NEW SCAM CLAIMS TO BE FROM THE **WEST BEND NEWS**

If you have received a phone call claiming to be from West Bend News, be sure to know who you are talking to, and that they are local.

There is a new scam going on claiming to be from this business - IT IS NOT LEGIT-IMATE! Many who have received this phone call claims the person has a strong foreign accent and they are asking for information that West Bend News & Printing would NOT ask over the phone.

Their premise is to gain your confidence by giving you a little bit of information they have gathered online or in the newspaper. We do not know the end goal, but the police department is looking into this matter on WBN's behalf.

If you are uncertain if the person calling is really from West Bend News/Printing, hang up and call us at our office number, 419-258-2000. If caller ID shows from any other number, it is NOT The West Bend News.

DO NOT GIVE PER-SONAL INFORMATION OUT OVER THE PHONE. THE WEST BEND NEWS WILL NOT CALL AND ASK OUR CUSTOMERS FOR PERSONAL INFORMA-TION.

EXCITING NEWS FOR PAULDING COUNTY **RESIDENTS!**

After being located in the basement of the Court House, Ann Pease Clerk of Courts has announced the Title Office will be relocating to the former Fritz House building Located at 451 McDonald Pike, Paulding.

The Commissioners purchased the building last year and has since completed some extensive remodeling. The building has no stairs and is wheel chair accessible.

PCBDD, Soil and Water and The Paulding County Juvenile Court Family Resource and Assessment have already moved into their new offices.

Since the office is totally remodeled, all we are waiting on is for the fiber optic wire for the internet to be installed.

JPHS SEEKS ARTIFACTS **FOR COUNTY FAIR ANNIVERSARY EXHIBIT**

John Paulding Historical Society is planning an exhibit in June and July to help commemorate the Paulding County Fair's 150th anniver-

The first fair at the current county fairgrounds was held in 1872. A big centennial celebration was held in 1972.

"The new ACC accreditation is an example of our continued commitment to innovation and the incorporation of best practices to provide patients with comprehensive, quality through every step of their journey toward better hearthealth," said Asim Mohammed, M.D., advanced heart failure and transplant cardiologist and medical director of heart transplant and ventricular assist device (VAD) programs at Lutheran Hospital. "We are proud to offer the highest level of care close to home for our patients with heart failure." Heart failure is a chronic

and progressive condition where the heart is unable to pump enough blood to meet the body's needs for blood and oxygen. Hospitals that employ an evidence-based, protocol-driven and systematic approach to managing heart failure have been able to reduce time to treatment and are able to identify and predict high-risk patients while also reducing lengthof-stay and hospital readmis-

Facilities earning Heart Failure Accreditation with Outpatient Services not only demonstrate the management of acute heart failure, but also provide or partner with outpatient clinics for post-discharge care and services to heart failure patients. This approach promotes a smooth transition between the inpatient and outpatient setting and ensures a collaborative team effort to ensure the continuum of care.

"The entire Lutheran Hospital team is dedicated to providing patient-centered care, which is the foundation for all our treatments and specialized services," said Brady Dubios, Lutheran Hospital chief executive officer. "It is an honor to be the first hospital in Indiana to receive the ACC Heart Failure Accreditation with Outpatient Services and a testament to the hard work our providers put into achieving our fundamental purpose of helping people get well and live healthier through enduring relationships with our

Hospitals receiving Heart Failure Accreditation with Outpatient Services from the ACC must take part in a clinical multi-faceted process that involves: completing a gap analysis; examining variances of care; developing an action plan; a rigorous onsite review; and monitoring for sustained success. Improved methods and strategies of caring for patients include streamlining processes, implementing guidelines and standards,

and adopting best practices in the precise care of heart failure patients. Facilities that achieve accreditation meet or exceed an array of stringent criteria and have organized a team of doctors, nurses, clinicians and other administrative staff that earnestly support the efforts leading to better patient education, improved patient outcomes, and more effective and efficient disease control. The ACC offers U.S. and

international hospitals like Lutheran Hospital access to a comprehensive suite of cardiac accreditation services designed to optimize patient outcomes and improve hospital financial performance. These services are focused on all aspects of cardiac care, including heart failure. About Lutheran Health

"Serving overseas as a small-town boy from America is intense, stressful and humorous! Enjoy a lighthearted story with me from our last 20 years overseas!"

Yoder Loader Van

We have a friend who sells vehicles in small-town America and who found us something to drive when back in the States. Our travels always take us to the East Coast. When once near Washington DC, we stayed in the home of a couple whose daughter had been recently married. Driving an extended white Chevy Express van doesn't turn any heads in the small-town Indiana or even seem that big

compared to many four door pickup trucks. It is definitely less common in D.C.

When the DC area couple saw us pull up in their driveway in the long white van, he said, "Oh, you've got a big 'Yoder Loader." His daughter had just married into a Yoder family and they were driven with other family members to the wedding in a white van like ours. It did seem big compared to his little hybrid parked in their garage. However, he commuted for hours each day in East Coast traffic.

Vehicles overseas and people's perceptions of them are from a whole different galaxy. I remember when a national pastor friend, who had six daughters, was looking for a vehicle for their family of eight. A member of his church offered them a vehicle. The pastor told him it was too big - it was a Ford

ALL WE NEED IS "3"

Penny For Your Thoughts By: Nancy Whitaker

Maybe I am ancient, because I remember when we did not have a television.

In fact, for entertainment we had a big cabinet sized radio that we gathered around and listened to.

When we finally got a TV, we thought we were in seventh heaven. Back in the day, we only had three channels to

choose from and none of the TV sets had remotes.

In fact, we had never heard of a remote or even realized someday we would have one.

We had three major channels which were ABC, NBC and CBS. However, we did have some really good shows

Today, some of those old TV shows are still being shown as re-runs. I love looking at those old shows and seeing that old familiar furniture we had.

