## ZACHRICH NAMED INTERIM CEO

Community Memorial Hospital in Hicksville just announced the hiring of Jane Zachrich as the Interim CEO for the non-profit medical institution. The board asked Zachrich if she would take the reins of the 260 employee facility.

Jane Zachrich grew up in Defiance and has been married to her husband, Tom, for 49 years, while having 3 children and now 3 grandchildren. Zachrich's story is very interesting, proving that no matter your age, you can fulfill your dreams.

**Chicken:**  
Beginner - Seth Ross-wurm

(Continued on Page 4)

Zachrich graduated from Defiance High School, but never went to college until after their oldest child graduated from high school. She realized then that there would be no better time than the present to take the next step in her career. She decided then to go to Northwest State Community College after they just opened their registered nursing program. There, she earned her Associates Degree in Nursing. She then decided to go to Graceland University in Independence, MO, taking

**SPROLES RECIPIENT OF ANTWERP CHAMBER OF COMMERCE SCHOLARSHIP**

Audrey Feasby, owner of Small Town Bliss, Aubree Sproles, scholarship recipient, Mike Schneider, Antwerp Chamber of Commerce President

The Antwerp Chamber of Commerce is pleased to announce that Aubree Sproles is the recipient of the inaugural Antwerp Chamber of Commerce Scholarship. The recipient of this scholarship must be a graduating senior of Vantage Career Center who is a resident of the Antwerp School district. The intent of this scholarship is

**SCRIPTURE OF THE WEEK**

“But the Lord is faithful, and he will strengthen you and protect you from the evil one.”  
 —2 Thessalonians 3:3

to provide up to \$500 for the student to purchase some of the basic tools of their trade in order to begin activity participating in the business community. The Chamber also pairs the recipient with a local businessperson who is a member of the Antwerp Chamber of Commerce. This mentorship provides access for the student into the local business community, a networking opportunity, and the option to mentor under the businessperson. This monetary portion of the scholarship is supported by the proceeds received in the Cutie Pie Contest at the Antwerp Day in the Park. The Chamber's desire is that this scholarship will not only encourage the student as they step out of school but will also help the student become established in the local business community.

This year's recipient, Aubree Sproles, graduated from Vantage in the Cosmetology program. She will attend Northwest State Community College in the fall pursuing an Associate of Science degree. From there, she intends to continue her education to achieve a doctorate in dermatology. She is currently employed in a nail salon in Defiance and will use the scholarship to purchase needed nail tech equipment and supplies. The Chamber paired Aubree with Audrey Feasby, owner of Small Town Bliss in Antwerp. Audrey has tremendous experience in owning and operating a small business and markets her own line of hair/beauty products.

**GOD GIVEN FLIGHT PLANS**

**By: Doris Applegate**

At this wonderful season of the year when we enjoy all kinds of birds, there is one not so familiar to us here called the Bar-tailed Godwit. God even put His name in this little bird. How great is that? Perhaps that is one reason this little creature has the ability and strength to fly each year 15,000 miles round trip from Alaska to New Zealand!

Yep, quite a feat for one so tiny, except for the instinct given by God to fly so far. We also have an “urge” or “instinct” to fly with our purpose and destiny doing the “good work that God ordained for us to walk in after we become believers in Christ Jesus!” As we allow the Holy Spirit to guide us in these “good works” by hearing and obeying His “still small” voice we please God and become “vessels of honors” (John 12:26) God is no respecter of persons and loves us all BUT he that feareth Him and worketh righteousness is accepted of Him (Acts 10: 34 & 35). Another very interesting example of God-given instincts is that if you put a bird in a cage during its season to “fly” that bird will do all it can to get out by beating against the cage and pacing anxiously back and forth!

If you open the cage AFTER the migration season is over that same bird will “flop” around on the ground since the “urge to fly” has gone! What an example of how the Holy Spirit deals with us, wanting with great desire for us to open our spirits (hearts) and “fly” into the great experience of God's love and purpose for our lives. We can miss our “migration” time and lose great opportunities in life in many ways, some being selfish, stubborn, unwilling and rebellious. This only grieves the Holy Spirit and prolongs and delays our “flight”. Those you could have helped and been a blessing to along your “flight path” may go without and suffer needlessly.

A South Korean Pastor of one of the largest churches there when asked why he was so successful, answered by saying “I listen and I obey!” A good example for all of us don't you think?  
 Amen

# 50<sup>th</sup> ANNIVERSARY

Mr. and Mrs. Lee Zuber are celebrating their 50th wedding anniversary. Lee Zuber and Paige Clinton were married June 28, 1969, in The First Presbyterian Church of Antwerp, by Rev. James Parsons. The couple have been blessed with three children and their spouses: Erika

(Drew) Altimus, Erin (Travis) Lichty, and Ryan (Amber) Zuber.

They have eight grandchildren: Keaton, Mia, and Carson Altimus; Reid and Estee Lichty; and Raelynne, Kora, and Cy Zuber.

Later this year the couple are planning an anniversary trip.

(CMH Continued from Page 1) the next step in her career by getting her Bachelor in Nursing, followed by her dual Masters in Nursing and Masters of Nursing Education.

Jane had a time in her life when she was younger that a person she looked up to told her she was not smart enough to go to college. With her faith in God she was able to overcome the negativity and not only did she start college, but received numerous degrees, then went on to lead numerous appointments.

Zachrich has been in the medical field now for 27 years starting in 1992 at Paulding Hospital as a surgical nurse, and then at Henry County, Ohio as an ICCU nurse. After employment at Henry Coun-

ty Hospital for many years, she felt God was calling her to move to Community Memorial Hospital. In 2007, she became the Chief Nursing Officer and the VP of Patient Services in the Hicksville facility.

In 2018, Jane retired from the hospital. This year she was asked to take the reins of the entire facility after proving years of leadership prowess. As interim CEO, she is intending to be there between 6 months and year while the hospital board works to fill the position permanently.

Community Memorial Hospital is a full service hospital located in Hicksville, Ohio with physician offices located in Harlan, Indiana, Antwerp, Edgerton, Hicksville, Ohio.

## PAULDING COMMUNITY IMPROVEMENT CORPORATION BUYS MASONIC BUILDING

This structure pictured above is known as the Masonic building. It was purchased 2 weeks ago by the board of the Paulding CIC in an effort to boost downtown revitalization.

The building was purchased from Laron Hodgin after he had spent many hours of construction remodeling to save the building. It is surprising how large some of these old buildings are! Even on the third floor, the ceiling is estimated to be 14 feet.

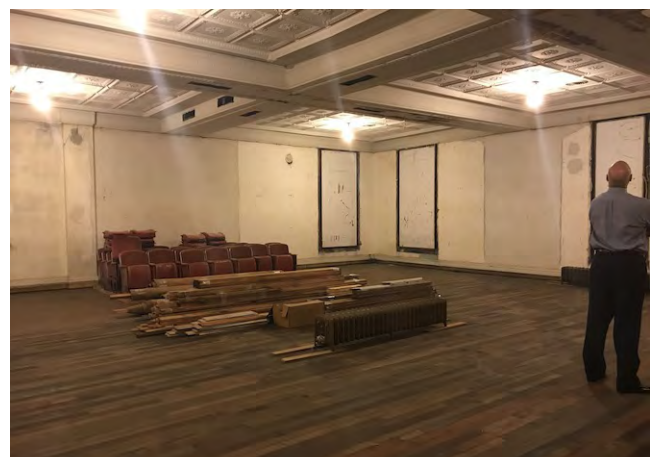

Greg White, president of the CIC, along with George Carter, Dave Burtch, Jerry Zielke, and others visited at least five other communities to see what worked and what didn't to ensure that the purchase of this building would be a success for this community. They have worked in cooperation with the State Bank and Trust to secure the loan of \$96,000 with 20% down on a 15 year loan.

Jerry Zielke said they would be applying for grants up to a 1/2 million dollars to help with the remodeling, but in order to do so Paulding must be declared a special energy district in the Toledo Port District. That means the loans will eventually be paid for through tax dollars of the owner. As the CIC is looking at new and exciting things to do with this building, they are encouraging members of the community to join, and skills are greatly needed to help with this project.

Dave Burtch stated that it was important to recognize this as a community based ef-

Paulding CIC acquired the old Masonic building in downtown Paulding for the town's revitalization project.

Pictured here is one of the 2nd floor rooms. Lots of original craftsmanship and architecture has been preserved.

fort. He also emphasized that the this is not "free" money being used to purchase the buildings, meaning that donations of funds and energy are greatly needed to make this succeed.

One of the first things to happen will be the opening of a "table cloth" restaurant. In this restaurant will also

include upscale downtown apartments which are nearing completion now. Soon will also be the addition of the CIC offices in these buildings.

If you would like more information on how you can help, contact the Paulding CIC or the Paulding County Economic Development at 419-399-8282.

# BRANCH CHRISTIAN FELLOWSHIP'S 2019 BLOCK PARTY

Kim Cramer, left and Emily Taylor, look over some of the basket raffle items that will be part of Branch Christian Fellowship's second annual block party coming up on Saturday, June 29.

If you want to get to know your neighbors, have some fun, and raise some cash to update your 100+ year old "house" - what do you do?

Throw a party, of course! That's what Branch Christian Fellowship is doing again this summer. Their 2nd Annual Block Party is being planned for Saturday, June 29 in front of the church in downtown Paulding. The 5-hour event starts at 11 a.m. and lasts until 4 p.m.

"We love Paulding," said Pastor Greg Cramer. "Every opportunity we get to be a part of something in town, we want to take advantage of it. This is our second annual block party and we hope to make this a tradition everyone looks forward to."

No party would be complete without food. This one is no different. Goodies at a free will offering hog roast will fill hungry tummies. The menu includes pulled pork, hot dogs, baked beans, cole-slaw, potato salad, chips, lemonade and water. Pop will be sold separately.

Additionally, popcorn, cotton candy and slushes will be available. Ice cream doughnuts will be available on a limited basis.

Lots of fun activities are on the day's agenda and should appeal to a wide range of people. Free games will be conducted on the south half of the 100 block of Main Street on the east side of Courthouse Square and nearby areas. Competitions include a watermelon eating contest, tricycle races, limbo, and a hula hoop challenge. Other free activities are drawing with sidewalk chalk, bubble blowing, giant Jenga and cornhole.

Bounce house, dunk tank

and face painting will be available. Face painting will be one ticket, bounce house two tickets and three balls for the dunk tank will be five tickets.

