COUNTY NURSING HOMES **EXPLORE WETLANDS AND WILDLIFE**

By: Patrick Troyer, Education Specialist Paulding **SWCD**

Recently, the Paulding County Nursing Homes of Country Inn, VanCrest Antwerp/Payne, and the Gardens of Paulding had the opportunity to explore the wonders of wetlands as well as a second installment of native ohio wildlife.

In the presentation "What's the Deal with Wetlands?", residents were given the opportunity to go on a journey into a wetland to learn what a wetland is, animals/plants that live there, how wetlands are beneficial to humans and animals, as well as why it is important that we need to preserve the wetlands that we currently have in our area. A wetland is land that contains marshes or swamps and land that is wet/ saturated for a majority of the time. Residents learned that wetlands can be dry at certain times of the year, particularly in the summer months of July and August, but other than that the ground is saturated.

Everyone was then asked the types of animals and plants they might be likely to see should they make a visit to a wetland like the Black Swamp Nature Center. The residents sure were sharp with their answers! Plants that one will commonly find in a wetland include a cattail, wild cranberry, and wild rice which all like the damp and saturated conditions present in a wetland. Animals that they might see in a wetland would include a beaver, duck, and especially frogs! If we were in a wetland like the Everglades, we would be likely to see an alligator roaming

around. Then, everyone was asked the types of benefits they think that wetlands provide to both humans and animals. Wetlands provide a wide range of benefits such as flood control, pollution trapping, nutrient filtration, sediment trapping, habitat, as well as food/fuel. Throughout this portion of the presentation, residents were told to pay attention to the specially notated clue words on wetland benefits as it would help in the activity afterwards. Wetlands help act like a sponge that collects excess rainfall

time which helps to reduce flooding risks. These precious lands also act like a filter by removing impurities from the water and keeping it safe and clean for all to drink in addition to filtering out excess nutrients. Most importantly wetlands provide a home for plants/animals and provide us with food such as wild rice and fuel such as peat moss that is known as a good heat source in the winter.

At the end of the presentation, residents played a game called "Wetland Metaphors" where they were given common household items such as a sponge, coffee filter, soap, cereal, and brush and then were given the task of telling the group how the item relates to a benefit provided by wetlands. The sponge represents how wetlands aid in flood control, the coffee filter represents how wetlands act as a filter with regards to excess nutrients/toxins, soap/brush represents how wetlands keep the environment clean, with the cereal representing how wetlands provide nutritious food for plants and animals. Again, all the groups were

spot on with their guesses! In a separate presentation, all the groups learned about four species that are native to Ohio and the United States. We learned about the beaver, gray fox, mink, and black bear. In this presentation, everyone's mind was put to the test as they were given about four to five clues to see if they could guess the animal that was about to be talked about. Many were able to guess by the third clue!

The Black Bear is listed on the Ohio Endangered Species list and has suffered population declines due to overhunting and landowners killing them for harming their livestock or crops. These animals can weigh between 150 to 700 pounds when they are fully grown! The Beaver is the largest rodent in North America, has webbed feet and waterproof fur which allows it to move through the water easily. Homes for the beaver are called dams and are creatively built in a way that entrances are underwater which helps protect them against predators. Beavers are also able to swim 24 hours after they are born!

The grey fox is one of two fox species found in Ohio with the other one being the red fox. Grey foxes are different from red foxes in that they have a black tip to their tail whereas the red fox will have a white tip on their tail which is also rather bushy. The last animal covered was the mink. Residents learned that their fur is very valuable to fur traders and they can be

different animals, residents had the opportunity to view fur samples of each species

LATTA CELEBRATES ARRIVAL OF THOMAS EDISON STATUE AT THE U.S. CAPITOL

Congressman Bob Latta (R-Bowling Green) attended a ceremony celebrating the unveiling of the newest National Statuary Hall Collection figure, a statue of Thomas Edison, at the U.S. Capitol Building on Wednesday afternoon. The Edison likeness now joins a statue of President James Garfield as the two representatives from the state of Ohio depicted in the collection. The National Statuary Hall Collection features exactly two statues from each of the fifty states throughout the Capitol complex. The Thomas Edison statue will be featured along with 37 others in Statuary Hall, the room which served as the U.S. House of Representatives from 1807 until 1857, when the current House chamber was completed.

"This depiction of one of our country's greatest inventors, Thomas Edison, is a welcome addition to the Capitol

building and Statuary Hall," said Latta. "A native son of Ohio, Edison pushed the limits of what was possible, and it's fitting that his statue features his most famous invention, the electric lightbulb. It took years of hard work, patience, and artistic skill to help make the Edison statue in Washington a reality, and I commend everyone that helped make it happen.

Thomas Edison was born in Milan, Ohio in 1847, and during his lifetime, Edison registered 1,093 patents with the U.S. government.

The 900-pound bronze statue stands nearly seven feet tall and was sculpted by Alan Cotrill, of Zanesville, Ohio. The previous Ohio statue was of former Governor William Allen. An online poll selected Edison as the replacement in 2010 and that choice was confirmed two years later by the General Assembly.

Month. More than 25,000 people seek treatment for sports-related eye injuries each year. Basketball, baseball, football and soccer are among the top sports with related eye injuries each year, according to Prevent Blindness America. The good news is that almost all of these injuries can be prevented with the proper eye protection.

Types of injuries that can occur are painful scratches on the cornea (front, clear part of the eye), different types of inflammation, traumatic cataracts, the retina (back tissue of the eye used for vision) can swell, bruise, or detach, and blood can leak into different parts of the eye. You can also fracture the bones surrounding your eye which can have long term effects on vision and eye health.

There are easy steps to take to ensure you are protected against any of these eye injuries. Wearing safety goggles with polycarbonate lenses for racquet sports or basketball is the safest way to protect your eyes. When playing baseball, use batting helmets with polycarbonate face shields. When playing hockey, use helmets and face shields approved by the U.S. Amateur Hockey Association. It is important that any eye guard or sports protective eyewear are labeled as ASTM F803 approved. This eyewear is performance tested to give you the highest levels of pro-

Being prepared is also important. Keeping a first aid kit with a rigid eye shield and commercial eyewash is a good idea. Do not assume that any eye injury is harmless. For any blows to the eye, apply a cold compress without putting pressure on the eye. For cuts and punctures of the eye

or eyelid, do not wash out the

eye with water because water can be contaminated. Instead use a sterile saline solution. Do not try to remove the object that is stuck in the eve. A lot of times this can make things worse by damaging the eye further. Cover the eye with a rigid shield without applying pressure. If you do not have a shield, one can be made with the bottom half of a paper cup. In any of these situations or other cases of pain, reduced vision, or discoloration (black eye) following an injury, see an eye doctor as soon as possible. Your optometrist is a pri-

mary eye care provider that is trained to evaluate your vision and level of injury and initiate the proper treatment or get you to the right specialist. Eye injuries not managed correctly can have long term effects on vision causing glaucoma, cataracts, or scarring. Some of these lasting effects can be avoided with proper care and monitoring.

If you need to schedule an appointment for safety eyewear, want to see a selection of sport and work safety frames, or have questions on eye injuries, you can contact Grabill Eye Center at 260-627-1091.

Eve (in the long ago) heard the devil's lie, and believed it, and then did what the devil wanted her to do -disobeyed God! Peter first followed afar off, Luke 22:54-60. Peter was in the presence of the enemy, and finally denied Christ. Lot did not immediately move to the evil place Sodom, just moved a little bit at a time. The prodigal son just gradually went to the far country, ending up in a pig pen. Loved ones we need to resist every temptation to sin. IT'S THE LITTLE THINGS THAT COUNT

By: Rev. Gerry Weesner, **Maples United Methodist** Church

"Jesus told his disciples: "There was a rich man whose manager was accused of wasting his possessions. So he called him in and asked him, 'What is this I hear about you? Give an account of your management, because you cannot be manager any longer.' ...'Whoever can be trusted with very little can also be trusted with much, and whoever is dishonest with very little will also be dishonest with much. So if you have not been trustworthy in handling worldly wealth, who will trust you with true riches? And if you have not been trustworthy with someone else's property, who will give you property of your own?' 'No servant can serve two masters. Either he will hate the one and love the other, or he will be devoted to the one and despise the other. You cannot serve both God and Money.' Luke 16:1-2, 10-13 (NIV). In biblical teaching, a per-

son has a right to livelihood, but only on a commission basis, that is, he may keep enough of this world's goods for himself provided he lives to serve the common good within the will of God. Because all men are stewards, no man is better than another: his greater gifts, such perhaps, as a doctor or a judge may entitle him to more money for training and support, but he is still a steward. His gifts are gifts; a trust, not a possession; and they lay on him the greater measure of responsibility. Jesus tells us that every act affects our destiny. Therefore, our handling of this world's goods is stewardship; a direct dealing with God, from whom we come and to whom we go.