Now, I love remotes and I appreciate all the channels we get to watch. I sit back and with quick fingers and a steady hand, I can flip through television channels very quickly.

I enjoy the Discovery Channels, the ID Channel and the Food Network.

One channel that most of us ladies like to watch is the Hallmark Channel.

About October, a lot of us will be glued to Hallmark to watch all the Christmas

Those movies, looked forward to by many, are usually set around lots of snow, cookies, trees, caroling and hot chocolate. Plus, there are always a romance involved in

PARSON TO PERSON

By: Dr. James Bachman Dear Parson,

Why was God upset with Balaam in Numbers 22:22 about going with the prince of Moab when God gave him permission to do so in verse

Being bribed, Balaam had previously asked God permission to go with them and God clearly told him: "Thou shalt not go with them; thou shalt not curse the people: for they are blessed." (verse 12) Then higher princes came

to Balaam with greater bribes. That alone moved Balaam to ask God again. Knowing Balaam's greed and unsurrendered heart (II Peter 2:15), God gave him permission to test him and teach him and Israel's enemies a lesson. When the children of Is-

rael tempted God in the wilderness He gave them their request, but sent leanness to their soul (Psalm 106:14-15). Many died as a result.

Don't try to persuade God to get your own way over His, He may just let you have it.

God, the creator of all things, wants only good for humanity and calls these "takers and robbers" wicked.

God has reserved a special place for them if they don't repent and change their ways.

As we pray the Lord's Prayer it surely will come when our Lord, Jesus Christ, comes again and sets His Kingdom up on earth for one thousand years.

New Haven won the 400 relay in 49.80 seconds with the Bulldogs' Ashyla Marshall captured the 200 dash in 26.34 seconds. Trishelle Ganaway jumped 17-0-3/4 to win the long jump for New Haven as well

Heritage's Abby Zelt picked up the win in the shot put with a toss of 36-3-1/2.

PATRIOTS ROUT ARCHERS

Heritage scored at least five runs in each of the first three innings as the Patriots routed visiting South Side 18-0 last Saturday morning in high school baseball action.

The Patriots scored five times in the first and added six more in the second before plating seven in the third as Heritage rolled to the win over the Archers.

Andrew Mirelez and Caleb Abbott had two hits each for

Heritage with Morgan Andrews, Leroy Lepper, Noah Redmon, Tyler Redmon, Christian Hoffman, Austin Buuck and Dalton Wasson all had one hit.

Abbott touched home plate three times for Heritage with Tyler Redmon, Lepper, Mirelez and Kobe Meyer also scoring twice each. Abbott and Noah Redmon each drove in three runs for the Patriots and Lepper had two runs batted in

Noah Redmon recorded the win on the mound, striking out nine while scattering three hits and a walk in the five-inning victory.

WARRIORS RALLY TO NIP BRUINS

The Woodlan Lady Warriors rallied from two runs down in the fifth with a threerun frame to post a 4-3 victory over visiting Northrop Saturday in high school softball

Each team scored once in the first before a two-run single by Lexi Key in the top of the fifth put the Bruins in front 3-1.

Woodlan responded in the bottom of the third, getting an Alyssa Harvey double to drive in J Lichty in getting the Warriors within 3-2.

Austin Gaff followed with a double that plated Harvey to knot the game at 3-3 before Gaff came in to score the goahead run and make it 4-3 Woodlan.

Gaff led the way for the Lady Warriors with three hits and Jade Lichty picked up two hits. Harvey had the remaining hit for Woodlan.

Abby Horn pitched a complete game for Woodlan, striking out seven while allowing five hits and three earned runs.

BIG FIFTH DOOMS PATRIOTS

Blackhawk Christian scored five times in the top of the fifth inning and went on

to record a 5-1 victory over Heritage in Monday evening baseball play.

Scoring took place in only two half-innings in the contest as the Patriots got their lone run in the bottom of the seventh as Barry Lomow drove in Christian Hoffman. Dalton Wasson had a pair

of singles for Heritage with Hoffman doubling for the Patriots. Lomow, Tyler Redmon, Noah Redmon and Caleb Abbott also had singles for Heritage in the contest. Morgan Andrews took the

Morgan Andrews took the loss for the Patriots, giving up seven hits and five runs (three earned) while striking out three in 4-2/3 innings. Hoffman pitched the final 2-1/3 frames, scattering three hits.

BIG FIRST SENDS PATRIOTS PAST RAIDERS

Heritage plated nine runs in the opening inning and the Patriots cruised the rest of the way to a 16-5 win over Southern Wells Thursday in high school baseball action.

After the visiting Raiders opened the game with two runs in the top of the first, the bottom of the frame saw Heritage plate nine runs to take control of the contest with a 9-2 advantage.

Southern Wells added a single run in the second but Heritage scored three more times in the home half to extend the margin to 12-3.

The Raiders did get a run each in the third and fourth but the Patriots responded each time, scoring twice in each frame to wrap up the 16-5 win.

Barry Lomow had a double, two singles and scored three runs in the contest while Noah Redmon posted three singles, drove in three runs and scored twice.

Dalton Wasson added a pair of singles, scored twice and picked up two runs batted in with Leroy Lepper recording a single and a home run to go along with three runs batted in and two runs scored. Christian Hoffman had a home run as well with a run scored and three runs batted in

Payton Fields and Caleb Abbott had a single each for Heritage, which totaled 13 hits in all.

Hoffman got the win on the mound, pitching the fiveinning complete game giving up eight hits, five runs (three earned) and one walk while striking out eight.

QUICK START PROPELS BULLDOGS OVER PANTHERS

Host Columbus Grove scored three runs in the bottom of the first and the Bulldogs used that advantage to post a 5-3 win over visiting Paulding Friday night in nonleague baseball action.

