

PC UNITED WAY VIRTUAL PURSE RAFFLE

Top Left - Monica Echols with her Coach Purse, Top Right - Annette Hirn with her Coach Bracelet, Bottom Left - Courtney Shull with her Coach Purse, Bottom Right - Michelle Stahl with her Michael Kors Purse.

United Way of Paulding County is overjoyed to announce that we are moving forward with our Community Impact Grants! On June 27th we held our second large event of our 2019-2020 campaign year, a Virtual Purse Raffle, that helped us raise nearly \$2,600! That amount put us at a threshold to safely allocate \$20,000 back into the community. We could not

have achieved this without our sponsors.

Diamond Sponsors: Straley Realty and the Gardens of Paulding.

Gold Sponsors: Paulding Putnam Electric Cooperative.
Silver Sponsors: Paulding County Senior Center Steering Committee.

Finally we couldn't have reached this goal without our supportive community!

2019-2020 recap:

- 6,300 books distributed through our Dolly Parton and Ohio Governor Imagination Library and Paulding Area Foundation partnership.

- Estimated 570 meals for NOCAC's Summer Meal program

- Help collect and distribute 2,000 toys and items for

PAULDING COUNTY'S VISION BOARD ALLOCATES \$25,000 TOWARD QUALITY OF LIFE PROJECTS

In July of 2019, the Paulding Vision Board members launched their "Our Dream of a Million" campaign where their goal was to raise \$1 million for quality of life projects across Paulding County in 5 years. Initially, there were 11 targeted beautification projects, but

with COVID 19 impacting village budgets, only 3 of the projects are still moving forward.

So far, the board has raised roughly \$70,000, with \$25,000 of that being donated by EDP Renewables. "Donations have slowed due

PAULDING, OH:

Lee Kniceley age 75 succumbed after a long battle with Parkinson Disease Wednesday, July 15, 2020.

She was born December 29, 1944 in Tomahawk, Kentucky daughter of the late May (Cheek) and Dewey Conley. On September 14, 1966 she married Gary L. Kniceley who preceded her in death on December 9, 2006.

Lee had several jobs but spent most of her career as a manager and pharmacist assistant at the Village Apothecary in Paulding. She had a vibrant personality and was a health and fitness enthusiast.

Lee is survived by her children: Tammy Sholl, and Kris (Jessie) Kniceley; grandchildren: Cory, Kaden (Kace) and Morgan; siblings: Justine Daniels, Moncie Johnson, and Evelene Moricle.

She is also preceded in death by her siblings, James "Sonny" Conley, Dixie Baldrige, Pauline Shumate, Elmer "Bud" Conley, Harold Conley and Flora Brown.

Funeral services will be conducted 2 PM Tuesday, July 21 at Den Herder Funeral Home, Paulding. She will be laid to rest in St. Paul Cemetery.

Visitation will be 11 AM until time of services on Tuesday. For those wishing to attend, we ask that you maintain social distancing and encourage responsible virus protection measures while offering the family support.

In lieu of flowers, the family suggests donations made to Parkinson Foundation.

Friends and relatives are encouraged to share fond memories at www.denherderfh.com

PARSON TO PERSON

By: Dr. James Bachman
Dear Parson,

In Matthew 6:6 Jesus says we should enter into our closet to pray. Does that mean we should not pray in public?

By the word "closet," He just meant a private place. Jesus was warning us not to be like the hypocrites who prayed private-type prayers publicly to be SEEN of men. They were praying the wrong prayers in the wrong place with the wrong motive. I have an extended daily private prayer time, but I don't kneel down on my front porch to do it.

There is a place for public prayer. The subject should be that which pertains to the interests of the group. The many who gathered in Acts 12:12 were all interested in Peter's wellbeing, for he was scheduled to be executed the next day. "And when he had con-

sidered the thing, he came to the house of Mary the mother of John, whose surname was Mark; where many were gathered together praying."

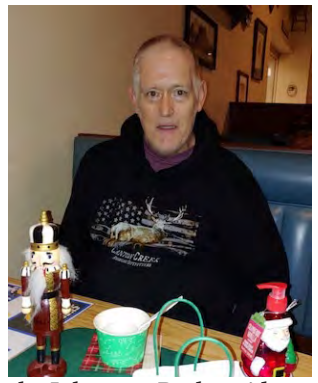

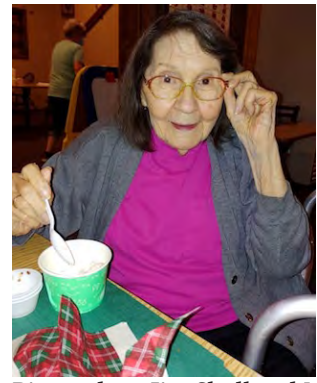

The purpose of group prayer is to have additional power because everyone's faith is added together and God responds to faith. Mark 11:24 - "Therefore I say unto you, What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them." God also promises a special presence where two or more are gathered in His name. Matthew 18:20 - "For where two or three are gathered together in my name, there am I in the midst of them."

Note just a few of the many group prayer meetings in Acts 1:14, 16:13, 20:36, and 21:5.

Pray private prayers privately and public prayers publicly.

Send questions and comments to: jamesbachman@juno.com

ANTWERP MANOR CELEBRATES CHRISTMAS IN JULY

Pictured are Jim Shull and Martha Johnson. Both residents also enjoyed hearing Marti Overmyer, activity employee at Antwerp Manor, share her stories about her mother's nutcracker collection. The residents' tables were decorated for Christmas with festive cups, napkins, and nutcrackers! Thank you to Marti and the kitchen staff for helping to make the resident's party a special occasion.

Welcome to Antwerp Manor Assisted Living located at 204 Archer Drive in Antwerp, Ohio. We are a residence located in the heart of Antwerp. Our daily services include medication assistance, three delicious meals a day, housekeeping and laundry, as well as stimulating COVID friendly activities.

The residents recently enjoyed their second annual Christmas in July party. Each resident received a gift bag with household items and as much KB Scoops ice cream as they desired. We started with

a taste test of eight different flavors that they had chosen and then a bowl or cone filled with their favorite. It was a fun afternoon filled with delicious calories and we thank the Eichers from KB Scoops for preparing the large order for us! KB Scoops is always a great treat on a hot summer day!

If you are interested in learning more about our friendly and inviting facility please contact us at 419-258-1500. Brian, Lori, or Jennifer would be more than happy to help!

seal tells of people killed for their faith and wanting vengeance, but we're told to be patient a little longer until many more were killed like they had been.

This goes along with what Jesus said in Matthew 24:9. In Rev. 6:12 we see the sixth (6th) seal opened and here is where we understand the 'why' of the birth pangs. In this seal we see where Jesus Christ comes back again and the wicked "cry out for the mountains to fall on us and hide us from the face of Him that sitteth on the throne and from the wrath of the Lamb (Jesus)."

The exciting future of "The Kingdom of God" coming to this earth for 1000 years (one thousand) is almost hard to believe, but we will believe it because Jesus, Himself, will sit on His throne in Jerusalem and rule the nations... GOVERN ALL. Peace will finally come. Animals will be tame as in the Eden garden, war weapons turned into pruning hooks (what kind of fruit do you like?), children will be safe and happy! Let's realize that this is the future of those who are BORN AGAIN (saved).

Please read and study this greatest of events since the birth of Jesus Christ!
Amen!

KIDS' KORNER

Hello again! I'm glad you're here. I hope you're enjoying this column and learning from it.

The angel Gabriel appeared to at least three people in the Bible: The prophets Daniel and Zechariah, and then to Mary. So, it was Gabriel who told Mary that she would be the mother of Jesus.

Angels are all around us. They serve God by serving us. They do things like protect us from harm and watch over us. Have you ever seen an angel? Angels can appear in human form, so the

SCRIPTURE OF THE WEEK

"But if we walk in the light, as he is in the light, we have fellowship with one another, and the blood of Jesus, his Son, purifies us from all sin."

— 1 John 1:7

chances are that you've seen one but didn't realize it. Or an angel may have saved you from being injured.

Some people have the mistaken idea that when we go to heaven we become angels. Angels came into being during the days of Creation. We don't become angels in heaven, we become souls who have been saved by the death and resurrection of Jesus. Through faith in Jesus we can look forward to being with Him forever in heaven.

