Antwerp once again wins Districts and now moves on to Regionals June 3 at 5pm at Patrick Henry High School. The Antwerp Archers took on seed 2 - Montpelier in the final game of Districts. The game took place at Bryan on Saturday, May 29. The game started with Antwerp coming on strong in the second inning and scoring four runs. The game became frustrating for the Locomotives when Antwerp just couldn't be caught when the home team added another run in the fourth inning. Antwerp's hitters performed well and the calls did well for the team. Montpelier ended up falling to the Archers 5-1. More pictures at westbendews.net

Huber KIDZ present A Mother Goose Comedy

The Huber KIDZ program for our youngest actors have attended a two-week camp to produce A Mother Goose Comedy. (#) of children (ages 6-10) from (# schools) are directed by Julie Hall and have learned about props, scenery, costuming, and theater terms during the camp. They are eager for you to come watch them perform on June 17 at 7 pm. This is a free-will offering performance so come see what's been happening at the Huber!

The world-famous, funloving Mother Goose is now retired and living in Mother Goose Resort Spa, where she has time to keep active and pursue her favorite hobbies. She's really into sports and fitness! She gets tweets and texts, and even letters, from children all over the world who want to know how she got the ideas for her nursery rhymes. Assisted by the stage manager, her gander Sydney, she uses comedy sketches and audience participation to show how all of her nursery rhymes and characters came

A TIME TO CHOOSE

By: Doris Applegate

What a relief to see beautiful sunny days, hear birds singing, crops planted and other things happening that we've waited for. (Song of Solomon 2:11-12) June is close and: "What is so rare, a day in June - then if ever come perfect days!" We thank God for His care and love for His creation. We must realize that all good things come from above and in Psalms 145:9 we read: "The Lord is good to all and His tender mercies are over all His works" God is not behind any of the bad "stuff" we go through. No, No! We have a wicked, devious enemy (satan) who is here to steal, kill and destroy, but we also have a friend (Jesus) who came to give us abundant life (John 10:10). As we decide to let Jesus into our life we begin to prosper in all of our ways. Jesus is the author and the faith Hebrews 12:2). The bad stuff are tried and tested, we endure and get stronger. We can only help others after we come through ourselves. We always find the Holy Spirit (our helper) right beside us, leading and guiding us each

We must keep our ears open to His still, small voice to hear and have a heart to obey. What a concept! Jesus said, "Without me, you can do nothing." In Him, we live and move and have our being. Is He in you? This is a good day to accept His blood as forgiveness for sins. It's also a good day to pick the Bible up and learn of Him. He is meek and lowly and you will find rest for your soul. (Matthew 11:28-

There is a narrow road, but few find it, and a wide road where many go! The narrow road leads to life and the wide road to destruction (Matthew 7:13). Choose this day, what you will have: Life or Death. 'As for me and my house, we will serve the Lord!" (Joshua 24:14-15).

PARSON TO PERSON

By: Dr. James Bachman Dear Parson,

In Ezekiel 18:24 it says, "But when the righteous turneth away from his righteousness and committeth iniquity...shall he live." Does this mean he can lose his salva-I believe the righteous here

are believers who have put their faith in the promise of God's coming Son and thus have eternal life - John 3:14-18. However, a believer's personal life on earth can be shortened by rebelling against God and His ways. Even Moses experienced this. Note the sin unto death passage in I John 5:16 – "If any man see his brother sin a sin which is not unto death, he shall ask, and he shall give him life for them that sin not unto death. There is a sin unto death: I do not say that he shall pray for it." Regardless of how much good the rebellious believer

has done, it will not prevent them from a premature death as indicated in the last part of Ezekiel 18:24. This has to do with earthly life, not eternal life. Ephesians 2:8 and 9 - "For by grace are ye saved through faith; and

any man should boast." Send questions and comments to: jamesbachman-@juno.com

HAPPENINGS AT ANTWERP MANOR

Welcome to Antwerp Manor Assisted Living. Despite the continuing COVID

restrictions we are beginning to enjoy the warm spring weather. We celebrated Mother's Day with a party. Prizes were given to the oldest mother (Cara Lou Handy), the youngest mother (Susan Steele), and the mother with the most children (Jayme Middaugh). The door prize was won by Barbara Winchester. Snacks were served on glass snack plates from the 1960s. The ladies had fun reminiscing and sharing stories of their past. A Father's Day party is scheduled for June KB Scoops ice cream will be the hit of that celebration! If you have any questions about Assisted Living, please give Jennifer Ramsier a call @ 419-258-1500 Ext 5. She would be more than happy to guide you through the transition process.

ANTWERP CHAM-BER OF COM-MERCE PLANNING DAY IN THE PARK

The Antwerp Chamber of Commerce is busy making plans for their Annual Day in the Park festival on August 14th, 2021 will live in history books as the year of returning to a way of life that we are more used to living. Antwerp Chamber is helping make that happen by planning Day in the Park.