The Panthers scored once in the top of the second to cut into the deficit but Columbus Grove answered with a single run in the home half for a 4-1 lead.

After the Bulldogs extended the margin to 5-1 with a run in the bottom of the fourth, the Panthers plated single runs in the fifth and sixth but that would be it as Columbus Grove held on for the 5-3 win.

Sam Woods had a double while Logan Tope, Kane Jones and Isaac Reeb added a single each for the maroon and white. Jones, Peyton Adams and Woods all scored for

over Paulding while Jones, Reebening and Woods drove in runs.

Ethan Foltz suffered the loss for the Panthers, tossing six innings allowing seven hits and five unearned runs with two strikeouts.

RAIDERS WIN 11th Consecutive game with Win over ottoville

By: Joe Shouse, Sports Writer

Last Wednesday the Wayne Trace baseball team continued their winning ways with a 5-2 non-conference win over Ottoville. The win improves the Raiders overall mark to 14-1 and winners of their last eleven.

The Raiders enjoyed a 1-0

advantage when they opened up the fifth inning with three runs. In the inning Cale Winans started off the scoring binge with a walk and then made his way to second base when Kyle Slade was hit by a pitch. Both runners would score when sophomore Cooper Wenzlick connected on a double to bring both base runners' home. With an Ottoville throw to home plate in an attempt to stop a Raider score, Wenzlick made his way to third base. With Wenzlick on the corner, Allen Minck was successful on a squeeze bunt to score Wenzlick and put the Raiders on top 4-0.

Wayne Trace managed its final; run in the sixth frame with two outs. Slade singled with Wenzlick providing a single to advance Slade to third. Minck reached first on an Ottoville throwing error allowing Slade to cross home plate for the final score.

"This was a tough game after coming off an emotional GMC match up with Paulding (last night). We then have an important conference game with Antwerp tomorrow night. We knew we would have our work cut out for us with Ottoville because they threw their best pitcher (Jayden Saxton) at us," commented Wayne Trace Head Coach Ryne Jerome.

Evan Crosby got the start for the Raiders and com-

pleted four innings. In his time on the mound, the junior struck out six, walked one, while giving up no hits. Crosby helped his cause offensively with a single in the second inning scoring Hyle Forrer who had singled earlier. Breven Anderson relieved Crosby and completed two innings, giving up two runs, two hits, one strike out and one walk. Getting the save was Forrer who completed the final inning and quietly shut down the Ottoville offense.

"We got exactly what we wanted from our pitchers tonight. Forrer came in for the last inning and he simply does what he does and Crosby did a nice job. It all worked out the way we want it to," said Coach Jerome.

LETTER TO THE EDITOR

BLM/CRT EQUAL COM-*MUNISM*

Critical Race Theory is an offshoot of Karl Marx teaching that brought communism to Russia. It is only destructive ideology that rose to popularity with the Marxist radical agenda of Black Lives Matter and nothing else.

Democrats and other radical liberals don't want you knowing the truth about their ultra liberal, anti-God, anti-American ideals they are supporting in their drive to convert America to communism. They can't stand sharing government responsibilities with conservative Republicans and sure can't stand sharing with anyone who believes in God.

Race problems greatly multiply when Democrats are in control. Biden is the only person talking about it or in plain talk he wants race problems so he can falsely blame it on Republicans. Why is it that when any major trouble exists such as race, law enforcement, sanctuary cities, guns and more, it is more than likely to be a Democrat controlled city

Let President Biden explain the following. How about a Massachusetts teacher fired just for objecting to CRT taught in their schools? Explain the records showing teachers being taught CRT in Maryland. What about CRT in Virginia schools? In Rhode Island teacher training includes CRT. Even West Point teaches CRT. Then there is a high school football coach fired just because he had concerns about his seventh grade daughter being taught BLM/ CRT. The only thing these two evils do is divide people, turn them from God and to communism. It's true, if you live in a democrat controlled district, you are almost certain to be having BLM/CRT pushed in your schools.

With BLM and CRT taking an evil hold, our coming generations will have no chance of living a civil life. If you disagree with this, I would like to see it printed in this paper. You must say how and why you feel it is right to teach against God and morality.

Liberalism has too much of an evil hold over America. Liberals are fast duplicating the days of Sodom and Gomorrah. God destroyed them, He could do the same to us. Too many teachers and judges tend to rely on stupidity in teaching and interpreting the law. You had best study God's they will declare an emer-

Here are perfect examples of school officials acting with insane authority. A teenager was up and creating a terrible disturbance in class and wouldn't stop. The teacher finally had to subdue the student who also had a gun. The teacher was let go and the unruly student stayed. It's called "blind liberal justice at work."

All across America many are exhibiting a Harper Valley PTA mentality. I guess that's to be expected since common sense died decades ago.

I realize many liberals don't like my writings. It is you that I ask a special favor. Please tell me in the paper how you will feel when Democrats finally deliver America to Satan's communism. You can't erase truth, but you can speak it. It started in the 1930's with the ACLU's Humanist Manifesto. Democrats got involved in 1947 and continue erasing God's America today. Wake up America.

LETTER TO THE EDITOR

Sewer tax raise??

I see the powers that be in our town are trying to shove another tax hike down our throats, 33%!!! This is so outrageous to be unbelievable. At this time when people are struggling, getting gouged at the gas pumps, at the supermarkets, our property taxes, and on other commodities that they need if they can even get them how could they consider this?? Where are people going to get this extra money when there is not that much employment in this county no matter what they say. And we just lost another factory a couple of weeks ago, not that many people worked there but still they were jobs for them.

I'm sure we would all like to get a 33% raise on the monthly checks we get but that won't happen. Most of us got a raise of just over 4% this year but the inflation is over 8% thanks to the Biden administration so we gained nothing but lost. I'm sure if they push this on us they will vote themselves a raise so taxpayers will pay it for them.