Street vendors will be set up in the north half of the street. Signed up are Toys by Jeremy, Black swamp Knife Works, Crafts by Darlene, Casual Creations by Lori, Jewelry by Cheryl of Retro-dollhouse, Cookies by the Dozen, Origami Owl, Zilis and Strong Tower Fitness, Sensi Pal, Eileen's Natural Soap, Mary Kay, Scentsy, Once I Was, Norwex, Col-orstreet Nails, Snap Jewelry, Prestreet Jewelry, Jebz Coffee Shop, Plunder Jewelry, Children's Lantern, and All Seasons Gatherings Balloons.

There are a few more spots available. Interested parties should contact Olga Kipp at 419-203-1276.

Bucket raffles will be run for over 30 items. Five of them will be valued over \$100 while the remainder will have a value of \$50 or more. Themes of a few of the baskets include Fourth of July, Paulding sports package, sewing supplies, family game night, family movie night, Mary Kay goodies and more. Individual items in the raffle include a Coach purse, a pair of zero-gravity chairs, a boy's bike, a tabletop grill, picnic supplies and more.

Pictures of some of the above selections can be seen on the church's Facebook page: 2nd Annual Block Party.

A silent auction will be conducted throughout the day. Items for this are still being determined.

### BIG RAFFLE PRIZES

Winners of an on-going getaway raffle will be drawn

in the afternoon. Grand prize is a \$3,000 tropical vacation of the winner's choice. Second prize is a 5-night Smoky Mountain getaway. Third prize is an overnight stay at Kalahari Water Park with a suite for 8. Fourth prize is an overnight trip to Shipshewana for dinner, theater and lodging for two. Fifth prize is lodging and fine dining in Columbus for a night. Sixth prize is a day trip to Cedar Point for four and includes a drink package.

Tickets are currently available at Paulding Ace Hardware and Stahl-Stoller-Meyer Insurance, both in Paulding; or from church members. Tickets will be available until drawing time. Winners need not be present to win.

### LIVE MUSIC

During the course of the day, live music will be featured from the church's new front porch - which was updated with proceeds from last year's block party. Four singers will each do a 20-minute set then Branch Christian Fellowship's worship band will close the day. The band's one mission is to worship God and leave the door open for everyone to join in worship.

The other performers will be:

David Wright, a musician from Wilmington who has been writing and performing music since he was very young. He is a part-time musician and full-time journalist for his local newspaper.

Bobby Taylor, from Springfield, is a music pastor at Heritage Fellowship Church. He has been writing his own music and performing for five years.

Justin Tackett from Defiance has been involved in bands and music most of his life. He is the worship director at Branch.

Olga Kipp is a gospel singer from Defiance with decades of performance experience. She has recorded several albums.

Proceeds from this year's block party will be used to update and expand the building's nonfunctional kitchen. The 17'x13' room, last remodeled in the 1970s, will be expanded by ten feet, making room for a working stove/oven, more work and storage space and better sinks. Floor plans and details of the project are still being formed.

"You will not want to miss it," say event organizers. "Please come out and enjoy some summer fun and help Branch raise money for the kitchen project."

### GETTING TO KNOW JESUS

By: Oakwood Church of Christ

In the Shadow of the Cross In delivering the Israelites from Egypt, the Lord had killed the firstborn of the Egyptians, but had "passed over" the houses of Israel, where lamb's blood had been placed on the doorpost. From that time the people had celebrated that deliverance each year in the feast of the Passover. On the evening before he was crucified, Jesus and his disciples gathered in an upper room to eat the Passover meal.

This was on the day of the week we call Thursday. The Jews, however, reckoned days from 6:00 P.M. to 6:00 P.M. instead of from midnight. What to us would be

# BOARD OF SCHOOL TRUSTEES RECOGNIZE EACS SPECIAL OLYMPIANS

The East Allen County Schools Board of School Trustees recognized the EACS Special Olympians for The Indiana Summer Games are held each June on the campuses of Indiana State University and Rose-Hulman Institute of Technology. Nearly 3,000 athletes and unified partners from across the state compete in a variety of Olympic-type sports, including Bowling, Cycling, Horseshoes, Powerlifting, Swimming, Volleyball and Track & Field!

A few weeks ago, the EACS Special Olympic athletes competed in Track and Field and did an amazing job in their events. They represented EACS well and absolutely enjoyed their experience!

Our winners include: Robert Anderson, 2 Gold Medals - Running Long Jump and Javelin; 4th place - 1500 Meter Run Clifton Martin, Gold Medal - 100 Meter Dash; 4th place - Shot Put; 5th place - Running Long Jump

Seana Law, Gold Medal - 50 Meter Dash; Bronze Medal - Soft Ball Throw; 5th Place - Standing Long Jump

Megan Miller, 2 Silver Medals - shot put and 50 Meter Dash; Bronze Medal - Standing Long Jump Abby Hamlin, Silver Medal - 50 Meter Dash; 5th place - Standing Long Jump; 6th place - Soft Ball Throw Olivia Kindler, Gold Medal - 50 Meter Dash; Bronze Medal - Standing Long Jump; 7th place - Soft Ball Throw

Thursday evening was what they considered the beginning of the sixth day of their week. This meal was eaten, therefore, in the early part of the sixth day of their week, the day before the Sabbath. It would be hours later, after daylight on that same day, that Jesus would die as the sacrifice for our sins. The sacrifice of the Old Testament Passover lamb typified Christ dying for us. Christ fulfilled the type in every way. As Paul wrote, "Christ our Passover is sacrificed for us" (I Corinthians 5:7).

The gospel writers devote several chapters to these events, especially the things Jesus said to the apostles. All of this is important and it is profitable to read all four accounts in Matthew, Mark, Luke and John. Two very significant events during this period have been covered in previous lessons. One was the Lord's comforting promise of heaven found in John 14: 1-6 (Lesson 14). The other was his prayer in John 17, which we studied in the lesson on "The Praying Christ" (Lesson 10). In this lesson we will consider some of the other highlights of that fateful night.

Jesus Washed the Disciples' Feet Read John 13:1-17. What Jesus did was because: a) the disciples requested it; b) he loved them; c) the floor was dirty.

Why was it significant that Judas was included? a) because he had once washed Jesus' feet; b) because he was the betrayer, yet Jesus loved him; c) because he was most grateful.

Which of the apostles at first objected to Jesus washing his feet? a) Peter; b) John; c) Judas.

Then he asked Jesus to also wash: a) the other disciples; b) his hands and head; c) their clothes.

When Jesus told him that he did not need to be washed all over, it was because: a) spiritually they were already "clean"(except the one who betrayed Him; b) there were not enough towels; c) no one else made this request.

ANSWERS: 1. B; 2. B; 3. A; 4. B; 5. A. (continued next week)

### PARSON TO PERSON

By: Dr. James Bachman

Dear Parson,  
We are Christians and have recently moved into an older home. We hear sounds like people walking, and find things moved when no one is around. The kids are scared to death, saying they have seen monsters upstairs. Could those be demons, and if so, what should I do?

Demons do exist and delight in trying to scare Christians. II Timothy 1:7 - "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind." I have run into this on many occasions.

There was likely some demonic activity in your home through previous occupants. The first thing I would recommend, if you don't want to do it yourself, is to get a man of God to come and cleanse your house.

This is a form of resisting the devil verbally, using Scripture. Note Christ's example in Matthew 4:1-11. It might go

something like this: "I am a blood-bought child of God. You have neither right nor rule in this house. I command you to vacate in the name and blood of Jesus Christ, and go where He sends you, for it is written, 'Resist the devil, and he will flee from you.'" (James 4:7)

You also may try playing God-honoring Christian music presented in a godly manner by godly musicians. I Samuel 16:23b - "...David took an harp, and played with his hand: so Saul was refreshed, and was well, and the evil spirit departed from him."

If that does not bring peace in place of fear, contact me. I have many additional Scriptural helps to share.

# McCOLLEY RECEIVES TAXPAYERS' TORCH AWARD FROM AMERICANS FOR PROSPERITY

Senator Rob McColley (R-Napoleon) receiving the 2019 Torch Award from Americans for Prosperity Ohio Director, Micah Derry (left) and Lieutenant Governor Jon Husted (right).

COLUMBUS—State Senator Rob McColley (R-Napoleon) yesterday received the 2019 Taxpayers' Torch Award from Americans for Prosperity Ohio (AFP Ohio) at their third annual awards ceremony.

"It was an honor to be presented this award and a pleasure to spend the evening with a room full of friends who are principled and passionate about limiting the role government plays in our lives," said Senator McColley. "I look forward to standing beside AFP Ohio to continue cutting burdensome regulations and make Ohio as free as possible to grow our businesses and take care of our families."

Since McColley joined the legislature, he has been a strong conservative presence and worked diligently on occupational licensing reform and other areas where government has demonstrated over-regulation or involvement.

"I was proud to be the first AFP Ohio torchbearer back in 2017, and I am honored to 'pass the torch' to Senator McColley," said Lt. Governor John Husted. "We have a responsibility to guard the public's tax dollars, and I am glad to have Senator McColley as a partner in finding ways to use technology to provide better services to Ohioans."

Recently, McColley and Husted announced a new initiative to eliminate regulations that prevent Ohioans from fostering stronger innovation and development in prosthetics.

"Ohioans deserve champions who are innovative, bold, and willing to take on issues that challenge entrenched interests," said AFP Ohio Director, Micah Derry. "Senator McColley has been doing just that his entire legislative ca-

reer, and I couldn't be more proud to present him the 2019 AFP Ohio Taxpayers' Torch Award."

## INVESTMENT STRATEGY CAN BE YOUR 'GPS' AS YOU TRAVEL TOWARD GOALS

Summer is here at last. For many people, it's time to get the car ready for a long road trip. And with GPS-enabled smartphones, it's now a lot easier to navigate these drives without getting lost. During your life, you may take many journeys - one of which is the long road you'll travel toward

your financial goals. But even on this path you can benefit from a "GPS" in the form of your goal-oriented, personalized strategy.

Your investment strategy can function this way by helping answer these questions:

How far do I have to go? Your smartphone's GPS can quickly tell you how many miles you need to travel to arrive at your destination. And a well-constructed investment strategy can inform you of when you might reach a goal, such as having a desired amount of money when you retire, given your current age, earnings, sources of retirement income, and so on.

What route should I follow? Your GPS will plot out your route, showing what turns you should take along the way. Similarly, to reach your desired financial outcome, your investment strategy helps guide the investment decisions you make, such as investing adequate amounts in the appropriate vehicles, including your 401(k) and IRA.