Subtle acts of taking pencils from the supply cabinet or change from petty cash can get out of hand. What begins as an insignificant amount can become major theft. As Jesus said, "whoever is dishonest in a little is dishonest

At the same time Iesus said, "Whoever is faithful in little is faithful in much." Small sacrificial acts lead to larger sacrificial acts. The practice of sacrificial living will pay off in the long term. Jesus is teaching that it is not how much we can get out of this life; it is how much we

can give back into this life. We can't have it both ways. We have to make a choice. "You can't serve God and money at the same time." How a person handles money indicates how much mastery money has attained in that person's life. Jesus explained that no one can serve two masters. When money is one's master, there can be no room for God who requires single-hearted obedience and devotion.

God wants us to be ethical in our personal and business transactions. God wants us to focus on our long-term salvation instead of our short-term worldly successes. God wants our love and devotion to be for Him.

Cheryl Mitchell presents the CEO program at the Orchid in New Haven.

One aspect that stuck out was how many kids at the beginning of the year in the program thought they would leave the area-17 of 20when they graduated high school. By the end of the year, after completing the CEO program, it was reversed only 3 wanted to leave. Many had realized how they could add to their community by starting their own business.

The presentation was intended for East Allen School system but colleges and others are also interested. With so many colleges and high schools interest, a process for dual credits with colleges and universities was also dis-

Did you know that every business you see along the road was started by someone? It didn't just magically appear. The program teaches the value of responsibility, time, money, and making a big difference.

The program is not so easy for students who love the linearity of our current education system. It takes thinking outside the box and educators have realized that the grades don't necessarily correlate to running a business.

The students are chosen, not by grades, but by their application, recommendations, and passion in their writing. Names are removed during the application review process to make certain bias is removed.

The program's intentions are to grow communities while keeping the largest community "export"—young people—in the community.

The program was very fascinating and it was great to see how active these students, previously uninvolved, be filled with such passion. The program that was started in 2012 is taking off all throughout the midwest. Business owners have no need to be afraid of the competition it could create, but embrace it as building a stronger society, community, and ultimately business.

Chamber of Commerce, classes, students, teachers, business owners, and even family are excited since so many other programs have failed at keeping young people in the community. This way they have a chip in the game.

If you want to know more about this program contact mayor Terry McDonald at (260) 748-7070 or tmcdonald@newhavenin.org.

LAWN CARE FOR THE **HOMEOWNER**

Fall Feeding and Care

We've had an ok summer for lawns this year. The weather was hot and dry for several weeks throughout the summer and has stressed some lawns. The rain we've had in September has helped the recovery of many of those

Fall is here and I'd like to share with you a few things to help you keep your lawn in great shape this fall and to prepare it for next spring.

Fall is the best time to help your lawn develop a stronger root system for a thicker, more vigorous lawn. The warm days followed by the cool nights allows bluegrass to rhizome. Rhizome means that the grass roots shoot off from one plant and develop a new plant.

Early fall fertilization will provide maximum fall color and growth. Mid to late fall fertilization will give extended fall/winter greening and more early spring response.

In order to get the best-looking lawn this fall, use a winterizer fertilizer. Winterizers have higher amounts of potassium, which helps the grass have better weather tolerance (cooler weather now). It also helps protect against diseases.

Potassium is the third number on a bag of fertilizer. For example, in a 24-0-12 formulation, the 12 is the percentage of potassium in the tertilizer. In winterizer tertilizers, anything that has higher percentages of potassium is good for fall feeding.

When purchasing a fall fertilizer, be sure to get a slow release fertilizer that gradually feeds your lawn over a six to eight week period.

A problem that can show up in the fall is weeds. Weeds, such as dandelions,

are actively growing in order to store up food for the winter. Now is a good time to hit it with a weed control so that they don't pop up next spring.

Some winterizers have a weed control in them as well. The same rules apply to winterizers with weed controls as do spring weed & feeds. Apply the product when the grass is wet from dew or rain so that it sticks much better to the plant. Also, don't apply this product if rain is forecasted within the next 24 to 48 hours. This will allow the weeds to absorb the weed

You should continue to mow your lawn until the first frost or freeze. On your last mowing, you should set the mower blades a little lower to prevent snow mold from de-

veloping this winter.

LETTER TO THE EDITOR

It's been a while since I wrote to the West Bend on mis-representative.... Bob Latta, but it's time to hit him with both barrels on his self-promotions he puts in this newspaper.

His receiving these phony awards on being a fiscal conservative are getting real old because it's just an annual award for doing nothing in his district to make it better! He's voted no on all veteran benefit bills except the ones that cut funding. He's always at General Motors taking photo ops, but he voted against bridge loans to keep an American company running. He only shows up to take photos during the election year, and most all of his articles here are written by his aides, not his own writing!

He's not said a word on how the Republicans plan to replace the ACA Health Program he hates, also doesn't tell you that his own party actually wrote 90% of the bill that passed! The Republicans have not voted for 1 jobs bill, infrastructure, or veterans bill, only thing they've voted in is pay raises for themselves, while spending less than 14 hours a week in session, the lowest time spent in the halls

of congress in history! Bob's district has a minute portion of Toledo, and makes a lot of photo ops here (as seen in this paper) when it's actually Rep. Marcy Kaptur who helps make improvements in this city. Bob's just there to take credit. It's sad that 99% of the people who voted for Bob have never met him, or they'd never have voted him in the first time! He does not care about the average 5th District resident, and told me as much a few years back in one of his 1 on 1 meetings in Paulding. I asked if he couldn't find some federal funds that the residents of Melrose need to

put in a central sewer system. His reply? "It'd be more fiscally sound to flatten the community, and re-locate the residents"! Doesn't this sound like a real patriot? A real American who's here to work with his constituents? No, but 4 months later in the Toledo Blade was an article of how Bob got funds to separate the storm and waste sewers in Bowling Green! In the election coming up,

we need to replace a guy that has fattened his own pockets, while doing absolutely nothing to better the 5th District! All you need to do is look up his campaign contributors to see who he really supports! It's available on the internet! Go to congressional voting records to see how he's voted for big money, and yet while county and township roads suffer in Paulding County, he's knocking down \$174,000 for life, and has government health care, something he says you don't deserve! He's got the campaign war chest, so he'll outspend the Democratic candidate 10 times over! Bob is the best congressman money can buy, but we can send him home to live out the life of a rich retired congressman by voting him out! This is the real way to have term limits. We deserve

LETTER TO THE EDITOR:

The Paulding Chamber of Commerce worked very hard to plan and host the Flat Rock Creek Fall Festival again this year. It is always so much fun and is packed full of family friendly activities. With all of the music, the KidZone, the quilt show, the tractor and horse pulls, and all of the vendors there was something for everyone to enjoy.

It was also great to see all of the community support at the gates as well. Community members as well as many Paulding Chamber and other local businesses/ organizations volunteered to work at the gates this year. The following businesses/ organizations were represented: Advanced Chassis, Ag Credit, American Family Insurance, Ann's Bright Beginnings Preschool, Antwerp Exchange Bank, The Bargain Bin, Cooper Farms, First Federal Bank, Five Span Marina, Foltz Insurance Agency, Gen Fed Credit Union, Helena Crop Insurance & Helena Chemical Company, Huntington Bank, Michael Wehrkamp Campaign, Parrett Insurance, Paulding Band Boosters, Paulding Coun-Courthouse, Paulding County Hospital, Paulding Exempted Village Schools, Paulding Putnam Electric Cooperative, PolyOne, Shisler İnsurance, Stahl, Stoller, & Meyer Insurance, The State Bank, United Way of Paulding County, Waters Insurance Agency, and Williamson Insurance Agency.