Your next question is this: How many churches did the Holy Spirit address in the book of Revelations? When you find that, read on a little further and see what He said to them.

See you next week!
—Pastor Tim

OHIO STATE HIGHWAY PATROL INVESTIGATING INJURY CRASH IN FULTON COUNTY

Dover Twp. - The Swanton Post of the Ohio State Highway Patrol is currently investigating a single vehicle minor injury crash which occurred on July 16, 2020 at approximately 1:00 P.M. on Interstate 80 eastbound, Milepost 30.3, west of Wauseon, Ohio.

Edward White, age 39, from Toledo, Ohio was driving a 1999 Mack dump truck, when he stated that he noticed that the bed of

the dump truck was raising while he was traveling eastbound. The top of the bed then struck the overpass for County Road 19 and it detached from the vehicle. The rest of the vehicle continued on, drove off the right side of the road, struck a sign post, a ditch and fence. Mr. White was wearing a seatbelt, sustained minor injuries and refused treatment at the scene by emergency medical personnel. There was extensive damage to the County Road 19 overpass that has subsequently been closed and will be assessed for repairs by the Fulton County Highway Department.

Mr. White was cited for operating an unsafe vehicle.

The Swanton Post was assisted on scene by the Ohio Turnpike Maintenance Department, Fulton County EMS, Wauseon Fire Department and Hutch's Towing.

CORRECTION

It was incorrectly reported in a previous issue of West Bend News that Antwerp Local School would not be scheduling choir or band courses for the 2020-21 school year. There WILL be both choir and band courses offered to Antwerp students for the 2020-21 school year. However, there will no concerts as of this printing.

We apologize for any misunderstandings this error may have caused.

IF ROADS COULD TALK

Penny For Your Thoughts
By: Nancy Whitaker

Whenever I drive or travel on different roads, I always wonder how many cars, horses, or vehicles have traveled down these same roads.

For instance, when I was little and lived in the country, Grandpa would drive his old Ford with the running boards down SR 127. It was a big deal to me to go on 127, because to me it was a big highway which could take us anywhere.

The scenery was a little different back in those days.

You might see more little General Stores, smaller schools, and lots of churches.

You could see children playing ball or maybe hide and seek.

You could also see out-houses and wells with windmills and pumps.

Oh yes, all of the roads, streets and highways have their own stories. I think of the history of the corduroy roads and the horses and buggies making their way into town. Can you imagine the time it took to go from Paulding to Van Wert by horse? If anyone knows the answer to that, let me know.

In today's world, schools have consolidated, big super-stores have taken over and even a lot of churches have formed mega churches.

The roads and highways have seen blizzards, floods, tornados, scorching heat, tractors, trucks, motorcycles and many types of cars.

I wonder if some of the back roads have ever been a place for lovers lane or a place to just party?

Our roads have experienced hobos, accidents, races, and motorcycles. Our roads have been maintained with stone, black top and have been repaved.

They have been the sites of garage sales, littering, and road kill. A road is filled with twists, turns, curves, hills and valleys.

Highways used to boast many signs such as Burma Shave and advertising billboards.

You could see truck stops, lots of railroads and bridges.

If roads could communicate, oh, what stories they could tell. They would be stories about first dates, momma driving kids to an activity, a woman in labor about to deliver a child, a school bus full of students, farmers with their tractors harvesting or planting.

I am glad roads don't tell stories because they would probably tell of bad drivers (not me of course) fast drivers and slow drivers.

To me roads are like life. We have lots of twists, turns and curves in our life, but we manage to navigate our way to where we want to go.

Would our roads have any stories about you? Have you ever thought about the history involved in just one highway? Let me know and I'll give you a Penny for Your Thoughts.

FAIRVIEW FFA OFFICER TRAINING

By: Fairview FFA Reporter Carrie Zeedyk

On Monday, June 22, the 2020 Fairview FFA Officer Team met at Fairview Highschool to take part in officer training. The officer team consists of President Clair Shining, Vice President Cassie Mavis, Treasurer Colton Saylor, Secretary Kaitlyn Zeedyk, Reporter Carrie Zeedyk, Student Advisor Blake Zeedyk, Historian Molly McGuire, Sentinal Ryan Richards. The team arrived at the school at 8 a.m. and started out with a few team building activities. They then began to plan for chapter activities such as fair activities and Greenhand Ceremony. The officer team then enjoyed lunch and spent the first part of the afternoon finishing the plans for the 2020-2021 year. Before leaving, officer team and individual official dress pictures were taken. The officer team is very excited about the chapter's potential in the next year.

THE ALZHEIMER'S ASSOCIATION EXPANDS THE 2020 WALK TO END ALZHEIMER'S TO ENCOURAGE PARTICIPANTS TO WALK ALL AROUND NORTHWEST OHIO

Neighborhoods, trails and parks will be the site of this year's 2020 Walk to End Alzheimer's as the new Walk experience allows participants to walk everywhere to show support for those living with Alzheimer's disease.

Instead of hosting a large gathering, the Alzheimer's Association is encouraging participants to walk as individuals or in small groups in light of restrictions caused by COVID-19.

"This year's Walk to End Alzheimer's will be everywhere," said Wendy Vizek, vice president, constituent events at the Alzheimer's Association. "The pandemic is changing how we walk, but it doesn't change the need to walk. This year, more than ever, we need to come together to support all those affected by Alzheimer's and other dementia. With the dollars raised, the Alzheimer's Association can continue to provide care and support to families during these difficult times while also advancing critical research toward methods of treatment and prevention."

Julia Pechlivanos, executive director of the Alzheimer's Association Northwest Ohio Chapter, said, "Many of our constituents are at higher risk when it comes to COVID-19, or are caregivers to at-risk individuals. Our volunteers and participants appreciate our commitment to keeping all

involved healthy and safe, along with the flexibility to be able to participate where they are."

With the help of technology, participants in this year's Walk to End Alzheimer's can track their steps, follow a virtual Walk path and experience the time-honored traditions of the poignant Promise Garden Ceremony. To enhance the participant experience leading up to the event and on Walk day, new features are being added to the Walk to End Alzheimer's mobile app. Participants can use the app and new "Walk Mainstage" to track their distance, manage their Facebook fundraisers, and access information and resources from the Association. A new audio track is available to encourage participants along the way and to congratulate them upon completion of their Walk.

On Walk day, the Opening Ceremony will feature local speakers and a presentation of Promise Flowers to honor the personal reasons participants join the fight to end Alzheimer's, all delivered to participants' smartphones, tablets and computers.

The Northwest Ohio Chapter holds eight different community Walks. They are at the following locations:

- Black Swamp: August 29
- Erie Shores: September 19
- Grand Lake: September 19
- Hancock County: September 19
- North Central Ohio: September 12
- Tiffin Regional: September 26
- Toledo: October 10
- West Central Ohio: September 12

Last year nearly 4,000 Northwest Ohio residents participated in the Walk to End Alzheimer's, which is the world's largest event to raise awareness and funds for Alzheimer's care, support and research programs. Alzheimer's is a progressive, fatal disease that kills nerve cells and tissues in the brain, affecting an individual's ability to remember, think and plan.

To register and receive the latest updates on this year's Walk to End Alzheimer's, visit: alz.org/walk.

Alzheimer's Association®
The Alzheimer's Association is a worldwide voluntary health organization dedicated to Alzheimer's care, support and research. Its mission is to lead the way to end Alzheimer's and all other dementia — by accelerating global research, driving risk reduction and early detection, and maximizing quality care and support. Visit alz.org or call 800.272.3900.

WHAT SHOULD YOU DO WITH AN INHERITANCE?

If you were to inherit a large sum of money, what would you do with it?

The question may not be hypothetical, especially if you are in the millennial, Gen X or Gen Z demographic groups. That's because the

Bryan Post, Edward Jones Financial Advisor

baby boomers – often referred to as the richest generation in history – are poised to transfer some \$30 trillion in assets over the next few decades, according to the consulting firm Accenture.

Of course, this is a "macro" figure, and everyone's situation is different. Furthermore, since baby boomers are living longer, more active lives, the total amount passed on may end up being considerably less than the estimate. Nonetheless, you may well receive a medium-to-large inheritance someday, and when that day arrives, you'll need to decide how best to use your newfound wealth.