What problems await me? When your smartphone's GPS shows red on the route you're following, you know that heavy traffic lies ahead. And your investment strategy can also help you manage bumps in the road, particularly if it's a strategy you've designed with a financial professional, who has the knowledge and technology to create various scenarios and hypothetical illustrations to account for potential difficulties - i.e., a rate of return that's less than expected, a lower income base than you had anticipated, greater college costs than you bargained for, and so on.

When should I take an alternate route? For whatever reason, you may deviate from the course plotted by your GPS - which will then helpfully re-route you. While following your investment strategy, if you make a wrong turn, so to speak - perhaps by putting insufficient funds in a retirement account or by assembling an investment mix that has become unsuitable for your risk tolerance - you may need to get back on track.

As we've seen, some analogies exist between your smartphone's GPS and your investment strategy. And yet, there's also a big difference in terms of complexity. It's simple to program your smartphone to give you the directions you need. But crafting a personalized investment strategy takes time and effort. You need to consider all your goals - college for your children, a comfortable retirement, the ability to leave the legacy you want - along with your time horizon, risk tolerance and other factors. And your investment strategy may well need to change over the years, in response to changes in your family situation, employment and even your objectives - for example, you may decide you want to retire earlier (or later) than you had originally planned.

In any case, like your GPS, your investment strategy can help guide you - so make good use of it.

Registration? Call 419-506-2333. Information about the flea market, call Norma at 574 298-6199

# EDNA'S COVE PRESERVES MEMORY

Photo provided by Terry Theis

Terry Theis from Columbus, Ohio has found a way to remember his grandmother from a long time ago who was from Junction in Paulding County. Edna Dodson was born on April 14, 1926. She and her husband, Don Dodson, built the Five Span Inn before any of the grandkids were born. Edna came down with MS and it proved fatal for her as she died at the young age of 36.

Years have gone by now and Don passed away in the early part of this century. The grandkids still want to hold their memory. Don is remembered for running the Five Span Inn for many years, but Terry said Edna's memory was fading fast and he wanted to make sure that did not happen.

In older houses it still can be seen going from one room to another, there may be a step or two to get in the next room. Their house along the Auglaize River was no different. Edna's increasingly pronounced symptoms of her disease was causing

problems with mobility and so her husband had an iron rail put in that led to the kitchen so she could still move about the house.

Though the house does not exist anymore, the rail that was put in still does, and so Terry used that exact rail in the sign that is now standing where the house once stood. The sign and the bench is part of what is called Edna's Cove as a memorial to Terry's grandmother.

JD Construction helped install the sign and the bench while Terry's brother-in-law, working at Forton Ironworks manufactured the bench that engraved her name, birth and death dates.

Stop by over in Junction to visit Edna's Cove and the memories instilled to her grandkids!

## 2019 Day in the Park Crafter Registration Form

Dear Crafters and Direct Sales Representatives, The Antwerp Chamber of Commerce is making plans for their annual Day in the Park to be held on August 3, 2019. The location is again in the Riverside Memorial Park and activities will begin with a parade at 10 am and conclude at 4:00 pm. One of the large attractions for the day is the Crafts/Direct Sales Vendors. We invite you to come, display and sell your handmade crafts, creations, and merchandise.

Our set up fee for this year will be \$20.00 for each 10 x 10 space. There is extremely limited electric access. We will try to accommodate that need on a first come, first served basis for those that may need it. Payment is due and payable when you return the form below reserving your space. Checks should be made payable to the Antwerp Chamber of Commerce. You will be notified before the event of receipt of your payment and your space number assigned.

Chamber members will be at the park at 7 am to assist you in finding your space. We are asking our vendors to relocate their vehicles after unloading and/or setting up to an area that will be designated for your convenience. It is important that those coming out to enjoy the day have the prime parking areas near the activities and vendors. **Vehicles need to be out of the park by 9:45 and will not be allowed back in until after 4:00. If you need to close your concession before that time we will have a gator/golf cart available to help you carry your equipment out of the park area.**

We trust that each vendor will take the responsibility to have a vendor's license and properly report to the state all sales taxes if applicable.

We look forward to hearing from you concerning your participation. We have had several direct sales representatives participate in the past. Our policy is that we have only one per company so that the first to respond will be accepted. Feel free to share a copy of this invitation with your vendor friends. Our only restriction is that no food or beverages of any kind be sold in the Craft/Direct Sale Vendor area. Also, this is an alcohol free event. If you have any questions please feel free to contact the Chamber at antwerpchamber@gmail.com. Forms are also available on Facebook at antwerp Chamber of Commerce.

Please mail your reservation form and payment to the Antwerp Chamber of Commerce at the above address by 7/12/2019.

Thank You, Mike Schneider, Chairperson 419-506-1035

# ANTWERP HIGH SCHOOL GIRLS SOFTBALL TEAM STATE CHAMPIONSHIP PRESENTATION AT THE STATEHOUSE

CRANE OR HERON

By: Stan Jordan

I know that we see a big water bird here in our area people call a crane, but according to my books, that big water bird we have here is a blue heron. I have a number of books and they list about six species of cranes and none of them are around here.

Now, in migrating times, we have sandhill cranes going by over head, because you can hear them for quite a distance, but, as a rule, they don't stop here.

In my life I have spent a lot of time on the Maumee River and I also called that big, long legged water bird a crane, but it isn't. But I'm glad we have a blue heron in our wild life.

See ya!  
XCOLUMNIST X3.75

State Representative of Ohio, Craig Riedel, recently recognized the Antwerp High School softball team for their accomplishment of earning the Div. IV state championship. Pictured here are the following: Head Coach: Krista Ordway; JV Coach: Zach Lee; Players: Lauren Schuller (FR); Emerson Litzenberg (FR); Alyssa Fuller (JR); Ali Reinhart (FR); Karsyn Brummett (JR); Shaelin McCrea (FR); Madison Ruen (SO); Asti Coppes (FR); Iris Sorrell (SR); Laura Miller (SO); Kennedy Trabel (FR); Carlie Hanes (JR); Tiera Gomez (JR); Heaven Bruce (SO); Jahnessa LaFountain (FR); Alyvia Devore (JR); Molly Jo Reinhart (SO); Samantha Rigsby (FR); Kendyl Miller (FR); Maddie Smith (FR); Mallory Mansfield (JR).

## AUGUST 3rd PARADE

By: Stan Jordan

A Day in the Park is early this year, it is Saturday, August 3rd. The big parade will start at 10:00 a.m. and festivities at the park will start around 11:00 a.m.

I assume the EMS Squad will have their early morning breakfast at the EMS building, as usual. All kinds of food at a free will offering.

I understand they would like you to have a float in the parade. Prizes will be given on the best floats. All the usual festivities and some new ones at the park. As usual, the big Day in the Park is spon-

sored by the Antwerp Chamber of Commerce. Start planning your float now.

See ya!

## WHAT A SPRING!?

By: Stan Jordan

This is June 17th and nearly two months of spring planting time has come and gone and not many of the crops are planted. Some fellows tried to plant a little corn, but not many.

The farmers had a four day window, June 6, 7, 8, 9, and most put in soy beans, as they figured it was too late for corn. Then it rained for a few days and nothing was done for 10 days up to now and it is

still wet and more rain coming.

I don't think farmers will be able to plant anything this week of the 17th.

As a rule, as of this date, the crops would be in and corn up to hip high and the beans 8 - 10 inches tall, but in this area, it is almost too late even for beans.

I have seen a lot of springs, but this one is the oddest and the wettest and no good end in sight.

See ya!

## THE CURTAIN COMES DOWN

By: Stan Jordan

Yes sir fellows, the season is over, you didn't win it all, but you done fine. You don't need to look down, you can hold your heads up high. You went further than any other Antwerp High School boys baseball team has gone.

There has to be a winner and a loser in every competition. Woody Hayes wrote a book and he said, "It's not so much who wins if you played your best." The other school had a better team that day. There was sixteen times that you had the better team on the field.

You done well in the GMC. You won the district and then the sectionals and ended up in the final four. Yes sir, you boys can hold your heads up high. We are all very proud of you! Yes sir, you made history and laid many memories that you can cherish forever.

See ya!

\*\*What is a New York Minute?

It's when you are in New York City at a red light and are the first car, the time it takes from when the light turns green and the guy behind you blows his horn.

\*\* I went to the post office and I saw a blonde woman shouting into an envelope. I asked, "What are you doing?" and she said, "I'm sending a voice mail."

\*\* A woman walked into the kitchen to find her husband swatting flies.

Woman: "Have you killed any?"

Husband: "Yes, 3 males and two females."

Intrigued, the wife asked, "How can you tell them apart?"

The husband responded, "Three were on a beer can and two were on the phone."

\*\* One lady said to the other lady, "I don't like your alligator shoes."

"Well", said the other lady, "I'm barefooted!"

And the fight was on.

\*\* A blonde goes into a coffee shop and notices there's a "peel and win" sticker on her coffee cup.

So she peels it off and starts screaming, "I've won a motorhome! I've won a motorhome!"

The waitress says, "That's impossible. The biggest prize is a free lunch."

But the blonde keeps screaming, "I've won a motorhome! I've won a motorhome!"

Finally the manager comes over and says, "Ma'am, I'm sorry, but you're mistaken. You couldn't have possibly won a motorhome because we didn't have that prize."

The blonde says, "No, it's not a mistake. I've won a motorhome!"

And she hand the ticket to the manager and he reads... "WINABAGEL"

## STUDY BEING DONE ON US VETERANS

**WHAT'S YOUR STORY?**  
Are you a Veteran who served during the Gulf War Era? Were you sick during or immediately following your military service? Do you want your story to be heard?

Researchers at the VA Portland Health Care System are traveling to your area to meet with Veterans who served during the Gulf War Era and are willing to share their experiences with

## DOERING & LONG

By: Stan Jordan

This place was called Vidco Junction here on the corner of Main and West River Street, but I could talk for a long time on this corner, history and me.

It is the only three story building in town. It was built about 1880 and the first occupants were Harris and Graves. About 1910 Doering bought an interest and the name was changed to Graves and Doering.

In 1928, Sam Graves sold his interest to Joe Doering and Taylor Long and that became the name and that was the only department store in Antwerp.

It was a very successful store and I worked there in 1941 and 42 as I was in high school.

After we came back from WWII it was 1945, there was no house to rent so Taylor Long had apartments made on the second and third floors.

illnesses related to their Gulf War service. Participants will be interviewed once and we will ask you questions about your experiences with illness, treatment, and care. Interviews may be audio and video recorded; however, if you prefer, you can choose to keep your interview private.

You will receive a \$50 check as compensation for your time. Interviews may last between 1-3 hours.

This research study does not involve clinical visits or treatments of any kind.