The everyday person and taxpayers should be able to vote on these instead of having them shoved on us. Or

FFA Officers then loaded the cans that were collected and transported them to Kohart Recycling on April 12th.

The FFA Chapter got over \$300 from the cans and all of the money will be going directly to the Paulding Chapter of the American Cancer Society. We are hoping to be able to put on this project at the Paulding County Fair and other venues.

The Paulding FFA chapter received a grant from the Paulding Area Foundation to build stationary can crushers to be used around Paulding County at special events. We want to thank Kohart's for giving us an above market price for the cans and the WMEA as well as the Paulding Area Foundation for their contributions to this project. Last Friday, April 29th, the Paulding FFA Chapter held their annual petting zoo with over 800 students and staff attending including Oakwood Elementary and Ann's Bright Beginnings Preschool.

Over 15 FFA members vol-

unteered to bring in their animals for students and staff to enjoy. The elementary students truly enjoy this day because they get to pet and interact with livestock they may have never seen up close before. Francis Maag brought in a sow with 6 baby piglets that were just 5 days old.

The members brought in dogs, a cat, chickens, sheep, goats, ducks, a donkey, a pony, rabbits, a tortoise, and even a two-day-old calf. The kids also got to go outside and look at a few of the tractors and equipment that was brought in by Goyings Farms.

To end the petting zoo

each kid got stickers or a tattoo and then they got to try to guess how many soybeans were in a jar. The FFA members also put together a photo booth where students could use props to get their photos taken.

This day was a wonderful opportunity to educate the youth about agriculture and livestock grown in Paulding County. The petting zoo was a huge success and the Paulding FFA Chapter cannot wait until next year! Our FFA chapter loves to educate and interact with younger students about agriculture and FFA!

IHSAA releases football sectional classifications

The Indiana High School Athletic Association announced the football sectional assignments for the 2022 season.

Leo (11-1) and New Haven (5-6) both will be in the Class 4A, Sectional 19 along with Angola (2-8), Columbia City (5-6), DeKalb (2-9), East Noble (6-3), Fort Wayne South Side (1-8) and Fort Wayne Wayne (4-8).

Meanwhile, Woodlan and Heritage are each in Class 3A, Sectional 27.

Joining the Warriors (3-7) and Patriots (4-6) in the sectional are Bellmont (1-9), Delta (5-6), Fort Wayne Concordia (2-8), Garrett (4-6), Norwell (11-2) and Yorktown (5-5).

Six of the eight teams in Sectional 19 had a losing record a season ago while only one of the eight teams in Sectional 27 posted a winning record last season.

QUICK START PROPELS BLUE STREAKS OVER PANTHERS

After a wet, cold and windy week, high school baseball returned to the local scene on Saturday as Paulding made the trip to Archbold for a non-league battle.

It was the host Blue Streaks who took control early, though, as the Fulton County squad plated seven runs in the first and cruised to a 15-2 win over the Panthers.

Archbold added five more runs in the second before scoring twice in the third and once in the fourth. The Panthers picked up single runs in both the fourth and fifth frames to complete the scoring

Krayton Kern got the win on the mound for the Blue Streaks, throwing a complete game with six strikeouts while scattering three hits, two earned runs and two walks.

Kern also had two singles with four runs batted in for the Blue Streaks while Jaybe Burkle singled and scored twice with a run batted in. Devon Morris posted three singles, three runs scored and three runs batted in for Archbold and Jack Hurst finished with two singles, two runs scored and two RBI's. Carson Dominique also posted multiple hits with a single and a double while scoring once and driving in two.

Larkin Yates took the loss for Paulding while Casey Agler and Greyson Harder each saw action on the mound as well.

Reid Johanns, Logan Tope and Kobe Foor all had singles for the maroon and white. Tope and Foor scored the two Paulding runs while Johanns Phone: 419-258-2000 • Email: info@westbendnews.net

In a game that didn't see an earned run by either team, Paulding picked up a 2-1 non-league victory over Ottoville Monday night in high school baseball action.

With the game tied at 1-1 in the bottom of the fifth, Nick Manz reached on a Big Green error with one out in the bottom of the fifth and the Panthers would take advantage.

After Manz stole second, a Peyton Adams ground out moved Manz to third. With Sam Woods at the plate, Manz sprinted home for the second Panther run on a Big Green passed ball.

From there, Reid Johanns shut the door for Paulding in

tossing a complete game scattering five hits while striking out seven Ottoville hitters.

The two teams traded runs in the fourth to set up the deciding run in the fifth.

Keaton Schnipke took the

loss for the Big Green, pitching six innings allowing three hits, two unearned runs and a pair of walks while striking out four.

Jacob Martinez, Ethan Foltz and Kane Jones each had a single for the Panthers.

Alex Suever posted a double and scored for Ottoville while Jayden Saxton, Grant Leis, Carter Schnipke and Nolan Miller had singles for the Big Green.

and Isaac Reeb each picked up a run batted in.

BIG SIXTH SENDS PATRI-OTS OVER BRAVES

Visiting Heritage broke open a close game with a sixrun sixth as the Patriots went on to defeat host Bellmont 9-4 Wednesday evening high school baseball non-league play.

The Patriots opened a 2-0

advantage with a two-run third before Bellmont sliced the deficit in half, scoring a single run in the bottom of the

fifth.

Heritage, though, took control by plating six runs in the top of the sixth to push the margin to 8-1 before the Braves posted three runs in the home half to trim the deficit to 8-4 after six innings.

In the seventh, the Patriots wrapped up the scoring with a

Danica Fuller picked up the win on the hill for Heritage, scattering two hits and a walk while fanning a dozen Woodlan hitters in the complete game effort.

Abby Horn suffered the loss for Woodlan, surrendering four hits, two earned runs and three walks with three strikeouts. Libby Fisher and Austin Gaff combined to finish the Warrior effort on the mound.

