

ANTWERP CHAMBER ANNOUNCES GEORGE & VICTORIA CLEMENS AS GEMS OF THE YEAR

Pictured here are Antwerp Chamber treasurer, Sue Fowler; George & Victoria Clemens; and Gem committee member, Denise Coleman.

Each year in August the Antwerp Chamber of Commerce announces the Gem of the year at the Day in the Park. However, this year was quite different with the COVID crisis that cancelled the annual Day in the Park event. This year the Antwerp Chamber announces George and Victoria Clemens as their 2020 Gems of the Year!

George and Victoria have been at the Antwerp Police

Department for a combined service of 41 years. They themselves met at the police department in 2000, where Victoria was employed. George and Victoria married in 2002 at the Payne Nazarene Baptist Church. They absolutely love the Antwerp community and the people. Each day they come in and are ready to serve and protect the citizens of this small town. They realize it is more

than just a job. There are children, victims, businesses, homes and much more they work tirelessly to protect each day. Each day is different.

When asked what the most troubling crime they encountered. It had to do with a string of night break-ins that they brought in the BCI&I to help with fingerprinting. Victoria ended up capturing the person in what is now the old

NEW HAVEN EXPANDS SMALL BUSINESS LOAN RELIEF PROGRAM

New Haven, Indiana - Yesterday, August 27, 2020

Lt. Governor Suzanna Crouch and the Indiana Office of Community and Rural Affairs announced that the City of New Haven was one of 42 communities that would receive grant funding

through the COVID-19 Response Program. The City of New Haven will receive \$237,500 to offer additional support for small businesses.

The City of New Haven will expand their partnership with the Brightpoint Development Fund to offer this product to New Haven businesses. The Economic Revolving Loan Program will provide up to \$10,000 to a business at a low interest.

"As a small business owner, myself, I am excited to work with Brightpoint to offer support to New Haven businesses," state Mayor McMichael.

The additional information for this loan program will be available soon but will be model the existing program. To review the current New Haven Revolving Loan program and find the application visit mybdf.org. For additional help, call (260) 423-3546 ext. 215 or email bdf@mybrightpoint.org.

PROGRESS... PHOOEY

By: Stan Jordan

Yes, it's me, "Old Blue". I am an old 1981 Chevy farm truck. When I was young, I hauled produce for Mr. Crosby over in Payne, Ohio, but he needed a bigger truck so he sold me to Hahn Farms here in Antwerp...now that was many years ago.

Over the years, Mr. Hahn has gotten bigger and he and Nick have two big semis and just recently they picked up a Kenworth straight truck with 5 axels. Gee whiz, they could put me in the bed of that truck. Now Ken and Nick are doing fine and they don't need me anymore and I have been sold. Yes, just like the old time dish water, thrown

out the door. Looking back over the years, I really liked it on the Hahn Farm. They really treated me fine, but no room for me now.

I understand that I am moving to Harlan, Indiana. I know a lot of people in Maumee and Scipio Township and they are all good folks. I'm sure going to miss Kenny, Nick, Mike, Jake, Dan and all the boys at harvest time. I don't know if he sold my good friend Jenny the trailer or not.

Yes, I am a little sad, sorrowful and put out. I and Mr. Stan have been cast aside. Well, we will make a go of it. The downside of progress.

See ya!

She was preceded in death by her parents, her husband Roger, infant son, Michael Farlee, and daughter, Michele "Shelly" Zeedyk.

Visitation will be held from 10:00 to 11:00 am on Tuesday, September 1, 2020 at The First

Church of God in Defiance. A funeral service will follow at 11:00 am at the church, with Pastor Rick Rufenacht and Pastor Larry Kennedy officiating. Due to the recent pandemic, masks and social distancing are required. Burial will take place at Riverview Memory Gardens.

Schaffer Funeral Home assisted the family with arrangements.

Preferred memorials are to be directed to the Camp Meeting of the Church of God. Online condolences can be given at www.schafferfh.com.

PARSON TO PERSON

By: **Dr. James Bachman**

*Dear Parson,
My husband and I have heated arguments almost every day over finances. I can't take it anymore. What can I do?*

God says, "Let nothing be done through strife..." (Philippians 2:3) and "Leave off contention, before it be meddled with" (Proverbs 17:14). The spirit of strife and contention only escalates anger like pouring gas on a fire. Refuse to argue!

Productive reasoning happens when one party is allowed to fully, calmly and respectfully express themselves without interruption followed by the other party being then given the same privilege. Then they seek for common ground and try to come to an agreeable compromise.

See Joshua, chapter 22.

If you cannot do that, seek godly counsel from someone you both trust and come up with a written agreement. Proverbs 19:20 says, "Hear counsel, and receive instruction, that thou mayest be wise in thy latter end."

KIDS' KORNER

Hi, again! I'm glad you've come back this week! I have some good news for you.

I thought that you might want to ask things or suggest topics for these articles, so I have an email address you can use to do that. It's mhrtim1995@gmail.com. I appreciate your comments and suggestions. But you need to know that the time between when I write this and it is published is two issues of the newspaper. So please don't be upset if you don't see a printed response right away. But I will answer you email. Let's get those emails coming, OK?

The trivia question for this week was how many times God said of creation that it was good, according to Genesis 1. Do you remember me telling you it was a trick question and that you should read the passage carefully? Well, here we go:

God never said of Creation that it was good. He did, in fact, see that it was good. Five times in the six days of creation. When God spoke, things came into existence. When He saw Creation, He saw that it was good.

Okay, that was tricky of me wasn't it? But it does highlight the point that the Bible should be read closely and carefully.

For next week: What were the names of the men who found themselves in the fiery furnace? See the book of Daniel.

See you next week!

THY KINGDOM COME

By: **Doris Applegate**

It is with great enthusiasm that I write this article. Even tho' we are in a terrible and painful crisis and we are sorry for those suffering in so many ways, we are making a turn for the better.

Because of our trouble more people are turning to prayer and trust in God for help. This is the very beginning of the "Great Awakening" that we were told is coming. God hears the cries and prayers and answers. When we are self-sufficient and think we can handle everything we usually don't pray as much but when we can see we can't handle the problems then we pray, isn't that so?

Those who want life, liberty, righteousness and equality for all are wanting what God wants. As we pray His will, we will see our land (USA) healed. This "Great Awakening" (turning to God) will help get the church ready for the return of Jesus Christ. Since the church of Jesus is "salt and light" we must keep our "salty" flavor or we are good for nothing and "cast underfoot". If we hide our light we won't be seen for the true

SCRIPTURE OF THE WEEK

"Come, let us bow down in worship, let us kneel before the Lord our Maker; for he is our God and we are the people of his pasture, the flock under his care. Today, if only you would hear his voice,"

REVIVAL TIME!

Come join us for a revival September 11-12 at 6:00 p.m. in the Paulding Courthouse Lawn at the gazebo.

Message will be delivered

by Pastor Keith Adkins with special music.

Come expecting a blessing, bring your friends, family and a lawn chair.

help we are. "A city that is set on a hill cannot be hid." (Matthew 5:14). This move of God (awakening) will infuse us with such strength and power that we will be like Clark Kent who took off his natural clothes and put on his big cape with the "S"! We will be full of super natural might that the Holy Spirit gives!

"Awake, awake and put on your beautiful garments" We are realizing that we cannot do anything without the Lord Jesus (John 15:5) the same verse says "Jesus is the vine and we are the branches and must stay connected and abide in the vine to be able to bear fruit!"

We are now in the time of seeking God and we will soon see the Glory of God come also. There is coming a future time stated in Isaiah 11:9 "that the earth shall be full of knowledge of the Lord, as the waters cover the seal" Just think how wonderful it will be for this to happen. Let your mind go to this place promised in God's word. This is on this earth. Get excited about the coming Kingdom that Jesus will set up and where He sits on His throne. After the thousand years of the Kingdom (restored Eden) Jesus will

hand the Kingdom back to God the Father for eternity.

Also remember that the over-comers are going to rule (govern) and reign with Jesus Christ (Rev. 20:6). Get ready, the best is yet to come.

Amen!

DINNER AND REMEDIES FROM 1887

Penny For Your Thoughts
By: Nancy Whitaker

A couple of years ago I bought an 1887 book which peaked my interest. The book

was titled My Whitehouse Cookbook and includes just about anything you would want to know about everything for that time period.

One thing that has really changed from this time period is table manners, because at that time rules of etiquette were very strict and were followed at every meal. The book discussed them vividly and I am not even sure if I follow all of them.

I know today that most times I will eat meals on a TV tray and sit and watch television while I eat, but unless you were sick or dying, back then, one was expected at the dinner table.

Dinner then was a festive time with a lot of courses and many liquors, brandies and wine. This was probably the richer, finer diners of the era. Then they had to dress up for dinner. It was almost like a party.