LETTER TO THE EDITOR

I have read and enjoyed articles in the West Bend News by Stan Jordan for several years, but his article in the September 20 edition asking that the area around the eagles nest be altered made me suspicious of the man's and the paper's intelligence.

I have enjoyed seeing eagles in the area, but have not gone to see the nest area. I am certain that the eagles chose this place partially for its ability to hide the nest. To suggest that the nest should be totally exposed and the area made into a park atmosphere would be risking the eagles abandoning the area.

If you want to see wildlife in a controlled environment, visit a zoo, but if you want to observe nature as it is you have a responsibility to leave it as you found it.

LATTA VOTES TO PROHIBIT TRANSFER OF TERRORISTS FROM GUANTANAMO BAY

Congressman Bob Latta (R-Bowling Green) joined his colleagues in passing legislation, H.R. 5351, which would prohibit the transfer of any individuals stationed at the United States Naval Station in Guantanamo Bay, Cuba to the United States or to a foreign country. The bill would ban such transfers until the end of the year or until a 2017 National Defense Authorization Act (NDAA) is signed into law. Currently, 61 detainees remain at Guantanamo Bay, with 20 being cleared for transfer by the Obama Administration.

'The President's backdoor attempt to close Guantanamo is putting our national security at risk," said Latta. "With the Administration's Director of Intelligence admitting nization such as Kate's Kart," stated Michael C. Marhenke, President and CEO of iAB Financial Bank. "We're proud to give back to our community in such a meaningful way."

iAB Financial Bank, a wholly-owned subsidiary of Independent Alliance Banks, Inc., is one of the largest locally-owned community banks in the area and employs approximately 290 people throughout Allen, Huntington, Marshall and Wells counties. For more information,

that one out of three released detainees has returned to terrorist activities, releasing these dangerous prisoners will continue to put the safety of American citizens in danger. This legislation puts a stop to the transfer of these detainees until the issue can be addressed in the NDAA."

ments about the triennial review will be held at 10:30 a.m., November 9, 2016, in Conference Room A, Lazarus Government Center, 50 W. Town St., Columbus. People who wish to attend should bring photo ID.

Among the specific rule changes that Ohio EPA anticipates considering through early stakeholder outreach include: adding criteria covering harbor or navigation maintenance in support of the ban on open lake disposal by 2020; revising language covering exceptions from the application of pesticides; rules related to public health nuisances caused by manure (mirror existing language applied to sewage/bacteria thresholds); applying new or updated national and Ohio criteria for chemicals in aquatic life (as well as national human health criteria for 94 chemicals); and categories of beneficial use designations for water supply, recreation and aquatic life.

In addition, questions about the review may be directed to Dan Dudley at (614) 644-2876 or daniel.dudley@ epa.ohio.gov.

Ohio EPA values public input. Written comments are given equal consideration as oral testimony and must be received by November 14, 2016. As Fort Kearney faded away in the early morning mist, the remains of the 3M Wagon Train was going west out of Kearney to the gold strike in California. Billy Metzger had served with the group from November 25, 1848 until early March of 1851 and he stayed back at the Fort so he could go to college for the Army ROTC this September. Slim Jim Martin, El Paso Sam Rivers and Hiram D. Mason were all that's left and they soon will break up and go their separate ways.

This is the middle of March and we are headed west on the Oregon Trail. We have business at Sublette, Wyoming. Then the 3M Wagon Train will head southwest for Sutter's Mill and the gold.

Well, I am Jim Martin and I told Billy that I would keep a little journal of us until we get back to Kearney next January. We have stopped at North

Platte, Scott's Blu and into Wyoming Territory and then into Fort Laramie.

We miss Billy Metzger because he always took care of the animals and wagons. We stopped at the same livery stable and got all of those things done. The man there asked about Billy and we explained where he was and how the 3M Wagon Train would soon be disbanding after we get to Sutter's Mill.

We told Mom at the restaurant where Billy was and how he liked her food. We also ate there all the time we were in Fort Laramie.

Not much to tell about, we went by Douglas, Glenrock and Casper. We turned south here and followed the North Platte River to where it originates. We traveled west at Alcova past Devil Gate, Split Rock and Martin's Cave.

There ain't anybody along here. A few hills, lots of rocks and Aquino Mountains. This

is a rough part of the trail.

and it carried all the way to Idaho. All there is are trees or rocks and more rocks. I haven't made any notes

for a couple weeks. I don't know how Billy did so well. We are now nearing Twin Falls. Sam says we turn south here into Nevada. We left Twin Falls and finally got down into Nevada.

We repaired everything at Winnemucca and then on south, nothing but all over nothing. We bounce along and we finally get into Truckee, California.

Now we are on our last leg into Sutter's Mill location of the gold strike. It is now August 3rd and Sam and I want to leave California by the 15th.

We emptied the wagons like the other times and had a sale, a good sale. All those oil stoves went the first day. I guess the ships bring in kerosene now. Yes, oil is no prob-

The gold strike is three years old now and the miners don't find the gold as easy as before. It is sort of petering out. Well, the sale went fine and what didn't sell we moved into the big hardware store. We all met in the big dining room of the hotel last night and discussed the future.

Big Chief Yellow Pencil Hi- ram is leaving the 3M Wagon Train here in California. Hiram is going to stay with the Brannan Brothers for awhile until he can find an office building in Sacramento. He is starting his own business of accounting and will do the brothers' books.

We told them all that Sam was going to get married when he gets back to North Platte. Well, Issue Wee, our Chinese friend, really likes El Paso Sam so he gave him a pound of gold dust for a wedding gift, that is around \$320.00. He can really use that when they get settled

The Brannan's sold the wagon that Hiram had to Sam for \$50.00 for the wagon and \$30.00 for the team. He needs that wagon because he didn't have one of his own and he will need one to bring his new wife and furniture from North Platte to the Indian

Agency. I will travel by himself, but will be a part of a 2 wagon train. After they arrive at Fort Kearney, Sam and his new bride will leave the trail there, but I will go on alone all the way back to Moline, Illinois and work for the John Deere

Sam and I left Sutter's Mill about the middle of August with 2 wagons. We pushed the teams right along on about the only load they had was feed for the animals and themselves. We hated to leave Hiram and all the Brannan's and the gold strike area. Once in awhile we mentioned how much they missed Billy Metzger. But we know he is better off going to college and building his future and to take care of his natural abil-

ANTWERP REDS BASEBALL CLUB

This picture is of the Antwerp Reds baseball team and was given to me by Douglas Michael, who lives up north of Edon.

His grandfather is John Foster he is in the picture. His cousin found this old photograph in with some old tax papers. I am certainly glad to get

this picture, as I know five of the players, and I have heard many times of the other play-

John Foster was born in 1891 and served in WWI, so this picture, I assume, was taken just before he entered the service, probably around 1915 or so.

The first man is Ralph Carr. I remember him as the president of the Antwerp Exchange Bank. The next man is Tom Reeb, he was a retired farmer, nicknamed Beck Reeb. Ed Carr is next, he was always the city water man from the time the city got water in 1931. E. Gordon was in the hardware business and sold it to the Gaisford brothers and it was destroyed

by fire in 1941.

Steve Cromley, I have heard of him many times but didn't know him. John Foster came back from WWI and had a clothing store here on the corner where the West Bend News is now. He sold it and it was torn down in 1931. He opened a clothing store later on East River Street and also a store in Michigan. The next man is Tom Carr

and he was a car salesman for L. Smith and Son. Joe Carr, as I understand, was a first class pitcher. He owned and operated an I.G.A. store here in Antwerp at the corner of Main and Daggett Street from 1911 on.

I couldn't find out anything about Arlie Smith, but I heard a lot about him.

Ike Hallock was a good ball player and he lived up on W. Washington Street. North Osborn, the team manager, was the owner of the Antwerp paper at that time.

I really appreciate this old picture. I will keep one for my files and ask the ball association if they want a copy.