**Who can take part in this**

We had the first apartment on the third floor, also Dick Schilb, Bob Wyckoff and Woody Friend. Rent was \$30 a month.

That store went as Doering and Long for years and then it was sold to Jim Panico, a son-in-law of Mr. Long. In a few years, he had a new market built over on East River and he moved the business over there.

This corner building has had a lot to do with Antwerp history.

I was very lucky I worked at this store my junior and senior year. Mr. Long was an officer in WWI.

I worked a little before school each day and after school, but Mr. Long allowed me to practice basketball. Then we were open Thursday nights and all day Saturday. I delivered groceries in a 1928 Model A.

You see? All of this is history.

See ya!

**study? Veterans, National Guard, & Reserve Military Service during the Gulf War (1990-1991)**

What is the benefit of participating? The purpose of this study is to learn about the experiences of Gulf War Veterans regarding illness, treatment, and care. By sharing your story, you will help VA researchers, doctors, and nurses learn more about the issues that matter most to patients.

For more information about participation, please call 503-220-8262 ext. 55672.

## The Paulding County Veterans' Service Office

The Paulding County Veteran's Service Office is dedicated to aiding Paulding County veterans and their families in time of need.

**There are two basic services the agency provides:**

- Emergency Financial Assistance - Provide short term financial assistance to eligible veterans and their families who demonstrate a need. This includes, but is not limited to, food, gas, mortgage/rent and assistance with utility payments.
- Claims Assistance - Provide services for veterans and other claimants for help with VA claims for any federal, state, or local benefits.

We also provide reimbursement for the cost of transportation to VA medical facilities in our area, or in the case where the veteran cannot drive himself, we will provide a driver.

**Our office hours are Tuesday thru Friday, 9:30 a.m.-2:00 p.m.**

**Arrangements can be made for after office hours appointments**

## ANTWERP ARCHERS BASEBALL

June 7, 2019 • Canal Park, Akron, Ohio

### ARCHERS MAKE HISTORY!

The Antwerp boys baseball had a tremendous season this year! From Austin Lichty and Luke Krouse getting First Team All-State from PBR and senior Keaton Altimus getting second team All-State, this team came together. Paulding County Player of the Year was Luke Krouse and First team Keaton

Regional Champions - June 1, 2019

change will be making a transition from being the underdog to the team at the top that everyone is trying to replace. Keaton Altimus, Cole Seslar, and Brett Fulck.

The sophomore class will be expected to fill in spots vacated by the graduating seniors. Sophomores Hunter Sproles, Chase Clark, and Mason Steel will be expected to replace Keaton Altimus, Cole Seslar, and Brett Fulck.

Altimus, Austin Lichty, Jacob Savina, Dylan Hines. Honorable Mention was Cole Seslar. There is no doubt that at the beginning of the year the team looked good, but it was the last third of the season where they looked great!

Part of the team's success was due to their coaching staff. Coach Zac Feasby did some rearranging after injuries and the team took on a new flavor that started earning more runs and giving up less!

and the coaching staff. They all led in different ways, but their overall leadership will be something that will need re-

not be any easier as we will likely be the team to beat in conference and in the area. The plan will remain the same as it has been in previous seasons, but the biggest

*"Congratulations on your well deserved success. The beginning of many great things for you all!"*  
 -Jerry and Mary Price

Award winning coach Zac Feasby did some rearranging after injuries and the team took on a new flavor that started earning more runs and giving up less!

The community support during our tournament run is also a great memory, and I cannot leave out mention of the "ranch factor."

Austin was a leader in many defensive categories including most innings pitched, lowest ERA (Earned Run Average) and lowest WHIP (Walks & Hits per Inning Pitched). Austin

also pitched a perfect game against Pettisville and shutouts against Edon and Colonel Crawford during our tournament run.

### Heather Oberlin

State Placement in Shot Put At the Jesse Owens Memorial Stadium

In a year when Antwerp had unprecedented sports achievements in both Softball and Baseball, it's easy to get lost in the mix in Track and Field. Heather Oberlin started early in Shot Put and steadily increased her throwing distance during the regular season. She was placed in State for Regionals as a Wild Card thrower when she threw 37' 3.5", placing fifth.

Going on in State at the Jesse Owens Memorial Stadium on May 31, her first flight throw was set her 5.25" and set her at 13th in D3 Girls Shot Put. Coach Jason Hale and Josh Hoepfner were both there encouraging her efforts. Unfortunately,

Over the course of the season and tournament run the boys picked up 170 runs and only gave up 101 in 25 games.

Anything you would like to add about your seniors?

This senior class has been a huge part of turning the program around at Antwerp. They have played on one of the worst teams in school history and now the best team in school history.

season which allowed players to focus in on their role. All players, 1-9, produced at some point throughout the season in big moments. The lineup was very balanced and was led by Keaton Altimus and Luke Krouse.

Heather had a great year and we look forward to following her in this next year as a senior!

Coach Zac Feasby gave insight into his team with a question and answer session: **What were your thoughts from the first day of practice (when was the first day)?**

Unfortunately, senior Nathan Lee was unable to play much this season due to a knee injury suffered before the season started. His leadership in the dugout will need replaced next season. He was a great example to younger players to stick with it and continue to be a leader even though he did not have the season he had hoped for.

Unfortunately, we did not have any other serious injuries to overcome. What was the team's biggest struggle and greatest assets this year?

The season saw offense and defense by many different players. Luke Krouse, Keaton Altimus, and Austin Lichty. Luke was a leader in many categories on both sides of the ball including most doubles, RBIs (Runs Batted In), and tie for most home runs on offense, and best pitching record and most strike outs on defense. Keaton was a leader in many offensive cate-

Expectation for next season will be higher than ever before after making it to the state semi-finals this season, and considering most of the team will return for next season. A repeat of this season is a strong possibility, but the road will

The coaching staff believed we had a team capable to do some special things this season. We knew we had a couple spots to fill from the previous season, but felt like we would be able to do so with the incoming freshmen class and upperclassmen. The 1st official day of practice was on February 18. As always, the en-

### CHAMPIONS MADE HERE!

The Antwerp Girls softball team has been on the battlefield from first practice on February 19 to the date of the first game in mid-March.

Winter clung tight for a long time this year. The games were very cold even over halfway through the season. Yet the “bats were on fire today. Looking forward to the rest of the season,” said coach Krista Ordway. Even while their hands were frozen and the girls were pounding the ball. “From the

two games Antwerp scored 40 runs to their opponents 1 run. The rest of the season also had large victories but as the temperatures warmed so did the other teams’ abilities on the field. Overall, all the 24 games the girls played 8 runs per

game while their opponents averaged just over a half a run per match.

get going I could see a lot of God talent!” stated Ordway. One thing that really stood out about the eventual state champions was, they were pounding the ball from the beginning when temperatures were 40 degrees and dropping while the other teams could barely move.

The first game against Hones was just that-frozen end, yet Carlie Hanes pitching was second to none even at that point. The first game set the stage for the rest of the season with that 17-1 victory. Between the first

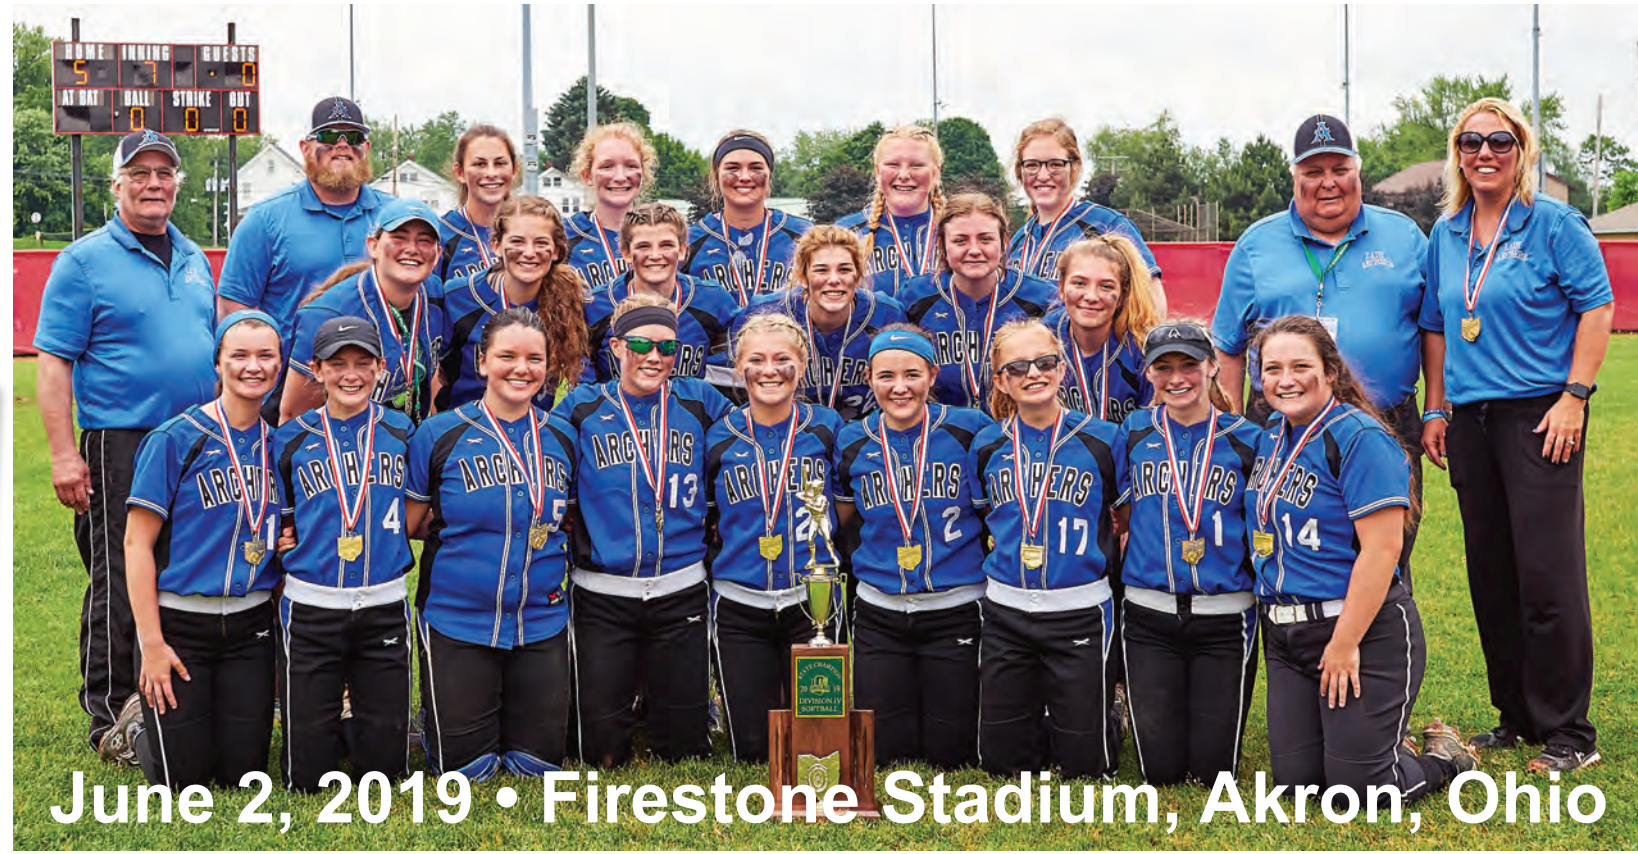

It’s to be noted that the first homerun of the season was caught on camera by the West Bend News. The caption read, “It’s the bottom of the 4th and Antwerp’s Astianna Coppes slams the ball out of the park for a home run!”