Many years ago in Home Ec class, we were taught how to properly set a table for meals. I still remember that lesson but did not know that seating arrangements were very important in 1887.

However, dinner then was a lot different than we know it today.

When I was growing up, my Grandma was pretty strict when we ate. She, of course, said not to sit at the table and no elbows on the dinner table as well.

She always said not to hand a person a fork or it meant you would get in a fight with them.

So I kept that knowledge stored till this day.

Another interesting section in the old book is what food you serve to sick people. Some foods included Slip-

perry Elm tea, water toast, gruel, and mutton or beef broth.

A sick person needed to be served on fine small dishes on a nicely decorated tray or bedside table.

Reasoning was that we do eat with our eyes first and a sick person is apt to eat better with an inviting tray.

One food the sick could eat was "Soft Toast." Directions were : toast in the oven, a couple of pieces of stale bread. Then take the toast and put on a plate. Add a pinch of salt.

Then pour a little bit of boiling water over the toast and place another plate the same size on top.

Drain water from the toast and put a little butter on each slice. Serve hot.

Now we used to make "hot milk toast" when I was young and when I get sick with the flu, I still make myself some even today. The recipe is as follows:

After toasting two slices of bread, tear into cubes in a bowl.

Then pour warmed milk over the toast and add sugar and cinnamon. Yum, this is pure goodness coming from toast and milk and I could eat it every day.

Now granny had a remedy for everything. She always said to put butter on a burn, and she was right, because in this book it says that to treat a burn you first grab the butter and apply it to a clean cloth and then place the buttered cloth on top of the burn. I still always put butter on burns and everyone says not to.

For a sore throat it was recommended to gargle. My family used hot water, vinegar and salt and pepper to gargle. I never could get the hang of gargling because each time I put my head back and make that gargle sound, I start laughing and just can't do it.

One last remedy from 1887 was Grandmas Cough Syrup. Want to try it? The recipe is:

1/2 lb of dried horehound leaves, one red pepper pod, 4 TBS of ginger, and boil in 3 qts of water. Steep and add in one teaspoonful of good fresh tar and a pound of sugar.

Boil slowly until mixture is like a syrup.

Well, my Grandma never gave us tar but she used to give us coal oil and sugar to ward off the germs.

This is truly a great book and maybe if you go to the library, you can check out a

copy. Have you ever made or used a home made remedy? Did it work? Do you dress up for dinner? Let me know and I'll give you a Penny for Your Thoughts.

(Continued from Page 1)

school. Antwerp has not had to deal with a murder in the time frame they have been in this town.

They have been involved in many positive things including the Chamber and helped with the idea of founding of ACDC. George said they have had three very supportive mayors in their time on the force. They all truly cared for the community and shared their gratitude, being supportive of the Police work and keeping the community safe.

The Clemens' were asked how has 2020 has been for them in light of the big city protests, riots, and general hate of the police. George said they have been concerned with what is seen in the news, but that has not spilled over into our community. People here have been the opposite of what is on the media. The people here have been very supportive by sending them letters commending their work, and even buying their lunches.

What is the best way to serve as a law enforcement officer? Victoria said, in her calm voice, to serve from the heart, then the book. People who act out, many times are just put in abnormal circumstances that they wouldn't normally say or do. Then their job is to try and help them and keep the community safe as best as possible.

George said they have Andy Griffith playing quite often in their office. He said he thinks of our community like Mayberry. We have your "Aunt Bee" and your "Otis", and other citizens. "I'm not Andy Taylor, but I have become softer and less rough around the edges," commented George.

What would George and Victoria like to see for the future of Antwerp? They would love to see the downtown full of businesses. He said 20 years ago the downtown was nearly dead, now many businesses have reworked the old buildings and opened up stores. There is still quite a bit of work to do, but he would love to see it full! George has also noticed how much more housing that has gone up in 2019 and 2020. Every time he drives around it seems as if another house is marked out for construction. One last thing mentioned was how much he would love to see a grocery store back in the community for the people that live here, especially those that don't want to go to Walmart or Meijer in this time of COVID.

One of the hobbies that George and Victoria like is going to as many circuses they can within a 100 miles. If you haven't seen their place, they have made quite the "circus" with animals and pets. They have rescued many animals in the past, starting with Benji the Red Fox 10 years ago. The animal was slated to become a fur, but today he's still wearing his own coat. Every animal out on the range has a name and special place. For some unknown reason, wild rabbits seem to congregate at the Clemens'. One morning

George counted 52 rabbits in his yard. Driving by their place, you'll probably see rabbits, ducks or something else. They just love being there!

What does the future look like for the Clemens? Well, George stated he would like to retire, possibly in three years. Victoria, on the other hand, stated she is not ready to think about retirement. On George's bucket list is to drive for a circus for six months - this could be possible as he has his CDL! He loved it when the Culpepper & Merriweather Circus was in Woodburn a couple years ago. That was the most impressive circus he had seen personally.

George and Victoria have five children: Alicia, Katie, Kameran, Kenzie, and George IV.

George and Victoria stated, "We are flattered to be chosen Gems of the year, Thank you!"

CITY OF WOODBURN COUNCIL MEETING MINUTES 8/3/20

The meeting of the City Council of Woodburn began at 7:00 p.m. on August 3, 2020 with the Pledge of Allegiance. In attendance was Mayor Kelsey, Clerk-Treasurer Cummins, Chief Parker as well as Councilmen Voirol, Martin, Thompson, Gerig, and Watts. Superintendent Walls was not present.

CHIEF'S REPORT:
The RECON bike for the police department should arrive in the next few weeks.

SUPERINTENDENT'S REPORT:
The superintendent expected to be absent for the August 3rd meeting and consequently prepared a written statement that provided updates to the council and was read by the mayor to the council.

MAYOR'S REPORT:
The Woodburn Missionary Church has a new disc golf course installed for the public to use. The mayor presented a quote from Shambaugh & Sons in the amount of \$4,445 for the electric work to be completed to install a new sign out at the road in front of city hall. There is another quote coming from Tuesch Electric, Councilman Voirol moved to proceed with the quote presented from Baldus in the amount of \$35,800 with the electrical work to be completed by the lesser of the two quotes from Shambaugh & Sons and Tuesch Electric, assuming Tuesch Electric can provide their quote by August 10th, second by Councilman Thompson, all in favor. The mayor received a quote from Shambaugh and Sons regarding connection of the generator behind city hall that would wire power to the entire building, including the fire station and the community center, in the amount of \$27,280. The mayor asked for the Maumee Township to pay a portion of this cost if it was decided to proceed. After discussion, it was determined to present the Maumee Township Trustee with a request to pay half of this cost before a vote would be made by the council.

CLERK-TREASURER'S REPORT:
The meeting minutes were presented from the July 20th meeting. After discussion, Councilman Gerig moved to accept the minutes from the meeting on July 20th as presented, second by Councilman Thompson, all in favor. Warrants were presented. After discussion, Councilman Voirol moved to pay the warrants as presented, second by Councilman Watts, all in favor. The clerk-treasurer handed out financial data as of June 30th, 2020. This information included fund balances, expenditure guidelines, and revenue guidelines for tax funds, water funds, and sewer funds. 2021 budget requests were discussed and the clerk-treasurer will implement suggestions for future consideration.

COUNCILMAN'S REPORT:
Councilman Thompson informed the council that the Woodburn Clothing Bank has submitted its 501-3C paperwork and this should be finalized within the next 2 to 4 weeks.

AUDIENCE: Nothing to report. Councilman Watts moved to adjourn the meeting, second by Councilman Voirol, all in favor. Meeting was adjourned at 8:22pm.

LABOR DAY: MAKE INVESTMENTS WORK AS HARD AS YOU DO

Labor Day is almost here. Of course, this year, the holiday may have a different impact, given the employment-related stress and disruptions stemming from the coronavirus. Yet, it's good to recognize the value of work and its importance in achieving your life's goals. But if you're going to retire comfortably and reach your other financial objectives, you also need to invest - and your investments need to work as hard as you do.

To help make this happen, you need to know why you're investing in the first place. You likely have a variety of financial goals, including short-term ones - a long vacation, a new car - and long-term ones, such as a comfortable retirement and the desire to leave a legacy for your family. But you can't invest in the same way for these goals. For example, when you're planning an overseas vacation for next year, you want a certain amount of money to be available at a certain time, so you'll want an investment that offers a high degree of preservation of principal. However, when you're saving for a retirement that may be decades away, you need to consider investments that offer growth potential. In any case, you can help your investments work efficiently for you by matching them with specific goals.

You also want to keep your investments "on the job." In the immediate aftermath of large market downturns, such as we saw earlier this year, many people simply stopped investing altogether. But taking a "time out" can be costly. For one thing, when you stop adding to your investment portfolio, you reduce its

growth potential. Furthermore, if you're on the investment sidelines, you might miss out on the next market rally - and the biggest gains often happen in the early stages of these rallies.