A LITTLE MORE ON POCA-**HONTAS**

By: Stan Jordan

The other day, the word Pocahontas crossed my desk. I remember the story and the legend of that girl that my dad told me when I was a little boy. So my co-worker, Crystal Rider, punched it up on the computer and I'm going to write a little about her.

Those indian words are hard to spell and pronounce Pocahontas was born in 1596 and was called Amonute in the colonial village of Jamestown, VA. She was the daughter of Powhatan, the big chief of the Indian Na-

tions in that area what is now Glouster County. It is said that she saved the life of a Capt. John Smith. He

was an Englishman and he

was hated by the indians, they were not welcomed in

Powhatan, the chief, was going to execute John Smith by bludgeoning his head to pieces. Pocahontas cradled his head in her lap so they couldn't beat his head in. She was the favorite daughter of Powhatan, so he recanted. This was in 1607 and she was 12 years of age. She was captured by the English in 1613 during the Anglo-Indian dispute and held for ransom.

During her captivity she was converted to Christianity and took the name Re-

When the opportunity arose for her to return to her people, she chose to remain with the English. In 1614 she married a tobacco farmer named John Rolfe. They had a son John Rolfe in 1615.

In 1616 the Rolfes' traveled to England and Pocahontas was presented to the english society as an example of a civilized savage in hopes of getting more investments in Jamestown. Sometimes she was treated like royalty at Whitehall Palace. All people did not like her though.

In 1617 the Rolfes' sailed for Virginia, but Pocahontas died at Graves Inn of unknown causes. She was buried at Graves Inn, Kent, England, but the location of her grave is unknown.

Numerous products landmarked in the U.S. have been named after Pocahontas. Her descendants through her son Thomas, includes members of the first founders of Virginia, First Lady Edith Wilson, actor Glenn Strange, and astronaut Percival Lovell.

After reading about her life, I feel she was treated poorly by the English.

See ya!

JASON K LANDERS: **OUR SHERIFF**

This morning September 23, the boss and I were treated of the PC sheriff office and the potential Paulding County jail. I was amazed at how large that whole area is. It must be 3 or 4 acres. A beautiful building inside and out.

Sheriff Jason is running for sheriff again, unopposed. Let me tell you about by interview with Jason.

He was born in Paulding in 1975, his parents were Terrill and Marsha Landers and there were four in the family. He went to school at Paulding High School and graduated in 1994. He attended Edison College studying law enforcement in 1995.

He worked in construction in 1995 to pay for schooling at the police academy. He started working for the Paulding Sheriff's Office in 1996. He has always been in the police business. He married Jayme Hughes in 2001 and they have two boys. They built a new house here in Carryall Township. They are in 7th and 9th grade and are very active in sports and activities at Antwerp High School.

Jason roots run very deep in Pauling County and the Antwerp area. His wife, Jayme Hughes, grandpa was Guss Mattingly.

An old time family from Antwerp, as a Mattingly girl, Francis graduated form Antwerp High School in 1942 with me. I knew that family very well. They were farmers just off the Wentworth Rd. When I was a mail man, the Gene and Ola Hughes family grew up on my route and their parents, the Horns, were very early pioneers in this area.

Jason has a few hobbies. He coaches some basketball at Antwerp High School, in fact, he does a lot of coaching. He does a lot of M.C. work at the sports events. He is president of the Antwerp Athletic Boosters. He drives a school bus hauling some of the players to the away games. He has a Harley he loves to ride when he has times. He is an avid Ohio State

supporter. He loves yard work and cooking out and spending time with the family and following the boys in all their sports contest. He took a mandatory three week course in 2008 of

police executive leadership, that covered all types of rules He has been in the police

business for 21 years and pretty well versatile in all phases of it. See Ya!

OHSAA ANNOUNCES INITIAL FINDINGS AND PENALTIES AGAINST AK-**RON ARCHBISHOP HOBAN FOOTBALL PROGRAM**

While the investigation into the football program at Akron Archbishop Hoban High School on a number of allegations is still ongoing, the Ohio High School Athletic Association has announced the initial findings and penalties against the school.

The penalties stem from a violation of OHSAA Bylaw 4-9-2 - Recruiting, when head football coach Tim Tyrrell initiated contact in the fall of 2015 with a student at St. Hilary Elementary School.

"As a veteran coach and the current athletic administrator at Archbishop Hoban, we believe that Tim Tyrrell was aware his actions were in violation of the OHSAA's recruiting bylaw," said Dave Gray, OHSAA interim com-"Rather than missioner. wait until the investigation concluded, which could be toward the end of the season, we felt compelled to announce these penalties now so the team and school have time to make the appropriate accommodations. We appreciate the cooperation of Hoban administrators and hope to conclude this investigation

The initial penalties include a postseason coaching suspension for Tyrrell if Hoban qualifies for the 2016 playoffs. In addition, Hoban is placed on probation for the remainder of the 2016-17 school year and all of the 2017-18 school year, and Tyrrell will be limited to a total of five days of contact with the Hoban football team during

THE COMEDY VENTRILO-**QUISM OF LYNN TREFZGER**

Lynn Trefzger is a ventriloquist/comedienne with a trunk full of zany characters that have accompanied her to stages throughout the country. Named the 2006 Funniest Female Performer of the Year by CAMPUS ACTIVI-TIES MAGAZINE, as a result of votes by thousands of college students nationwide! Her vocal illusion talents

were first brought to national audiences on TV's popular "Star Search" and she has since performed with artists including Jeff Foxworthy, Ray Romano, The Smothers Brothers, and Drew Carey. Her off-the-wall audience interplay is riotously funny, and her performances are tailored for both family and adult audiences. Lynn (and her many voices) has appeared on ABC, TNN, A&E and Lifetime television. Lynn has raised money for Duke Children's Hospital. She also enjoys performing aboard the Disney Cruise Lines, Atlantis Resort & Casino, Performing Arts Centers and the many corporate and university engagements that invite her to perform.

FACT: Your voice is not necessarily your own when you're in an audience for Lynn Trefzger's show. You could find yourself next to a rather inebriated camel -- or with a new baby you didn't even realize you had.

WARNING: Be extra nice to her old man Judd...he can get quite cranky and forth-

He's a cantankerous old

man and he holds little back. Come see why she is noted as a first rate entertainer!

Lynn Trefzger is performing at The Huber Opera House & Civic Center, Hicksville, OH on Saturday, October 22, 2016 at 7:00 p.m. Due to a grant from the Ohio Arts Council, the Huber is bringing this great entertainment to you and your families at no charge! Plan to bring the entire family for this rare opportunity! Arrive early for best seating -- she wants the children right up front! 419-542-9553.

BEGINNING AN EXERCISE PROGRAM AT ANY AGE HAS MANY BENEFITS.

Exercise boosts memory and learning. Exercising increases your heart rate, which pumps more oxygen to your brain and releases more hormones. This provides an environment ideal for brain cell growth. Memory issues or Alzheimer's affects over 40% of the population ages 85+. With regular exercise, you have a greater chance to avoid being within that 40%.

Your heart becomes stronger when you exercise regularly, just like any other muscle in your body. As it becomes stronger, it is able to pump more blood throughout your body, lowering your risk of heart disease, and decreasing your resting heart rate since it doesn't have to work as hard.

Similar to muscle, your bones respond to exercise by becoming stronger (increased bone density). Increased bone density can reduce the risk of osteoporosis, which is most commonly found in wrists, spine, shoulders and hips. Weight-bearing exercises are recommended for increasing bone density, which includes walking and hiking. Did You Know? Walking 3x's per week for a minimum of 30 minutes each time is enough to maintain and possibly reverse cognitive decline in older adults.