Your first move may be to do nothing at all. Generally speaking, you have enough time to decide how to handle the various elements of an inheritance, although if you are inheriting an investment vehicle such as an IRA or a 401(k) plan, you will eventually have to make some decisions about liquidation or withdrawals. (And since these accounts may carry tax obligations, it's a good idea to consult with your tax advisor fairly soon after you receive your inheritance.) But if a big part of your inheritance simply consists of cash parked in a bank account, there's nothing wrong with moving the money into a cash management account at a financial services company until you decide what to do with it.

However, after some time has passed, you may want to put your inheritance to good use. If you're already working with a financial advisor,

you might want to get some guidance on how to use your new assets to strengthen your existing investment strategy. Do you have any gaps in certain areas? Can you use the money to help diversify your holdings? Diversification can't guarantee profits or protect against all losses, but it can help reduce the impact of volatility on your portfolio.

And, of course, if your inheritance is large enough, it may permit you to "max out" on your IRA for years to come, and possibly free you to have even more of your salary deferred into your 401(k) or similar employer-sponsored retirement account. Plus, you could use the money for other long-term goals, such as funding a tax-advantaged 529 college savings plan for your children.

You also might use part of your inheritance to donate to the charitable organizations you support. Due to recent changes in tax laws that caused many people to stop itemizing their deductions, charitable groups are in more need of support than ever.

And last, but certainly not least, take this opportunity to review your portfolio. Is your inheritance large enough for you to adjust your planned retirement age? And if that age may indeed change, what about your other plans for retirement? Will you now be free to travel more or pursue other hobbies? Will you even need to modify the way you invest for your new reality, possibly by taking a less aggressive approach? Again, a financial professional can help you answer these questions.

Someone thought enough of you to leave you a valuable inheritance – so use it wisely.

This article was written by Edward Jones for use by your local Edward Jones Financial Advisor. Edward Jones, Member SIPC

MAYBE NOT UP TO DATE

By: Stan Jordan
I was going through some of my files and I came upon the list of boys who went to WWII from Paulding County and are still alive. If I have missed someone, please let me know. Our list is getting smaller all the time.
Glenn Klingler, Gene Scarbrough, Gerald Grindstaff, Stan Jordan, George Forrest, Alfred Daeger and Richard Harris.

BASEBALL AND COVID 19

By: Stan Jordan
There are only a few words to describe the United States and this corona flu and the Covid 19 and the lock down and trying to have a normal life.
Yes, life goes on. I sit and watch tv but I don't watch any of the big system time that is all about the Covid 19 and the rioters. I watch just enough local news to get the weather report and that is not good.
I miss baseball. I do watch those reruns of Cleveland and Cincinnati, but I just about know what is going to happen each time.
Fox Ohio carries a lot of ball games, but I will sure be glad when the players union and the owners get together and start a reduced schedule, but then there are all kinds of athletic teams that cannot compete. This Covid 19 and the lock down has ruined lots of people's chances. All the way from juniors in high school to athletes that play for a living. Hundreds of low blows and nobody's fault.
I'm just losing some hours of entertainment, but some people are losing a fortune. Maybe this would have been their big year.
I know some big writer said, "This is the year that wasn't."
See ya!

POLITICS AND POLITICIANS

By: Stan Jordan
What ever happened to what we call politics? We have operated 400 years and have existed as a world leader in about every field, but our esteem, leadership, appearance, integrity, just seems to have drooped, sagged and dissipated. I can't help it, but I can hardly have respect for our leaders, the politicians.
A few years ago when they were having their political debates, those people didn't have respect for themselves or each other. The name calling, innuendos and half truths.
Then they ask us to vote them into public office. Holy smokes, they think we are imbeciles, degrade each other and then want respect. Ha! We seem to have no leaders in Washington. Each party is

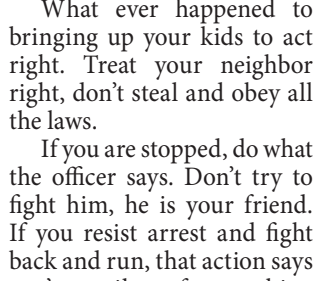

THE COUNTRY AT THIS TIME

By: Stan Jordan
I can hardly believe what I see on the nightly news.

American people destroying national land marks, statues and honorable objects of our past history.
What has gotten into these young people? Their fathers have worked very hard to give them what they have and there seems to be no appreciation. In my estimation we have a couple of generations of spoiled kids. They don't seem to appreciate anything. No courtesy or respect.
Now those are the soft words and you might not like these other words. This stuff is out of hand, no control at all.
This protesting and rioting has got to stop even if it takes martial law. That is worse than a total lock down, but it looks like we need it. There is no end to this childish behavior because there is no law. The rioters have pretty well alienated the people against the policemen. They want the police limited and claim harassment in the slightest cases.
What ever happened to bringing up your kids to act right. Treat your neighbor right, don't steal and obey all the laws.
If you are stopped, do what the officer says. Don't try to fight him, he is your friend. If you resist arrest and fight back and run, that action says you're guilty of something and the officer will shoot, that's his job.
Then the people will call for any kind of harassment. Straighten up and fly right and you will live longer. Let me add here, I am certainly glad that we don't have any of that type of stuff here in our area.
See ya!

trying to win the election and we have no governing bodies. It seems politics get dirtier each year, that is just how I see it.
This is June the 23rd, I don't watch any news programs anymore. I guess I really don't know what is going on, but I'm sure it is bad. In a 28 minute news program, you get 14 minutes of talk and Covid 19 and 14 minutes of ads, sometimes in the first minute is talk of our leaders in Washington, so off goes the tv set. Nothing new, same old crap. All the republicans do is to get Trump re-elected and all the democrats do is to see that Trump doesn't get re-elected. They both lie, cheat and call names.
What is our great country coming to? That includes the Speaker of the House, Mrs. "Boogaloosie", she is something else.
See ya!

FALLOW DEER

By: Stan Jordan
The above picture is of a fallow deer that is a full grown male of about 4 years.
According to Wikipedia, he is a ruminant animal dated way back to 100 A.D. It is native to Europe but has been introduced into almost every other country. Commonly has a chestnut coat with white; mother with a darker coat in winter.
The fallow deer was spread across Europe by the Romans and into England about 100 A.D. for hunting and food. Now there are about 3 different shades of colors.
Here in the United States they are generally raised on animal farms. You can see one at George Clemens animal ranch.
See ya!

PEOPLE TRY TO DO RIGHT BY EACH OTHER, NO MATTER THE MOTIVATION, STUDY FINDS

People want to help each other, even when it costs them something, and even when the motivations to help don't always align, a new study suggests.
In research published today in the journal Science Advances, sociologists found that people overwhelmingly chose to be generous to others - even to strangers, and even when it seems one motivation to help might crowd out another.
It is the first study to examine how all the established motivations to be generous interact with one another.
"We wanted to do an exhaustive study to see what the effects of those motivations would be when combined - because they are combined in the real world, where people are making choices about how generous or kind to be with one another," said David Melamed, lead author of the study and an associate professor of sociology at The Ohio State University. Melamed is also affiliated with Ohio State's Translational Data Analytics Institute.