Not everyone simply abandons the investment world following a downturn, though - some people just put more money into cash and cash equivalent accounts. And while it's a good idea to have enough cash on hand for emergencies (about three to six months' worth of living expenses), you may not want to have cash as the major component of your portfolio. Cash simply doesn't "work" hard enough in the sense of providing you with long-term growth opportunities.

So, whether the markets are moving up, down or sideways, it's important to keep investing and keep a reasonable percentage of growth-oriented investments in your portfolio, with the exact amount depending on your goals, risk tolerance and time horizon. These investments will fluctuate in value, but the longer you hold them, the more the impact of short-term drops may be reduced, especially if you maintain a diversified portfolio, although diversification, by itself, can't ensure a profit or protect against loss in a declining market.

Finally, here's one other step you can take to help keep your investments working hard: Check up on them periodically. Review your portfolio at least once a year to determine if it's still helping you make progress toward your goals. If it seems like you're falling behind, you may need to adjust your investment mix.

You've probably discovered that hard work pays off for you in just about every endeavor - so why should it be any different with investing? Keeping your investments working diligently can help boost your chances of achieving your important financial goals.

WOE IS US

By: Stan Jordan
This is August 13th, 2020 and mixed up like any other day lately.

Nobody, like our leaders, make a direct order any more and if you back off and look at the times you can see why.

Basically the whole world is under control of Covid 19 and I don't think anyone knows whether it is a germ, a mite or a larvae type microscopic something.

Anyhow, the whole United States is in a large scale pandemonium. There is no baseball, now there is no NCAA and probably most any college athletic function will be cancelled. Politics have taken over all of D.C. and therefore, the nation. Both parties are a bunch of blockheads saying the other side stinks, and they do. Each side is trying to buy more votes with this easy money fiasco.

I cannot imagine where these politicians are going to get all of this free money from.

They want to give about half of the people a few thousand dollars free and let the working people pay for them staying home. I'm telling you, that stuff is dumb, bad, unreal and just not how this big United States became the Commonwealth that it is.

Right now, each born baby here in the United States is already over \$100,000 in debt and those so-called leaders want to make it worse, and it looks like we are becoming a divided country and we all know that as a divided country, we can not stand.

Yes, woe is us.

See ya!

ONE GOOD THING

By: Stan Jordan

This is Friday the 14th of

August. We have been a different nation since March 9th...that is when the emergency started.

In looking back, it seems that the nationwide lockdown was too much, too quick, but that was to be seen, it was our first lockdown.

We all learned from it because it was totally new, having come in from an unseen little bug called coronavirus for some reason.

Now that was five months ago and in some areas, they are slowly going back to original lifestyles.

That was pandemonium enough, but all of our leaders are playing politics at the same time and that is at our expense, financially and economically and other types of payment.

Leadership, courtesy, honesty and 'by the book' has gone by the wayside.

See ya!

AT LAST

By: Stan Jordan

I have written for the West Bend News now for over 15 years. I've told the truth, I've stretched things once in a while, but generally about wild life and history and on those subjects I've been as straight as I can be and I always appreciate your help.

Before my ballpoint pen runs out of ink, I want to write one more column of appreciation to a mighty fine group of people and that is the Paulding Putnam Electric Co-op and from here on, it is called PPEC. The word on their shirt is service and that comes from them in many ways. I have talked to George Carter, the CEO of that big company, a couple of times and they cover a lot of what I call the tri-state area about a half dozen counties in Ohio and Indiana.

Now their big job is to furnish all the patrons with plenty of power for goodness only knows how many little and big machines and electric razors, and they have done that job very well since 1937 or close to that because I can remember when the people North of Antwerp was getting hooked up with PPEC. That is their job and they do it well, but here is where I want to start. They flat out do a lot of good will things for a lot of people in this area and I don't mean just their patrons. I'm going to talk of some of their helpings but I know I will miss some, there are so many. They even have a lady, Erika Willitzer, whose job is marketing and economic de-

velopment manager. Now the last of that cognomer is Jordanise is 'What can we do to help you?'

PPEC helps things all the way from the grass roots on up, like the Paulding County Parks Commission, history, preservation and wild life. A few years back, PPEC was the main backer to raise the money for the Veterans' Honor Flight.

They have donated a lot of food over the years along with other gifts. They have even sent some of their linemen to other states in those weather related emergency problems.

I know I just scraped the top of their humanitarian endeavors, but by golly, PPEC is right there to help you.

A long over-due column.

See ya!

THIS UNEMPLOYMENT FIASCO

By: Stan Jordan

I know me writing this column has two sides to it, and it is like me walking over the Niagara Falls on a tight rope.

First let me say that in my generation we lived and survived without a dime from the government, that was unheard of. This country owes you nothing. You are lucky enough having been born here, a United States citizen.

This so called unemployment deal that has blossomed and along with the Covid 19 and the lockdown is as much wrong as it is right.

In my time, unemployment was \$110 a week and you had to try to get a job at 3 different places. This deal now of 40% of your wages plus \$600 a week that is Santa Claus stuff. I am again thinking maybe such a deal is needed, but that don't cut any ice with me. A deal like that is un-American.

Americans work for a living, If you lose your job, you go out and find another one. Basically that doesn't apply much to our area. Most people here are working right along. Those that have a job were anxious to get back on the job. If there are some who need the unemployment assistance, I would hope they would take advantage of it. You deserve it as well as anyone else.

It all stinks a little bit. People are working on the job all day to pay taxes that let other people stay home.

Oh what a tangled web we weave.

See ya!

LABOR DAY

By: Stan Jordan

Yes, Labor Day means a lot of different things to a lot of different people. It is always the first Monday in September, but it is not always the same date on the calendar.

Labor Day was designated by the government as a federal holiday to honor and recognize the American labor movement and the contributions of laborers to the development and achievements of the United States. People usually use it to proclaim that summer is over and the three day weekend giving everyone a last hurrah! Some labor unions put on a final free picnic for their members and this is a hurrah for all the family.

In olden days, the day after Labor Day was the first day of school, regardless of wind and high water. Over

the years, the states has squeezed all the time they can into class room time and now school starts in mid-August.

A pregnant lady has a different outlook for her "labor day". The avid golfer takes a final trip to the course. Some fishermen start to put their gear away for the season and others start to get their ice fishing gear in shape.

The clothing store people get out the artc boots, overshoes, over coat and cold weather gear.

The farmer has to get the harvest machinery ready, plus all the equipment for drilling in some wheat and work the ground for next year crops.

Mom has to make sure the heavier winter coats are clean and mended. Dad has to clean and oil the heating system and get the cars winterized plus cleaning out the eaves.

Learning Expertise at its Best 2020 Stevie Awards for Great Employers, Gold Stevie Winner

New Heights Educational Group, Executive Director, Pamela Clark, stated, "I'm so proud of NHEG and all its accomplishments and of our 94 volunteers that help us change and improve lives. We have an incredible team here at NHEG, and their dedication is the main factor in our continuation of winning these awards. Without them and my husband (Greg Clark) there would be no NHEG. We are truly grateful and blessed when our works are continually recognized by others. We want to recognize Anusha Nemali, previous HR Coordinator for her tireless work and wish her all the best. Thank you to all team members."

The Stevie Awards for Great Employers recognize the world's best employers and the human resources professionals, teams, achievements and HR-related products and suppliers who help to create and drive great places to work. Nicknamed "the Stevies" for the Greek word meaning "crowned," the awards will be conferred upon the winners during a virtual awards ceremony on November 5. Registration for the ceremony is now open. More than 700 nominations from organizations of all sizes were submitted this year for consideration in a wide range of HR-related categories, including Achievement in Workplace Safety & Compliance, Employer of the Year, Chief Human Resources Officer of the Year, Human Resources Team of the Year, Employee Relations Solution Provider of the Year among others. Especially popular were six free-to-enter COVID-19 Response categories.

LETTER TO THE EDITOR

Last week, Bob Latta said he's mis-representing facts again as always, blaming the Democrats for his in-action and ignoring the post office until now!

It's been some time since the 458 Lima postal distribution center was closed, and my wife and I were about the only people who went to the hearings in Lima at that time! It was never in local papers, and the only way we knew is because a contract driver who brought mail to

Oakwood, Melrose, Grover Hill and Continental told us. When we were there, the woman who was in charge of our Ohio postal service took out a distribution center that was running at 98% efficiency, in a building owned by the post office, and split the 458 up between Detroit and Cincinnati leaving us with slower mail delivery.

Senator Sherrod Brown sent a representative that had the facts, spoke on saving the center, and how it was needed to deliver mail, medicine, and such to our residents. A rep for Bob Latta handed the woman a paper, saying this was Latta's reply. No explanation, not even a shot of trying to keep a well-ran postal center open!