Antwerp Chamber has a fantastic day set up for every-one. The day will begin with the traditional parade and this year's theme is Dream Vacation. It will start at 10:00 a.m. at the Antwerp High School. It will travel down Main Street for judging, proceed past the Riverside Park and end back at the school.

The park festivities will begin at 11:00 a.m. with the singing of our National Anthem, a welcome by Antwerp's Mayor Jan Reeb, followed by a flag recognition and retirement ceremony by the local VFW Post #5087 and the

Antwerp Boy Scouts Troop

dors, as well as games for the young ones will be set up all throughout Riverside Park. Entertainment will be provided by Water to Wine, (previously the Wannabees) right in the main pavilion. They will be playing from 12:00-3:00 p.m. A petting zoo and inflated slide will be provided by Scheumann Farms and Petting Zoo. We also can't forget – back

by popular demand - The Cutie Pie Contest. This favored contest supports the Antwerp Chamber scholarship fund. Again this year, a silent auction will be set up, as well as the 2nd annual Sweet 16 Contest provided by Memories by Tawnya Photography.

Forms for the Gem nomination can be found on Antwerp Chamber of Commerce Facebook page, Petals and Vines and the Antwerp Exchange Bank. Forms for crafters, food

vendors and parade entrees can be found on Antwerp Chamber of Commerce Facebook page and at West Bend News. Plan on coming out and

enjoying a fun-filled day in your community.

LIFE AND THE BOOK

Penny For Your Thoughts By: Nancy Whitaker

When I was a little school girl, I would always get a lot of books from the school library and could get lost for hours in a whole different world. Back in those earlier days (?) shhhhh, we did not have television, computers. Ipads or

Of course, I loved the Nancy Drew Mysteries;" Little House on the Prairie series, and loved any kind of fairy tale. One time I got a huge Grimms Fairy Tale books for Christmas and remember reading Hans Brinker and the Silver Skates in that big book. I imagined myself as a princess with a fairy godmother.

I believe that our own life is like a book. Your name is the title and the preface is when and how you arrived in the world. Each page in your book of life chronicles happiness, sadness, tragedies, acheivements, broken romances, the joys of winning and the fears of losing.

Each day is like a page in the book and each day could bring something good or a whole new twist in life. In my own book of life, I have experienced many twists and turns, but it is always exciting to see and live the next page of my book to find out what lies

On the pages of your book of life there are many things that you will remember forever. A chapter in your life may be over, but will always be encrypted and filed away in

One part of reading a good book and comparing it to our own lives, is that we really don't want to lay it down. We really don't want to know that final chapter, but each day we turn a whole new page.

A lot of us could probably make an exciting movie out of our life's book. Some of us deal with drama each day.

Pages may be filled with love, marriage, hate, money. careers, hobbies, jealousy, and so many other events and situations fill up our books. But, we must continue reading, because if you don't turn a page, you won't get to know what happens

It is funny how many things we file in the back of our minds from a certain page in our book, but eventually you will say, "Oh I remember him or her'

When relatives get together, it is always fun to remember past chapters and pages in our lives.

It is nice to have memories in our books, good or bad and then move on to a brand new

You may be a farmer, a housewife, teacher, doctor or lawyer. How will these books start out and what will the ending be? The farmer may have days of planting and days of harvesting. His pages may include certain years of failed crops and years of abundance.

A housewife will fill her pages of her life with children. She probably experienced nights of a crying baby and baby's first word, potty training and vaccinations. She will pack lunches, cook meals and grocery shop.

A teachers pages will tell of experiences in the classroom. She is responsible for her students education and being in charge of a classroom which will deal with good students and unruly students. She will fill her days or pages with nights of grading papers and preparing her class's schedules of learning.

A doctor will have experiences of sick patient's, sick children, and medicines. He may fill a page with delivering a baby or sitting with family members who are concerned about a diagnosis.

Lawyers can either defend or prosecute cases. Their pages may include everything from a traffic ticket to a mur-

MILITARY HISTORY IN **PAULDING COUNTY**

By: Mark Holtsberry

One of Paulding County's men to serve in two wars. Laurence Roswell "Johnny'

Hipp, was born November 9, 1913 in Grover Hill, Ohio. His parents Grover were Cleveland Hendricks and Dora (Sutton) Hipp. Laurence's father, Grover was born November 17, 1884 in Ohio. Laurence's

mother, Dora was born July 3, 1884 in Union City, Indiana. His parents were married in 1904, and became residents of Grover Hill.

Laurence was the youngest of three children and his early childhood was that of any typical child growing up in Grover Hill. According to written records, Laurence played in the streets, empty lots, and in abandoned store buildings. He followed David Kohn's ice wagon around the streets on hot days and he swam in the "old swimming hole". I guess only those who lived in Grover Hill at that time would know where that was at. Laurence liked to fish in the West Bank Creek.

In 1924, Grover had moved the family to a farm located in Latty Township, one mile east and one and a half miles north of Grover Hill. By 1930, Laurence and his folks were living on a farm in Washington Township.