The Antwerp School board met on July 16 to discuss their plan for going back to school. Bob Herber stated \$100,000,000 was allocated to the CARES fund in Ohio and Antwerp should get about \$37,000. The funds could be used for technology and remote learning if that will be required. The school has spent quite a bit of money to upgrade systems from plexiglass to new water systems.
The financial report was given by treasurer, Kristine Stuart:
Income: \$459,757.81; Expenses: \$894,930.60; Interest: \$4218.70
The budget came in under for the last fiscal year and the income ended up being a little more than projected, but only slightly better than last year. The tax renewal levy will still be able to take advantage of the homestead credits for this levy.
Principal's Report:
Travis Lichty shared how the classes can be cleaned

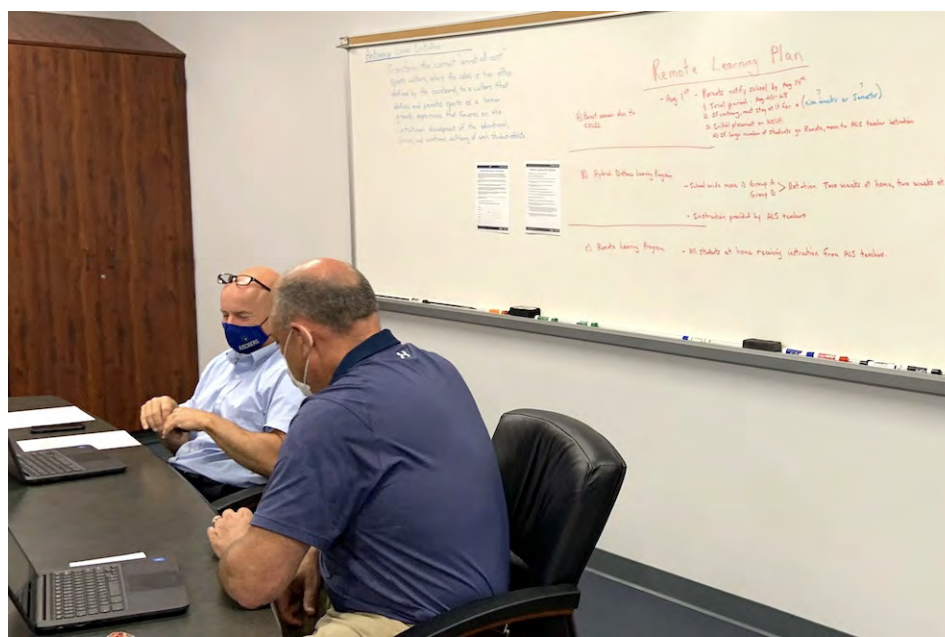

(and they must be cleaned between classes). There will be even and odd days in the block classes. The class length will be about 90 minutes each and that will cut down to have 4 classes blocks per day. Kids will not be able to go to their lockers during the day. They will have to carry a backpack if they so choose. The lunch will most likely be in shifts - at least for middle school and high school. Students will need to bring their own masks.
There will be band and choir classes but NO concerts. This is a correction from the last meeting notes.
The Paulding County Health Department has accepted the plan from the school. All parents are asked to take the temperatures of their children before school. All students will have their temperatures checked as they enter the school. If temperatures are over 100F the student will be sent home.
Superintendent's Report:

Dr. Miller stated that the solar panel installation is underway. The S-Curve is being worked on. The Aquaculture Center is in progress and the bid should be put out after the tax levy is approved.
Another \$112,000 in April was cut and another \$112,000 has been cut from Antwerp's state foundation funding this past month.
Harold Gottke is still waiting for the computers to arrive in mid-August. He is still preparing old computers just in case the new computers don't come in. He is also continuing efforts for hotspots in case school has to be done remotely. Dr. Miller is also asking for another in-service day for training on the new teaching protocols due to COVID-19.
It may be required to have a Remote Learning Plan. This is yet to be seen as COVID-19 persists.
The School Board then convened to executive session.

ANTWERP SCHOOL BOARD MEETS IN REGULAR SESSION 7/16/20; DISCUSS RE-OPENING PLAN

might be influenced by multiple factors.
"In the real world, the conditions under which people are nice to each other are not isolated - people are embedded in their networks, and they're going about their daily lives and coming into contact with things that will affect their decisions," Melamed said. "And these experiments show that all the motivations work. If you want to maximize prosocial behavior, it was a really great thing to see."
For this study, which was done online, participants had to decide how much of a 10-point endowment to give to other people. The points had monetary value to the participants; giving cost them something.
Then the researchers created different scenarios that combined one or all four of the potential motivators for giving.
Melamed said that prior to the experiment, he thought the motivations for kindness might crowd one

another out.
For example, a person may be less apt to indirectly reward another's generosity toward a third person when he is focused on directly giving back help that he received.
"People have a self-bias," he said. "If you do something nice for me, I may weigh that more than if I see you do something nice for someone else. But we found that all the motivators still show up as predictors of how much a person is willing to give to someone else, regardless of how the differing motivators are combined."
This research helps us understand the remarkable quantity and diversity of prosocial behavior we see in humans, Melamed said.
"From an evolutionary perspective, it's kind of perplexing that it even exists, because you're decreasing your own fitness on behalf of others," Melamed said. "And yet, we see it in bees and ants, and humans and throughout all of nature."

LETTER TO THE EDITOR

On Thursday afternoon (July 16) Mart and I were in Paulding. We decided to stop at Dairy Queen and get some food to take home for dinner. When we pulled up to the window to pay, the young girl told us it was paid for. The couple in the black car ahead of us paid for our food. What

a surprise! So we decided to pay for the person's food who was in the car behind us.

With all that is going on in this world, it was nice for this to happen.

You touched our hearts and put a big smile on our face! We appreciate you!

—Judy and Mart Hunt, Antwerp, OH

NSCC FOUNDATION RAISES \$65,000 WITH "BRIGHTER FUTURE" CAMPAIGN

The Northwest State Community College Foundation continues to work tirelessly in its quest to raise needed funds for student scholarships. Because of COVID-19 concerns, the Foundation was unable to host its annual Green Carpet event, which usually takes place around Commencement. As a result, during the month of July, the Foundation put together the "Brighter Future" campaign, which was an initiative of the NSCC Foundation Board.

"When the NSCC Foundation was unable to host our Green Carpet event, it was a tremendous initial setback," said Robbin Wilcox, Executive Foundation Director at NSCC. "We plan all year for this big event and we have worked hard to guild a great reputation. This event is the cornerstone for raising the much needed funds for our students, and helping them on their life journey," Wilcox continued. The battle cry became "Our students need us more than ever."

Thanks to the generosity

SUMMER INTERNSHIP GIVES KAYLEE PLUMMER VALUABLE EXPERIENCE

Kaylee Plummer, of Paulding, is an intern at Nature's Nursery in Whitehouse, Ohio, for summer 2020. Plummer is pursuing a degree in animal science at the University of Findlay.

Located in Findlay, Ohio, the University of Findlay is known not only for science, health professions, animal science and equestrian studies programs, but also for cultivating the next generation of business leaders, educators and global citizens through a dedication to experiential

learning, both in and outside of the classroom. Established in 1882 through a joint partnership between the Churches of God, General Counsel and the City of Findlay, the University of Findlay has nearly 80 majors leading to baccalaureate degrees and offers 11 master's degrees, and five doctoral degrees. More than 3,800 students are enrolled at Findlay, and the University is nationally recognized by U.S. News and World Report and the Princeton Review.

of individual and corporate donors, the "Brighter Future" campaign raise \$65,000 for the Changing Lives Scholarship. Wilcox noted, "This year, we gave away over \$650,000 to students from our six-county area, all raised locally from great sponsors which include area businesses, NSCC faculty and staff, and the amazing NSCC alumni."

Peter Beck, NSCC Foundation Chair, added "It is great to work in a community of wonderful supporters who believe in reaching out to others in times of need. COVID-19 may have changed how the Foundation does business, as we had to adapt and change our Scholarship Reception, but it will not change our focus on providing financial support to students so that they can realize their dreams."

MATCHING CONTRIBUTIONS

Some of the sponsors for the "Brighter Future" campaign elected to offer matching contribution opportunities for the community, up to a certain dollar limit. This generated some excitement with the campaign, some valuable contributions to the Changing Lives Scholarship, and tremendous goodwill. The Foundation noted Ter-

ry Henricks Auto Group, Ed & Carol Nofziger, Swanton Welding & Machining Co., Inc. and SJS Investment Services as just some of the philanthropic partners in this campaign. Complete information on this campaign is available at NorthwestState.edu/give-to-nsccl/.

ABOUT THE NSCC FOUNDATION

The NSCC Foundation was established in 1978 to provide support for the students, people and programs of NSCC. For nearly 40 years, the foundation has remained true to its mission to enhance, expand and sustain Northwest State so that NSCC can continue to fulfill its mission of creating opportunities for transformational learning. The NSCC Foundation works diligently to raise much-needed funds for educational opportunities that directly and indirectly impact students. Additional information about the NSCC Foundation is available at NorthwestState.edu/nsccl-foundation.