When Latta says he's working to keep the postal service working for the upcoming election, past Latta practices say that he's doing his usual...blaming Democrats for his inaction and sitting in daddy's big old leather chair behind a desk collecting \$174,000 plus lifetime insurance and other benefits! if he's not going to do anything, I wish he'd just have his aids quit writing crappy clips and only trying to sound like he cares! Only thing Bob Latta cares about is Bob Latta and getting Bob Latta re-elected!

I read your article about the Quasar facility outside of your town. I hate to break it to you, they will never get rid of the smell.

Wherever they build these things, the neighbors complain. They will tell you they

will fix it but it never happens. Here in Wooster, Ohio they worked with the city to build a biodigester that was going to produce enough power to run the waste water treatment plant. After several years of "we will fix it" the city finally cancelled their contract and is now having to spend millions of dollars to try and correct it and eliminate the smell.

People downtown are still complaining about the smell. In addition to that (we are so lucky) they built what is affectionately called the "poop pond" in a township north of town. "Oh, a crust will form that will keep the smell in." Yea, right. No such luck. The people living out there (and a campground) are now out of luck. Who's going to buy their properties with a smell like that around? They even have applied to bring in more poop for their pond. It's just a matter of time before it leaks (it's lined with clay) and contaminates their water wells.

Just Google "Quasar smell" and you will find other cities facing the same problem with them...and the smell never leaves.

LETTER TO THE EDITOR

A Chuck Schroeder (character assassinator) makes my point exactly! He has obviously drank the Trump koolaid, making sure that he says only Republicans who watch Fox anything or racist-bigoted Newsmax are the chosen ones that have "bought" their way into Heaven!

Last week, the Democratic Convention, besides being responsible, health-wise and up beat on planks for the 2020 elections, only had to show clips from Trump the last 3 1/2 years to make their point on the evilness that's gone on! First of all, the only thing the Republicans have going is they are "all in" for Trump, no plans, only hate, despicable actions on its own citizens and cranking up their wacked out gun-toters, and spread lies about decent people who are (I remind Mr. Schroeder) American citizens!

Trump has done nothing but try to erase a black man who was president for 8 years, taking over a mess from Bush II, and without 6 years of help from Moscow Mitch McConnell, and John Boehner/Paul Ryan, brought the nation out of recession! Trump did as he always did, ran it into the ground!

No, Trump did not bring the Covid 19 problem to

America, but he did nothing but lie, deny, and cause 177,000+ people to die from inaction! If the cupboards were empty, it's not on Obama/Biden, look at Moscow Mitch, Ryan and Co!

This guy has no recollection of history as it happened, only buys the lies (over 30,000 false statements and counting in 3 1/2 years!). Also this guy knows nothing about me, or my personal relationship with God and Jesus! I don't know what they taught him in Sunday school, but it's not what I learned! I do not believe in abortion, but I also believe there's a time those will be judged, not by Chuck but from God! (Jesus said "judge not lest you be judged!"). Also I was taught that Jesus was a compassionate person, who believed in taking care of needy and elderly!

As a former Republican, I know the Republican party that's been hijacked by Trump and his minions is as close to the 666 that was told in the Bible! Chuck believes in a lying, racist, misogynist, rapist, thieving, evil orange, fake, squatting in the greatest political symbol of freedom in the nation!

Chuck is not a supporter, he is complicit of the take-down of our constitution and since he's behind Trump and Bill Barr, he's complicit of the transformation from a free democracy to an autocratic dictatorship! I feel sorry for those who have fallen for these phony "patriots" like Trump/Pence, and the take-down of our great nation! No, Fox and Newsmax won't tell you these things, and they also won't tell you that Eric Trump has pleaded the 5th in the state of New York's grand jury investigation of Trump, Trump Inc., and Trump family!

If there's any cheating in the Nov. 3 election, I guarantee Trump is the cheater! That guy is scared to death of going to jail, and if he loses he will! Remember when you cheat, lie, and steal, the bill comes due! He will pay, and sadly, all the complicit supporters will too!

And by the way, vote early if possible, I will be wearing my protective mask and be a poll worker because I still believe in Democracy!

—Mike Porter

DESK VIEW

By: Katie Oberlin

Antwerp Local School resumed session Thursday, August 20, kicking off a new academic year. Although this was the first school day, some students began their classes already during the summer. For example, those seniors who had chosen to take Advanced Placement (AP) English Language and Composition were asked by Mrs. Sorrell to choose and read a book from a list before school started. Typically, students are all assigned the same book for summer reading, but as for most at this time, this year's assignment was an anomaly.

As a participant in AP English, I chose to read I Am Malala: The Girl Who Stood Up for Education and Was Shot by the Taliban. In this book, published in 2013, author Malala Yousafzai tells the story of her family's life in Pakistan, how it was affected by the Taliban, and their

fight to rightfully provide education to girls. To threaten my life simply by attending school as a girl, something Malala and her friends did on a daily basis, is unimaginable. Malala tells about life under the forceful military state. She explains how the Pakistan Taliban forbade television sets, DVDs, CDs, dancing, and board games, wrongfully using the name of Islam to broadcast that the use of these things was sinful and caused events such as the earthquake in 2005.

This book opened my eyes to how different other people's realities and circumstances are from my own. I got a chance to learn more about Islam and Pakistani customs, culture, history, and politics and to learn about the severity of the Taliban through the accounts described in the book. Malala Yousafzai, the youngest Nobel Peace Prize winner, was very unfortunate to be shot by a Talib on that October morning in 2012, but fortunate enough to receive the proper medical treatment and rehabilitation to be able to live to tell her story today. She spoke up to fight for girls' education and did so relentlessly. I find it particularly impressive that she not only experienced all of this but that she went on to write a book about it all in a second language that I happened to choose for my AP English summer reading assignment.

RAIDERS WIN GMC QUAD MATCH

DEFIANCE - Green Meadows Conference members Fairview, Hicksville, Tinora and Wayne Trace hooked up in girls golf action at Eagle Rock Golf Course on Tuesday with the Lady Raiders bringing home an eight-stroke victory.

Wayne Trace finished with a 198 to win the match while Fairview recorded a 206 and Hicksville took third with a 220. Tinora placed fourth on the day with a 254.

Hicksville's Kenzie Schroeder took match medalist honors with a 40 while Wayne Trace's Kenadie Daeger carded a 43 and Fairview's Emily Singer posted a 44.

Chloe Parker was second for the red, white and blue with a 49 and Alena Denny added a 50. Emma Crosby and Riley Daeger both chipped in a 56 while Kristin Wannemacher rounded out the Raider lineup with a 64.

Lorelle Hetrick added a 47 for Antwerp and Eva Wermer finished with a 53. Andrea Macsary and Jamie Reineck posted rounds of 62 and 80, respectively, for the Apaches.

Other scorers for the Lady Aces were Julia Garza (59), MaKeegan Bailey (60), Morgan Fogle (61) and Emily Harmon (75).

Tinora was led by Emma Luthi and Rylee Joost, who both finished with 58's. Savannah Welling added a 68 followed by Zoe Gomez (70) and Felicity Barker (73).

LANCERS SWEEP PAST ARCHERS

Antwerp senior Madison Ruen kneels to dig the spike sent across the net to her as teammate Astianna Coppes looks on for back up. More pictures at westbendnews.net

ANTWERP - The Antwerp Archers and Lincolnview Lancers hooked up in a non-league volleyball match Saturday night where the visiting Lancers took home a three-game sweep for the victory.

The Lancers took the opening set 25-13 before following that up with a 25-14 win in game two. Lincolnview wrapped up the match by dominating in the third set

and cruising to a 25-4 victory. Lydia Brewer posted six assists, one ace and a pair of kills for Antwerp with Astianna Coppes recording four kills, two assists and a block. Maddie Smith finished with three digs and three kills and Grace Schuette added two kills and a block for Antwerp, which falls to 1-3.

Others aiding the Lady Archer cause were Madison Ruen (three assists), Lydia

Butzin (five digs), Madyson Bauer (six digs) and Faith Nestleroad (one dig).

The Lady Lancers also recorded the win in the junior varsity match, outscoring Antwerp 25-16 and 25-14. The Lady Archers fall to 1-3 on the season with the loss.

Antwerp's freshman improved to 1-2 with a 20-25, 25-22 and 25-18 victory over the Lancers.

Kolkman said the run-back included several dangerous blocks that he had to address.

"(It's a) point of emphasis in the rules, it's the peel-back blocks (in that punt). It looks like they got us twice if not three times on that same play and they still gave them the touchdown. That was a little frustrating. I might have lost my cool a little bit. I was defending the boys. They were playing hard out there. I felt like they needed to be defended so that's what I did. I'll take that."

The Patriots open up Allen County Athletic Conference play Friday at rival Woodlan. The Warriors are 0-2 with a pair of 50-0 road losses to Leo and South Bend Adams.