On June 30, 1931, Laurence enlisted in Company A., 148th Regiment, 37th Infantry Division, Ohio National Guard. In 1932, Laurence and his folks moved back to Grover Hill.

Laurence graduated from Grover Hill High School in 1932. He engaged himself into farming in 1935, and followed that profession. Laurence met a gal, Ruth Ladonna (Biederman), the daughter of Clifford and Mabel (Ewing) Biederman and Roswell were married, November 14, 1937. On October 4, 1939, their only child, Marcus George Hipp, rn Now ing man, but I think that his son was named after Marcus

They both served in the Ohio National Guard together. Laurence, his young bride and son, during that time, lived on a farm, located one mile east of Grover Hill. As a member of the Ohio National guard, he moved up the ranks of corporal then sergeant, he was called to service in 1940. Laurence was promoted to 2nd Lieutenant.

Pearl Harbor was attacked, December 7, 1941, after periods of training in Louisiana and Pennsylvania and a course of training at The Infantry School, Ft. Benning, Georgia, Lieutenant Hipp was ordered to move with the division to the Southwest Pacific

Theater of Operations. Again, moving up the ranks to 1st lieutenant, then captain, he was promoted to the rank of major, June 1942, while stationed in the Fiji Islands. He reenlisted, October 19,

1943 and he took part in the campaigns of Guadalcanal, New Georgia, Bouganville, Philippine Islands, and Russell Islands. This is where he met and spoke with a future President, John F. Kennedy. On January 1945, Major Hipp and the 37th Division was involved in the liberation of Manila. Major Hipp was sent home to Command and General Staff College at Fort Leavenworth, Kansas. Plans were to invade Japan, then Japan surrendered. Upon his re-

quest, Major Hipp was released from active duty in December of 1945 and Major Hipp returned to Grover Hill. Among the several awards and decorations ceived were, Legion of Merit, Bronze Star

Medal with two oakleaf clusters, Combat Infantry Badge, and Presidential Unit of Citations from the Governments of the United States and Philippines.

He returned home to farm, but was unable to purchase machinery to make this venture work. He purchased a grocery store in Roselms And made this work. Still in the Ohio National Guard, he was appointed the rank of lieutenant colonel and was placed in command of the 3rd Battalion, 148th Infantry.

He was recalled to active duty, September of 1947, he then sold the grocery store. His assignment was with Army General School at Fort Riley, Kansas. Junction City, Kansas in the fall of 1947, was home for Laurence and his family. After three years at Fort Riley, Laurence was assigned to Tokyo, Japan. He was assigned to a special task force preparing in the invasion of Korea. This group made plans and provided the required logistical support for the Inchon Landing, Korea, September 1950.

On December 1950, Laurence was given the permanent rank of lieutenant seventeen colonel after months in Korea. He served under Generals MacArthur, Clark, Ridgeway. During His time in Japan his wife and son was with him for fourteen

Returning home to America in May of 1953, he was assigned to his old unit, the 37th Division, stationed at Camp Polk, Louisiana. When the division was assigned to Fort Riley, Kansas, Colonel Hipp, requested and received his release from active duty. He served a total of thirteen years of active duty and ten years of inactive (National Guard and Reserve duty with the Army.)

Upon his return home, he found his parents aging and in dire need with any farming support. Spring of 1955, found Laurence farming 140 acres, which he had owned since 1937. He also purchased the insurance agency which his father had started in 1913. In the fall of 1959, Laurence discontinued farming and Laurence and his wife Ruth became very active in not only the activities in Grover Hill, but county wide. In 1969, Laurence's mother Dora, became

ill, and passed away at the

Paulding County Hospital. His father, Grover, passed away in 1980, at Parkview Hospital in Ft. Wayne. Both are buried in Middle Creek Cemetery, Grover Hill. In 1971, Laurence had

published a book, "History Of Grover Hill". A book treasured with a value of information, which took years of research. I found my copy, to discover that he had signed this book, what a treasure. Laurence Roswell "Johnny" Hipp, passed away, July 14, 1998 in Pinellas, Florida. His wife Ruth, passed away, March 11, 2009, in Greendale, Wisconcon. Both are buried in Middle Creek Cemetery, Grover Hill. Until Next Time!

FINANCIAL FOCUS: DISCUSS FINANCIAL GOALS WITH YOUR FAMILY

June is Effective Communications Month. And it's a good idea to recognize the importance of good communications, because it plays a role in almost every aspect of living - including your finances. You'll want to clearly communicate your financial goals to your loved ones - and you'll want to hear theirs, too.