October is National Physical Therapy Month

Hosted by the American Physical Therapy Association (APTA) each October, National Physical Therapy Month is celebrated to recognize Physical Therapists (PTs) and Physical Therapist Assistants (PTAs) for their help in improving the lives of others. Physical Therapists and Physical Therapist Assistants work as a close, professional team to examine, plan and treat individuals to help reduce pain, improve mobility and increase overall function. Their goal is to help improve your body, without surgery or prescription medications. Each patient has their own plan of care focused on their needs and goals, rather than a "cookie

HUBER HOUSE AND CIVIC CENTER PRESENTS: THE ODD COUPLE

The Odd Couple - female version, is opening on October 7, 2016 at the Huber Opera House & Civic Center in Hicksville, Ohio. This comedy returns some of your favorite actors and actresses to the Huber stage and initiates three new ones! Paulding County is strongly represented with Director Bruce Essex and the two lead actresses coming from Antwerp. Crystal Brooks plays Flor-

ence Unger, an attractive, very well groomed, tidy gal who has just broken up with her husband. She takes herself very seriously, likes to clean, decorate and cook and is very good at all three. Flo is also intelligent warm-hearted (in her own way), and has no sense of humor (at least about herself), and she does NOT make jokes. She can also, without meaning to, make Olive feel guilty. Corrie Ehrhart is Olive

Madison, a successful television producer. She is intelligent, attractive, and wisecracking, with a good sense of humor - and she's a complete slob when it comes to her surroundings. She has an encyclopedic understanding of sports, is a complete pushover for her ex-husband, and a good friend. These real-life friends play two mismatched roommates in Neil Simon's hilarious contemporary comic classic that takes place in New York City in 1985. Twenty years after penning the original play, Neil Simon decided to try the story again and the poker nights became Trivial Pursuit evenings with the ladies. Come see how they manage their differences of opinion on housekeeping and hosting of the Trivial Pursuit girls' night out.

The Trivial Pursuit friends are Mickey, an organizer and police officer, played by wellknown entertainer Terina Wakefield; Vera, "a few beats behind the conductor," performed by newcomer Joni Rosebrock; Sylvie, an energy filled wise-cracker enacted

by audience favorite Beth Henderson; and Renee, a wise-cracker and complainer, played by Jennifer Japs, from Bryan and new to the Huber.

EACS EDUCATIONAL FOUN-DATION REPRESENTATIVE ATTENDS INDIANA ASSOCI-ATION OF PUBLIC EDUCA-TION FOUNDATIONS 19TH ANNUAL CONFERENCE

East Allen County Schools Educational Foundation director, Rose Fritzinger, was one of nearly 100 of Indiana's public school education foundation leaders attending the 19th Annual Indiana Association of Public Education Foundations (INAPEF) Conference in Indianapolis on September 15, 2016.

Attendees heard presentations covering a variety of topics designed to improve education foundations' fundraising capabilities, governance, operations, and community collaborations.

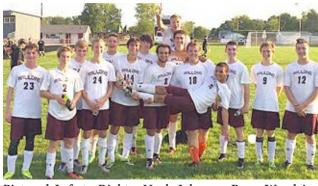

Indiana's public education foundations provide opportunities for donors to give back to their schools by funding teacher and classroom grants, student scholarships, and district-wide initiatives. Education foundations play an important role in Indiana communities, connecting private citizens with public education and providing resources to classrooms that otherwise would not be pos-

WOODLAN STRIKES HARD AGAINST JAY

Jay County Schools recently joined ACAC and Woodlan traveled to the distant school on Friday, September 23. The first touchdown was earned by Jordan Delagrange with 7:51 on the clock. Two touchdowns were

scored in the second period with Justin Durkes passing to Ah'Lan Howard for a 15 yard run to score the next. Following this with only :45 left on the clock was Delagrange once again. Dalton Moore added two points on three kicks in the first half. The halftime score was 0-20. The third period was noted

with Durkes running in for the 2 yard goal for the first of the second half. Jack Rhodes scored his first touchdown with only 1:24 left. Moore added 2 more points from the kicks in the third period. Jay County scored their

first and only touchdown when Parker Grimes passed to Ryan Schlechty on a 32 yard goal in the fourth quarter. Woodlan's Trevon McCarter ran 19 yards for the final touchdown with only :55 seconds left on the clock.

Jack Rhoades ran for 165 yards and one touchdown while Tre'von McCarter added 81 rushing yards and a score for the Warriors, who improve to 6-0 overall and 4-0 in the Allen County Athletic Conference. Jordan Delagrange also scored twice for the Warriors, who led 7-0 after one quarter and 20-0 at halftime.

Quarterback Durkes completed 9 of 13 passes for 161 yards as well for Woodlan, including a touchdown pass to Ahlan Howard. Howard finished with three catches for 32 yards while Donald Guerrant totaled four receptions for 76 yards.

NEW HAVEN @ LEO INVITE

The New Haven Bulldogs

attended the Leo High School volleyball invite on Saturday, September 17. The morning started off rough for the Bulldogs, as they began with a loss against Dekalb High School. New Haven lost the first set, won the second, but then surrendered the third to end with a loss. The score by set goes as follows: 19-25, 25-23, 11-15. A few of the stat leaders include: Jordan - 2 aces, 2 digs, 1 assist, 2 blocks; DeCamp - 1 ace, 18 digs; Hoffer - 2 aces, 10 digs; T. Creed 10 assists; Cordray - 2 aces, 4 digs, 2 assists

The Lady Bulldogs kept their spirits up as they went into the second against Angola High School. However, their hopes were quickly crushed, as they lost in two sets. The score by set goes as follows: 22-25, 22-25. A few of the stat leaders include: Hoffer - 2 aces, 5 digs, 3 kills; De-Camp - 1 ace, 10 digs, 1 kill; Jordan - 1 ace, 1 dig, 4 kills, 2 blocks; Cordray - 1 ace, 2 digs, 4 kills

Even though they had lost the first two games, New Haven was not ready to quit just yet. Going into the third game, the Lady Bulldogs kept strong. This, however, was not enough. New Haven was defeated by Lakewood Park Christian School in two sets. The score by set goes as follows: 15-25, 13-25. A few of the Bulldog stat leaders include: DeCamp - 1 ace, 7 digs; Jordan - 1 ace, 1 dig, 1 kill, 1 block; Bremer - 1 ace, 1 dig; Hoffer - 2 digs, 4 kills

The day was looking pretty dismal for the Lady Bulldogs. After losing the first three matches, there didn't appear to be much hope for New Haven. This did not stop them from giving their all. For the third match, the Lady Bulldogs played against Manchester. Finally, they were able to take home a win for the day. The New Haven Lady Bulldogs defeated Manchester High School. The score by set goes as follows: 16-25, 25-22, 15-8. A few of the New Haven stat leaders for the game include: Cordray - 4 aces, 2 kills; Bowers - 3 aces, 1 dig, 5 kills, 2 blocks; DeCamp - 2 aces, 16 digs, 1 kill; Hoffer - 7 kills, 2 digs

RAIDERS SUFFER ANOTHER

The Lady Raiders' record has not been very positive so far in the season, but that hasn't stopped them from playing their best in every game. On Tuesday, September 20th, the Wayne Trace Raiders played against the Ayersville Pilots in volleyball. Both schools are apart of the Green Meadows Conference, making this a conference game. Although they played strong, the Raiders still fell to the Pilots in three sets. The score by set goes as follows: Ayersville over Wayne Trace 25-13, 30-28, 25-17. Wayne Trace falls to 5-7 overall, 1-2 in the Green Meadows Conference. A few of the Wayne Trace Stat Leaders include: Danae Myers - ten kills, four blocks; Madison Zartman seven kills, two blocks; Kacey Reinhart - four kills; Kaylee Shepherd - 13 digs; Carissa Laukhuf - ten digs, two blocks, 15 assists; Sadie Sinn – ten digs; Leah Maassel –

PAYNE ELEMENTARY LEARN ABOUT THE HISTORY OF OUR FLAG

On Star Spangled Banner Day, the 4th graders at Payne Elementary learned about the history of our flag. Mrs. Gloria Fast, a member of the Daughters of the War of 1812, shared a storybook with the students following the events of the War of 1812. Along with that, she and her husband, Bill, showed flag replicas of our country's past.