Northwest State Commu-

nity College is an accredited two-year, state-assisted institution of higher education that has served northwest Ohio since 1969. Northwest State is committed to providing a quality, affordable education with personal attention and small class sizes. The College offers associ-

ate degrees with numerous transfer options, short-term certificate programs, and workforce training programs designed to meet the needs of local businesses and industries. For more information, visit NorthwestState.edu or call 419.267.5511.

(Continued from Page 1)

to COVID 19, which is completely understandable. We are off pace by our original goal, but that's not going to stop us from having an impact! The Paulding County Vision Board has decided to move forward on allocating \$25,000 with \$5,000 going toward the parks continuing their projects despite the circumstances (Each project had matching funds). Also, our board is pleased to announce we will be giving each town, who didn't receive a larger amount, a \$1,000 contribution to spur some type of beautification project," stated Paulding County Vision Board Member, Erika Willitzer.

The following is how the projects will be distributed:

Broughton will receive \$5,000 toward their park and playground equipment

Grover Hill will receive \$5,000 toward the "Welcome Home" Park

Paulding Soccer Club will receive \$5,000 toward their new soccer complex to be located at the Lela McGuire Jeffery Park

All other villages not listed above will receive \$1000, plus the Paulding County Park District will receive a donation for their current project. Villages will have until December 18, 2020 to use the funds. "These are tough times and from the very beginning we wanted to make sure the projects we were going to support had funding to back them up. That all changed due to COVID 19. We know villages and residents are struggling and we just hope this \$1,000 donation will give them a boost of inspiration and hope to do something that will bring encouragement to their residents" stated Vision Board President Lisa McClure.

The Paulding County Vision Board's mission is to coordinate collaboration, plan strategically, secure funding, and create a livable Paulding County community. The board was officially formed in 2018 and structured under the Paulding County Commissioners. Each village and the township association in Paulding county have a seat on the board, although not every village is participating.

"We still have a few unfilled seats from villages. We understand some might be skeptical and not want to attend another meeting, but this is a team of passionate people wanting to make a real difference in our county. Our focus isn't on talk, but rather action! Just two weeks ago, we released an updated housing study to be used as a recruitment tool for potential developers. We've also decided, instead of holding onto the funding for when everyone regrouped after COVID 19, to allocate right away. Action is needed now! Spirits need lifted more than ever NOW, and collaboration is key to making it all happen," said Willitzer.

A fund has been established with the Paulding County Area Foundation. The Paulding County Vision Board doesn't plan to stop fundraising efforts. If you would like to donate, please make checks payable to the Paulding County Area Foundation with the memo line stating Vision Board.

For more information on the Paulding County Vision Board visit their website at: www.PauldingCountyVisionBoard.com or follow them on their Facebook page www.facebook.com/PauldingCountyVision.

MEMORIES BY TAWNYA PHOTOGRAPHY SPONSORS 1st SWEET SIXTEEN CONTEST

Memories by Tawnya Photography will be hosting her first ever Sweet Sixteen Contest. This inaugural year, there are eight contestants

that are all from the Paulding County area: Brooklyn Arnold, Emerson Litzenberg, Kennedy Trabel, Faith Nestleroad, Lydia Brewer, Hailey

has three judges that are all professional photographers and are from Indiana and North Carolina.

Judge #1 is **Yolanda Ray** from Knightsdale, North Carolina. She specializes in Teen and Senior Photography <https://www.portraitsby-yolanda.com/> Tawnya has known Yolanda now for 5 years. They traveled to Vegas together with their senior modeling teams to photo-

graph with The Model Network National Team. <https://www.themodelnetwork.net/> Judge #2 is **Mary Tuttle** from New Haven, Indiana. Mary and her husband Mark Tuttle are an amazing team who have done some beautiful work. They photograph professional models and do part time work. They are M&M Photography. <http://marktuttle.photography/?fbclid=I->

Brooklyn Arnold, Paulding High School Class of 2022

Grant. They had their photographs taken either outdoor or in studio the entire month of June. They were allowed to bring two outfit changes and

Tawnya spent approximately 1 1/2 hrs with each girl photographing them. Tawnya loves working with the teens and helping

Jaidis Getrost Antwerp High School Class of 2022

Lydia Brewer, Antwerp High School Class of 2022

They have competed twice at state, bringing home a second and third place trophy. Hailey also received the Showmanship trophy for basketball cheer. In her free time she enjoys spending time with family and friends, helping with the family business, and volunteering with the four year old class at church.

Brooklynn Ann Arnold is 16 years old. Brooklynn is a junior at Paulding High School. She will be attending Vantage this year for Early Childhood Education with hopes of pursuing a psychology degree in her future. She is in FCCLA and has a love for softball. Her parents are Richard and Ashley Miler and Ty

Hailey Grant, Antwerp High School Class of 2022

and Heather Arnold. She has two brothers Gavyn and Austin and three sisters Hannah, Summer and Kaitlin.

Lydia Brewer is going to be a junior at Antwerp High School. She participates in volleyball, basketball, and track. Some of her accomplishments are honor roll and being a Hugh O'Brian Youth Leadership Conference (HOBY Ohio West) Alumna. Lydia's parents are Shawn and Cindy Brewer, and she has two brothers Luke and Landon.

Jaidis Getrost is a junior at Antwerp High School. She is involved in Cheerleading and Golf, and the broadcasting team and was also part of the National Jr Honor Society at Antwerp Local. Some of Jaidis' accomplishments are a Superior rating at the Ball State Journalism Day contest,

All-American cheerleader award from UCA cheer camp. She received recognition for her Art projects and is a 4.0 student. Some of Jaidis' interests are roller blading, painting, and make-up artistry. Her plans after school are to go to college for Dermatology. Her parents are Denny and Jessi Getrost, and her brother, Zeb Getrost.

Faith Nestleroad is 16 years old and has grown up in the little town of Antwerp, Ohio. She has a younger brother, Cooper. Her parents are Jennifer and Curtis Nestleroad. Faith played varsity volleyball for 2 years, along with club volleyball, and sand volleyball. She enjoys Theater and show choir, spending days and nights outside and riding her ATV, rain, snow, or shine. Faith also enjoys walking her dog, riding bikes, and

going for runs. In the summer she lives by the water and swims every chance she gets. Schooling is very important to Faith as she is 100% invested in it, has BIG dreams of becoming a Veterinarian. In school, she has been in NJHS and a gold pride card holder for 4 years. Her passion in life is to help animals, and one day be the proud owner of her own animal refuge! To help achieve this goal, she plans to attend Vantage Career Center this year for Health Technology.

Lauren K. Schuller is junior at Antwerp High School. Her parents are Mike and Debbie Schuller. She has two older siblings, Kayleigh and Joe, a brother-in-law, Eric, and a sister-in law, Rachel, as well as 3 nephews, Brice, Rhett, and Levi, and niece, Emma. She enjoys spending time with her niece and nephews as well as her two dogs, Cooper and Marley.

Lauren takes pleasure in playing softball year round with an elite team out of Toledo called Finesse-May 16u, as well as playing for the Antwerp Archers in the spring. She love gymnastics! It has led her into competition cheerleading, football cheerleading, and basketball cheerleading, which she has been involved in since she was in junior high school.

Some of Lauren's most memorable accomplishments are hitting an "over the fence" home run during Antwerp Archer Softball districts game (2019) in Bryan, OH; being able to start the rally in the 5th inning of their State Championship game (2019) with a hit and scoring the first run; competing with the Antwerp Archers Competition Cheer team as they placed 2nd in the Ohio State Cheer Competition (2019), and completing all of this as a freshman in high school.

In the fall of 2020, Lauren plans to attend Vantage Career Center to focus on and study Early Childhood Education. Her future plans are to continue her education after high school and to eventually, teach kindergarten or 1st

YOUTH 10U SOFTBALL TEAM WINS TOURNAMENTS

Members of the squad are (front L-R) Gracie Leal, Cassidy Rank, Maddie Clark, Layla Suduth and Kendal Peck. Also on the squad are (back L-R) Autumn Becker, Edreanne Peck, Riley Decker, Brynley Edmonds, Addy LaBounty and Kalli Gorrell. Coaches for the squad are Don Gorrell, Jason LaBounty and Ben Decker.