Asti had a great year along the path to state in both hitting and fielding as she capped the entire season with catching the last fly ball of the state final against Mechanicsburg.

Antwerp was infallible until they went up against the Wayne Trace Raiders. It was not a good game for the Archers. These girls had never known what loss felt like until it was handed to them on that fateful night, even though it was only by one run. Could it be a one time mishap?

The next game took place on April 25 against the Apaches at Home. The game was rainy and miserable with the boys baseball game going on against the same school on the adjacent field. As the fields became wetter the boys game was

June 2, 2019 • Firestone Stadium, Akron, Ohio

postponed during the first inning, the girls game continued on. The game was called in the sixth inning with a score of 5-8 just when Antwerp was making significant inroads into the Lady Apaches

score. The home plate runner called the game with only 1 out on the board in the bottom of the sixth inning and the Antwerp team was infuriated while the Fairview team was fine with

the outcome. After OHSAA never give up. Play was involved. The girls game smart. And after postponed during the first inning, the girls game continued on. The game was called in the sixth inning with a score of 5-8 just when Antwerp was making significant inroads into the Lady Apaches

score. The home plate runner called the game with only 1 out on the board in the bottom of the sixth inning and the Antwerp team was infuriated while the Fairview team was fine with

score of 0-5 and Antwerp took the loss. Coach Krista said this empowered the girls, realizing the wins were not automatic but had to be earned. “I felt that those losses made us stronger and opened the girls eyes that we have to work hard all seven innings and

The tournaments started similar as the first game Antwerp played was in the sectional final against Holgate. In that match the game finished 10-0. A special mention for the team from the beginning. She was not able to play until this year due to the rules of living out of state. Ordway said, “Iris is a wonderful,

### BASEBALL HISTORY IN ANTWERP

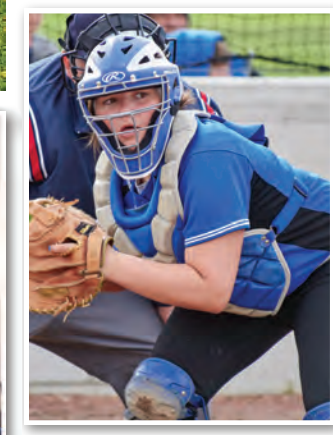

By: Stan Jordan  
Antwerp history is embedded deep in baseball. I have pictures, notes and memories of old times and action here in Antwerp from 1900 till now.  
But my memory only goes back to 1930. At that time they had a diamond with a fine grandstand located on the east end of Stone Street. They played to a large crowd every Sunday. The baseball game was a big affair.  
Then in the mid 1930’s softball took over from baseball. The diamond was moved over to the school lot where the little leagues was now. The Antwerp High School used the same field for years.  
Softball was very big in Antwerp history for years. Then the game of slow-pitch took over for a few years. When it comes to Little League T Ball, ACME American Legion and many other

glad she was a part of our team.” This was a great year for Iris to finish her year on this

team! Hanes earned the title of Player of the Year awarded from the Green Meadows Conference and the Crescent News. Softball Player Of The Year- Carlie Hanes, First Team- Karsyn Brumett, Asti Coppes, Tiera Gomez; Honorable

Ordway Sam Rigsby, Coach of the Year for Softball by the Crescent News.

For the 2020 season Antwerp will have a big target on them as the team to beat. “Every team will be on the hunt for us but I believe in our team and they are

fighters. They will give every game all they have,” stated Ordway.

“I’m just so proud of these girls. They have done a wonderful job this season. Every-

thing we ask them to do or try...they do. Our community has been amazing and so supportive! I am definitely blessed with a wonderful coaching staff and we wouldn’t have won State without everyone stepping up and doing the work!”

**LETTER TO THE EDITOR**

Dear Editor:  
In a communication from Congressman Latta published in last week's paper, he actually stated that there is "little or no serious legislative work being done on the House floor. . ." Perhaps Mr. Latta has been absent a lot? According to congress.gov, in the last six months 49 bills and resolutions have been passed in the House and forwarded on to the Senate. These bills include measures to protect

health care and lower drug prices, veteran care, ending the shutdown, ending the war in Yemen, disaster aid, net neutrality, election security, violence against women, child abuse prevention, equal pay, transgender rights in the military, background checks for gun purchase, climate protection, and flood insurance. Of course, all of this legislation dies in the hands of Mitch McConnell in the Senate, but why should Mr. Latta deny work being done in the House? Making false statements for political gain is not the way to represent constituents.

—Judi Snook

**LETTER TO THE EDITOR**

I am writing to ask if anyone else has noticed there's nothing in this paper from Mis-rep. Bob Latta on the atrocities his party has been causing on our southern border? He's not said one word of the sick children, the lack of showers, clean clothes, food or medical care to those who are incarcerated in the "illegal alien locations", also known as concentration camps. His party has trampled on human rights, and caused the death of 15-20 kids while incarcerated. These concentration camps, while not as evil as the German camps, are becoming a stain on our democracy!

Bob has never put one line in this paper about taking children from their parents, never offered up any funding to help feed and care for those in these camps, but voted

\$millions for a stupid Trump wall! Mis-rep. Bob talks of his Christian faith, but leaves it in the church on Sunday! The rest of the week, he profits from campaign contributors, eats well every day, and has padded his check book since arriving in office, but he says nothing of the horrible conditions on our border concentration camps!

It doesn't matter that those people are here illegal, it matters that they are treated with dignity and respect, and are offered dignity and respect, as Jesus taught us! I want everyone who reads this to realize I don't hate Bob Latta, but I do hate what he stands for in our district! Nothing! He stands for his own bottom line, and doesn't care for anything or anybody other than that. Period! If he was a caring and benevolent Christian as he claims, there would be a bill he co-sponsored or signed onto to stop the mis-treatment of humans down on the border!

Rep. Alexandria Ocasio Cortez was scolded by Mis-rep. Bob's minority leader Kevin McCarthy for calling these concentration camps! A Japanese-American concentration camp survivor from WWII, George Takei said these are concentration camps being operated where the Japanese-Americans were taken, Fort Sill being one of them!

So, Mis-rep. Bob, what are you willing to do to right this horror show? Are you a follower of the constitution, the Bible, or the checkbook? People need to know if we have a true benevolent person in the congress, or a supporter of the monstrosities this administration has begun. Will he say "I can do nothing" or speak out and push the republicans to do the right thing? Inquiring minds want to know! And have the right to know our nation is not going down the path the Nazis went down in the 1940's!

My great uncle helped liberate the concentration camps in Europe, and said these horrors should never happen again! I agree, and Mis-rep Bob should, too! Republicans and democrats are needing to be 100% behind a bill to end this! We are better than this! What say you Bob?  
—Mike Porter

**DESK VIEW**

By: **Katie Oberlin**

Father's Day is a day set aside nationally to show appreciation to dads, grandpas, uncles, brothers, and other fatherly figures in people's lives. Annually, Father's Day celebrates paternal guidance, and, for many in Paulding County, Father's Day also marks the end of another important event, the Jr. Fair. By the end of Father's Day 2019, all animals were moved out of the fairgrounds, every pen had been cleaned and disassembled, the last of the posters were taken down,

all water buckets had been dumped, and the final days of many market animals came to a quick close, all with the help of many fathers. For the youth involved here, this day is often solemn, marking an ending of time well-spent. For others, it is found to be joyful and represents a spark of encouragement or inspiration that will lead to something beyond one fun week.

Being a part of the fair meant hours of invested time, knowledge acquirement, and hands-on learning for the kids involved in the 4-H community. Whether it be through robotics or a feeder calf project, each individual here is able to challenge themselves, discover something new, and share what they learned in a supportive environment. 4-H is often attached to the sayings, "To Make the Best Better," and "Discover Yourself in 4-H," which are both represented well locally. Although the community in this county may not be the largest, it supports 4-H and FFA very loyally. This makes it possible for adolescents to be their best and giving them the opportunities to be involved in programs breeding dedication and growth. 4-H is still going strong in the remainder of the time

before school begins again. The camp counselors in the area have been working hard to prepare for 4-H Camp July 9-13. Students who have just completed third grade all the way up through students who are going to be sophomores are able to attend as campers. Campers do not have to be a part of 4-H or even live in Paulding County to come to Camp. 4-H Camp offers all involved a way to grow, try something new, and create lasting friendships and memories. The Paulding County OSU Extension has more information on 4-H Camp.

The county fair has ended, but there is still a substantial amount of summertime left to be filled with new memories and experiences. Each school's athletic programs are putting in the work for their seasons to come. Students all around are working for their college, for spending money, for the sake of working. Temperatures are rising, days are lengthening, and it is still raining. Presently, summer is a flower, beginning to bloom. Flowers wilt eventually but are quite able to be embraced, to be appreciated, to be enjoyed, much like summer.

**ANNUAL FIELD TO LAKE AGRICULTURE FIELD DAY SET FOR JULY 2019**

The Nature Conservancy and partners are hosting the annual Field-to-Lake Field Day event located at the Kalida Fish and Wildlife Game Club on July 17, 2019. Field-to-Lake events will include more than fifteen industry and farming experts focusing on topics related to water management, soil health, and updates from numerous ag industries.

The day will kick off at 1:00pm and will include a keynote address focused on how conservation practices can help with recent weather

patterns by The Ohio State University Extension Agent Aaron Wilson. Afternoon breakout sessions will run until 4:15pm followed by a local farmer-led panel. Dinner will be provided by Bavarian Catering and will include six industry updates. The evening will conclude with an ice cream social hour giving farmers the opportunity to connect.