Alivia Ulmer and Adrienne Spieth had a single each for the Lady Warriors.

RAIDERS RALLY TO DEFEAT KNIGHTS

The Wayne Trace Raiders scored four times in the top of the seventh to rally for a 6-4 win over rival Crestview in junior varsity softball play Wednesday evening.

Trailing 4-2 entering the final frame, Allison Noggle started the seventh with a single before Maya Reynolds walked. After a groundout advanced both runners a base, a walk to Morgan Elliott loaded the bases.

Noggle sprinted home on a passed ball before a Storm Tracy single plated both Reynolds and Elliott to put Wayne Trace on top 5-4. Tianna Sinn then doubled to score Tracy as the Lady Raiders extended the lead to 6-4 before coasting the rest of the way to the victory.

Tianna Sinn had a double and a home run, scoring once and driving in two runs. Allison Noggle added a pair of singles with Storm Tracy recording a single, a run scored and two runs batted in.

Sinn also threw a complete game for Wayne Trace, striking out 11 Knight hitters while scattering four hits, four runs (one earned) and four walks.

Kaylee Mollenkopf, Shay Wehner, Kennedy Sites and Lilla Krugh each finished with a single for Crestview. Mollenkopf scored twice for the Knights with Nevaeh Ross and Wehner also touching home plate for the Van Wert County squad. Krugh, Wehner and Sites each drove in a run for the Lady Knights.

Josie Kulwicki suffered the loss for Crestview, throwing seven innings with six strikeouts while allowing five hits, six earned runs and five

BLAZERS TOO MUCH FOR PATRIOTS

Visiting Eastside bookended the game with three runs in the first and three more in the seventh as the Blazers posted a 7-3 nonleague softball win over Heritage Monday night.

The Bulldogs will open tournament play by taking on Fort Wayne Bishop Dwenger while Leo starts the tournament trail by taking on host Angola. One other opening round game will feature Fort Wayne

Concordia playing Fort

Wayne Bishop Luers.

In the semifinals of sectional play, Garrett has the bye and awaits the winner of the Fort Wayne Bishop Dwenger-New Haven contest. Winners from the Leo-Angola and Fort Wayne Concordia-Fort Wayne Bishop Luers contests will play each other as well.

Winners of the semifinal games will then play in the championship contest.

Meanwhile, Heritage will participate in the Class 3A, Sectional 23 at Bellmont.

The Patriots open action against the host Braves in a semifinal game while four other schools battle in quarterfinal action. Oak Hill takes on Marion and Norwell battles Mississinewa in the quarterfinals with the two winners meeting in the semifinals.

The Heritage-Bellmont winner then plays the surviving team from the Oak Hiill-Marion-Norwell-Mississinewa foursome.

Lastly, Woodlan competes in the Class 2A, Sectional 36 at Eastside High School as the Warriors open the tourney trail by taking on Bluffton in a sectional semifinal.

Opening round games have Eastside playing Churubusco in one quarterfinal while the other contest features South Adams against Adams Central. The winners of those two contests then meet in a sectional semifinal for the right to battle the Woodlan-Angola winner for a sectional championship.

SOFTBALL MATCHUPS SET FOR SECTIONALS

The IHSAA released the high school softball tournament pairings over the weekend with area squads finding out their tournament paths.

Both Leo and New Haven will take part in Class 2A, Sectional 22 hosted by Garrett on opposite sides of the bracket.

The Lady Bulldogs will play Angola in the sectional opener with the winner returning to battle host Garrett. Leo squares off against Concordia in its first tourney game and the victor comes back to Garrett to play Bishop Dwenger. The semifinal winners then will square off in the sectional championship.

In Class 2A, Sectional 23 action at Bellmont, Heritage opens its postseason schedule against the host Braves with the winner playing Mississinewa in the sectional semifinal.

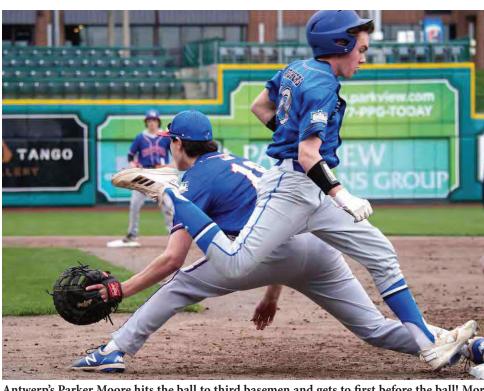

The other sectional semifinal has Norwell playing Marion with the two victors meeting in the sectional title

The Class 3A, Sectional 36 will take place at Eastside with seven teams battling it out to move on. In opening round play,

the host Blazers will battle South Adams and Bishop Luers tangles with Bluffton. The two winners will meet in a sectional semifinal.

More area racetracks are starting to open, and we'll cross our fingers the weather will cooperate. This past weekend at Attica Raceway Park, defending 410 Sprint Car Champion, Trey Jacobs won his first feature of the young season. With one lap remaining in the race, he passed teenager Ryan Timms to get the victory and take home \$4000. Cole Macedo rounded out the top three. Devin Shiels the three-time track champion in the UMP Late Models got the victory and picked up his 12th career feature win at the speedway. He's now sixth on the all-time Late Model win list at Attica. The win didn't come easy as he had to fight off JR Gentry and Ryan Markham thoughout the entire feature. The 305 Sprints A-Main was a battle for all twenty-five laps between Logan Riehl and Larry Kingseed Jr. It was Riehl at the line getting his first 305 Sprint win after competing in the class for three years. The fans got their money's worth. Only .63 seconds separated the top four cars at the checker. May 6th. the UMP Late Models will be battling for \$3000. Also racing will be the 305 Sprints, Dirt Trucks and Vintage Cars. The 410 Sprints will be off, because of the World of Outlaw/USAC Sprints double header weekend in Eldora. I will cover the Eldora weekend.