PILOTS HOLD OFF ARCHERS FOR SEASON OPENING VICTORY

DEFIANCE - Antwerp and Ayersville hooked up in a Green Meadows Conference football season opener Friday night at Ayersville High School with the host Pilots holding off the Archers for a 14-6 victory.

Antwerp struck first in the contest, thanks to its defense.

Hunter Sproles picked off a Pilot pass and returned into the endzone at the 7:49 mark of the opening stanza to put the Archers in front 6-0.

However, Ayersville quickly responded.

Jakob Trevino hooked up with Blake Eiden on the Pilots' ensuing possession to put Ayersville on top 7-6 at the end of one period.

Trevino then scored what would be the final touchdown of the contest, scampering eight yards into the endzone in the second quarter to extend the Ayersville advantage.

Dominic Moore split the uprights on the extra point to set the final margin at 14-6.

Antwerp returns to the gridiron on Friday as the Archers visit Fremont, Indiana, for a non-league battle. The Eagles are currently 1-1 on the season after a season opening loss to Adams Central (43-12) and a week two win over Prairie Heights (40-0).

Ayersville will visit Paulding County on Friday as the Pilots travel to Raider Field to battle Wayne Trace.

PANTHERS PICK UP SECOND SWEEP

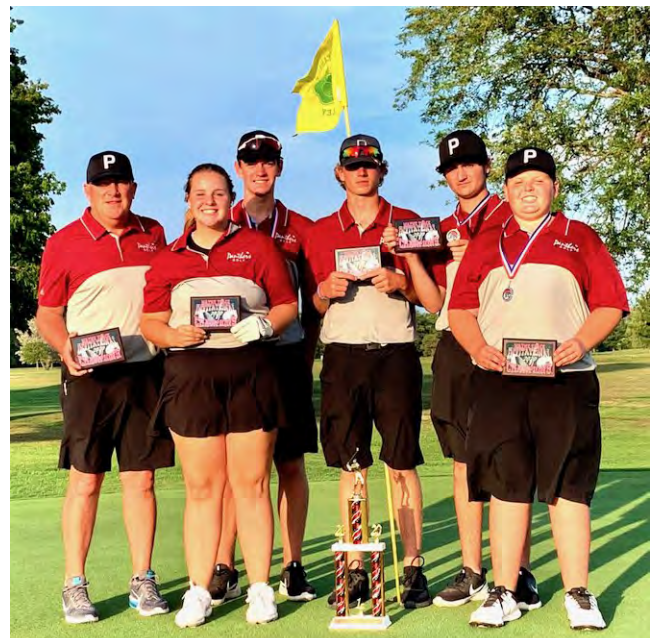

PAULDING - For the second time in as many matches, the Paulding Lady Panthers completed a triple-header sweep of its opponent as the Panthers defeated visiting Van Wert Monday night.

Paulding's freshman squad opened the night with victories of 25-7 and 25-6 before the Panther junior varsity team won 25-8 and 25-22.

The maroon and white varsity then wrapped up the night with a win in five sets, taking the decisive set 15-7.

KOLKMAN PLEASED WITH PATRIOT EFFORT IN NORWELL LOSS

By: Dean Jackson
OSSIAN - Normally when a coach is on the losing end of a game, they aren't exactly enjoying the moment.

Heritage Coach Casey Kolkman's attitude was a bit different Friday after their

35-7 loss at Norwell.

At least at that moment. "I can honestly say, I've never had as much fun coaching," he said. "I've won a lot of games, lost a lot of games, but that was fun. I know people may not understand that."

With the loss, the team drops to 0-2. Norwell is now 2-0

While the Patriots struggled mightily on paper, Kolkman was uniquely upbeat. The difference wasn't the score. It was the effort.

"We asked the boys at halftime to play their tails off and try to win the second half. It went 7-7. I couldn't be more proud of our boys, their effort."

The Knights pounded out 16 first downs while tallying 281 yards of total offense, including 186 on the ground. Heritage could only muster three first downs and just 66 yards of total offense.

Patriot quarterbacks threw four interceptions. Beau Bosler's 33-yard fumble recovery in the fourth quarter marked Heritage's only score.

Norwell scored a touchdown in the first quarter to go up 7-0. They added three more in the second quarter to make it 28-0 and put the game on ice.

One play noticeably drew the ire of Kolkman. He came on the field to the officials where he was charged with an unsportsmanlike conduct penalty - a 15-yard violation.

Leading 14-0 to play in the second quarter, Norwell's Eli Riley rumbled 66 yards for a score. That made the score 21-0 with just over seven minutes left in the half.

Senior Madison Smith had 15 kills to pace the way for Woodlan while sophomore Avah Smith added nine slams. Ashton Widenhoefer had three aces for the Lady Warriors with Reagan Salzbrenner, Evelyn Shipley and Gracen Norris all having two blocks. Rylee Benjamin and Widenhoefer each picked up six digs while Avah Smith recorded five. Norris also dished out 13 assists for Woodlan followed by Myah Van Camp (seven) and Shipley (six).

ARCHERS RUN AT BLUE JAY INVITE

DELPHOS - The Antwerp cross country teams opened their season on Saturday as they took part in the Blue Jay Invitational at Stadium Park in Delphos. The Antwerp boys placed third as a squad with 93 points while the Lady Archers took sixth as a team with 176 points. In the varsity boys race, Avin Johnson led the way by taking 14th in 19:34.64 while Josh Timbrook placed 20th in 20:25.47. The rest of the

Archer runners were Alex Zijlstra (23rd, 20:31.42), Jason Geyer (26th, 20:45.75), Eli Reinhart (29th, 20:56.48) and Zach Lockhart (51st, 23:42.38). On the girls side, Aerial Snyder paced the Lady Archers with a 21st place finish and a time of 22:57.83. Completing the list of Archer finishers were Siera Octaviano (29th, 23:36.40), Kate Farr (35th, 24:12.14), Laura Miller (55th, 25:23.74), Isabelle Graham (60th, 25:55.17), Makenna Smith (65th, 26:24.80), Emerson Litzenberg (66th, 26:26.93), Morgan Boesch (86th, 28:20.74) and Shaylee Garrett (89th, 28:31.34). Antwerp's junior high boys team had three individuals take part and was led by Kamren Johnson, who took 22nd in 13:01.82. Owen Franks finished 47th in 14:36.99 and Skyler Octaviano was 65th in 16:02.46. In the junior high girls race, Leigha Doster was 27th in 14:35.24 and Taylor Steibling placed 33rd in 14:51.90. The Archers' Emory Erhart finished 79th with a time of 18:29.87.

PANTHERS NIP WILDCATS IN OT

DELPHOS - In a thrilling season opener, the Paulding Panthers outlasted host Delphos Jefferson 50-48 in overtime Friday night at Stadium Park in Delphos. Payton Beckman scored on a four-yard touchdown run and then ran in the two-point conversion in overtime to lift the Panthers to the victory. Delphos Jefferson responded with a five-yard run

for a score from Collin Bailey, but the two-point conversion was stopped short by the Panther defense, sealing the maroon and white win. Beckman finished the night 13 of 26 through the air for 340 yards and three scores to lead the Panther offense. Carson Perl ran for 104 yards on 17 carries to pace the Paulding ground game with Hunter Kauser adding 58 yards on the ground over eight tries. Caleb Manz led the way for the Panther receivers with seven catches for 237 yards and a pair of scores. Kauser picked up five receptions for 58 yards and Adrian Manz had two for 45 yards. Logan Vance had seven tackles to lead the Paulding defense while Kauser and Deyton Price recorded six apiece. Delphos Jefferson totaled 602 yards of offense in the contest, running for 417 while throwing for 185. Meanwhile, Paulding finished with 560 yards with 340 coming via the passing attack. The Wildcats recorded 22 first downs compared to the Panthers' 16. The Wildcats will host Spencerville in week two while Paulding welcomes in Crestview to Keysor Field on Friday.

EAGLES CRUISE OVER WARRIORS

SOUTH BEND - Woodlan made the long trip Friday night to South Bend where South Bend Adams jumped in front early and never looked back in posting a 50-0 victory. Sidney Jeffries had touchdown receptions of 33 and 23 yards while Charles Worsham posted runs for scores from 4, 25 and 67 yards as the Eagles improved to 2-0. Gaving Pulling also scored on a 40-yard scamper and tossed both touchdown passes to Jeffries. The other touchdown for the Eagles came on one-yard plunge by Toryn Day and Cody Bares picked up a safety for South Bend Adams. The Eagles scored 21 first

quarter points to take control of the contest before adding nine more in the second stanza for a 30-0 advantage. South Bend Adams then added 14 points in the third quarter to expand the margin to 44-0. Woodlan will have its home opener on Friday as the Warriors welcome in Heritage in a battle of East Allen School District squads. Both teams enter the contest with a record of 0-2 as the Patriots have dropped games to Eastside (49-7) and Norwell (35-7). The Warriors fell to Leo (50-0) in week one.