The Girls team finished 4th with a score of 512 behind Wayne Trace (1st -402); Tinora 415; Antwerp 436. Scorers for Fairview were Paige Johnson 107 (2nd Team GMC); McKayla Bauer 128; AnnaMarie Lechleidner

138; Linzi Graber 139. JV Football Both 7th and 8th grade football traveled to Antwerp on September 20th to take on the Archers. The 8th grade played the first half of game while the 7th grade played the second half. The 8th graders came out in dominating fashion and put up 43 points in the first half. Scoring first for the Apaches was Dougy Rakes with a 30 yard scamper, Luke Timbrook followed with a 30 yard run of his own. Following a punt by Antwerp, Rakes went around the end for a 60 yard run. After the 2 point conversion was good, the Apaches had a 22-0 score at the end of the 1st quarter. After another 3 and out by the defense the offense took over and Rakes hooked up with Cade Ripke on a 47 yard pass. The kick by Caleb Franks on the extra point was good. With the Apaches on defense again, Luke Timbrook picked up an Archer fumble and rumbled to pay dirt from 35 yards out and with the xtra point by Franks the score was 35-0. The 8th grade Apaches would get the ball back again one more time before half and again Rakes would hook up with Ripke, this time for a 29 vard pass. Franks, with the xtra point, made the score 43-0 at the half. The second half would showcase the 7th grade team, with a running clock, and they continued with the total domination over the Archers. The young Apaches would come out on defense. After some great

pressure and sure tackling,

the 7th graders would force a

3 and out and get the ball for

the first time in the second

half. On the first play, Nathaniel Adkins would hand off to Keaton Singer and Singer would run off the left end for 65 yards for another Apache touchdown. Adkins would hook up with Singer on the 2 point conversion to make the score 51-0. The Apaches would for the ball over on downs and would drive down the field to where the drive would eventually stall out. The Archers took over and on the 3rd play Keaton Singer would intercept the pass and run it back for a pick 6. Brady Karzynow would run in the 2 point conversion. With the running clock in the second half the Apaches would hold for three plays again on defense and the clock would run out. Good game both 7th and 8th grade. vs. Montpelier

2016/2017 BATTLE OF THE BOOKS COL-LECTIONS DELIVERED

The Battle of the Books collections have been delivered to each county school and branch library for the 2016/2017 competition. "We are excited by this year's selections," stated Sara Molitor, Head of Youth Services. "There is something for ev-

For over twenty years, the Paulding County Carnegie Library (PCCL) has sponsored and coordinated a county-wide reading competition called Battle of the Books. Fifth and sixth grade teams made up of up to six students, read fifty books and are then quizzed during a competition first at the school level and then at the county level for the championship. Each school library receives up to twenty-five new books each year. Due to the generous donations from Lafarge Corp and area professionals, the cost of the books is covered as well as t-shirts and medals Schools participating have included: Antwerp Elementary, Divine Mercy Catholic School, Grover Hill Elementary, Oakwood Elementary, Payne Elementary, and Paulding Elementary. Home-schooled students have also formed winning

The objectives of the program are to:

- Promote leisure reading
- · Provide an opportunity for students to read books about a variety of subjects
- Prepare students with the skills to help them critique and appreciate good literature
- · Develop reading comprehension and retention
- Enhance feeling of accomplishment through literary competition

To see the 2016/2017 list and read more about the competition, visit the library's website at www.pauldingcountylibrary.org and click on the Children's link.

WESTERN BUCKEYE EDU-CATIONAL SERVICE CEN-TER GOVERNING BOARD **MEETING MINUTES 9/21/16**

The Western Buckeye ESC Governing Board held its regular monthly Board meeting at 6:00 p.m. on Wednesday, September 21, 2016 at the Paulding ESC office. Board President Mr. Ron Treece welcomed Board members and school personnel to the meeting Treasurer kim personnel to the meeting. Treasurer Kim Jones reviewed the current financial reports, investments and the monthly expenditures with the Board.

Superintendent Brian Gerber updated the Board on Legislative Issues, Personnel items, ESC activities, and the latest state report card that was published ear-lier this week. Mr. Gerber addressed the lier this week. Mr. Gerber addressed the Board and shared his opinion on the latest publication of the state report card. Mr. Gerber stated that state policy-makers are developing new ways to rank schools all the time. Our students and staff are always striving to hit a moving target. In NW Ohio, our public schools are doing a tremendous job of educating ALL the children who pass through our doors. We do not pick and choose our students like do not pick and choose our students like private schools and charter schools. Teachers have a tremendous amount

Teachers have a tremendous amount of creativity to offer their students, but they do not have the time or opportunity to teach it because they are bogged down in preparing their students for high stakes standardized testing. This is the reason we are losing good teachers and the well is drying up with the future availability of high quality teachers. College students who once aspired to be a teacher are changing their career path because of the nonsense taking place at the state level have instituted this entire standardized testing process and most have never spent a day teaching in their life, but somehow they think they are experts when it comes they think they are experts when it comes to curriculum and instruction. We need to put some common sense back into education and let the people who live it and breathe on daily basis have some input on educational policy.

This is a scan of the winning adult entry by Ann Furrow.

The Paulding County Carnegie Library recently sponsored a "Penmanship Contest". "We are concerned that students not being taught cursive writing anymore. Many school systems are removing cursive or penmanship from their elementary curriculums," shared Susan Pieper, Library Director. "There are so many documents and historical and family letters students will not be able to read if they do not learn cursive, and although many of the documents are being scanned for digital access, they are being scanned in their original format, many of which are in cursive."

The library categorized the competition into age groups. The sentence that was to be transcribed for judging was the Preamble to the Declaration of Independence. Over fifty entries were received from throughout the county. Judges were: president of the John Paulding Historical Society, Kim Sutton; author, Jane Nice and library director, Susan Pieper. The names of the entrants were unknown to the judges during the process. There were many impressive entries, the winners selected were: Age group 12 and under,

On Saturday, September 24, the New Haven Bulldogs went to South Side High School for a volleyball invitational. The day started out with the Bulldogs playing Wayne High School. New Haven wasted no time and took down Wayne in two sets. The score by set goes as follows: 25-8, 25-22. A few of the New Haven stat leaders included: Bremer - 8 aces, 5 digs; De-Camp - 2 aces, 10 digs, 1 assist, 1 kill; T. Creed - 1 ace, 2 digs, 16 assists, 2 kills; Bowers - 4 kills, 3 blocks

SIDE INVITATIONAL

The Lady Bulldogs showed no signs of stopping as they went into their second game, which was against Churubusco High School. New Haven defeated Churubusco just as quickly as they had won the first one. The score by set goes as follows: 25-13, 25-21. A few of the New Haven stat leaders included: Jordan - 2 aces, 2 digs, 2 kills, 1 block; DeCamp - 21 digs, 1 assist; T. Creed - 1 ace, 4 digs, 13 assists; Hoffer -7 kills, 4 digs

By the third game, New Haven was more confident than ever. Having won two games in a row, they were sure that the third game was theirs. The Lady Bulldogs played Norwell High School in the third game. This game was the first competition for the Bulldog. Rather than the regular two sets, it took a whole three sets to win. But they still managed to come out on top. The score by set goes as follows: 19-25, 25-23, 15-9. A few of the New Haven Leaders included: DeCamp -2 aces, 21 digs, 5 kills; Bremer - 10 digs; T. Creed - 1 ace, 5 digs, 21 assists; Hoffer - 2 aces, 7 kills, 9 digs

New Haven High School Volleyball team placed first place in the South Side High School Volleyball Invitational! Good job Lady Bulldogs! Congratulations Anika Hoffer, Chloe Bremer, and Aliza Bowers for being named to the All-Tournament team!