A local ten and under softball team made up of players from seven area school districts has enjoyed success this summer in winning a pair of

tournaments. The Northwest Destroyers captured tournament championships at Castalia on June 21 and again in Milford on

July 5. The squad is made up of players from Ayersville, Defiance, Fairview, Lincolnview, Paulding, Van Wert and Wayne Trace.

grade children.

Kennedy Marie Trabel, Antwerp high school, parents Larry and Crystal Trabel. Siblings, Allyssa, Maggie, and Case. She is an honor roll student, member of student council, and student athlete. She attends youth group at Divine Mercy Parish. She loves softball and hanging out with friends.

GOVERNOR DEWINE IMPLEORES OHIOANS TO UNITE TO PREVENT SPREAD OF COVID-19

In a statewide address from his office in the Statehouse tonight Governor DeWine said that the state is at a critical point in the COVID-19 pandemic and implored Ohioans to take appropriate action to reverse the rapidly increasing spread of the virus.

"Today, more Ohioans are getting sick than at any previous point in this pandemic. We are sliding down a very dangerous path, with our once flattened-curve starting to sharpen and spike," said Governor DeWine. "This is a worrisome, disturbing reversal of our progress -- a jarring reminder of just how quickly our fate can change."

Governor DeWine commended Ohioans for doing their part at the beginning of the pandemic. However, with positive cases increasing, he reminded Ohioans that the choices they make today will impact the spread of the virus in the coming weeks. During the speech, grounded in scientific evidence and data, Governor DeWine reminded Ohioans about the efficacy of facial coverings to protect themselves, loved ones, friends, neighbors and other citizens. He also renewed the

call to socially distance and limit public gatherings.

"I am calling on all Ohioans to once again unite. We must work together, support each other, and help each other through this challenging time. I've seen you do this. I know you can do this. Ohioans can continue to help our most vulnerable, while also protecting ourselves and our families. Together, we can be the Ohio where our hospitals are not overwhelmed, where our schools can open, where sports can start, and where our economy can continue to grow, Governor DeWine added.

A video of the address is available on the Ohio Channel's YouTube page.

For more information about Covid-19, including testing locations, visit coronavirus.ohio.gov.

DITCHES, TILE MILLS, DETERMINATION DEFEATED THE BLACK SWAMP

The heroic effort it took to finally drain the Black Swamp merited a state historical marker, which is located at Archbold. Ditching and tiling helped transform the 1,500 square miles of swamp into productive farmland.

By: Melinda Krick, Paulding County Bicentennial Committee

Part of a series

PAULDING – When today’s residents look back on our 200 years of history and think about what it took to clear and drain the Great Black Swamp, few may realize the struggle to drain the swamp continues to this day. As long as people want to live here and farm here, keeping the mud and water at bay will be a ceaseless effort.

The Black Swamp – 1,500 square miles water and mud beneath a dense forest – had acquired a menacing reputation and most settlers heading into the Midwest wanted to avoid the mud and disease at all costs. While other areas, such as southeastern Michigan, were attracting a flood of new residents, the Black Swamp counties grew very slowly. Draining the deep, sluggish water from the flat landscape would become the key to finally settling the region.

Our earliest settlers came from other areas of Ohio, from other states, or from Europe, which typically had hillier terrain. They didn’t have experience in artificial drainage. Here, they initially chose land with natural drainage, such as ridges and the high banks along streams and rivers. Populations remained low, even after the Wabash & Erie and Miami & Erie canals opened in the 1840s.

The first families of Paulding County first had to clear trees to build a cabin and shelter for their livestock. As they began to clear away more forest and plant crops, they started creating furrows and digging ditches to drain their farms. These were individual efforts and had mixed results. Sometimes farmers only succeeded in diverting the water onto their neighbors’ land.

Starting in the late 1840s, the State of Ohio attempted to bring about a more systematic effort to allow entire areas to be drained. The state’s first general drainage law, passed in 1847, allowed one or more landowners to petition the county commissioners for a ditch.

This law was superseded by the 1859 ditch law, “an Act to provide for locating, establishing and constructing ditches, drains and water courses.” The laws have been updated and modified several times. The cost of the improvement was shared proportionally among those who benefitted.

Getting rid of the wet con-

ditions had another important benefit.

The clouds of mosquitoes inhabiting the swamp carried what we know today as malaria, but the pioneers called the illness “ague” or “marsh fever.” Some estimates say as many as five out of six settlers were affected; they regularly suffered with severe chills and shaking, fever and profuse sweating. In some cases, people couldn’t work for several years. Sometimes the disease was fatal.

Residents and travelers also were fearful of cholera, which can be transmitted through contaminated water. The fast-moving disease could wipe out families within hours and cause others to flee and not return. Cholera pandemics struck Ohio, including the Black Swamp, numerous times in the mid-1800s. Epidemics of typhoid fever and yellow fever also occurred.

Despite the obvious benefits of a united effort to fight the swamp, ditching met with some resistance. The taxes assessed for the projects of ten cost more than the land’s purchase price. Some owners couldn’t pay their taxes. Nevertheless, notices for petition ditches began to appear.

Soon, surveyors were laying out open ditches, often between section lines. Men would come in and clear the timber and underbrush, followed by a horse-drawn plow to break the ground and scrapers pulled by horses to remove the dirt. After the process was repeated a few times, the men would finish the job, digging and grading by hand.

The ditches ranged from 3-6 feet deep and up to 20 feet wide at the top and 6-7 feet wide at the bottom. They served to artificially lower the water table of the surrounding land.

The dirt removed from new ditches at the same time was used to create new road beds. All over the area, roads paralleled the ditches in a grid pattern.

It quickly became obvious that surface drainage wasn’t enough to dry out the land and produce good harvests. Farmers needed to add underdrainage – removing standing water and excess water from the soil through a system of underground drains. The practice was introduced to the U.S. from Britain in the 1820s. A good ditch system was necessary to provide outlets for the underground drainage.

At first, tile factories were scarce – the first in central Ohio started in the 1850s – and transporting the tile was too expensive. Even when tile mills began to appear, most farmers couldn’t afford the tile.

Farmers improvised using a couple of methods to install underdrains, using materials on hand.

One method was digging a trench and laying saplings or split rains end to end at one side, then covering them with lengths of sawn lumber, usually oak, elm, black ash or basswood, leaving an open channel between the sapling and edge of the plank. Sometimes two lines of saplings were used with the boards perched on top of both.

Less common was a “vault” style drain. A trench was dug then a narrower, deeper trench was created at the bottom, creating “shoul-

ders” on which planks would rest. The lower trench would collect and carry away the water.

Both of these types might last eight to 15 years, depending on the soil type, quality of construction and how well they were maintained.

Next time: Part 2 of Ditches and Tile Mills.

More information on the bicentennial can be found on Facebook at www.facebook.com/PauldingCounty200.

ANTWERP POLICE REPORTS

On July 14th, it was reported that a vehicle was parked across from the Genesis House faced in the wrong direction. The officer located the driver, explained to him that he was unable to park in that direction and was told to move it.

On July 12th, a person reported they were being harassed by their daughter via text message, both the complainant and the suspect live outside village limits. They were turned in to the Paulding Sheriff’s department.

On July 12th, around 4:00 a.m. it was reported that a resident had walked away from the Antwerp Manor and they were unable to locate the individual. The officer responded and as he searched, he was notified that the resident had returned.

On July 11th, a resident reported that fireworks were going off in town disturbing her sleep. It was determined that the fireworks were outside the village.

On July 11th, while officers were checking doors, they found the weight room door of the Antwerp Local School unlocked. The officer secured the building and talked to a school employee.

On July 11th, a resident reported that they were receiving unwanted calls from a family member, the case was investigated and the family member was told to stop calling.

On July 10th, an officer was called to the Antwerp ball diamonds where a .40 caliber hand gun had been found in the restroom. The officer responded, retrieved the gun, located the owner and found that the gun was reported stolen in Henry County.

On July 9th, officers were called to a residence on Harman Rd. in reference to one of the residents being drunk and disorderly. Prior to the officer arriving, the resident received a ride and left town.

On July 7th, at 7:55 a.m. a motor vehicle accident occurred on South Main St. There were no injuries, just vehicle damage.

On July 8th, a vehicle was stopped for a speed violation. It was determined that the registration of the vehicle was suspended. The driver was cited and the vehicle was towed.