The event is free upon registration and open to the public. Farmers, crop advisors, industry professionals, governmental agencies, non-governmental organizations, and legislators will find topics covered at this field day to be timely and relevant.

The Kalida Fish and Game Club is a non-profit organization that was established in 1966. Their goal is to promote the conservation and restoration of natural resources and environment. In June 2019, a wetland will be constructed on 4 acres used for educational purposes. Funding was provided by Kalida Fish and Game Club, Putnam Soil and Water Conservation District, Ohio Department of Natural Resources, Ducks Unlimited, and Pheasants Forever.

Sponsors of the Field-to-Lake Field Day event include: Kalida Fish and Game Club, Deere and Company, Findlay Implement Co., Great Lakes Restoration Initiative, The Nature Conservancy, Ohio Conservation Action Project, Putnam Soil and Water Conservation District (SWCD), Defiance SWCD, Paulding SWCD, Van Wert SWCD, and The Ohio State University Extension.

For more information on the Field Day and to register, visit the Putnam Soil and Water Conservation District website: putnamcountyohio.gov/CountyAgencies/Soil-Water.aspx Phone: (419-523-5159).

PROBATE COURT OF PAULDING COUNTY, OHIO  
ESTATE OF CARROLL EUGENE CONLEY, DECEASED  
Case No. 20191044  
**NOTICE AND HEARING ON APPOINTMENT OF FIDUCIARY**

[R.C. 2113.06 and 2113.07]

To the following persons: Erica Lea Emerick address unknown, Jacqueline S. Hyman has filed an application in the Court, asking to be appointed to administer decedent's estate. The hearing on the application will be held Tuesday, July 2, 2019 at 2:00 o'clock PM in this court. The court is located at Courthouse - Second Floor - Room 202, 115 N. Williams Street, Paulding Ohio 45879.

You are one of the persons entitled to administer decedent's estate, and if you wish to be considered for appointment to do so you must apply to this Court. If you do not apply, it will be considered that you renounce your right to administer the estate. The Court may appoint any suitable and competent person to administer the estate, giving due weight to relative priority of right to do so. Even if you decline to appoint yourself, if you know of any reason why the above applicant is not suitable or competent, you should appear and inform the court.

*Maile A. Wehrkamp*  
Probate Judge/Deputy Clerk

# ANN'S BRIGHT BEGINNINGS VISIT THE COURTHOUSE

Shown here with Judge Wehrkamp are: Isaac Miller, Nolan Doctor, Levi Fisk, Judge Wehrkamp, Balan Miller, Mary Gibson and Adalyn Miller.

The summer kids from Ann's Bright Beginnings got to visit the Paulding County Courthouse recently. They toured many offices and got a special audience with Judge

Wehrkamp! He allowed them to sit at his bench and even use his gavel.

We have openings! Call 419-399-5437 to sign your child up for summer fun!

## ANTWERP VILLAGE 2018 CCR

### Is my water safe?

We are pleased to present this year's Annual Water Quality Report (Consumer Confidence Report) as required by the Safe Drinking Water Act (SDWA). This report is designed to provide details about where your water comes from, what it contains, and how it compares to standards set by regulatory agencies. This report is a snapshot of last year's water quality. We are committed to providing you with information because informed customers are our best allies.

### Do I need to take special precautions?

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Centers for Disease Control (CDC) guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Water Drinking Hotline (800-426-4791).

### Where does my water come from?

The Village of Antwerp receives its drinking water from wells. The Village has three (3) wells in operation. They are located on the southeast side of the village by the water treatment plant. Well water required minimal treatment. In case of a power outage the Village of Antwerp has a generator that can properly supply the village with power to pump and treat water. The Village aquifer (water-rich zone) that supplies water to Antwerp has a low susceptibility to contamination. This determination is based on the following: The presence of a thick protective layer of low permeable material overlying the aquifer, significant depth (34-56 feet below the ground surface) of the aquifer, no evidence to suggest that ground water has been impacted by any significant levels of chemical contaminants from human activities.

### Source water assessment and its availability

The sources of drinking water both tap water and bottled water include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include: (A) Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife; (B) Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban storm water runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming; (C) Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban storm water runoff and residential uses; (D) Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems; (E) Radioactive contaminants, which can be naturally-occurring or be the result of oil and gas production and mining activities. In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water which must provide the same protection for public health. Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline. (1-800-426-4791)

### Why are there contaminants in my drinking water?

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline. (1-800-426-4791)

### Microbial contaminants, such as viruses and bacteria, that may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife; inorganic contaminants, such as salts and metals, which can be naturally occurring or result from urban storm water runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming; pesticides and herbicides, which may come from a variety of sources such as agriculture, urban storm water runoff, and residential uses; organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems; and radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities. In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration (FDA) regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

### How can I get involved?

You can be involved in public participation by attending any monthly Council of Antwerp meetings on the 3rd Monday of each month at 5:30 p.m. at town hall located at 118 N. Main Street, Antwerp, OH 45813 or following the Village's website at: villageofantwerp.com

### Cross Connection Control Survey

The purpose of this survey is to determine whether a cross-connection may exist at your home or business. A cross connection is an unprotected or improper connection to a public water distribution system that may cause contamination or pollution to enter the system. We are responsible for enforcing cross-connection control regulations and insuring that no contaminants can, under any flow conditions, enter the distribution system. If you have any of the devices listed below please contact us so that we can discuss the issue, and if needed, survey your connection and assist you in isolating it if that is necessary. • Boiler/Radiant heater (water heaters not included) • Underground lawn sprinkler system • Pool or hot tub (whirlpool tubs not included) • Additional source(s) of water on the property • Decorative pond • Watering trough

### Other Information

We have a current unconditional license to operate our water system. Public participation and comment is encouraged at regular meetings of the Council of the Village of Antwerp which meets every month on the 3rd Monday at 5:30 p.m. at town hall located at 118 N. Main Street, Antwerp, OH 45813. For more information on your drinking water contact Curtis Nestleroad, Antwerp Water Operator at 419-506-1203 or the Village Administrator at 419-258-2371.

### Important Drinking Water Definitions

Term	Definition
MCLG	MCLG: Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MCL	MCL: Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
TT	TT: Treatment Technique: A required process intended to reduce the level of a contaminant in drinking water.

### Important Drinking Water Definitions

AL	AL: Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
Variances and Exemptions	Variances and Exemptions: State or EPA permission not to meet an MCL or a treatment technique under certain conditions.
MRDLG	MRDLG: Maximum residual disinfection level goal. The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
MRDL	MRDL: Maximum residual disinfectant level. The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
MNR	MNR: Monitored Not Regulated
MPL	MPL: State Assigned Maximum Permissible Level

cerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at http://www.epa.gov/safewater/lead.

### Water Quality Data Table

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of contaminants in water provided by public water systems. The table below lists all of the drinking water contaminants that we detected during the calendar year of this report. Although many more contaminants were tested, only those substances listed below were found in your water. All sources of drinking water contain some naturally occurring contaminants. At low levels, these substances are generally not harmful in our drinking water. Removing all con-

Contaminants	MCLG or MRDL G	MCL, TT, or MRD L	Detect In Your Water	Range		Sample Date	Violation	Typical Source

**2019 ASPHALT PAVING PAULDING COUNTY**

Sealed bids will be received by the Board of County Commissioners of Paulding, Ohio, at its office in the Court House, 115 N. Williams Street, Rm. B-1, Paulding, Ohio, until 10:30 A.M., D.S.T. on July 1, 2019

**PROPOSAL:** Asphalt Paving of various roads in Paulding County, Ohio. The owner intends and requires that the project be completed no later than October 5, 2019.

Engineer's Estimate = \$2,110,894.66

Each bidder is required to furnish with its proposal, a Bid Guaranty and Contract Bond in accordance with Section 153.54 of the Ohio Revised Code. Bid security furnished in Bond form, shall be issued by a Surety Company or Corporation licensed in the State of Ohio to provide said surety.

Each Proposal must contain the full name of the party or parties submitting the proposal and all persons interested therein. The owner intends and requires that this project be completed as listed above.

All contractors and subcontractors involved with the project will, to the extent practicable use Ohio products, materials, services, and labor in the implementation of their project. Additionally, contractor compliance with the equal employment opportunity requirements of Ohio Administrative Code Chapter 123, the Governor's Executive Order of 1972, and Governor's Executive Order 84-9 shall be required.

All contractors shall follow all applicable Federal and State OSHA regulations. The contractor shall also hold the County Engineer harmless for any violations or fines received while engaged in this project.

All contractors must provide current Certificate of Liability Insurance Coverage for \$1,000,000 along with a current Certificate of Worker's Compensation Coverage, before they can be hired to perform any type of work for the Paulding County.

Bidders must comply with the prevailing wage rates on Public Improvements in Paulding County, Ohio as determined by the Ohio Department of Industrial Relations.

**All materials shall conform to the 2016 revision of the State of Ohio Department of Transportation Construction and Material Specifications.**

**"DOMESTIC STEEL USE REQUIREMENTS AS SPECIFIED IN SECTION 153.011 OF THE REVISED CODE APPLY TO THIS PROJECT. COPIES OF SECTION 153.011 OF THE REVISED CODE CAN BE OBTAINED FROM ANY OF THE OFFICES OF THE DEPARTMENT OF ADMINISTRATIVE SERVICES."**

**Prevailing Wage.** Recipient shall comply, and shall require that all Contractors and subcontractors working on the Project comply, with the prevailing wage requirements contained in Sections 4115.03 to 4115.16 of the Revised Code. Sealed bids shall be in writing and in accordance with specifications furnished by Paulding County and on file in the Offices of the Paulding County Engineer and Commissioners.

Bids are to be sealed and addressed to the Clerk of the Board of Commissioners of Paulding County, Ohio, and bids on the above named items to be marked: **PROPOSAL: "2019 ASPHALT PAVING PAULDING COUNTY"** The Board of County Commissioners reserves the right to reject any and/or all bids received.

**BY ORDER OF THE BOARD OF COUNTY COMMISSIONERS PAULDING COUNTY, OHIO**

**Cynthia Peters**  
Clerk, Board of Commissioners

**FUNDING AVAILABLE TO WESTERN LAKE ERIE BASIN FARMERS TO IMPROVE WATER QUALITY**

The Ohio Department of Agriculture, in partnership with Paulding Soil and Water Conservation District continues to provide funding for assistance programs for farmers to help protect water quality in the western basin of Lake Erie. The sign-up period for these programs begins June 17th.

The Ohio Working Lands Hay Buffer Program encourages producers in the WLEB to establish year-round vegetative cover on eligible cropland. The program promotes the conversion, establishment, and maintenance of forage/hay land on certain cropland acres. These buffers act as another line of defense to filter surface water while allowing participants to harvest forage from the established areas.