BULLDOGS THROWN TO THE LIONS

On Tuesday, September 20th, the New Haven Bulldogs travelled to Leo Jr./Sr. High School to take on the Lions in a game of volleyball. The Bulldogs were not able to gain any footing on the Lions and lost in 3 sets. The score by set goes as follows: 15-25, 12-25, 17-25. A few of the New Haven stat leaders in the game included: Hoffer - 2 aces, 3 digs, 3 kills; Bowers - 2 aces, 2 kills, 1 block; DeCamp - 1 ace, 18 digs, 2 kills; Jordan 1 ace, 2 digs, 1 assist, 5 kills;

ANTWERP DEFEATS HOL-GATE

Having suffered their first major losses of the season just the weekend before, Antwerp had to make up some ground in the upcoming games. On Tuesday, September 20th, the Lady Archers travelled to Holgate to face off in volleyball and regain lost footage. Reverting back to their old regime, Antwerp was able to quickly defeat Holgate in only three sets. Moving past previous losses, the Archers were able to pick back up and

resume their winning streak. Antwerp is now 11-2 overall and 3-0 in the Green Meadows Conference. The score by set goes as follows: Antwerp over Holgate 25-18, 25-12, 25-

A few of the Antwerp Stat Leaders include: Chloe Franklin - 11 assists; Peyton Short - 16 assists, 17-17 serving, three aces; Rachel Williamson – one assist, ten digs, 13 kills; Hope Smith -13 digs, 17-18 serving, one ace, five kills; Sydney Sheedy ten digs, nine kills; Lindsey Bok - 13 digs, 15-16 serving, two aces; Kaitlyn Hamman three kills

In the Junior Varsity game, the Lady Archers were not quite up to par with their varsity counter parts and lost to Holgate. The score by set goes as follows: Holgate over Antwerp 23-25, 25-19, 25-12

WAYNE TRACE FALLS TO GOLDEN BEARS AND COU-

On Saturday, September 24, VanWert and Bryan both came to the Palace for a trimatch against the Raiders. In the first match Bryan defeated Wayne Trace 25-22, 15-25,

The legislation would relate to regulations with over one billion dollars of annual costs. Over the last 15 years, federal agencies have finalized and proposed more than 30 rules that fit that definition.

"Too often the executive branch is proposing and implementing regulations they know are on shaky legal ground," said Latta. "By the time a court overturns an expensive new rule, it's often too late to recover the cost imposed on our economy including the loss of jobs. The REVIEW Act makes sure that states and businesses won't be forced to implement a new major regulation until after the matter has been settled by

the courts." Recently, the Environmental Protection Agency implemented the Mercury Air Toxics Standards (MATS) rule which costs close to \$10 billion annually. When MATS went into effect in 2012, it required compliance within three years. During that time, 70% of regulated entities came into compliance

despite court challenges. A number of businesses closed facilities in order to comply with the new regulation. This year, the Supreme Court found the rule invalid and sent it back to a lower court. However, the majority of the economic costs had already been incurred despite the potential that MATS could still be ruled null and void.

LT. GOVERNOR TAYLOR **URGES OHIOANS TO** "THINK AGAIN" ABOUT **MEDICARE OPTIONS** AND ATTEND CHECK-**UP DAY EVENTS NEARBY**

"Our aggressive statewide efforts have begun and we are excited to help Ohioans as they make decisions about Medicare coverage," said Taylor, also director of the Ohio Department of Insurance. 'We are holding Medicare Check-Up Day events in every county to make it easier for Ohioans to access the information they need to understand their best insurance coverage options for 2017."

During Medicare's annual open enrollment, Ohioans

- · Stay on or return to Original Medicare and shop for a stand-alone Part D prescription drug plan.
- · Select a Medicare Advantage Plan, which provides comprehensive health benefits, typically including drug coverage.
- Determine if their existing coverage will continue to meet their health insurance

Attendees can also learn more about recent Medicare plan changes and financial assistance programs, which help pay prescription drug costs and Part B premiums.

Protecting Against Fraud and Identity Theft

Taylor warns Ohioans to be aware of predatory sales practices during open enrollment. The Ohio Senior Medicare Patrol (SMP) will be present at Check-Up Day events to encourage Medicare recipients to protect their

Medicare card, and explain how to detect fraudulent behavior and how to report issues. If a consumer suspects wrongdoing, they should call the department's Fraud and Enforcement hotline at 1-800-686-1527 or the SMP at 1-800-488-6070. The Paulding County

SECRETARY HUSTED ANNOUNCES ADDITIONAL ONLINE SERVICES FOR BUSINESS BASED IN AND OUT OF OHIO

Ohio Secretary of State Jon Husted announced the expansion of online services offered through Ohio Business Central, a program he launched in October of 2013. The announcement is part of the Secretary's ongoing goal to make it easier and more cost effective to start and maintain a business in Ohio.

Since becoming Secretary of State, it has been my ongoing goal to offer better services at a lower cost and this is part of that goal," Secretary Husted

When Secretary Husted took office in 2011, the agency accepted only hard copies of business filings. As part of Secretary Husted's goal of providing better services at lower cost, Ohio Business Central was launched to offer an online filing option. Even before the program was publicly announced, businesses were already taking advantage of this new resource. The process which once took days or weeks to finish, now only takes hours.

Last month, six new forms were added to the online system; meaning 90 percent of business filings received by the Secretary of State's office can now be completed on the Secretary of State's website.

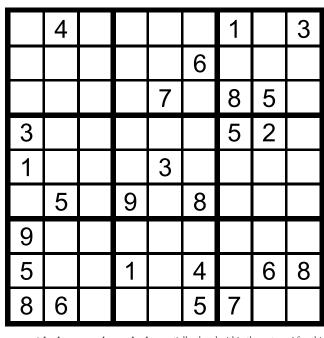

The new forms include:

- Foreign For Profit Corporation Application for License (530A)
- Foreign Nonprofit Corporation Application for License
- Registration of Foreign Corporate Name (530C) • Certificate of Foreign
- Limited Partnership (513B) • Registration of Foreign Limited Liability Company
- (533B)• Statement of Qualification-Foreign Limited Liability Partnership (537)

With these forms, not only is it easy for businesses to start in Ohio, but it also makes it easier for businesses that do not have a headquarters in Ohio to expand in our state. Previously, companies from all over the world would have to communiTHE WEST BEND NEWS

cate with the state through the mail or even hire a local entity in order to complete a simple process. Now corporations can easily go to their computer and complete this process online. Due to the simplicity and convenience, there have already been over 217 businesses file these forms online since becoming available.

In addition to the new business forms, the Secretary of State's office now accepts credit cards with every filing both online and through the Client Service Center in downtown Columbus. This includes business filings, minsters licenses, notary commissions and apos-

The new forms are available at OhioBusinessCentral.com or through the Business Portal on the Secretary of State's website.

MEETING MINUTES FOR WOODBURN CITY COUNCIL MEETING ON 9/6/16

Meeting began at 7:00 p.m. with the Pledge of Allegiance. Mayor Kelsey, Clerk-Treasurer Cummins, Chief Duhamell, Superintendent Walls, as well as Councilman Watts, Gerig, Renner, Voi-rol, and Martin were in attendance.

Chief's Report: The Woodburn Police Department worked 111 incidents during the month of August. The reserves have worked 163 patrol hours in August as well as hosting the Front Street Drags. There was a recent incident in the midnight hours where a Woodburn Reserve Officer pulled over a drunk driver that had apparently crashed a box truck in Ohio and had continued driving into In-

Strategic Investment Plan: Kristi Sturtz on behalf of Sturtz Public Management Group, LLC and Kent Castlemen on behalf of the New Allen Alliance presented information regarding Woodburn and strategy involved in retaining and attracting high quality jobs within East Allen County. After discussion occurred from Council, Resolution 16-212 was presented for the City to confirm services rendered and that general expectations were satisfied throughout this process. Councilman Watts moved to read Resolution 16-212 in its entirety, second by Councilman Voi-rol, all in favor. Councilman Watts moved to accept the first reading of Resolution 16-212, second by Councilman Voirol, all in favor. Councilman Watts moved to suspend the rules and waive the second reading of Resolution 16-212, second by Councilman Gerig, all in favor. Resolu-tion 16-212 is ratified as presented.

Mayor's Report: Old Business: There was a meeting with Commonwealth in which discussion occurred about financing and possible options to include within the final design of the mechanical plant. The Mayor sign of the mechanical plant. The Mayor discussed with a representative from IN-DOT about implementing another traffic study in order to place a stop light in the area near Love's Travel Stop. Woodlan Jr./Sr. High School would like to have their Sr. right school would like to have their first annual homecoming parade down Mainstreet on Friday, September 16th. The Mayor received a quote from Malott for extending the sidewalk to cover the area in front of the plaza. There is still another section that the Mayor would like to have quoted first before contacting. like to have quoted first before contacting the property owner about possibly cost sharing. Pat and Larry's is sponsoring a concert with a group called the Red Neck Soldiers at the Community Center on Friday, September 9th.