Two weeks in a row California driver Cole Macedo won the 410 Sprint Feature at Fremont Motor Speedway and took home another \$4000. He led all 30 laps making the win look easy. Tyler Shullick, won his first 305 Sprint feature, leading all 25 laps but it got interesting with four laps to go, Matt Foos the current track champion, began pressuring Shullick after the caution flag came out. The race then became a shoot out until the checker dropped. The 20 lap Dirt Truck A-Main came down to three drivers with seven laps to go. Jamie Miller picked up his 32nd feature win at the "Track Action

If you like non wing sprint cars, then you will enjoy Gas City Speedway in Gas City, Indiana about hour forty minutes south of Fort Wayne off I-69. They run on Friday nights. This Friday, May 13, they will run non wing sprints and the Indiana Race Saver Winded Sprints will be on the show, along with street stocks and hornets. Limaland Motorsports Park will also be in action on the 13th featuring UMP Modifieds, Thunderstocks, USAC D2 Midgets and the Race Truck series returns. Personally, I would go to see the USAC D2 Midgets.

If you like racing on pavement former NASCAR star Ken Schrader will at Michigan's Flat Rock Speedway Saturday, May 14th and Toledo Motor Speedway Sunday, May 15th competing in the ARCA Outlaw Super Late Models. He has 5 wins on the high banks of the Toledo Motor Speedway. Schrader competed in 763 NASCAR Cup Series events from 1984 through 2013, winning 4 races with 64 top-5 finishes and finished in the top-10 in Cup points 8 times. Plymouth Speedway, twenty minutes west of Fort Wayne, is set to open Friday May 20th with a new look. The track has removed the dirt and is asphalt again. Opening night, they will feature the Outlaw Late Models, Sportsman, Street Stocks, FWDs and Hornets. This summer the track will host four Grand Slam high dollar races for the Outlaw Late Models. Sixty-four of the best drivers in the Midwest have already registered for the four races. The first Grand Slam will be held Saturday June 4th and advanced tickets

are on sale. We are just a couple of weeks away from the opening of Sandusky Speedway and Angola Motorsport Speedway. Both tracks will have weekly shows and special races this summer. Until next week, keep your wheels on the track. Ron Out!

The open house was to show land bank committee members, and local civic leaders, how the property had been improved. Tim Copsey, Economic Development Director for Paulding County commented, "This is exactly how this process is supposed to work. This property was acquired by the Land Bank in 2018 for clean-up and rehabilitation. Once the land bank completed that task the property was made available for public bid. Jake won the bid and immediately moved forward with planning to build a new home on the lot. Today is the culmination of the plan and the sale will close on Friday. The new home owners will be paying new taxes into the community." This is the second success-

ful venture for the builder. The first was a 900 square foot home on Jackson Street in Paulding. Gentz highlighted, "The Village of Paulding has been great to work with. We have worked in many places around the area but the help we received on these projects from Paulding Zoning Inspector Ron Schmidt and other village officials made these projects very easy to work on."

The Land Reutilization Committee members Commissioner Roy Klopfenstein, Commissioner Mark Holtsberry, county Treasurer Lou Ann Wannemacher, township trustee representative Mike Kauser, and Paulding Mayor Greg White joined Commissioner Mike Weible, commissioner Office Clerk Heather Barnhouse, Paulding Chamber Director Erica Noggle, Paulding County Area Foundation Director Lisa McClure, Gorrell Brothers Realty representative Dustin Stoller, economic development Office Manager Kristen Schilt, and Copsey in reviewing the home and property.

RIEDEL ANNOUNCES BROWNFIELD GRANTS COMING TO DISTRICT

State Representative Craig Riedel issued the following statement on Tuesday's announcement by Governor Mike DeWine and Lt. Governor Jon Husted of \$60 million in grants as part of the Ohio Brownfield Remediation Program, including more than \$1.1 million for projects in Defiance, Van Wert and Paulding counties. The funding is part of \$350 million lawmakers included in the state budget last year for brownfield remediation.

"Revitalizing former industrial sites benefits the community and economy, and will help improve the quality of life in neighborhoods across the state. The investment we made in the state budget and today's announcement will have a positive impact in our area and in communities across the state."

The following entities were awarded grants for projects to be assessed for cleanup:

• Defiance County Land Reutilization Corporation, \$182,025.

Zeller Property located along a commercial artery close to the city of Defiance,

this property was originally developed in 1905 by the National Box Company to manufacture wagon boxes. The site was later used for automotive parts manufacturing including steel forging and machining. The property has been vacant since 2001 and all structures on the property have been demolished. Once the VAP Phase II is complete, the city plans to treat the soil and groundwater and prepare the property for commercial development. • Paulding County Board

of Commissioners, \$148,897.

The former Stokely Can property was acquired by the Village of Paulding in 1999. Much of the history of the project is unknown, so an assessment will be done to determine any environmental contamination. After assessment and any needed remediation, the village plans to redevelop the property into a solar farm.

• Van Wert County Land Corporation, Reutilization

Part of the larger Van Wert Forward revitalization in downtown Van Wert, this project consists of 52 buildings, many blighted and vacant. A Phase 1 and asbestos assessment will be performed on each property. If a Phase II is deemed necessary, that will also be performed. The revitalization of downtown Van Wert will be a benefit to all residents and visitors and includes plans for dry cleaners, offices, movie theaters, retail shops, housing, and restaurants or bars.

The following entity was awarded a grant for project cleanup:

• Defiance County Land Reutilization Corporation, \$529,114.