Let's look at some of the communications you might have with family members:

• Your spouse - You and your spouse may have different thoughts about a range of financial topics - how much to save, how much to spend, the level of debt with which you're comfortable and so on. Try to reach some type of consensus on these issues. However, in regard to investing, you don't necessarily have to act in unison all the time. You each may have different investment styles - one of you may be more aggressive, willing to take on more risk in exchange for potentially higher returns, while the other would rather invest with an eye toward mitigating risk, even it means accepting a lower return. Of course, there's noth-

ing stopping each of you from pursuing your individual investment strategies in your own accounts - IRA, 401(k) and so on. Still, if you are going to work toward common goals - especially toward a shared vision of your retirement lifestyle - you each may want to compromise in your investment choices. And this accommodation is even more necessary in your joint accounts. • Your parents - If you may someday be involved with

your parents' financial plans -

which is highly likely - you

should know in advance what

to expect. This may not be the

easiest conversation to have,

Village must update their income survey every 5 years in order to apply for grant funding. The Village was able to install storm drainage at Riverside Park with these types of funds which did not cost the Village or residents any additional monies to have this completed. This is what the income survey is intended for, to access grant and low or zero interest funding to do improvements in the Village.

The survey will be held in the strictest confidence and will be conducted by Maumee Valley Planning. A second mailing of a paper survey form will be arriving soon to random residents. We would ask that you fill out the form and return it in a self-addressed stamped envelope by June 14, 2021.

The Village wants to look at water plant improvements and needs the survey results to help offset the costs to its residents by being able to access grant and zero interest financing for these needed improvements. If you have questions on the process and need for this income survey, please feel free to contact the Village Administrator at 419-

OHIO STATE LIMA HOSTS ANATOMY OUTREACH DAY FOR HIGH SCHOOL STU-

The Ohio State University at Lima, in partnership with the Division of Anatomy at The Ohio State University and Mercy Health-St. Rita's invite high school students to attend the Anatomy Outreach Day, Saturday, June 12, 2021, in the Ohio State Lima cadaver lab at Mercy Health-St. Rita's Medical Center.

During this new event, students will work with Ohio State graduate students and faculty to learn more about human anatomy and see a full body prosection and isolated organs. Students will rotate through two 30-minute sessions where they will be able to see, hold, and touch the specimens as well as ask questions. Facilitators will be prepared to answer anatomy-related questions as well as questions about college and graduate school.

High school students grades 9-12 can reserve a one-hour session and each session can accommodate up to 10 students. Sessions are from 9-10 a.m., 10:15-11:15 a.m. and 11:30-12:30 p.m. They will be filled on a firstcome, first-serve basis and are free for registered students. Interested students can regisgo.osu.edu/Liat maAnatomy2021.

HERITAGE LIONS DONATES ICE CREAM AT BASEBALL

Heritage Lions Secretary Cindy Wolf reported that the Heritage Lions donated over 410 ice cream cones to Hoagland area and visiting baseball teams during last weekend's Youth League Opening Day. The weather was perfect for baseball and ice cream as players, their families and coaches lined up for a cone or cup of delicious swirl ice cream.

HERITAGE LIONS TO HAVE ICE CREAM EVENTS

The next Heritage Lions ice cream event is Thursday, June 3, at the Monroeville Car Show, followed by the Concert in the Park at Monroeville on June 10th, and Hoagland Days June 17-19 at Hoagland Park. All profits from ice cream sales are donated to the Monroeville, Hoagland and Poe Fire/EMS. Other recipients include Hoagland Youth League, HAAA, local food banks, League for the Blind, Leader Dog for the Blind, Lion Cancer Control and Lion School for the Blind. Heritage Lions are grateful for the continuing support they receive from our community.

AFTER WHEAT

Wheat will be maturing early due to 90OF temperatures. Wheat grows best under cooler temperatures (less than 800F) and moist soil conditions. Wheat stands look great, but starts to die with hot dry temperatures, resulting in lower wheat yields. Wheat harvest may start in 4-5 weeks, so start ordering cover crop seed now. A long growing season after wheat allows for many cover crops op-

Warm season cover crops grow in the summer but die with the first frost while cool season species generally survive the winter. Major cateinclude legumes, grasses, brassicas, and other broadleaves. Each cover crop has certain benefits and disadvantages. Cover crops benefits include adding carbon, improving water infiltration and soil structure, tying up soluble nutrients, and are good weed Legumes and clovers are

high nitrogen fixers before corn and are slightly more ex-Warm season pensive. legumes include cowpeas and Austrian winter peas while cool season legumes include true winter peas and vetches (hairy, wooly, common, etc) and may add 50-150#N/A if allowed to bloom. Cowpeas require little moisture to germinate and grow while winter peas require more moisture. Austrian winter peas planted early (August) may produce up to 150#N/A but die with the first frost. True winter peas planted in September generally survive the winter but need spring growth to get 75-100#N/A. Hairy vetch or common vetch create a thick matt to reduce weeds, and produce up to 150-200#N/A, but may have hard seed. All these legume species can be crimped at blooming to maximize nitrogen (N).

Cool season clovers include red, crimson, and Balansa clover. Red clover produces 75-125# N/A, tolerates wet soils but can be difficult to terminate and provides late season N mineralization. Crimson and Balansa clover have deep fibrous roots and may produce 100-150#N at blooming. Balansa clover tolerates wet soil, is a great weed fighter, and survives cold Ohio winters better than Crimson. Both can be har-

vested for spring forage. Warm season grasses include sorghum varieties, millets (pearl, fox, German etc.) Warm season and oats.