The Ohio Working Lands Small Grains Program encourages producers in the WLEB to plant small grains such as wheat, barley, oats or cereal rye on eligible cropland. Participants must plant and harvest small grains,

land apply manure, and plant a cover crop to receive a cost-share payment to help offset operating costs. The program supports the planting of small grains and cover crops for the conservation benefits and provides livestock producers with a longer season to land apply manure and nutrients.

The goal of these programs is to reduce nutrients entering Ohio waterways to lessen harmful algal blooms in Lake Erie. Funding is available to farmers installing conservation practices that benefit water quality in the Western Lake Erie Basin.

Farmers will be able to sign up for the program at their local soil and water conservation district. Local soil and water conservation districts (SWCDs) will manage the program sign-up and verification of eligibility and crop establishment.

For more information please contact Paulding Soil and Water Conservation District at 419-399-4771 or by email at paulding@paulding-swcd.org.

**WHAT TO DO IF YOU CAN'T PLANT A CASH CROP?**

Growers who opt not to plant corn or soybeans this year because of consistently wet fields would be best off not leaving those fields bare, according to an expert at The Ohio State University.

A bare field is a vulnerable field, subject to losing its valuable, nutrient-rich layer of topsoil because wind can blow the topsoil away and rain can wash it away, said Sarah Noggle, an educator with Ohio State University Extension, the outreach arm of Ohio State's College of Food, Agricultural, and Environmental Sciences (CFAES).

And a field without a crop is an open invitation for weeds to take over, making it harder to prevent weeds the next time a crop is planted there, Noggle said.

*Answers to "Sudoku puzzle on Page 15"*

as of June 17, according to a U.S. Department of Agriculture report. Typically by now, Ohio's corn acres have been entirely planted and nearly all of the state's soybean acres have been planted.

"We want to plant. That's what we do as farmers," Brown said. "So it's a ridiculously hard decision not to plant."

If a farmer decides not to plant corn or soybeans this season, he or she will be ineligible to receive federal aid through the Market Facilitation Program (MFP). The program is aimed at helping offset farmers' losses as a result of the recent overseas tariffs on U.S. goods, including corn and soybeans.

But farmers who plant a crop such as soybeans as a

cover crop and don't harvest it might still be able to collect a minimal MFP payment, Brown said. However, there's a stipulation: The soybean cover crop has to be grown on land that had been intended to grow corn.

While there's still time in the growing season to plant soybeans, how many acres will be planted in Ohio and across the Midwest is uncertain. Much of that hinges on the weather. Above-average rainfall is predicted for the rest of the month, and national predictions call for July and August to be wetter than normal across much of the country.

To help select a cover crop, visit [go.osu.edu/coverthel-and](http://go.osu.edu/coverthel-and).

**LEGAL NOTICE**

Sealed bids will be received until the 27th day of June, 2019 at 4:00 p.m. at the office of the Paulding County Engineer Operations Facility for the construction work and furnishing of materials for the improvement of the F.B. Goyings Ditch in Paulding Township, in accordance with plans, specifications and a list of estimated quantities of labor and materials for the project available for inspection at the County Engineers operations facility at 801 West Wayne Street during normal business hours.

**Opening of the bids will take place in the office of the Paulding County Commissioner on the 1st day of July, 2019 at 10:00 a.m.** Said bids shall be in writing on a form to be furnished by the County Engineer, and shall be accompanied with either a combined bid-performance bond, a deposit of money, certified or cashiers check or bond bid in an amount equal to ten percent of the bid amount, as a guarantee that, if the bid is accepted, the bidder will sign the contract as may be required by law. **Estimated cost of the construction of the ditch is \$300,000.00.**

The successful bidder or bidders must supply a certificate of liability insurance for \$1,000,000.00 along with a current

Certificate of Worker's Compensation Coverage before entering into a contract with the Board of Commissioners. **All work to be completed by October 15, 2019.**

The Contractor shall indemnify and hold harmless the Owner and the Engineer and their agencies and employees from and against all claims, damages, losses and expenses including attorney's fee arising out of or resulting from the performance of the work, provided that any such claim, damage, loss or expense (a) is attributed to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (including bit not limited to the work) including the loss of use resulting therefrom, and (b) is caused in whole or in part by any negligent act or omission of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them liable, regardless of whether or not it is caused in part by a party indemnified hereunder.

The Board of Commissioners reserves the right to reject any or all bids. By order of the Board of County Commissioners of Paulding County, Ohio,

**NOTICE OF SALE UNDER JUDGMENT OF DISCLOSURE OF LIENS FOR DELINQUENT LAND TAXES**

Revised Code, Section 5721.19.1

**IN THE COURT OF COMMON PLEAS PAULDING COUNTY, OHIO**

In the Matter of Foreclosure of Liens for delinquent land taxes:

**LOU ANN WANNEMACHER, TREASURER PAULDING COUNTY, OHIO, Plaintiff,**

vs.

**DEVIN C. WHITE, ET AL., Defendants.**

Case No. Cl 19 036

Whereas, judgment has been rendered against certain parcels of real property for taxes, assessments, penalties, costs and charges as follows:

**11516 Road 169, Oakwood**  
Parcel Number: **08-09S-005-01**

A full legal description of this property is on record at the Paulding County Engineer's Office located in the basement of the Courthouse.

Total amount of judgment is Six Thousand Eight Hundred Six and 56/100 (\$6,806.56) Dollars, plus interest and costs of this suit.

Whereas, said judgment orders such real property to be sold by the undersigned to satisfy the total amount of said judgment;

Now, therefore, public notice is hereby given that I, Jason K. Landers, Sheriff, Paulding County, Ohio, will sell such real property at public auction for cash to the highest bidder of an amount sufficient to satisfy the judgment against each parcel at 10:00 a.m. at the East door of the Courthouse in Paulding, Ohio, on Thursday, the First day of August, 2019, and continue from day to day thereafter. If any parcel does not receive a sufficient bid, it shall be offered for sale, under the same terms and conditions of the first sale and at the same time of day and at the same place on the 8th day of August, 2019 for an amount sufficient to satisfy the judgment against the parcel.

Payment in full is due at the time of the sale and the purchaser(s) are advised they have no legal right to access this property until the Sheriff's Deed has been filed with the Paulding County Recorder's Office.

**PUBLIC NOTICE IS HEREBY GIVEN THAT ALL SUCH REAL PROPERTY TO BE SOLD AT PUBLIC AUCTION MAY BE SUBJECT TO A FEDERAL TAX LIEN THAT MAY NOT BE EXTINGUISHED BY THE SALE, AND PURCHASERS OF ANY SUCH REAL PROPERTY ARE URGED TO SEARCH THE FEDERAL TAX LIEN INDEX THAT IS KEPT BY THE COUNTY RECORDER TO DETERMINE IF NOTICE OF A FEDERAL TAX LIEN HAS BEEN FILED WITH RESPECT TO ANY SUCH REAL PROPERTY.**

Sheriff Jason K. Landers  
Paulding County, Ohio

Joseph R. Burkard, Prosecuting Attorney

Planting a cover crop such as oats, buckwheat, or cereal rye to have something on the field is a wise choice, she said. In addition to helping slow soil erosion, cover crops can improve soil health.

Nationwide, more farmers are planting cover crops. The national cover crop acreage increased by 50% over the past five years, according to the 2017 Census of Agriculture.

"Cover crops can be a good way to take advantage of an otherwise unfortunate situation," Noggle said.

This spring, many Ohio farmers are having to consider what to do with fields where they normally would have planted corn or soybeans. The wettest yearlong period in Ohio on record has left regions across the state consistently saturated, delaying or preventing growers from being able to plant in them.

Farmers nationwide are facing obstacles to planting because nationwide rainfall totals have also topped records.

Some Ohio farmers who typically plant corn, soybeans, or both could choose not to plant either and instead, file insurance claims so that they can gain some earnings rather than risk planting in mud.

Up to one-third of Ohio's acres that normally have soybeans or corn growing on them could be left unplanted, said Ben Brown, manager of CFAES' Farm Management Program. Much of the unplanted acres will be in north-west Ohio, the region of the state that has been the hardest hit by rain this spring.

Only 68% of Ohio's corn crop and 46% of Ohio's soybean crop had been planted

**SHERIFF'S SALE OF REAL ESTATE**

General Code, Section 11681 Revised Code, Section 2329.26

**THE STATE OF OHIO, PAULDING COUNTY:**

**U.S. BANK, N.A., Plaintiff, Plaintiff,**

vs.

**LESLIE N. TUCKER, ET AL., Defendants,**

Case No. Cl 17 123

Pursuant to an Order of Sale in the above entitled action, I will offer for sale at public auction, at the East door of the Courthouse in the Village of Paulding, in the above named County, on Thursday, the 1st day of August, 2019 at 10:05 a.m., the real estate located at:

**12938 Road 72, Haviland, Ohio 45851**  
Parcel Number: **05-12S-001-00**

A full legal description of this property is on record at the Paulding County Engineer's Office located in the basement of the Courthouse.

Said premises appraised at Sixty-three Thousand and No/100 (\$63,000.00) Dollars and cannot be sold for less than two-thirds of that amount on the first sale date.

*In the event this property does not sell on the above date, a second sale will be held on the 8th day of August, 2019 at 10:05 a.m. On this date, there will be no minimum bid.*

*The purchaser will be responsible for any costs, allowances, and taxes which the proceeds of the sale are insufficient to cover.*

The appraisal of this property was completed without an interior inspection. Neither the Sheriff's Office nor the appraisers are responsible for the condition of the property at the time the purchaser takes possession.

Purchasers are advised they have no legal right to access this property until the Sheriff's Deed has been filed with the Paulding County Recorder's Office.

**TERMS OF SALE:** Ten percent down on day of the sale with the balance to be paid before the deed is issued.

The successful bidder will have 30 days from the sale date to obtain an examination of title at their expense, if so desired. Should such examination disclose the title to be unmarketable by any defect in the court proceedings or the existence of any outstanding interest rendering the title unmarketable, the successful bidder has 30 days to file a written motion requesting the sale shall be set aside. If the court finds the title unmarketable, the court will refuse to confirm the sale or fix a reasonable time, not to exceed 90 days, within which the defect of title may be corrected.

Taxes shall be prorated to the date of the sale and paid from the sale proceeds.

Sheriff Jason K. Landers  
Paulding County, Ohio

**PAULDING FFA HAS SUCCESSFUL FAIR WEEK**

Kyle Harris helping Kenley Miller show his goat during Pee Wee Showmanship.