New Business: The Clerk-Treasur-

er had presented a proposal of itemized expenditures for the 2017 calendar year for the Council to consider prior to the meeting. In this itemization, all requests that were submitted from departments were implemented into this proposal. After discussion from the Council, changes were recommended and the Clerk-Trea-surer will implement these changes for consideration at the next Council meeting on September 19th. It was discovered that a local business had been entered into the utility program incorrectly when ini-

tially placed within the system. After this error was discovered, the Clerk-Treasurer wanted clarification through Council regarding future action. This error initially occurred under the previous administration and with that in mind three figures were proposed to Council, Information regarding the monthly usage and current amount owed were presented to Council. After discussion, the Council recom-mended that the amended bill for the last year be submitted along with an explana-tion as to how this figure was derived as well as why this situation occurred. Clerk-Treasurer's Report: Meeting

minutes were presented from the meet-ing on August 15th. Councilman Gerig moved to accept the minutes as correct-ed, second by Councilman Voirol, all in favor. Warrants were presented. Councilman Watts moved to pay the warrants as presented, second by Councilman Voirol, all in favor. The Clerk-Treasurer brought information to the Council regarding a request from a citizen for a discount on their utility bill. The citizen's neighbor had left the water running overnight in their yard while they were away. Councilman Renner moved to grant the discount, but that going forward, requests for util-ity discounts need to be made in person, second by Councilman Gerig, all in favor Another resident had asked to have their trash fee waived while they were trying to sell their home. The trash rates were determined in the past based on the number of residents that use that service within the City. While there was not an actual motion to deny this request, the Council unilaterally agreed that the request would be denied. The Woodlan Band Boosters submitted a donation request for uniforms as they are going to perform in Washington D.C. in 2017. No decisions

were made at this time from the Council. Superintendent's Report: The Su-perintendent fixed a water main break today. The generator did not fire during the last storm and the Superintendent be-lieves that lightning struck the device and

rendered it useless.

Councilmen's Report: Councilman Watts mentioned that he felt the second display that was drafted for a potential website design was what he felt was best and he recommended that the City go forward with this option. Councilman Voiward with this option. Councilman Voirol inquired as to what the situation is for the easements for the plaza. The Mayor informed him that easements were creat-

ed and awaiting signatures.

Audience: Nothing to report. Councilman Renner moved to ad journ the meeting, second by Councilman Watts, all in favor. Meeting was adjourned at 9:42 p.m.

PAULDING DEFEATS BLUFFTON

The Paulding Panthers have had a rough season so far, losing more games than they have won. However, in the Northwest Conference, Paulding has stayed in the positive. Bluffton is another member school of the NWC. The Panthers went into this game strong. The first two sets went to Paulding. The third set showed a sudden deficit in the Panther performance. Never the less, Paulding came back in the fourth set and won the game. Paulding is now 4-6 overall and 3-1 in the Northwest Conference. The score by set goes as follows: Paulding over Bluffton 25-13, 26-24, 9-25, 25-20

A few of the Paulding Stat Leaders include: Audrey Manz – 17 assists, 16-17 serving; Abbie English - 15 assists, 14-15 serving, two aces; Taylor March - 11-11 serving, 13 digs; Macy Iler - 13 digs; Cassidy Posey - 20 kills, 12-14

In the JV action, Paulding won in two sets.

PAGE 14 – WEST BEND NEWS – SEPTEMBER 27, 2016 **BIPARTISAN GROUP OF ELECTED OFFICIALS,** OHIO BUSINESS LEADERS LAUNCH PROGRAM TO RECRUIT POLL WORKERS

STATEWIDE

Ohio Secretary of State Jon Husted announced the official launch of the Day for Democracy program which will involve businesses, nonprofits and other organizations in helping to recruit poll workers ahead of the 2016 Presidential General Election in November. The program specifically asks organizations to become a partner by distributing information to their members and employees on how they can dedicate a "day for democracy" by volunteering to become a poll worker on Election Day. The launch event, which

was held at the national headquarters of Nationwide in downtown Columbus, also featured executives from founding Day for Democracy partners, Nationwide and American Electric Power (AEP).

"Freedom and democracy are rights we enjoy as Americans, but they are not without their responsibilities," Secretary Husted said. "In order to be successful, we need a bipartisan army of over 35,000 dedicated individuals to sign up to make a day for democracy by volunteering to be a poll worker on Election Day and it's time to enlist."

"Poll workers are the gate-

keepers of our democracy, ensuring that every voter has equal access and the opportunity to cast their ballot in confidence. Yet, too often, polling places in Ohio and across the country lack the sufficient personnel," Congresswoman Beatty said. "That is why it is critically important we encourage more Ohioans to help by serving their community and protecting the right to vote." Beatty continued, "I salute all the organizations who have joined in the statewide effort to recruit precinct election officials, and thank the many dedicated, hardworking poll workers—you are true public servants."

Ohio being one of the most important and watched swing states in the nation, it is important to have each polling location appropriately staffed so voters have a quick and smooth experience on Election Day. Organizations that partner with the Ohio Secretary of State's Day for Democracy program will allow their employees or members to get a front row seat to witness democracy in action.

"Nationwide is proud to support the Day for Democracy program led by Ohio Secretary of State Jon Husted," said Nationwide's Executive Vice President and Chief Legal Officer, Mark Howard. "Nationwide has a heritage of civic involvement and a long history of creating opportunities for our associates to serve as poll workers on Election Day. We recog-

nize that filling the 35,000 poll worker roles needed on November 8 will be no small feat. Nationwide and our Civic Action Program (CAP) reach out to associates by hosting recruiting events at our work sites across the state, and we support our associates who choose to participate."

Many businesses and organizations have already joined the cause and are beginning to work with their employees to raise awareness for the need that exists in 2016 and every election season. Though not required for joining the program, businesses are also being encouraged to offer paid time off so their workers can serve their community on Election Day.

'We're proud that AEP employees have stepped up to serve as poll workers in every election since 2004, thanks to our partnership with the Franklin County Board of Elections and other counties throughout Ohio," said AEP Vice President for Corporate Communications Dale Heydlauff. "Our employees have found working the polls to be an educational and rewarding experience, and our company benefits from having employees engaged in the political process and providing an essential service to the community. We're excited to participate in Day for Democracy to encourage more citizens to support the democratic process by becoming poll work-

The Franklin County Board of Elections was onhand after the event to get Nationwide employees signed up to be poll workers this November.

'Poll workers serve as ambassadors of our democratic process. It is essential we employ capable, energized and qualified candidates to work the polls. Having served as a poll worker on numerous elections, I applaud the Secretary's recruitment efforts. This is a great opportunity for businesses and non-profits to engage in an important public service opportunity and experience," said Columbus City Councilman Michael

Stinziano. The media event also featured Lind Pratt, a longtime poll worker in Franklin County, Ohio.

In addition to serving their community, those who sign up to serve as a poll worker will also receive proper training and be compensated for their time.

PPEC MEMBERS APPROVE ELIMINATING TERM LIMITS AND OTHER CODE OF REGULATION CHANGES

The Paulding Putnam Electric Co-op (PPEC) Board of Trustees recommended several changes to the Code of Regulations (By-Laws) and the members voted to approve all the proposed changes. Just over 1200 members participated in the election, with the majority voting in favor of all the recommendations.

The Code has been revised and updated many times since 1936, but this was the most substantial update in recent history with eighteen proposed changes and one stand-alone vote all recommended by PPEC's Board of Trustees. The focus of the changes were to look to the future of the Cooperative, so the board felt it was important for members to vote on whether or not to eliminate term limits for trustees. The term limit issue passed 696 to 385.

The other changes that passed overwhelmingly were to change masculine references to be more gender neutral, change the code to reflect the electronic age, and require the CEO/General Manager to be a member of the Cooperative.

"One distinction of the cooperative difference is that PPEC is democratically controlled by its members. We embrace democracy through our elections and respect their decisions on co-op initiatives like the Code of Regulation revisions just voted on," stated CEO George Carter.

The election ended on September 20th. The certified results are posted on our website at www.PPEC. coop and on our social media pages Twitter and Facebook.