On July 7th, at 10:21 p.m. a resident at North Garden Apt. reported loud music. The

officer responded and spoke with the resident about playing loud music.

On July 7th, a resident of Woodcox St. reported that their mailbox had been damaged, the case is under investigation.

On July 6th, while doing residential security checks, found a resident’s door unlocked and unsecured. The officer checked the residence and contacted the owner.

On July 6th, a resident reported that they had received in change from a local business a 1936 buffalo nickel and a mercury dime. The officer notified other agencies including the Paulding Sheriff’s office. At this time, no coin thefts have been reported.

On July 5th, a resident reported two juveniles were riding a scooter and a bicycle in the roadway. The officer located the individuals and explained the dangers of riding in the middle of the roadway.

On July 5th, a resident of the Park Ave. Villas reported he was receiving unwanted threatening text messages from a person in Antwerp. The case was investigated.

On July 4th, a resident of the Park Ave. Villas reported that they had found bullet shell casings by a fellow resident’s vehicle. The officer responded and located the shell casings of 30 carbine ammunition. He obtained the casings and brought them to the police department.

If you would like to report any suspicious activity or if you have any questions, please contact the Antwerp Police Department, 419-258-2627. They are always ready to serve the residents of the Village of Antwerp!

PAULDING COUNTY GRAD JURY

Paulding County Prosecuting Attorney Joseph R. Burkard announced that the Paulding County Grand Jury indicted (17) persons on Thursday, July 16, 2020.

Austin L. McCloud (6/26/96), Address unknown; Burglary, F4; Assault, M1

Devin M. Schlea (3/26/92), Port Clinton, OH; Theft, F3

Ross, Haviland, OH; Disorderly conduct with persistence; Guilty; Defendant placed on standard probation; Pay all fines and costs; No unlawful contact with victim; Complete 10 hours of community service; Submit to mental health/anger management evaluation risk assessment; Probation shall order a conflict course

Ashley Switzer, Paulding, OH; Disorderly conduct with persistence; Guilty; Defendant to pay all fines and costs; Placed on stan-

The Paulding County Veterans’ Service Office

The Paulding County Veteran’s Service Office is dedicated to aiding Paulding County veterans and their families in time of need.

There are two basic services the agency provides:

1 – EMERGENCY FINANCIAL ASSISTANCE – Provide short term financial assistance to eligible veterans and their families who demonstrate a need. This includes, but is not limited to, food, gas, mortgage/rent and assistance with utility payments.

2 – CLAIMS ASSISTANCE – Provide services for veterans and other claimants for help with VA claims for any federal, state, or local benefits.

We also provide reimbursement for the cost of transportation to VA medical facilities in our area, or in the case where the veteran cannot drive himself, we will provide a driver.

Our office hours are Tuesday thru Friday, 9:30 a.m.-2:00 p.m.

Arrangements can be made for after office hours appointments

Any questions, please call 419-399-8285

BIG BOYS TOYS CAR SHOW & POKER RUN HIT IT IN THE HEAT!

The 10th annual Big Boy\$ Toy\$ Car Show and Poker Run took place on Saturday, July 18, 2020. This year's event was to raise funds for Antwerp Boy Scout Troop 143 and Helping Hands Randy Bussing Memorial. The day dawned sizzling

hot and held on for the duration as hotrods and classics rolled into the town of Antwerp and parked along South Main St. When it was all said and done, there were 36 participants in the Poker Run and 137 participants in the Car Show.

Grand Prize winner for the Car Show was Robert Kirst of Mansfield, OH with his 1946 Ford.

Look for a follow up of other winners, sponsors, and acknowledgments in next week's West Bend News.

standard probation; No unlawful contact with victim; Complete 10 hours of community service; Complete Conflict Wise program; Complete Hands Down book; Risk assessment; Maintain good behavior

HARLAN DAYS SADLY ANNOUNCES CANCELLATION

Joe Crozier, Harlan Days Chairman, announced the cancellation of Harlan Days by the Harlan Days Board, due to the COVID-19 pandemic. With the extra precautions and protocols of

social distancing, mask wearing and sanitizing of high touch surfaces ordered by the Indiana governor's office, it would be very difficult to keep volunteers, vendors and the public safe. Harlan Days

has been operating each year the first full weekend of August since 1947 where it was originally on the old Harlan High School grounds. The beloved fair will be rescheduled to 2021.

LUTHERAN HEALTH PHYSICIANS WELCOMES 8 NEW PROVIDERS

Eight providers specializing in the areas of family medicine, internal medicine, trauma surgery and neurology are the most recent to join the Lutheran Health Physicians team.

medicine physician in Auburn, Indiana, for over 20 years, specializing in osteopathic manipulation, joint injections, skin biopsy, skin cryosurgery, women's health and general preventative and wellness care.

JOHN PAULDING SUMMER BLAST 2020 PULLS OFF SUCCESSFUL EVENING

The 2020 John Paulding Summer Blast overcame the COVID-19 pandemic and pursued its festivities on Friday evening, July 17th in downtown Paulding by Herb Monroe Park. Tables were set up to observe the Governor's cautions of social

distancing in preparation for the live music of the evening. Brother Believe Me band entertained guests as food vendors filled their bellies. There was BBQ from Shigs-n-Pit, french fries from Antwerp Conservation Club, Fiske's lemonade, and The Big Dip-

per's ice cream. Even with the events that were canceled because of the COVID precautions, all who attended enjoyed the sultry summer evening outdoors.

The culmination of the evening were the fireworks display that were set off behind the Paulding County Carnegie Library. This was a major feat to even have this display this year as funds were thin, but the community pulled together to make it happen. The following were the Fireworks Donors:

Hanenkratt Plumbing, Jay Dangler Excavating, Shawn Matak, Clint Vance, Dave Burtch, Tim Boss,

Chris Free, Stephen Wagner, Dennis & Sandy Vance, D. Stevenson, Haviland Drainage, Guy & Diane Dasher, Michelle Stahl, A Plus Propane, Jane and David Nice, Foltz Insurance, Barb and Stan Searing, Stahl Stoller Meyer Insurance, Cooper Farms, Ashley Tope, Anne Reinhart, Integrity Ford, Paulding-Putnam Electric Co-Op, Red Angel, Jennifer Dunson, Bob & Heather Miller, Donald & Ruby Crossland, Madeline Foltz, Oakwood Arbor, Joe & Ellen Sukup, CMS Energy, and multiple anonymous donations.

127 YARD SALE SPACES IN PAULDING

Paulding - Still holding on to that stuffed giraffe your sweetie won for you at the milk bottle-throw... in 1956? How about those "collectible" Cleveland Browns 7-Up bottles? And what about your complete Betamax collection of "Hee Haw"? If you are a hoarder on the cosmic-level scale, we're here to save you from yourself. The 127 Yard Sale is coming up August 6-9, and the First Presbyterian Church of Paulding is here to help you clear a path from the kitchen to the outhouse and ensure that those boxes of your mother's old dishes, and your grandmother's old dishes, and your great-grandmother's not-so-great old dishes no longer pose an avalanche threat in the darkest reaches of your basement... and score you some green-backs for all that junk.

a row, the big, yellow brick church on the corner of 127 and 114 West Caroline is offering booth spaces in its parking lot. Spaces are available from Wednesday, August 5, through Saturday, August 8, with setup beginning at 4pm on Tuesday, August 4. Proceeds from the 127 Yard Sale go to support scholarships for mission trips. The last two years, trip participants spent time and elbow-grease at the Rancho 3M orphanage in Guadalupe, Mexico.

Questions? Contact Event Coordinator Brent Fishbaugh at (419) 378-2068 or the First Presbyterian Church of Paulding, Ohio at (419) 399-2438. Church office is open Thursdays and Fridays from 9:00 a.m. - 2:00 p.m. Further information is available online at firstpresbyterian-paulding.com and on First Presbyterian Paulding Facebook page.

PAULDING COUNTY HOSPITAL

WORLD DISEASES - "INFLUENZA PANDEMICS"

By: Caroline Longardner
As the world continues to battle it out with the COVID-19 Virus, we are all asked to be ever mindful of protecting ourselves and others by wearing face masks in public, continue with sanitation practices and hand-washing; and avoid crowds and large gatherings of people and beaches, etc. The population is asked to STAY AT HOME! We see all the scare tactics that we should practice each night on the news, but are we following the rules? Hundreds of people are getting sick and dying of this virus each day. It probably will continue until there is a vaccination for it and then some people won't get that and it will still endanger others. Laws will have to be made and obeyed.