By: Reporter Paige Jones

During last week's fair, the Paulding FFA had many members participate in a variety of activities. This year's fair was June 8th-15th, with many activities each day. On Monday, several members participated in the annual king and queen contest. Rileigh Noffsinger was this year's king, Kalyn Strahley was queen, Shannon Hale was 1st runner up, and Courtney Luderman was the second runner up.

Every Paulding FFA member had at least one project at the fair this year. This year there were over 35 animal projects and over 100 still projects. The still projects this year included welding boards, electrical boards, cutting boards, and independent carpentry and welding projects. Will Bulka placed first in electricity and Hailey Harris placed second. Courtney Luderman placed 1st with her SAE poster and Jordyn Merriman received first with her carpentry proj-

ect. The chapter also had a lot of members win awards with their livestock projects. Grand champion winners included Hailey Weidenhamer with her poultry meat pen, Jalynn Parrett with her market and breeding goat, and Isabelle Heitman with her single fryer rabbit. Reserve champions included Jonathon Reinhard with his turkey meat pen and Courtney Luderman with her dairy beef steer. Nolan Johanns placed 1st in beginner showmanship with his swine project. Other members placed 1st and 2nd in many of their livestock classes. Kalyn Strahley won the showman of showmen contest on Friday as well. The members were also very busy helping in the FFA Alumni Sausage Stand and serving on the Paulding County Jr. Fairboard helping to run the livestock shows. The Paulding FFA had a very successful year at the Paulding County Fair, the chapter is excited for next year!

**ANTWERP CHAMBER'S GRAB YOUR NEIGHBOR: ALL AMERICAN**

The Antwerp Chamber is once again sponsoring a leisurely night in downtown Antwerp on July 8 from 5:30-7:30 p.m. Downtown business will be open extra hours offering specials as well as a few other happenings to engage the residents.

July's theme is "All American" floating on the excitement of Independence Day of the past week. Tentative plans thus far are a kiddie parade to begin at 6:00 p.m. downtown that will end at the Fire Department building. This festive parade will welcome kiddos & families with bikes, trikes, wagons, scooters and pets decked on in their most patriotic apparel and decorations. After the parade, the VFW pavilion will be the place to wind down with some kids bingo.

Look for more information and activities for the All American edition of Antwerp's Grab Your Neighbor event in upcoming issues of West Bend News!

**OHIO DEPARTMENT OF AGRICULTURE ANNOUNCES UPDATES ON WESTERN LAKE ERIE BASIN ASSISTANCE PROGRAMS**

The Ohio Department of Agriculture (ODA) is announcing the second sign-up period for programs in the Western Lake Erie Basin funded by the passage of Ohio Senate Bill 299. Signed in 2018, Ohio Senate Bill 299 provided \$23.5 million for soil and water conservation districts (SWCD) located in the Western Lake Erie Basin (WLEB) for nutrient management programs.

Two programs have been a success so far this year, the Ohio Working Lands Hay Buffer Program and the Ohio Working Lands Small Grains Program. ODA Director Dorothy Pelanda announced that there are funds remaining for a second round of program sign-ups.

The Ohio Working Lands Hay Buffer Program encourages producers in the WLEB to establish year-round vegetative cover on eligible cropland. The program promotes the conversion, establish-

ment, and maintenance of forage/hay land on certain cropland acres. These buffers act as another line of defense to filter surface water while allowing participants to harvest forage from the established areas. During the first signup period, 4,075 acres were enrolled in the program.

The Ohio Working Lands Small Grains Program encourages producers in the WLEB to plant small grains such as wheat, barley, oats or cereal rye on eligible cropland. Participants must plant and harvest small grains, land apply manure, and plant a cover crop to receive a cost-share payment to help offset operating costs. The program supports the planting of small grains and cover crops for the conservation benefits and provides livestock producers with a longer season to land apply manure and nutrients. During the first signup period, 39,226 acres were enrolled in the program.

Sign-ups for the Ohio Working Lands Hay Buffer and Small Grains Program began June 17.

Local soil and water conservation districts (SWCDs) will manage the program sign-up and verification of eligibility and crop establishment. Producers located in the WLEB and interested in these programs should contact their local SWCD to learn how to sign up. Contact Paulding SWCD at 419-399-4771 or paulding@paulding-swcd.org

**FAMILY FUN DAY OFFERED AT MAGEE MARSH WILDLIFE AREA**

Families looking for outdoor fun over the Independence Day weekend are invited to come out to Magee Marsh Wildlife Area on Friday, July 5 according to the Ohio Department of Natural Resources (ODNR) Division of Wildlife.

Activities will include a bird banding demonstration, fishing and archery at the Sportsmen's Migratory Bird Center located at 13229 West State Route 2, Oak Harbor 43449.

Volunteers from the Green Creek Wildlife Society will be banding nestlings from the purple martin colony at 11 a.m. Join us to learn about purple martins, being a purple martin landlord, and how citizen science has helped this species to prosper.

Archery and fishing will be available from 12 p.m. to 3 p.m. Archery will be supervised by Division of Wildlife staff and all necessary equipment will be provided.

Fishing will take place in the pond around the Sportsmen's Migratory Bird Center. Loaner poles and bait will be provided; however, anglers are welcome to bring their own fishing equipment. Anglers 16 years and older are required to have a current Ohio fishing license. Fish caught may be kept within the guidelines set by the Ohio Fishing Regulations.

Anglers are welcome to fish the Sportsmen's Migratory Bird Center throughout the summer with their own fishing equipment sunrise to sunset. To learn more about Magee Marsh Wildlife Area visit wildohio.gov. For more information about these activities, call 419-424-5000. Visit wildohio.gov find out more.

**2019 CONVOY COMMUNITY DAYS PARADE MARSHALS: CONVOY COMMUNITY FOUNDATION CELEBRATES 40 YEARS**

The Convoy Community Foundation is an organization that originated in 1979 to support and fund projects and scholarships in the Convoy area.

The Convoy Community Foundation and its Trustees are in charge of the maintenance of The Memorial Endowment Fund. The purpose of the Memorial Endowment Fund is to generate monies to be used by the Convoy Community Foundation in carrying out its charitable activities. Proceeds from the fund will be used to benefit individuals and communities in the Crestview school district. It is anticipated that monies will be granted to support such special projects as might be undertaken by the local school, parks, churches, libraries, fire and emergency medical service departments as well as any other projects the Foundation may deem to be to the benefit of the people of this area.

The Foundation's funds are pooled for investment purposes. The contributions are professionally managed and thus the donors have the advantage of a diverse investment mix. The Foundation will conduct its charitable activities using only the investment income generated by the principal. Donors are assured that those assets received by the fund will remain in perpetuity as a living memorial.

Current members are: Denise Frey, Carl Etzler, Marcia Germann, Kristi Gamble, Bob Hall, Patti Keipper, Greg Kulwicki, Jeanne Leary, Craig Mill-

er, Ron Schumm, Bob Schumm, and Gary Weck.

The Foundation will hold an Ice Cream Social serving ice cream and cake after the parade in conjunction with the Finger Lickin Good Chicken Dinner from 5:00-7:00 p.m. and entertainment by "Knight Vision" at the Edgewood Park Building.

If you would like to participate in the 2019 Convoy Community Days Parade, go to villageofconvoy.com for an entry form or contact Connie Kreisler at 419-203-5288.

**RHODES STATE COLLEGE AWARDED TEN-YEAR RE-ACCREDITATION**

The Higher Learning Commission (HLC), the regional accreditation agency for Ohio and recognized by the U.S. Department of Education, has re-affirmed Rhodes State College's accreditation in its June 7, 2019 action letter. Rhodes State's next comprehensive evaluation review will take place in 2028-29. Based on HLC's approval, the College chose to continue with the Open Pathway, one of three options for accreditation. It follows a 10-year cycle and, like all pathways, is focused on quality assurance and institutional improvement.

A team of HLC Peer Reviewers from across the country visited Rhodes State College on March 25-26, 2019. The HLC Team report noted that Rhodes State College met all of the Criteria for Accreditation. Significant highlights noted in the report include:

- Faculty, staff, administrators, and trustees genuinely understand and wholeheartedly support the college's mission (Rhodes State College changes lives, builds futures, and improves communities through lifelong learning);
- Degree programs ensure that student learning outcomes are consistent;
- Appropriately credentialed faculty oversee the curriculum and qualified staff support students in achieving their academic or workplace goals;
- Rhodes State evaluates student success through mission-driven Key Performance Indicators, including student retention, persistence, and completion;
- The College is fiscally-responsible with its human, physical, and financial resources; and
- The Center for Health

Science Education and Innovation, in downtown Lima, will serve as a tangible example of Rhodes State's commitment to the needs of its community through the desire to increase educational opportunities for its students.

"The Commission evaluates every aspect of an institution for student access and success; rigor; quality; and financial sustainability," said Dr. Cynthia E. Spiers, Interim President. "The long-awaited letter of affirmation gave rise to cheers across the College," Spiers remarked. "This is a big deal for an institution, and I'm honored to work with such an outstanding team of faculty, staff, and administrators who, on a day-to-day basis, provide excellence in teaching and learning, student support, and operational management. We work with a Board of Trustees who continues to demonstrate their integrity as they maintain due diligence and oversight of the College's strategic and fiduciary responsibilities."

**FREE INTRODUCTION TO HUNTING PROGRAM IN NORTHWEST OHIO**

Anyone interested in learning about hunting or who would like to know more about public hunting opportunities in northwest Ohio is encouraged to attend a free informational program on Monday, July 15 according to the Ohio Department of Natural Resources (ODNR) Division of Wildlife.

The program will begin at 6:30 p.m. at the Sandusky County Sportsmen's Club located at 3950 State Route 600, Gibsonburg 43431. The program is free of charge and will cover hunting the most popular game species in northwest Ohio such as squirrel, waterfowl and white-tail deer. Experienced Division of Wildlife staff will share information on how to get started hunting, where to hunt in northwest Ohio and how to apply for controlled hunt opportunities.

Attendees are encouraged to bring a notepad and pencil to take notes. The program will be held indoors in the clubhouse. Please be aware that the 4H Shooting Sports program will be using the ranges on the club grounds. If you have a child interested in joining this program, shooting sports advisor, MaryAnn Miller will be available to answer questions.

The Division of Wildlife partners with conservation clubs around the state to promote shooting, hunting, fishing, and conservation in Ohio. To find a club near you, visit wildohio.gov and search conservation clubs. Questions regarding this program can be directed to 419-424-5000.

The mission of the ODNR Division of Wildlife is to con-