WILDCATS SWEEP ARCHERS

MILLER CITY - The Lady Wildcats of Miller City picked up a home volleyball victory over visiting Antwerp Thursday night by posting wins of 25-20, 25-17 and 25-12. Leading the Lady Archers, who fell to 1-2, were Madison Ruen with 13 assists and Molly Reinhart with 15 digs and one ace. Lydia Brewer also added six assists and two kills for Antwerp while Astianna Coppes posted three blocks and eight kills. Other top players for the blue and white were Madison Bauer (six digs), Heaven Bruce (two digs), Faith Nestleroad (four kills), Grace Schuette (four kills) and Maddie Smith (two kills). Miller City also won the junior varsity match by scores of 25-18 and 25-19. The Lady Wildcats took the freshman contest with wins of 25-18 and 25-19.

WARRIORS FALL TO PANTHERS

NEW HAVEN - Woodlan met up with Snider in girls golf action at Whispering Creek Golf Course in New Haven Wednesday afternoon where the Lady Panthers posted a 195-230 win over the Warriors. Snider's Emilie Henry and Remi Lewman each took medalist honors with a 46 while teammate Cylie Pyle shot a 49. Emiley Stafford and Isabelle Kennedy both had a 54 for the Lady Panthers with Natalie Smith carding a 55. Sammi Sessions led the way for the Lady Warriors with a 53 while Abby Robinson carded a 57 for Woodlan. Samantha Ringenberg chipped in a 59 followed by Haylee Davis and Taylor Kline with a 61 each. Christine Snyder also had a 66 for Woodlan.

MUSTANGS CRUISE TO NWC TRI-MEET WIN

DELPHOS - Zach Miller shot a 31 and Carter Frey added a 36 as the Allen East Mustangs easily got past Paulding and Delphos Jefferson in boys golf action at Delphos Country Club Wednesday night. The Mustangs finished with a team score of 151, winning by 22 strokes over second place Paulding's 173. Delphos Jefferson finished third with a 200. Noah Brown and Cameron Hedrick each had 42's for the Mustangs with Elijah Lawrence shooting a 48 and Kenyen Rettig posting a 53. Josh Carper paced the Panthers with a 41 while Kyle

Harris carded a 42 and Kyle Dominique recorded a 44. Hailey Hartzell (46), Blake McGarvey (48) and Andrew Adams (48) completed the Panther lineup. Delphos Jefferson's Logan Gallmeier also shot a 36 for the Wildcats. Other scorers for Delphos Jefferson were Isaac Gallmeier (48), K.C. Knippen (57), Brady DuVall (59) and Caden Carder (62).

PANTHERS NIP ARCHERS

WOODBURN - Paulding's boys golf team made it two wins over county rivals as the Panthers nipped host Antwerp 176-177 at Pond-A-River Golf Course on Tuesday. Josh Carper and Blake McGarvey led the way for the maroon and white with a 43 each while Hailey Hartzell and Kyle Dominique recorded a 45 each. Logan Tope and Boston Pease wrapped up the Panther players with scores of 54 and 62, respectively. Gaige McMichael of Antwerp took match medalist honors with a 37 while Eric Thornell and Ethan Lichty both finished with a 44. Jon Meyer carded a 52 and Ross Lee chipped in a 67 for the Archers, as well.

LATTA VISITS FIRE DEPARTMENTS IN DEFIANCE COUNTY; DISCUSSES RECENT GRANT AWARDS

Congressman Bob Latta (R-OH) visited three fire departments in Defiance County today to thank firefighters for their service to their communities and discuss recent Federal grants that were awarded to the departments. Latta visited the Highland Township Fire Department in Ayersville, the City of Defiance Fire Department, and the Village of Hicksville Fire Department. He spoke with Highland Township Fire Chief Brent Davis, Defiance Fire Chief Bill Wilkins, and Hicksville Fire Chief Scott Cramer about how they are using the grants. "Our first responders are instrumental in keeping our communities safe, and they've gone above and beyond during the COVID-19 pandemic," said Latta. "These grants will help them purchase Personal Protective Equipment, emergency vehicles, and training which will help them stay safe. I will continue to support our local fire departments and first re-

sponders and do what I can to ensure they have the resources they need to do their jobs. I want to thank Chief Davis, Chief Wilkins, and Chief Cramer for talking with me today and all the frontline firefighters for all they do." The City of Defiance was recently awarded an Assistance to Firefighters Grant in the COVID Supplemental Program, which Latta supported, that specifically will be used for the purchase of Personal Protective Equipment and essential supplies related to the COVID-19 response. In addition, Highland Township and Hicksville received Assistance to Firefighters Grants that can be used for a variety of purposes including personal protective equipment, vehicles, emergency response equipment, and training. Latta's office has supported these grant applications along with grants that were awarded to departments throughout Ohio's 5th Congressional District.

WAUSEON MAN DIES IN A FATAL CRASH ON THE OHIO TURNPIKE

The Swanton Post is currently investigating a fatal crash that occurred in Springfield Township, Lucas County. Troopers responded to the crash at milepost 57.9 westbound this morning at 09:42 am. Westbound traffic was slowing for a prior crash that occurred on the Turnpike at milepost 57.4 westbound because a dump truck loaded with gravel overturned on Interstate 80. A 2021 UPS Freightliner semi tractor-trailer hauling general freight had come to a stop in left lane of Interstate 80 when it was struck in the rear by a 2015 Hyundai Sonata sedan. The Hyundai Sonata rotated and traveled off the right side of the roadway and came to rest in the ditch. The driver of the semi-tractor trailer, Kenneth Gross, 61, of West Chicago, Illinois was uninjured. The passenger, who was in the sleeper section of the cab, Steven Little, 44, of Glen Ellyn, Illinois was also uninjured. The driver of the Hyundai sedan, Richard Reuther 111,35, of Wauseon, Ohio sustained fatal injuries. The westbound lanes of the Ohio Turnpike were closed for approximately 3 hours. Troopers were assisted on scene by the Springfield Township Fire Department, Ohio Turnpike Maintenance Department and ABCO Towing of Toledo. Alcohol does not appear to be a factor and the crash remains under investigation.

BEAM SIGNING EVENT MARKS MILESTONE FOR RHODES STATE COLLEGE'S CENTER FOR HEALTH SCIENCE EDUCATION AND INNOVATION

A milestone was etched in steel as leaders for the state of Ohio and Rhodes State College gathered on Friday, August 28 for a "Top Off" Signing Ceremony at the new Center for Health Science Education and Innovation (CHSEI) in downtown Lima. Rhodes State President Dr. Cynthia E. Spiers was joined by Ohio Senator Matt Huffman; Chancellor of the Ohio Department of Education, Mr. Randy Gardner; College Board Chair, Jane Krites; Past College Board Chair, Dr. Wilfred Ellis; and Foundation Board Chair, Matt Jennings. Together they marked history for the College and the region as they signed their names to a steel beam that will be placed to "top off" the CHSEI project.

Chancellor Gardner, Senator Huffman, and President Spiers offered remarks prior to the signing in the Crouse Performance Hall Lobby of Veterans' Memorial Civic and Convention Center. The final beam—bearing the signatures—will be placed atop the building to commemorate this phase of the project. On schedule to be completed in June 2021, the 50,000 square foot Center will house state-of-the-art technology and five of the College's Health Science programs: nursing, respiratory care, EMS, physical therapist assistant and occupational therapy assisting. The design of the building provides 8,000 square feet of additional programming space; four clinical simulation labs with debriefing rooms; an open ambulance simulator; a home-care lab for physical and occupational therapy; 12-bed nursing lab; four-bed respiratory care lab; and six additional classrooms. The design also allows for interdisciplinary experiences for students and incumbent health care professionals.

POND REPAIRS SCHEDULED ON RESTHAVEN WILDLIFE AREA

Resthaven Wildlife Area's pond No. 7 in Erie County will be drained as crews repair its water control structure, according to the Ohio Department of Natural Resources (ODNR) Division of Wildlife. Damage caused to the water control structure, which regulates the water level of pond No. 7, resulted in a loss of most of the pond's water. In response, the Division of Wildlife will completely drain the pond to safely rebuild the water control structure. It is anticipated that a small fish kill may occur prior to the pond being fully drained because of low water levels and hot temperatures. After the water control structure is repaired and the pond is refilled, Resthaven Wildlife Area's pond No. 7 will be restocked with several desirable fish species, including bluegill, largemouth bass and channel catfish, to promote balanced fish populations. Fingerling-size bass and bluegill are planned to be stocked in the pond in the spring of 2021. To find additional fishing locations, visit wildohio.gov and download the HuntFish OH mobile app on iOS or Android for fishing and other outdoor recreation resources on the go. The mission of the Division of Wildlife is to conserve and improve fish and wildlife resources and their habitats for sustainable use and appreciation by all. ODNR ensures a balance between wise use and protection of our natural resources for the benefit of all. Visit the ODNR website at ohiodnr.gov

Pictured: Standing-Ron Goedde, CEO; Kyle Mawer, COO/CNO; Ashley Smith, Director of Med-Surg and Emergency Room Nursing Services. Seated: Lindsey Manz, RN

Paulding County Hospital would like to acknowledge the Paulding County Bargain Bin on their recent donation to the hospital. The Bargain Bin recently purchased five new wheelchairs for use at Paulding County Hospital. Three of the wheelchairs are being utilized on

the medical floor and two wheelchairs are being utilized in outpatient.