The Vortex Redevelopment will remediate the Defiance Box Company, which was originally developed in the 1890s to mill, plane, dry and paint wood. This property was utilized by a variety of other uses until 2005 when it was abandoned. Remedial activities will include soil excavation, soil gas confirmatory sampling, engineering and institutional controls, investigation derived waste, monitoring well abandonment, quality control, and reporting. After cleanup, the county plans to demolish the structures and remove any contaminants and redevelop the site as a rail yard and ware-

EXTRA INNINGS LEADS ARCHERS PAST WAYNE TRACE

By: Joe Shouse, Sports

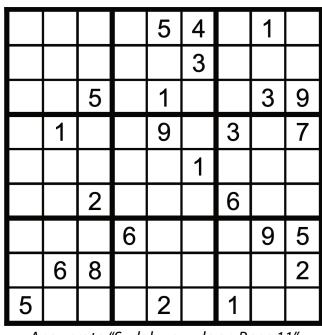

In classic fashion the Antwerp softball game with Wayne Trace went down to the wire and then some. Needing nine innings to complete the GMC showdown, the Archers managed to produce two runs in the top of the ninth to slip past the Lady Raiders 4-2. In the decisive inning senior Astianna Coppes slapped a single to score Lauren Schuller to push the Archers past the home team Raiders 3-2.

Later in the inning Emerson Litzenberg was intentionally walked to load the bases. Antwerp managed to tack on their final run when Megan Pendergrast walked that allowed Samantha Rigsby to score to make the final score 4-2. The Raiders

had one last opportunity in the bottom of the ninth but could not produce a threat.

Early in the contest with the blue and white hanging to a 2-0 margin, Raider senior, Tatum Tigner, connected on a solo home run to cut the Archer lead in half -the red, white and blue trailing 2-1. Wayne Trace continued to chip away and in the sixth frame tied the contest when Ava Zartman crossed home plate on a hard-hit shot turned error by Katie Anna Baumle. The score remained at two a piece until the ninth inning heroics by the Archers.

For the winning Archers Lydia Krouse got the win. In relief the junior delivered five innings, allowing six hits, one walk along with one strikeout. With the win the Archers improve their record to 4-2 in league play and 7-3 overall.

Samantha Rigsby helped

lead the Archer's attack offensively with three singles, scoring twice and driving in a run. Coppes also came up with some timely hits including two singles and driving in two runs. Lauren Schuller scored twice for the winners. Also picking up hits for Antwerp were Pendergrast, Kearstyn Pierce, Kennedy Trabel and Jillian Treece -- all with a single apiece.

For the Raiders, who fall to 13-4 overall and 4-2 in GMC play, Logan Bland went the distance, pitching all nine innings. The sophomore gave up 10 hits, four earned runs, seven walks and four strikeouts.

At the plate for the Raiders Macy Doster contributed a single and double with team mate Tigner adding a single and homerun. Alivia Miller collected two singles with Zartman, Bland and Laura Thornell each with a single.

LOCAL TEENAGER FIGHTS LEUKEMIA WITH COMMUNITY SUPPORT

Some might know Tyler Grossman from the local ballpark, hearing his name on the Highlight Zone, or maybe he delivered you dinner from the New Haven Domino's Pizza. Tyler attended Central Lutheran School and gradufrom Concordia Lutheran High School in 2021. He excitedly started Saint Francis as a freshman this year playing football for the team. Over the last year, he noticed a change in his overall health, losing over 50+ pounds in a relatively short period of time. Just a few months ago he was diagnosed with Acute Lymphoblastic Leukemia. Doctors started aggressive chemotherapy treatments on him weekly down at Riley Children's Hospital in Indianapolis. Tyler was advised to take a medical withdrawal from Saint Francis for

this semester.

The TylerStrong Committee was soon formed to help consolidate fundraising efforts for Tyler and his family. His mom, Tammy, has

taken a leave from her job to care for Tyler. They will be hosting a "Party in the Park" to benefit Tyler at Schnelker Park on May 26, 2022, from 6-9 pm. The fundraiser features music by JON DURNELL, drinks served by WINNER's CIRCLE, pizza from DOMINO's, SNOWBIZ shaved ice, burgers, hotdogs, and more! Admission is FREE and everyone is WELCOME -We appreciate all food/drink purchases and donations to support Tyler. All proceeds go towards Tyler Grossman's fight against Leukemia. If you cannot attend the event please go to https://gofund.me/ 301f83f6 to donate.

Tyler's treatments have not been easy on him as he entered round 2 of his Chemotherapy last week. He has been encouraged by recent test results that show that the treatments are working. Tyler and his family appreciate all of our community's generosity!

LAWN CARE FOR THE HOMEOWNER

Weed & Feed Products

Hopefully warmer weather is finally here to stay. The time has come to feed your lawn for the first time if you already haven't done that. You can also get rid of those pesky weeds at the same time. In this article, I'll give you some information about perennial weeds, picking a good weed & feed, and application tips to make your chosen product more effective.

Perennial weeds, such as

dandelion, plantain and clover, are present in the lawn all year long. In winter, the plants may wither and disappear, but their root systems are still alive and well. These noxious roots are lurking beneath the surface of your lawn, and waiting for warm spring weather to reappear as evesores in the lawn. When warm weather (finally) arrives, new leaves begin to grow, and begin their "crowding out" tactics to take over the lawn. Summer annual weeds, such as chickweed, oxalis, spurge and purslane also begin to invade.

Control of these pesky weeds is done by applying a post-emergent weed control. Unlike digging or pulling weeds, weed controls get rid of weeds from the roots to help ensure the weeds cannot grow back from root stubs that may be left in the soil. This is not accomplished overnight. Instead, the weeds slowly disappear over a period of a few weeks as the weed control kills the roots. Weed controls come in both liquid and granular form. Whether liquid or granular, the weed control needs to have an opportunity to adhere to the

Darren Bok, CAI, CAS

leaves of the plant in order to be effective because the ingredients enter the weed primarily through the surface of the leaves.