SEEDING COVER CROPS

grasses fix carbon, add SOM and have many fine roots to improve horizontal water infiltration. Cool season grasses include cereal rye, annual ryegrass, barley, and wheat. Grasses absorb soluble nutrients, add carbon, improve soil structure, and can be harvested. Cereal rye seed is expected to be in short supply, so order early. Sorghum varieties break

up soil compaction allowing new roots to add carbon. Sorghum plants can generate 5-10X more roots when cut or mowed high and allowed to regrow. Oat varieties include spring oats (most common), forage oats, and winter oats (survives tempos down to single digits) and are highly mycorrhizal to improve soil struc-Cereal rye is a common

cool season grass planted late after corn and before soybeans. Cereal rye scavenges soluble nutrients, its deep roots improve water infiltration and soil structure, can be grazed or used for forage, and is the best all round weed fighters; out competing many noxious weeds. No-tillers should be careful planting cereal rye in front of corn, due to its high lignin content, allelopathic properties, and ability to tie up nitrogen. Most of the natural herbicide is in cereal rye leaves and stems which leach out slowly when it rains.

Brassica cover crops are small seeded, fairly inexpensive, and include daikon radish, kale, rape seed, and turnips. Radish, kale and rape have deep roots which reduce soil compaction, control weeds, and add soil microbial diversity. Radish should be planted in mixtures (2#/A or less) because when it dies at 200 F, it smells bad and may allow soluble nutrients to leach out. Turnips are shallow rooted and planted mostly for grazing along with kale. All brassicas are non-mycorrhizal meaning they are not a host for beneficial mycorrhizae soil

Kale and rape seed are very small and planted (by themselves) at 3-5#/A or at low rates into cover crop mixtures. Kale and rape are cool season, great pollinators, improve water infiltration, but may be difficult to terminate and should be planted in mixtures before corn. Planted alone,

By: Joe Shouse, Sports Writer

The Lady Raider softball team ran into a buzz saw in Division IV Regional action last week. Perennial power, New Riegel, pounded out 20-hits to dismantle the Raiders in shutout fashion 14-0.

In the five-inning affair the

Blue Jackets came up empty in the first inning but then collected three runs in the second and four more in the third to established themselves as to why they were the number one seed team. . NR starting pitcher, Kayleigh Lininger was dominate throughout the contest, going the distance and allowing just two hits while striking out six and not allowing a walk. The Blue Jackets added two additional runs in the fourth frame and then capped off their lopsided win with five runs in the fifth.

For the Raiders, who finish their season at 16-12, their two hits came from Kaitlin Slade who smacked a double and Carlee Mead adding a single. The Raiders used three different pitchers in trying to slow down the Blue Jackets. Starter Tiffany Sinn took the loss after pitching three innings and allowing 11 hits, seven runs, all earned while striking out two and walking one. Macy Doster pitched 1.1 innings and gave up five runs (all earned), six hits, one strike out and one walk. Logan Bland finished up on the

mound for the Raiders, pitching two-thirds of an inning, Bland allowed two runs (both earned), three hits and two walks.

It was just the second time the Raiders had been shutout with the previous time being on May 4 when the red, white, and blue fell to Bryan 6-0.

state berth in the 400 dash by taking second with a time of 59.05 seconds. Junior Rachel Stoller just missed qualifying for state in the 400, placing fifth in 1:00.81.

The Lady Raiders' 3200 relay team of Kassidy Campbell, Kiara Bahena, Abby Moore and Sinn clinched a state meet appearance by taking third in 9:45.42.

The red, white and blue 1600 relay quartet of Rachel Stoller, Bahena, Gracie Shepherd and Sinn also qualified for the state meet, posting a second-place finish in 4:06.44.

Antwerp will also be represented at the state meet as junior Leslie Pollock recorded a throw of 121-4 to take fourth place in the discus.

In Division II, Paulding junior Claire Schweller qualified for the state meet as well with a third-place finish in the pole vault at the Piqua regional.

Those placing but just missing qualifying spots for the state meet were Wayne Trace's Shepherd, who took sixth in the high jump with a leap of 5-2, and Antwerp junior Kiara Reyes, who finished eighth after a jump of 9-4 in the pole vault.

On the boys side, the Raiders send a pair of individuals on to Columbus in freshman Maddox Treece and junior Brayson Parrish.

Treece secured a spot in the state meet with a fourth-place finish in the 400 dash, crossing the finish line in 51.86 seconds, while Parrish placed fourth in the 110 hurdles with a time of 16.08 seconds.

TWO-HIT SHUTOUT STOPS RAIDERS IN TOURNAMENT ACTION

Wayne Trace Senior Brendon Bidlack slides safely in to second as he was in a rundown between second and third. More pictures at westbendnews.net

By: Joe Shouse, Sports Writer

Played at Patrick Henry High School in Hamler, Wayne Trace and Kalida hooked up in a pitcher's duel in the Division IV District baseball tournament last Thursday. In the semi-final contest Kalida edged past the Raiders 1-0 after both starting pitchers allowed just two hits.