We appreciate all of the Bargain Bin volunteers for your continued support to Paulding County and to Paulding County Hospital. We greatly appreciate all you do!

ANTWERP POLICE REPORTS

The following are the most recent police reports of the Antwerp Police Department.

On August 25th at 7:50 a.m., a motor vehicle accident was reported in the parking lot of West Bend Printing. An officer responded and a report was made.

On August 24th, a local business reported a man had entered a business and assaulted one of their customers, at one point hitting him in the head with a bottle. The case was investigated, the sus-

pect was located and a report has been forwarded to the prosecutor.

On August 24th, police were contacted about an adult female who attempted suicide. Officer responded and contacted the rescue squad.

On August 21st, a vehicle was stopped near Antwerp school, the driver was cited for driving under suspension.

On August 19th, a resident found a glass pipe at Antwerp Park and thought it might be drug related so she brought to the Antwerp Police Department. The officer tested the residue and found it only contained tobacco.

On August 18th, while doing residential security checks, the officer found an unlocked door. The residence was secured and key holder contacted.

On August 15th while monitoring traffic, an officer stopped a vehicle in the 400 block of North Main St. The driver was cited for going 65 in a 35 mph zone.

of North Garden Apartments reported one of the resident was playing very loud music and it was disturbing.

On August 13th, an officer assisted a deputy of Paulding County Sheriff Department in attempting to locate a former resident who had a warrant for his arrest.

On August 10th, a bicycle was reported stolen from West River St. The bicycle was described as a black Diamond Back with a rusty chain. Owner said it would be easy to locate because handle bars are on backwards.

On August 10th, while patrolling, an officer noticed a lot of smoke near Wentworth St. As he arrived he was met by the fire chief and firefighters who had been paged out to the scene. The fire was put out and the resident was sited for open burning.

If you would like to report any suspicious activity or if you have any questions, please contact the Antwerp Police Department, 419-258-2627. They are always ready to serve the residents of the Village of Antwerp!

OHIO STATE SHARES AGGREGATE COVID-19 TESTING INFORMATION

The Ohio State University published aggregate test results from its comprehensive COVID-19 testing program and unveiled a data dashboard that will be updated weekly to inform the public about test results and other information about the university's COVID-19 status. The testing program, along with additional requirements, are tools to promote a safe and healthy experience for the Ohio State community.

The COVID-19 dashboard displays student testing from 8/14 - 8/22, and faculty and staff testing from 8/1 - 8/22. During this time frame the university has test results from 7,719 members of the university community, including undergraduate students, graduate and professional students, and faculty and staff. Within this group, 80 students and 12 faculty and staff have tested positive - 1.16% of tested students, and 1.44% of tested faculty and staff.

The student data includes both surveillance testing to continuously gauge the prevalence of COVID-19 in asymptomatic students and testing among students who sought tests because of symptoms or another reason. University officials cautioned against drawing broad conclusions from the initial data about the prevalence of COVID-19 within the university community, particularly since the data includes symptomatic and asymptomatic individuals.

President-elect Kristina M. Johnson shared the data dashboard with the campus community in an email to students, faculty and staff.

"Information is a powerful tool in stopping the spread of the virus, and we want you to have as much information as possible," Johnson wrote.

The data is being shared in a way that protects individuals' medical and educational privacy - and will help inform university decision making related to on-campus operations, health and safety measures and more throughout the autumn semester. The dashboard is also being made

available for general public awareness.

"It's imperative for the Ohio State community and the broader Columbus community to have access to a timely snapshot of testing and continuous monitoring activities. Collecting and sharing the aggregated results of our testing program, and of other measures related to the pandemic, is an important part of keeping our students, faculty and staff informed as well as being good partners with communities throughout the state," said Amy Fairchild, dean of the College of Public Health, who leads a comprehensive monitoring team that is evaluating the data. Ohio State is working closely with the Ohio Department of Health, Columbus Public Health and local health departments near its regional campuses in these efforts.

"This dashboard aligns with the data-driven approach taken by the university. As always, our work is guided by the most current science on COVID-19, which continues to evolve." Fairchild said.

The dashboard, available on the Safe and Healthy Buckeyes website, also provides information on a variety of Ohio State and statewide measures that help university experts track the trajectory of the pandemic and provide recommendations about containing the spread of infection.

The dashboard also includes data on:

1. The number of students currently in on-campus isolation or quarantine housing to prevent the spread of the virus;
2. The availability of personal protective equipment on campus;
3. The status of enhanced cleaning measures on campus;
4. Ohio's statewide case count, for reference;
5. The rate of transmission in the state;
6. Statewide hospital capacity

The university continues to refine, improve and expand its COVID-19 testing efforts.

The surveillance testing program for students has been expanded to include mandatory testing of all residential students as part of the move-in process, mandatory weekly testing of all students at all ranks who live in residence halls or university-managed housing, and regular testing of random samples from asymptomatic undergraduate students who live off campus. Additionally, the testing program includes voluntary testing of asymptomatic faculty, staff, and graduate and professional students who live off campus; testing of any symptomatic individuals; and targeted testing if COVID-19 hot spots are identified.

Individuals who test positive are contacted by the university and instructed to isolate. On-campus isolation housing is available for students. The university's Case Investigation and Contact Tracing Team conducts interviews with each infected individual and contacts others who have potentially been exposed. Individuals identified as close contacts are instructed to quarantine for 14 days. On-campus quarantine housing is available for students as well. Isolation and quarantine are proven infectious disease control measures designed to protect the Ohio State community and the broader community.

NOTING THE START OF THE OHSAA FOOTBALL SEASON

COLUMBUS, Ohio - With the high school football regular-season set to begin this week, the Ohio High School Athletic Association has provided details and reminders regarding media coverage, team protocols, game management changes and the new playoff format.

There were 709 member schools originally planning to play 11-man football in Ohio this fall, but approximately 60 schools have either paused or cancelled football due to the COVID-19 pandemic. On August 18, Governor Mike DeWine asked the OHSAA to create participation opportunity for those schools that don't play sports this fall, but

it is unlikely that additional tournaments would be held in the spring for fall sports.

"Our schools are so excited to get the season started and they are taking ownership of the new safety guidelines so they can have a season," said Beau Rugg, OHSAA Senior Director of Sport Management and Officiating. "As we saw in the spring, sports can be shut down due to COVID-19 spread, so our schools, coaches and student-athletes want to do everything they can to play as many games this fall as possible. Teams must continue to follow the safety protocols that have been put in place, including wearing a facial covering, staying 6-feet apart and washing their hands."

OHSAA COVID-19 GUIDANCE CENTER

All sports in Ohio - at all levels - are under the direction of the latest Ohio Department of Health order signed August 19 by Governor DeWine.

The new ODH order permits contact sports, including the fall sports of field hockey, soccer and football, to move forward with games against other schools. The Governor confirmed support for Ohio's coaches to inspire their student-athletes to continue following safety precautions so that all sports can be played.

MEDIA COVERAGE

The OHSAA encourages media coverage of all games and working media members are not counted toward the capacity limits for spectators. Approval and placement of media members will be determined by the host school Athletic Director depending on the layout of the facility, including how many people are permitted in the press box. In small press boxes, due to social distancing regulations, there will not be space available for media. At field level, media members must be outside the team box, which has been expanded this season to span from the 10-yard line to the opposite 10-yard line. Media must also stay at least two yards back from the in-play field boundary. Media

must wear a facial covering at all times. As always, media should contact the host school's Athletic Director well in advance of game day to request permission to attend and, if approved, discuss their placement and access during the game. Media are not permitted in the locker room.

SEASON SCHEDULE AND FORMAT

At the recommendation of the Governor's Office, the OHSAA announced on August 7 that the season would end earlier than previously scheduled and that every team could enter the playoffs, which will begin October 9-10. The Harbin computer ratings will not be used this season.

GAME MANAGEMENT CHANGES

- Up to 60 players may dress for games.
- The team box on the sideline has been extended from the 10-yard line to the opposite 10-yard line so that coaches and players can adhere to social distancing guidelines.

- All coaches, players, medical staff, game workers, media and spectators must wear a facial covering at all times, other than the 22 players on the field of play.