For those who prefer a

non-granular, fertilizer free post-emergent control for spot treating small areas, liquid controls provide an ideal option. Some are water-proof in hours. The ready-to-use and concentrate versions are effective for treating a host of broadleaf weeds without harming the lawn. Because the weed control is already in a liquid form, it adheres to the plant and absorbs into the weed more quickly than the granular versions. The granular forms of the weed controls are typically

combined with a grass fertilizer to feed your lawn—hence the name weed & feed. All granular applications should be made on a damp lawn in order to help the weed control adhere to the weed plant. Application after a light rainfall or early morning dew is ideal. Additionally if it's possible, apply the granular weed & feed to a freshly cut lawn. If within 24 hours of mowing, it will help the granules of nutrients and weed control absorb in the fresh cuts on grass and weeds alike. After application, avoid foot traffic on the lawn and hope the weatherman was right in predicting no rain storms from 24 to 48 hours. The heavy rain and foot traffic with the 24 to 48 hour window could dislodge the granules and make the weed control less effective.

The timing of post-emergent weed control application is important if the lawn is to get the maximum benefit from the product. As a general rule, the application should be made when the weeds are actively growing. Application for the most northern part of the U.S. is recommended in mid- to latespring. For our area this means an application should be made sometime in late April or early May when air temperatures are between 60-90 degrees F. Another time for applying weed controls is in the early fall. From mid-September to early October, weeds are actively growing. Weeds are susceptible to the weed controls in the fall because they are naturally translocating nutrients to their roots in preparation for winter dormancy.

Make sure to space out your feedings. You need a period of at least 6 to 8 weeks between feedings. Otherwise you may be overfeeding your lawn causing you to mow your lawn more often. If you have broadleaf weeds coming up and you have recently fed your lawn, use a granular or liquid weed control that doesn't have fertilizer to get rid of those eyesores.

The only times weed controls should not be used is on newly planted grass. Once that new grass has had time to grow and be mowed at least four times (approximately 20+ days), then you can apply a weed control to the newly seeded area. If you've already applied weed controls but need to overseed, it is best to wait one month after your last application. Whether liquid or granular, using a weed control will help ensure your lawn stays weed free in the warmer weather to come! –Len Schrock

ANTWERP CIC BREAK GROUND FOR FUTURE 24/49 DEVELOPMENT

The Antwerp, Payne, Paulding County Community Improvement Corporation has been meeting regularly to discuss the property at the 24/49 interchange.

It is with much excitement to announce that an agreement has been reached with the NAI Harmon Group to begin marketing and developing the 83 acres on the northeast side of the interchange. Plans include residential dwelling with the potential for multi-family homes, villas and senior housing. Preliminary plans also include light commercial development and retail opportunities toward the south end of the property where there exists potential for US24 road frontage.

CIC are beginning this project with much anticipation of what has been a dream for many Paulding County residents for years and the group feels the proposed development being heavy on residential property will be advantageous to the county as well as maintaining friendly relationships with the neighboring homes, school and businesses that surround the development.

freelance commissioned art pieces, painted portraits and landscapes or pets on various materials. She also took up wood carving and did many relief carvings for customers. She worked part-time at the Oakwood Chiropractic office, helping to manage the office, and illustrated the cover of the office's monthly newsletter. When her children were a little older, she took on a fulltime job at R&B Fabrication as their silkscreen artist.

Sandy's older sister, Janet Saxton, who taught 6th grade science and math at Oakwood Elementary, had been battling cancer. Not only did she urge Sandy, but made her promise to go back to college and do something with her Art. Janet passed away in the spring of 1991 and that fall, Sandy kept her promise, enrolled at Defiance College and earned a Bachelor's Degree in Education (Visual Arts). She was hired to teach at Paulding High School in the fall of 1994 and received her Master's in Education and Curriculum from BGSU in 1999.

The promise to her sister led Sandy on quite a journey. She and Mike have traveled to many distant places and have met many people. They took in exchange students and also other students that needed help.

While teaching, Sandy was heavily involved with the Drama Department, was the Jr. Class advisor, and led past cheerleaders to award winning competitions. Sandy has enjoyed all of her students whether it be watching their wheels turn as they figure something out, showing them how to fall down a flight of stairs in a play, helping them see their vision of Prom come to life making endless amounts of paper Mache rocks for a waterfall, or erecting a 30-foot Eiffel tower in the gymnasium with the help

of some enthusiastic dads.
Sandy's life skills interwove with her teaching skills pretty seamlessly. She received many 1st place awards

at Art Shows over the years, a

1st place National Art Education Award in 2004, and was the OAEA Outstanding Art Teacher of Ohio in 2005. While doing research for a sculpture class, she got herself into competing in the International snow carving event at Zehnders Snowfest in Frankenmuth Michigan Her sculptures placed in the top 3 six different years! She was fortunate to have family, friends and students join her with this experience.

After viewing murals in other countries and the city of Philadelphia, she wanted to try her art of painting in a large format, so with the help of her daughter Kinsey, (who is also an Art Teacher), they have completed several murals together and some with the help of community members. Together, her and Kinsey have completed murals in the Villages of Oakwood, Scott and Paulding, and in many private homes. Many of the murals in the school have been completed by her with the help of some of her stu-

dents.

After teaching for 27 years, Sandy retired in 2021 to create her own Art and enjoy her family which now includes seven grandchildren. She and Mike enjoy traveling and have visited all 50 states (34 on the backs of their motorcycles). They have climbed Manchu Picchu, saw the Nazca Lines, stood in the Sistine Chapel and the Roman Coliseum.

Sandy hopes that all the lives that she has come in contact with have been encouraged and inspired. She is happy that they have fallen into and shared her space for a little while. She knows that she is very lucky to have been raised by her adventurous, loving, hardworking parents and is thankful to have been encouraged by her sister Janet, big bother Larry, and little sister Cindy. Last but not least, Sandy sends a big 'Thank You' to her husband Mike for his support and for all the life experiences they have accom-