In the fifth inning with a scoreless game Kalida got things going at the plate with Jaden Smith being hit by a Cooper Wenzlick pitch. With Smith on first Brandon Miller would answer with a bunt that allowed Smith to advance to second and Miller occupying first. Ryan Lucke's sacrifice bunt advanced Smith to third and Miller to second. Up next for Kalida was Luke Erhart who was intentionally walked to load the bases. Justin Siebeneck, who had struck out his two previous trips to the plate, answered the call this time with a deep fly ball to right field to bring home Smith for what turned out to be the win-

"It was a tightly contested game. Both pitchers brought their A-game and in the last two at bats after they took the lead, we managed to get a runner to second base but couldn't get the hit we needed to score," said Wayne Trace Head Coach Ryan Jerome.

ning run.

For the Raiders, starting pitcher Cooper Wenzlick went the distance. The freshman struck out nine, walked two, allowed three hits but put four Kalida runners on base as a result of being hit by pitches. It was Kalida's Smith who was hit by a pitch in the fifth frame

that eventually had him scoring the winning run.

On the other side, Kalida's Lucke's performance was solid throughout the contest. Lucke went the distance while giving up just two hits and not walking a batter. The Raider hits came in the first inning after not again until the sixth.

"This certainly isn't the way we wanted to close out our season but when looking over the roster we had a great mix of veterans and younger kids and we had a lot of fun working through the season that started out with some question marks. I think we have built a solid foundation and the future looks very promising. We had some really good seniors who contributed to our season and they leave some big shoes to fill," concluded Jerome.

The Raiders close out their season at 17-8-1. The tie came as a result of the Paulding contest that went extra innings and was never resumed

PATRIOTS FALL TO MISSISSINEWA

Heritage took the early lead in sectional baseball play at Bellmont High School on Wednesday but Mississinewa rallied to post a 7-3 victory over the Patriots to advance on the tournament trail.

The Patriots scored twice in the second in grabbing a 2-0 advantage but Heritage was unable to hold on from there.

Mississinewa took the lead for good with a three-run third before adding two more in the fifth and in the seventh in taking control of the contest. The Patriots scored their final run in the home half of the final frame.

Keaghan Williams pitched Mississinewa to the victory, tossing the complete game allowing seven hits, three earned runs and four walks while striking out four.

Kreigh Young led a balanced attack for the Indians, who got one hit each from Carson Campbell, Colin Yoder, Landen Swanner, Holden Brown, Landry Rock, Kohen Bailey, Luke Bennett and Carter Burton. Young and Yoder each scored twice for Mississinewa while Yoder also drove in a pair of runs.

Barry Lomow topped Heritage with three hits and Dalton Wasson added a pair for the Patriots. Cody David and Leroy Lepper both had one hit for Heritage with Lepper picking up two runs batted in.

Cody Hoffman suffered the loss for the red, white and blue, giving up eight hits, four earned runs and a walk with four strikeouts in throwing

four innings.

Wasson pitched two frames in relief, surrendering two hits, three earned runs

and two walks while striking out one. Lepper tossed the final inning, giving up one walk.

OTSEGO SHUTS DOWN PANTHERS

Joseph Dzierwa struck out 11 while scattering two hits and a walk to lead the Otsego Knights to a 6-0 win over Paulding in Division III district semifinal baseball action Thursday at Defiance High School. Dzierwa thew only 98

Freshman Kennedy Smyth drove in fellow freshman Victoria Roose with the game winning run to lift the East-side Lady Blazers to a 5-4 victory over Woodlan in sectional softball action Tuesday night at Eastside High School.

McKenna Hoffelder was hit by a pitch before Roose entered the game as a pinch runner. Roose then stole second before Smyth's sharp single to right field plated her classmate with the winning run for the Blazers.

Woodlan struck first in the contest, scoring a single run in the top of the first, before Eastside answered with a two-run second.

After the Warriors knotted the game at 2-2 in the fifth, Eastside scored twice in the bottom of the sixth to take a 42 advantage into the seventh.

However, Mya Jones and Alivia Ulmer each drove in a run in the top of the seventh to tie the game at 4-4 entering the home half of the frame.

Austin Gaff led the Woodlan offense with a single and a double while Mya Jones had a pair of singles for the Lady Warriors.

CRIMPING COVER CROPS

Cover crops outcompete many troublesome weeds but cover crop needs to be terminated. Most farmers kill cover crop with herbicides but crimper crop rollers can terminate naturally. Selecting the right cover crop to crimp and timing are critical for get-

ting good crimping results.

The most common grass crops that are crimped are cereal rye, oats, triticale, and wheat. Avoid trying to crimp soft flexible plants like annual ryegrass because they do not have enough lignin in the stems to cause the plant to crimp properly. For legumes, hairy vetch, winter peas, cowpeas, Balansa and crimson clovers have been successfully terminated by crimping.

The best time to crimp grass cover crops are when the seed heads are emerging and for legumes when they are

PAULDING FFA PROMOTES AGRICUL-TURE LITERACY BY DONATING BOOKS!