In a previous column I have written about the "Spanish Flu" of 1918. There is really a lot more to tell about this "worst of them all" pandemic. This flu (became evident) & started as a fatal flu in the Fall of 1918. A young American soldier in Kansas was dispatched to fight in "the war to end all wars". He never fired a shot as he died in a hospital with severe flu symptoms. At his autopsy, the doctor said that his lungs resembled "melted currant jelly".

The disease that killed that soldier recruit in the Fall of 1918 went on over the next two years killing another 22 million people worldwide with the same symptoms. Even though Influenza is an ancient disease, it has caused worldwide outbreaks at irregular intervals. In 1889 the Russian flu killed 1 million. In 1957 the Asian flu killed 2 million, and in 1968 1 million died from the Hong Kong flu.

The 1918 Flu was different, however, as the healthiest and strongest seemed to be the most vulnerable. It killed more people than the Black Death of the Middle Ages and more than AIDS over the past 25 years and it did so quickly. Ever since that deadly epidemic, the medical field has been certain that another epidemic is a certainty and now the challenge seems to be at our doorstep.

Outbreaks of the Swine Flu in the Midwest in 1922 and 1923 were noticed by vets by the nasal mucus of hogs and it was identified as a flu/virus. Studies were made on distemper in dogs and the vaccines used for them and the ferrets that were used for that study. Scientists found that the influenza virus is so tiny that 10,000 would occupy less space than the period at the end of a sentence. Therefore a sneeze could carry the virus quite far.

Recent evidence shows that

Sudoku solution from page 7

2	9	6	7	1	5	3	8	4
8	5	3	2	6	4	7	1	9
1	7	4	7	9	3	8	6	2
9	4	2	1	5	3	7	6	8
3	6	5	8	7	2	7	9	1
5	9	8	1	6	4	2	3	7
7	1	8	7	4	6	2	5	3
6	1	9	5	7	4	7	8	2
5	3	8	6	2	9	1	4	7
4	7	2	4	3	8	9	5	6

the influenza found in swine in the 1920's and 1930's, and which reappeared in 1976, did not come from birds or other swine, but from infected humans! The pandemics of influenza that have swept across the world in the last 50 years appeared first in China and then in Hong Kong; this is because birds, pigs, and humans live in close proximity in China. In 1957 a new virus, the Asian flu, apparently arose that there was little or no pre-existing immune protection against the older strains.

Although up to the current Covid Flu Epidemic, the 1918 outbreak of influenza remains one of the world's greatest public disasters. Some have called it the 20th century's weapon of mass destruction. It killed more people than the Nazis and a lot more than the 2 atomic bombs dropped on Japan. In just 24 weeks it destroyed more people than those killed by AIDS in 24 years. As with AIDS it killed those in the prime of their lives; young men and women in their 20s and 30s.

The 1918-1920 pandemic caused more than just human deaths, there was civilian panic everywhere, the public was misled and ineffectively treated and advised by public health officials. Proper measures were not taken and the public lost faith in the government and the medical profession.

Sarah has been a member of the firm since 2013, and currently serves as the President of the Benjamin Harrison Chapter of the American Inns of Court and Vice President of the Allen County Bar Association.

SENIOR CITIZEN LUNCHEAS CANCELED AT ANTWERP VFW

Antwerp VFW Auxiliary will not be having senior citizen lunches until further notice.

FLAT ROCK CREEK FALL FESTIVAL CANCELED THIS FALL

It is with heavy hearts to inform the public that the 2020 Flat Rock Creek Fall Festival has been canceled. This decision was not lightly made, and the board of directors feels it is the right decision under the current circumstances we find ourselves in as a nation. The coronavirus still poses a threat in our community, and the mandates we are under in Ohio are for our safety but have made moving forward difficult. When considering the distances that vendors, exhibitors, musicians, and festival-goers travel, we apologize for any disappointment or difficulty this may cause but feel that cancelling is the best course of action at this time.

All vendor and camper payments will roll over to the 2021 festival, unless a written request for a refund is sent by email to flatrockcreekfestival@gmail.com.

The board of directors thanks you for your patience and understanding and looks forward to seeing you at the 2021 Flat Rock Creek Fall Festival set for September 17 - 19.

ANTWERP CHAMBER ANNOUNCES DAY IN THE PARK CANCELLATION

The Antwerp Chamber of Commerce has made the difficult decision to cancel Day in the Park for this year. Based upon the governor's concerns, it was decided to be cautious and safe and cancel the festival for 2020. The Cutie Pie contest will continue and the photos and voting cans will be at Petals and Vines flower shop located on S. Main St in Antwerp through August 10th. The Silent Auction is the Chamber's primary fund raiser at the Day in the Park event, and the items for the

Silent Auction will be set up at KB Scoops. If you would like to bid on these items, go take a peak and bid — they will be on display through August 9th. The Gem of the Year announcement will be made in the upcoming weeks. The Sweet 16 Contest sponsored by Memories By Tawnya will continue (see the feature article about the contestants in this week's West Bend News).

Community members and local businesses: if you sent in a monetary donation, it will be saved for 2021 Day in the Park, and you will not be solicited twice. Stay tuned to the Antwerp Chamber of Commerce's Facebook page and West Bend News for more updates. Thank you everyone for your understanding and support.

BIRTH ANNOUNCEMENT

Daniel Erbie Allen Ordway was born July 14, 2020 to Heather Bakowski and Daniel Ordway. He weighed 6 lbs 6.1 oz and was 19 inches.

Siblings are Addalynn, Sophia and Ashton Ordway and Emma and Chloe Feehey. Grandparents are: Deleena Starr, Danny Ordway and Allen Bakowski. Great grandparent: Erbie Branham.

RHODES STATE SET TO DISTRIBUTE CHOOSE OHIO FIRST FUNDS

Rhodes State College received Choose Ohio First Grant funding through the State of Ohio to offer full- and part-time students scholarships for the 2020-21 academic year that starts in August. The Choose Ohio First Scholarship Program is part of Ohio's strategic effort to strengthen Ohio's competitiveness within the Computer Science and STEMM (Science, Technology, Engineering, Mathematics, and Medicine) industries.

Rhodes State College majors that qualify for this scholarship include Digital Media Technology, Electronics Engineering Technology, Manufacturing Engineering Technology, Mechanical Engineering Technology, Network Security, Medical Assisting Technology, Occupational Therapy Assistant, Respiratory Care Technology, and Web/Computer Programming Technology.

The annual Scholarship will help students defray tuition, fees (other than lab fees) and required books not covered by other scholarships and/or financial aid. Scholarships start out at least \$1,500 per year, but awards are based on student's need.

To be eligible for this Scholarship students will be required to declare a major in one of Rhodes' eligible STEMM majors. Students must be a U.S. citizen or permanent resident and a resident of Ohio; maintain at least part-time status (6 credit hours); have a cumulative high school/college GPA of at least 3.0; a composite ACT score of at least 21 or placement test scores that show college ready status; complete the FAFSA; and fill out the online Choose Ohio First Scholarship Application. Additional requirements include: submitting a Choose Ohio First essay titled, "Why I am interested in a STEMM discipline."

"This scholarship will help students acquire an indus-

HABITAT FOR HUMANITY OF PAULDING COUNTY 10th HOME OPEN HOUSE

The Habitat for Humanity of Paulding County cordially invites you to the Open House of their 10th home build. The Open House is set for July 30th from 6:30-8:00 p.m. at the new home in Grover Hill on 200 E First St. The journey

started in February 2019 and through God's grace have fully completed this project. There have been many volunteers throughout this entire project including many private citizens, churches and businesses.

try highly desired STEMM degree. Every day we have industries contacting us for graduates in these high-demand fields of engineering and information technology," said Dr. Tonette Baldwin, Acting Vice President for Academic Affairs. For more information about this scholarship, please contact Dr. Eric Mason at Mason.E@RhodesState.edu. Fall classes begin August 26. Enroll online at www.RhodesState.edu.

MODEL RAILROAD SHOW & SWAP