- The OHSAA recommends that halftimes be shortened to 10 minutes (plus three minutes for warm-up) and that team members be kept socially distanced outside their locker room. The host school will determine the specific length of half-time.

- Timeouts may be extended to two minutes in length

- Officials will have limited contact with the ball. The players on the offensive team will handle the ball and take it with them to their huddle. The umpire will place an orange bean bag at the spot where the ball will be snapped.

- Each player should have his/her own water bottle.

- Players and coaches from the visiting team should not use a locker room, therefore they should arrive already fully or partially dressed in their game uniform.

- Pregame handshakes (captains and officials) and postgame handshakes lines are not permitted.

PLAYOFF FORMAT

- Schools must inform the OHSAA of their intention to participate in the playoffs by September 17.

- New playoff regions will be drawn on September 18. Divisional assignments will not change.

- Schools may withdraw from the playoffs without penalty until September 24.

- Playoff regional seeding will be determined by a vote of the coaches in each region during the week of September 28. Depending on the number of teams in each bracket, it is possible that the top seed(s) may have a first-round bye.

- All playoff contests through the regional semifinals (and possibly the regional finals) will be hosted by the higher seeded team.

- Playoff games will be held on Friday and Saturday nights beginning October 9-10. Divisions I, II, III and VII will play on Friday nights. Divisions IV, V and VI will play on Saturday nights.

- The number of playoff rounds will be dependent upon the number of schools entering the playoffs in each division. It is expected that the state championship games will be held November 13-14 and/or November 20-21.

- Schools eliminated from the OHSAA playoffs or that choose not to enter the OHSAA playoffs have the option to schedule additional regular season contests through Saturday, November 14 (maximum of 10 regular season contests permitted).

SPECTATORS

By order of the Ohio Department of Health, only 15 percent of the stadium's permanent seating capacity may be admitted into the game. Players, coaches, officials, cheerleaders, band members, game workers and media do not count toward that 15 percent capacity.

INSPECTORS TO ATTEND GAMES

Governor DeWine has asked the OHSAA to assemble a large team of inspectors who will attend games to ensure that all safety protocols are being followed. The inspectors, which will be paid by the Governor's Office, will work with the host site's compliance officer and/or Athletic Director and utilize a checklist of items. The intent of the inspector program is to educate those at the game regarding proper safety protocols, but the OHSAA may enact penalties through Bylaw 11 if necessary.

MEET 2020 GEM OF THE YEAR NOMINEES

The Antwerp Chamber of Commerce's Day in the Park committee collect nominations each year for Gem of the Year in anticipation of announcement at the Opening Ceremonies at Day in the Park on the first Saturday of August. Since COVID invaded and changed most all organizations' plans for events, the Chamber committee still wanted to honor the citizens of Antwerp's pick for its Gem.

We had several nominees for the 2020 Gem nomination. Below are the listing of nominees put forth by their peers.

Antwerp Local School Staff – For everything they have done for our children/students, many who have gone above and beyond on-line teaching to make our children feel safe and not forgotten.

Ray DeLong – For his years of service and commitment to our town.

Antwerp Police Department – For everything they do for our town.

George and Victoria Clemens – For all of their service to the Village and the people around the area, what they have done at Christmas time with the help of Walmart and this past Easter what they did for the kids as there was not an Easter Egg Hunt. There are many other things that they both do that people do not know about, besides their service to our police department. They do so much. Let's make them our Gem!

VANDALIZING POLITICAL SIGNAGE IS A CRIME

It was discovered on August 26 in the Village of Antwerp that the previous night there was a campaign sign vandalized. Antwerp police were contacted, and Police Chief George Clemens stated that this would be considered Criminal Damaging according to the ORC.

or any other equipment or implement used or intended to be used in the operation of an aircraft and if the violation creates a substantial risk of physical harm to any person or if the property involved in a violation of this section is an occupied aircraft, criminal damaging or endangering is a felony of the fourth degree."

"2909.06 Criminal damaging or endangering. (A) No person shall cause, or create a substantial risk of physical harm to any property of another without the other person's consent: (1) Knowingly, by any means: (2) Recklessly, by means of fire, explosion, flood, poison gas, poison, radioactive material, caustic or corrosive material, or other inherently dangerous agency or substance. (B) Whoever violates this section is guilty of criminal damaging or endangering, a misdemeanor of the second degree. If a violation of this section creates a risk of physical harm to any person, criminal damaging or endangering is a misdemeanor of the first degree. If the property involved in a violation of this section is an aircraft, an aircraft engine, propeller, appliance, spare part, or any other equipment or implement used or intended to be used in the operation of an aircraft and if the violation creates a risk of physical harm to any person, criminal damaging or endangering is a felony of the fifth degree. If the property involved in a violation of this section is an aircraft, an aircraft engine, propeller, appliance, spare part,

Later in the week, another sign was reported vandalized in the Payne area. Resident, Jerry Zielke, who found the damaged sign stated, "I do not condone ANY signs being damaged!"

According to the Ohio Revised Code, vandalism can also be considered criminal mischief:

"2909.07 Criminal mischief. (A) No person shall: (1) Without privilege to do so, knowingly move, deface, damage, destroy, or otherwise improperly tamper with the either of the following: (a) The property of another" Criminal mischief is punishable as a third degree misdemeanor."

You do not need to break the law to express your political views or your disagreement with someone else's views. Voice your own opinions and ideas with your own signs.

Political messages that are placed in private yards are that person's views and property. Instead of defacing or removing other people's right to freedom of speech, you can use YOUR property to display YOUR message. Be sure to treat people as you would want to be treated no matter your views.

If you are in need of items to express your views, call West Bend Printing today at 419-258-2000. All of your First Amendment resources are available there.

NSCC REMAINS COMMITTED TO CREATING SAFE CAMPUS CULTURE, RECEIVES KUDOS FROM OHIO DEPT. OF HIGHER EDUCATION

In 2015, the Changing Campus Culture initiative was introduced by the Ohio Department of Higher Education, under the leadership of then-Governor John Kasich and then-Chancellor John Carey. The initiative was part of a statewide effort to end sexual violence on all of Ohio's college and university campuses, and was a collaborative approach to providing best-practice solutions for these sensitive challenges. The initiative details can be found online at OhioHigherEd.org/cc.

The data for the reporting was collected by student responses to a survey sent by Kerry Soller, project manager for campus safety & sexual violence prevention. Some statewide accomplishments from the past year of this initiative include:

- More than 140 individuals participated in the investigator training provided in the fall '19 semester
- More than 60 individuals participated in a two-day hearing officer training in October
- ODHE partnered with One Student to provide a skills-based training for students to support the Creating a Culture of Consent in Ohio curriculum, which addresses the connection between alcohol and the perpetration of sexual violence
- The ALIGN campaign was expanded to include additional resources to reach faculty and staff (OhioHigherEd.org/cc/align)
- Multiple Title IX Coordinator meetings and online discussion forums have been hosted throughout the year, bringing Title IX Coordinators from across the state together to discuss various topics
- Webinars were provided including a series on developing a campus critical response team or community sexual assault response team, and exploring moral diversity in prevention and response.

Northwest State has a team of individuals who have helped adhere to state and federal guidance in these areas, and the College remains committed to creating a safe campus culture. NSCC President Dr. Michael Thomson lauded Lana Snider (NSCC VP of Enrollment Management and Student Affairs) and Katy McKelvey (NSCC VP of Human Resources and Leadership Development) for their work in these areas. Thomson noted, "Last year, NSCC made a strong commitment to ensure the safety of our learners from unwanted sexual advances. Thanks to the great leadership of VP Lana Snider, the College was affirmed in these efforts by ODHE who saw significant improvement in six of eight measured areas. Our commitment continues to make NSCC a safe place for learning."

ANTWERP BOY SCOUT TROOP 143 FAMILY CANOE & CAMPING TRIP

Antwerp Boy Scout Troop 143 recently had a family canoe and camp weekend on the Maumee River. The weekend excursion started at the State Route 101 bridge near Woodburn and proceeded to Antwerp's Riverside Park for the evening meal and camping. Then proceeded on to the Forders Bridge access site on Sunday.

This was a family event including brothers, sisters, moms and dads and even the family dog. With perfect summer weather and an incredibly clean river, a good

time was had by all. The river is so clear these days, you can easily spot turtles on the river bottom along with all the fish and crawdads.

With numerous recent improvements to the river access sites, the introduction of the Maumee River Water Trail program, and the newly formed local canoe and kayak rental company, there has been a significant increase in activity on the river. Once on the river, it is easy to see how this became a state designated Scenic River.

The Boy Scout Troop has remained active throughout the summer and is planning to continue staying active in the months to come. They meet every Tuesday evening at 7:00pm at the VFW Post 5087 in Antwerp, boys age 11-17 are encouraged to stop in for a visit and consider joining in on the fun.