Pictured here are Paulding Elementary students Kye Rohlf, Merrick Wolfe, Owen Kunz, and Evelyn Dangler with Pauldng FFA officers Carter Manz and Jamy Hunt holding the copy of Crosby the Farm dog donated by the Paulding FFA

By: Carter Manz, Paulding FFA Reporter

The Paulding FFA chapter loves to teach and educate our younger members about the importance of agriculture in Paulding County. This year our members decided to donate a agriculture book to each of our elementary lioraries as well as the Paulding Carnegie library system. The book was called Crosby the Farm dog and it was written by the Peterson Brother Kendal and his wife. The Peterson brothers are well known for their farm parodies. The FFA chapter ordered three copies of the books that were autographed copies to make it even more special.

Once the books arrived the students from the Ag Business class went down and read the book to the 4th and 5th graders at Paulding and then to the 1st-3rd graders at Oakwood Elementary. This book does an excellent job of explaining what a normal day on the farm is while telling the story from the point of view of Crosby the farm dog. These students really enjoyed listening to the book being read to them and then we even played a farm parody video for them. It was a really fun and rewarding project the Ag business students were able to do with our elementary students who are truly the future of the Paulding FFA program.

blooming. The crimper crop roller mechanically rolls down plants and "crimps" or kinks the stem so that water and nutrients can not move up the xylem or sugars down the phloem. Crimper blades are blunt and spaced about 7 inches apart at a 15-degree angle to crimp the stem several times. The goal is not to cut the stem, just severely crimp and roll the plant flat, so that it dies naturally.

Cereal rye is the most common cover crop crimped, either before or after planting soybeans. Crimping before planting, make sure you plant in the same direction and the crimper should be the same width as the planter. Planting across crimped cover crops may cause twisting, binding, wrapping, and hair pinning to occur. Planting green and then crimping at a later date works well. Soybeans can be crimped up to 4-5 inches tall and corn up to V4. Be careful not to crimp when soybean cotyledons are emerging. Clipping off cotyledons causes soybean to die Once 1 to 2 trifoliate soybean leaves emerge, it is generally safe to crimp. Generally, about like rotary hoeing, the damage looks worse than it really is when

crimping. The amount of cover crop biomass is important for good weed control. A study in Weed Science found that cover-crop biomass and the ratio of carbon to nitrogen influenced weed suppression and its duration. For example, a 9 to 1 ratio of carbon to nitrogen (legumes) suppressed pigweed by 50 percent at four weeks after treatment, while a 20 to 1 ratio (grasses) delivered the same level of control eight weeks after treatment. A cover-crop biomass of 2,500 pounds per acre was needed for 50% weed suppression for four weeks, while a biomass of 5,900 pounds per acre was needed for the same level of suppression at eight weeks.

In fields where the cover crop was the only weed control measure used, corn and soybean yields increased as both cover crop biomass and carbon to nitrogen ratios increased. Cover crop mixtures were beneficial. Mixtures grew extra biomass to suppress weeds, increased moisThe West Bend News

ture later in the growing season, and if legumes were used, increased soil nitrogen. Cereal rye and Daikon radish produce natural herbicides which suppress many weeds. The extra crop residue also supports many beneficial insects and pollinators, helping to increase yields.

Crop rollers can crimp about 1 acre per foot of implement when traveling 8-10 mph. A 15- footer can crimp 15 acres/hour and a 30-footer, 30 acres/hour. When conditions are dry, adding water or oil to the drum reduces bouncing and increases crimping effectiveness. Make sure you drain the drum before winter to avoid cracking the drum. Crimping effectiveness can also be improved by driving at a slight angle. Sometimes there is a slight elevation difference on the row compared to the area between the rows, and driving at an angle allows the crimper to roll across the row for a better

For safety, make sure you have a big enough tractor to handle the weight and to easily lift and turn on the ends. On 3-pt hitch models, extra weight may be needed on front of the tractor to prevent the front wheels from coming off the ground. On trailed crimpers, hydraulic tractor lift is the most limiting factor. It takes very tittle horsepower to roll the crimper but it takes some power to lift it up on the ends. If you leave the crimper down while turning, its hard on the equipment and drags up soils as it turns. Watch out for ground hog holes, sink holes, and turning too fast. Crimping does not work every single year but crimping is

SUMMER YOUTH THEATRE IS BACK IN VAN WERT!

Van Wert Civic Theatre is thrilled to be able to offer two summer youth theatre experiences this summer. Wednesday, May 26 and Thursday, May 27 at 6:30 p.m. directors Amy Boley, Emily Gehle, and Alyssa Taylor will hold auditions for Schoolhouse Rock Live Jr. Performances will happen June 24, 25, 26 at 7:30 p.m. and June 27 at 2 p.m. This musical is loosely based on a Saturday morning cartoon series and pop culture phenomenon. (If you are old enough, you know the songs.) It is one of the most fun shows to be a part of. The show follows a young teacher, Tom, who is nervous about his first day. He turns on the TV, and those memorable songs such as "Just a Bill" and "Conjunction Junction" spring to life.

Youth ages 5 to 18 may audition for a variety of speaking, singing, and dancing roles. Please wear a face covering to auditions. Those auditioning will be asked to sing a short song (Happy Birthday works very well) and learn a dance. Rehearsals will begin June 1 from 10 a.m. to noon and will run Mondays - Fridays. Face coverings will not

be required during rehearsals or performances. The number of youth cast in the show may be limited.

The second opportunity for young people to get on stage is the play Twelve Angry Pigs directed by Monica Campbell. Auditions will be held at 6:30 p.m. on Sunday, June 20 and Monday, June 21. Performances will be July 30 and 31 at 7:30 p.m. and August 1 at 2 p.m. In this comedic parody of Twelve Angry Men, a certain wolf is on trial for blowing down a pair of houses owned by the Three Little Pigs. A Jury of Swine must now decide if they will convict, or declare the wolf not guilty. Most of the angry pigs believe the wolf is big and bad. However, some storybook characters help the pigs review the facts, and Pig #8 asks some tough questions that will make the rest of the pigs realize that the testimony of Little Boy Blue is nothing but hogwash

Young people in first grade and up are invited to audition. There are a variety of roles available. Rehearsal will begin on June 24. This show will rehearse in the evenings Sundays - Thursdays. Note: the cast will be limited to 25 actors.

Auditions will be held at

OHIO DEPARTMENT OF **HEALTH NOTES INCREAS-**ING VACCINATION RATES

The Ohio Lottery and the Ohio Department of Health are reporting that approximately 1 million entries have been collected, and that preliminary data shows vaccination rates continue to grow.

"Governor DeWine's an-

nouncement of Ohio Vax-a-Million was exactly what we needed to reinvigorate interest in receiving COVID-19 vaccines," said Ohio Department of Health Director Stephanie McCloud. "After the announcement, our preliminary data shows that more than 113,000 Ohioans have received their first dose of COVID-19 vaccines."

By comparison, during the same time period the previous week (Thursday, May 6, through Tuesday, May 11, compared to the recent period of Thursday, May 13 through Tuesday, May 18), approximately 74,000 Ohioans had received their first dose, meaning the recent period marks a 53% increase from the time period before the announcement.

ANTWERP CHAMBER OF COMMERCE SPOTLIGHT ON BUSINESS: ANTWERP CONSERVATION CLUB

Commerce spotlight for May is the Antwerp Conservation Club at 17814 Road 53, Antwerp, OH. The Conservation Club is a

non-profit organization which was organized for charitable and educational purposes, as well as the conservation of wildlife and its habitat, and for the betterment of the community. This is a club whose interests are in conservation and the shooting sports on the Rifle Range, Pistol Range, Bow Range and Trap Range.

Gary Mabis is the current Club President. The club began back in the 1950's with a small group of men that had an interest in hunting and conservation. Early club meetings were held at the old American Legion hall which is currently where the Right Turn driving school is on South Main Street where they also held wild game dinners. The club moved in the 1980's to their current location between Antwerp and Hicksville on 22 acres that had been purchased in the 1950's. The current clubhouse was built in 2006.

The club is very active and they are best known for their well-maintained ranges and facility. They promote, sponsor and hold several youth and adult classes. Classes include: introduction ladies firearms, youth firearms training, deer butchering, turkey butchering, meat processing and more.

These programs draw people from across the state. Most active members, however, live in Northwest Ohio and Northeast Indiana. Their membership numbers 450-500 members and they have had people from as far away as California join the club. When the group is choosing which educational programs they would like to sponsor they think about what they would have liked to have someone teach them in their younger years.

The club has a close relationship with the Ohio Division of Natural Resources- Division of Wildlife section which helps to support many of their education programs. Membership in the club is very affordable for an individual and/or family to have access to such a wide variety of programs and a safe range to shoot. Programs also include hunter education, youth day, monthly pistol matches, and trap shoots.

The club sets aside time to have fun. They host an annual Easter Egg hunt each spring open to the public. This year they had 71 kids hunting eggs on the beautiful acreage. They have a grand 4th of July celebration and they also sponsor a club social event that is all open to the public once a month on the 2nd Wednesday. This includes games, card games, hot dogs, ham sandwiches and a great evening to

spend with friends. Several of the more active members have been given unusual nick names such as Putz, Mud Slide, Sugar and Honey.

Each nick name has an entertaining story behind it and There are no secrets. If you

visit the Club, make sure to ask for one of these club members by their nick name. When someone walks into

the Club, they can expect a smile and a welcome to the Antwerp Conservation Club. Membership gives you access to all of the programs and ranges. The club is proud to give back to the community. They offer two \$400 scholarships each year to students in the Antwerp, Hicksville, Wayne Trace, Paulding, Fairview and Woodburn high schools. The hall is also available for

rental for parties. It holds 90 people and an application can be found on the Antwerp Conservation Club website. It includes a full kitchen and plenty of tables and chairs.
